This is the greatest combination offer ever made by any Canadian journal and we are fortunate in securing the exclusive privilege for this district. The Daily Herald in one of Canada's great papers. Established in 1868, it has long been the leading Liberal paper of Eastern Canada. It is now a great factor in newspaper work every day giving full news of the world, and also devoting much space to matters of peculiar interest to the family. Its commercial intelligence is complete and reliable. THE KING'S PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is produced by a new process, and is not one of the flimsy colored portraits so common. As the regular price of The Herald is \$1.00 a year, the liberality of our offer is self-evident.

LINWOOD.

Nov. 3rd, 1902. TELEPHONE LINE.—The telephone work is booming in Linwood. A large gang went to the cedar swamp near Paradise Lake to cut poles today. About half a dozen wagons also went to draw a share of the poles to their required places. We hope to be able to talk to our friends in the near future without having to worry over the writing of a long letter.

The trustee board of the Methodist churches of the Linwood circuit met in the church here today. We understand that all the old officers were re-elected. Mr. John Ziegler and Mr. J. Bisch are in Muskoka endeavoring to lay in a store of venison for the winter.

About a week ago Master Wesley Cathcart fell and badly fractured his right arm at the elbow. It will be a few weeks before he can even attend school.

Mr. John Beggs was severely burned last Friday evening by the exploding of a lamp. He will not be able to follow his usual occupation for a few days.

Miss Agnes Hawke returned to her home in Galt this morning.

Mrs. F. Parr received a telegram on Saturday stating that her father who resides at Stirling, was dying. She left this morning.

Mrs. Kerr returned this week from attending her sister at Lehanon. She reports that her sister is greatly improved.

SCHOOL REPORT.—The following is the report of the Linwood public school for the month of October: Sr. 4th.—(Total 845). Alton Baker, 525; Wesley Cathcart, 250; Irene Berlet, 142.

Jr. 4th.—(655). Frank Glebe, 313; Ella Goetz, 118.

Sr. 3rd.—(1025). Elsie Spahr, 815; Harvey Beggs, 678; May Berlet, 545; Gracie Strone, 433; Menno Deckert, 430; Cassie Baker, 267; Louisa Voll, 195.

CROSSHILL

Nov. 6th, 1902. The following is the standing of the pupils of Crosshill school for the month of October. The figures opposite the names indicate the percentage taken in weekly examinations.

The low standing of some of the pupils is accounted for by their absence.

Fourth class.—Clara Hergott, 67; Vera Frame, 64; Norah Snider.—Sr. Third class.—Ella Campbell, 78; Bessie Playford, 76; Lola McCallum, 75; Alice Snider, 69; Jennie Hergott, 68; Jennie Campbell, 66;

NITZBURG.

Nov. 3rd, 1902. Farmers are busy plowing just now. There is a lot of it to do yet in this neighborhood.

Mr. Alex. McMillan was at Mr. Geo. Ruppert's for the circular saw last Monday, as he intends to saw his large pile of wood for the coming winter.

A number from this village attended the funeral of Mr. John Miller, sr., in Wellesley, on Monday. Mr. Robinson McDonald, west of Hamstead, was at Dan. Wagler's on business last Thursday.

Rev Mr. and Mrs. Cameron, were visiting in this neighborhood on Monday last.

Miss C. Ruppert visited in Hamburg one day last week.

FIRST LINE.

Farmers are taking advantage of the good weather, raising their turnips. They report an excellent crop.

Mr. James Hovey, of Wiarnton, is renewing old acquaintances in this neighborhood.

Mr. Ratz, of Tavistock, was the guest of Mr. H. Kelly of this line, on Sunday.

Mr. and Mrs. Jas. F. Hammond, attended the Berlin Market on Saturday last.

Mr. and Mrs. A. F. Clark, of Honey Grove, were the guests of Mr. and Mrs. J. K. Hammond, Mountain-side Farm, on Friday evening.

Mr. John Richardson, of the 7th line, formerly of this line, wears a happy smile. "It's a boy."

Mr. J. K. Hammond, attended the council meeting at Crosshill on Monday.

Mr. Arthur Smith lost a valuable hound. The finder will be suitably rewarded.

Mr. Will Burke, of the Boundary, spent Sunday with Arthur Smith.

RAILWAY MEETING AT STRATFORD.

STEAM ROAD PROPOSED BETWEEN PORT BURWELL AND COLLINGWOOD VIA STRATFORD.

An important meeting was held in Stratford last Monday evening when John Charlton, M. P., and Mr. Teall, president of the Ingersoll and Port Burwell Railway, met the Stratford Board of Trade and deputations from Embro, West Zorra and Wellesley. The meeting was a very large one. Mayor Stamp occupied the chair.

Mr. Teall was the first speaker. He gave the history of the road, which extends from Pt. Burwell to Ingersoll, a distance of 35 miles. It has now been decided to extend the line to Collingwood, on the Georgian Bay. The road would be finely situated to distribute American coal, as Port Burwell has the best harbor on Lake Erie, and the road would be a great benefit to the country through which it passed. If the Stratford route was adopted the line would intersect Embro, W. Zorra, Stratford, North Easthope, Wellesley, and on to Collingwood. Other routes had been investigated but so far the Stratford route seemed the most feasible. Definite knowledge would be given on this point in three or four months.

Mr. Charlton followed along the same lines, showing how this road would be a competitor both of the Grand Trunk and C. P. R. Ferry boats at Pt. Burwell would give it close connection, both for freight and travel with the American roads touching Lake Erie on the south. The charter calls for the completion of the road within five years. The road via Stratford looked quite feasible, but it would depend, in a very great measure, upon the liberality of the bonuses along the route.

At the conclusion of Mr. Charlton's address many delegates were invited to express themselves. Those from the south were strongly in favor of this road being built via Stratford, as it would give West Zorra and Embro the very much-

THE DOG'S TAIL

*Its Language in the Chase and When
 the Animal is Pleas'd.*
 In the case of all hunting dogs, such
 as foxhounds or wolves, which pack to-
 gether, the tail is carried aloft and is
 very free in movement. It is also fre-
 quently rendered more conspicuous by
 the tip being white, and this is almost
 invariably the case when the hounds
 are of mixed color. When ranging the
 long grass of the prairie or jungle, the
 raised tips of the tail would often be
 all that an individual member of the
 band would see of its fellows.

There is no doubt that hounds habit-
 ually watch the tails of those in front
 of them when drawing a covert. If a
 faint drag is detected suggestive of the
 presence of a fox, but scarcely suffi-
 cient to be sworn to vocally, the tail of
 the finder is at once set in motion, and
 the warmer the scent the quicker does
 it wag. Other seeing the signal,
 quickly join the tail, and there is an
 assemblage of wags. Tails before even
 the least whippersnapper.

Should the drag be a doubtful one,
 the hounds separate again, and the
 wagging ceases, but if it grows stronger
 when followed up the wagging be-
 comes more and more emphatic until
 one after another the animals begin to
 whine and give tongue and stream off
 in Indian file along the line of scent.

When the pack is in full cry upon a
 strong scent, the tails cease to wave,
 but are carried aloft in full view. The
 moment when the dog most enjoys life
 is the moment when he sights game.
 That moment is the time when he
 wags his tail most vigorously in order
 to announce his discovery to his fellow
 dogs.

In this way, by the habit of associa-
 tion, he got to wagging his tail when-
 ever he was pleased. The more pleased
 he is the more vigorously he wags his
 tail, so that the wagging of a dog's tail
 under pleasurable emotions can be
 traced directly to the time when the
 dog used his tail as a signal of the
 discovery of his prey.—D. Provan in Scot-
 tish-American.

THE LIMIT WAS REACHED.

**What Pat Got When He Asked For
 a Raise in Salary.**

A story was often told by the late
 Charles L. Tiffany of an importunate
 Irishman who for many years had been
 employed as a window washer. His
 pay had been raised quite often as
 was consistent with the dignity of his
 position, but he seemed always hungry
 (or probably thirsty) for more. At
 length the firm decided that the limit
 was reached. Not so Pat. Going one
 morning to the inner sanctuary, he
 sought audience with Mr. Tiffany.

"Good morning, Mr. Tiffany," he com-
 menced artfully, seeking to preface his
 errand by disinterested conversation.
 "Good morning, Patrick," was the
 answer.

"And how are ye this mornin', Mr.
 Tiffany?"

"Quite well, thank you, Patrick."

"And how are your wife and fam-
 ily?"

"Quite well, thank you, Patrick. But
 what can I do for you this mornin'?"

"O've been thinkin', Mr. Tiffany,
 that O've served ye long and faithful
 these twenty-five years and that O'
 shud have a raise in pay."

"You should be thankful, Patrick,
 that you have been permitted to serve
 so distinguished a house as that of Tif-
 fany & Co. for twenty-five years. That,
 with what we have already done for
 you, should be sufficient. Good morn-
 ing, Patrick."

"Good mornin', Mr. Tiffany."
 Realizing the futility of further
 words, he left the room. Reaching the
 outer office, he was hailed by a chorus
 from the "boys," to whom his perul-
 dical pilgrimages had become a standing
 joke:

"What did you get, Pat?"
 "Faith," was the ready answer, "O'
 got permission to kape me job, and O'
 shud it!"

AN EXPERIMENT.

For the next few weeks—during the balance of the dull harvest season—we purpose issuing the Maple Leaf in its present 4-page form with a view of getting the feeling of our subscribers as to a local paper being devoted to home news without regard to the size of sheet. If the experiment meets with general approval the price of the paper will be lowered and arrangements made for low-priced clubbing rates with Canada's big newspapers. We will be glad to get the candid opinions of our subscribers on this matter.

LOCAL NEWS.

WANTED—Agents to canvass for publishing house. Straight salary and liberal terms. Apply to W. M. Reade, Barrister, Waterloo, Ont.

Mr. H. K. Forler's change of advertisement was received too late for this week. Some great grocery bargains are quoted, which the public would do well to go in at once and see.

MONEY LOST.—\$5 Reward.—On Saturday evening, Oct. 4th, between the Albion hotel, Wellesley village, and my home, lot 22, con. 13, North Easthope, a pocket-book containing between \$45 and \$50, in tens, fives and smaller bills. The finder will receive the above reward on leaving it at the Albion hotel or with me. J. S. DAZELY, Topping.

MISS KNIGHT'S CONCERT.

Posters are out announcing a concert to be held in the Wellesley Opera House on Friday evening of next week—Nov. 14th—by Miss Knight, who has been conducting instrumental and vocal classes very successfully here for some time past. That the entertainment will be a superb one is assured by the talent announced: Miss Rankin, of Stratford, has already won a high place as a young Canadian elocutionist; Mr. "Duff" Rutherford, also of Stratford, is one of the most popular tenors in Ontario, while Miss Knight herself is a contralto of superb power and high training, well known and very popular here. Miss Taylor, of Wellesley, is a matchless amateur violinist, and Mr. Eckhardt Reiner is a very skillful performer upon the piano and flute, as well as being a fine vocalist. Miss Knight has gathered a brilliant galaxy of performers for this concert and deserves to be greeted by a packed house. Plan of hall at the drug store.

The roof of the Wellesley Opera House has just been re-shingled.

Union Sunday school next Sunday at 10.30 a. m. Preaching service in English at 3 p. m.

The October report for the senior department of the Wellesley public school will appear next week.

Rev. Mr. Holm commenced confirmation class in the Can. Luth. Church here this week with an attendance of 19.

Smoke "Conductor Punch" when you want a steady, reliable, hand-made, 5c. cigar. It has been a favorite for 17 years.

Messrs. J. G. Reiner and J. W. Green attended the railway meeting at Stratford last Monday evening, returning home the next day.

DOG LOST.—A hound with a black-and-tan head and one white eye. Rest of the dog white color. The finder will be suitably rewarded. ARTHUR SMITH, Millbank P. O.

The Berlin Telegraph learns that the Wellesley section is willing to give \$40,000 bonus, besides subscribing for a large block of stock, in order to get connection with the county town. Well, hardly! Divide that by two, neighbor. It's the C. P. R. and the seaboard we need—not Berlin.

W. H. Jenkins will be at the Albion hotel for the next month. Parties requiring lightning rods should see me. I am not an agent; you are dealing with the proprietor when you talk to me. I put up a rod the color of a ten-cent piece, that neither rusts nor corrodes. Specially liberal terms this month. No one else handles this rod here

OBITUARY.

JOHN MILLER, SR.

The late Mr. John Miller, whose death was reported in our last issue, was one of the very oldest residents of this village, having come here in the '50s and lived here ever since. He was held in the highest esteem by all who knew him. Deceased was born at Uterhausen, Alsfeldt, Hessen-Darmstadt, Germany, on Sept. 26th, 1827. When yet a lad of 16 he struck out for himself, taking the then long trip across the ocean and landing in Waterloo. Ten years later he was married to Miss Kate Weber. The young couple located in East Zorra, near Cassel, and after a time they moved to a farm which he bought near Bamberg. Five years later they moved to the farm on the west bank of the pond in this village where they have lived ever since. His wife, aged and blind, survives him, besides a family of ten children: John, at Grotina, Man.; Charles, on the home farm; Philipp, in Berlin; Mrs. John Kaufmann, here; Jacob, in Baden; Mrs. Louis Fleischhauer, here; Louis, in New Hamburg; Henry, in Baden; William, at Grotina, Man.; and Miss Emma, with her mother at home, besides two that died in infancy. The funeral occurred on Monday afternoon, all the children being present. Among the other relatives attending the obsequies were: Mr. and Mrs. Chas. Wever, Carrick; Mr. and Mrs. Jost Peter, Normanby; Messrs. Witter and P. and N. Weaver, Neustadt; Mr. P. Rudlich, Newton, and many others. The remains were laid away to rest in the cemetery of the Miss Luth. Church, of which Mr. Miller was one of the original members. Rev. Mr. Lochner preached an impressive sermon on the occasion, the church being packed to the doors. Mr. Miller leaves 46 dependents—10 children, 34 grandchildren and two great-grandchildren.

MRS. DANIEL KOEHLER.

Regina Schoener, wife of Mr. D. Koehler, Berlet's Corners, passed away last Thursday after an illness of a few months, aged 64 years, six months and seven days. She was married to her now sorrowing husband in 1865. Her husband was a brother of Messrs. Louis and Chas. Koehler, of this village, and she had many warm friends here. After the interment, on Sunday, her pastor, Rev. D. Lochner, preached the funeral sermon to a large audi-

ence in the church here.

DANIEL KOOR.

North Easthope loses one of its most prosperous and scientific farmers in the death of Mr. Daniel Koch, which occurred at his home west of Amurree last week at the early age of 35 years. He had been ill with typhoid fever but a spinal trouble developed from which he was unable to rally.

NUPTIALS.

Mr. and Mrs. John Kaufman celebrated their silver wedding at their residence in this village last Thursday evening, Oct. 30th, when a great many relatives and friends responded to the invitation cards sent them some time prior to the occasion.

The marriage of their eldest daughter, Miss Millie, to Mr. Jacob Hammel, of this place, was also celebrated at the same time and place, which, of course, made the occasion so much the more eventful. The ceremony was performed by the Rev. D. Lochner at 4 p. m. The parlor was beautifully decorated for the occasion. The bride looked charming and was the admiration of all, in a handsome gown of white silk trimmed with lace and ribbons, wearing the bridal veil and carrying a nice bouquet of roses. The bridesmaids were Miss Maggie Kaufmann, sister of the bride, and Miss Mary Hammel, sister of the groom, both dressed in white. The groom was ably assisted by Messrs. C. D. Koehler and Harry Kelterborn. After the ceremony the bride and bridegroom received the congratulations of their friends and then sat down to a sumptuous wedding dinner. The many costly, handsome and useful presents bestowed upon the bride and groom were only a slight token of the esteem in which they are held. The presents for the silver wedding were also very valuable and numerous, one of which consisted of a fine silver tray with a very handsome silver tea set, costing in the neighborhood of \$30. The guests spent a very pleasant and sociable evening. All join in wishing Mr. and Mrs. John Kaufman a happy life and hope they may live to celebrate their golden wedding. We also join in wishing the young couple, Mr. and Mrs. Hammel, a long and happy wedded life. They will move this week to New Hamburg where he has a very good position in a furniture factory.

RAILWAY MEETING AT STRATFORD.

Continued from First Page.

needed railway connection they have long been in search of.

Mr. J. G. Reiner, of Wellesley, felt sure Wellesley would do its duty, but assurance would have to be given that it would remain an independent road and not be absorbed by the G. T. R.

After the meeting the deputation, visitors and officials were escorted to Rankin's restaurant, where the Stratford Board of Trade had a light spread, and a most enjoyable hour was spent in partaking of the repast and listening to the after dinner speeches.

Assuming Husbands' Names.
The practice of "the wife assuming the husband's name at marriage, according to Dr. Brewer, originated from a Roman custom and became the common custom after the Roman occupation. Thus Julia and Octavia, married by Pompey and Cleero, were called by the Romans Julia of Pompey, Octavia of Cleero, and in latter times married women in most European countries signed their names in the same manner, but omitted the "of." Against this view may be mentioned that during the sixteenth and even at the beginning of the seventeenth century the usage seems doubtful, since we find Catharine Harr so signing herself after she had been twice married, and we also have heard of Lady Jane Grey (not Dudley), Arabella Stuart (not Seymour), etc.

Some persons think that the custom originated from the Scriptural teaching that husband and wife are one. This was the rule of law so far back as **Draco** (died 483), and it was decided in the case of **Lucius Smith**, but omitted the "of." Against this view may be mentioned that during the sixteenth and even at the beginning of the seventeenth century the usage seems doubtful, since we find Catharine Harr so signing herself after she had been twice married, and we also have heard of Lady Jane Grey (not Dudley), Arabella Stuart (not Seymour), etc.

Holy Coat of Treves.
The holy coat preserved at Treves in Germany, is claimed to be the actual garment worn by Christ and for which the Roman soldiers cast lots during the crucifixion. It is a tunic about five feet long, cut narrow at the shoulders and gradually widening toward the knees. Many miracles are said to have been performed by this robe. Its history for the last 700 years is clear enough, but darkness shrouds the story of the relic prior to the twelfth century. The Catholic church relies for proof of its authenticity upon a tradition that it was one of a chestful of relics sent as a gift to the church at Treves by the Empress Helena. She is said to have found the coat at Jerusalem while in search of the true cross.

A legend says that in the ninth century the holy coat was concealed from the Normans in a crypt of the cathedral. There it remained forgotten until 1190, when it was rediscovered and placed in the high altar.

An Extraordinary Shower.
Daniel O'Connell, the Irish agitator, once complained in the house of commons of a report of a speech in a London newspaper which, he said, put into his mouth opinions he had never expressed. He vowed that if the editor did not apologize he would move that he be brought to the bar for a breach of privilege.

Next day the reporter of the speech waited upon O'Connell and gave a most remarkable explanation. He stated that during his walk from the house to his office in Fleet street the rain streamed into his pockets and obliterated the notes of his speech. "I accept the explanation," said O'Connell, good humoredly, "but let me say that it must have been a very extraordinary shower of rain, for it not only washed out of your notebook the speech I delivered, but washed in another of an entirely different character."

How to Light a Solid Body.
Cadogan Morgan was the first electrician to experiment with electric light in solid bodies. This was in 1753. He first inserted two wires into a stick of wood and caused the spark to pass between them. This had the effect of illuminating the stick a beautiful blood red. An ivory ball, an orange or an apple may be lighted in the same manner. Some experimenters prefer the lemon for this purpose, it being very susceptible to the electric discharge, flashing forth at every spark as a spheroid of brilliant golden light. The wires used for this purpose should be brought within about half an inch of each other inside the lemon.

How She Voted.
A cynical bachelor listening to some women who were discussing female suffrage was asked by one of them for his views on the question. He replied thus, with great deliberation: "I once heard of a woman who was asked how she had voted at the recent election. 'In my plum colored gown,' was the answer."

Breaking Off.
"Yes," said the impetuous girl heroically, "I have decided to break with Horace for good and all."
"Why, then, are you sending him your picture?"
"Well, I am sure that is the least I can do. He refused to take back his gifts, and I wanted to make some return, so I am sending him my photograph."

Music and Passion.
"My daughter," remarked Mrs. A., "has developed a perfect passion for music."
"I wonder," observed Mrs. B., who resides next door. "It's as strange as the passion your daughter's music develops in my husband?"
"They meet as strangers now."

THE NEW WONDER!!!

The Blood is the Life; Electricity Life of the Blood

The most marvellous discovery of modern times is the bringing into use of

Liquid Electricity,

THE Lightning CURE for all PAINS and DISEASES.

Without an equal! The Great Remedy for Pains—Internal and External. Its use as a Quick Cure for Pain has never been paralleled since the day when the Great Savior of Man was enabled to dispel pain by laying His hand on the afflicted spot. LIQUID ELECTRICITY is the dead shot Cure for Pain. Every Pain immediately relieved by one thorough application. Sprains, Bruises, Stiff Joints, Headache, Toothache, Pain in the Side or Limbs, Contracted Muscles, Lame Back, Pain in Chest, Lumbago, Sciatica, and banished like magic. Read every word of the following and find out its surprising Electric influence on the human system.

Rheumatism and Neuralgia:

The Liquid Electricity

Thousands who are using it—It is the best medicine on earth for Aches, Pains, and a General Remedy, and no family should be without it in the house in case of emergency. Life is too short to suffer pain. We have enough trouble in this world—no use to add pain to our life. The LIQUID ELECTRICITY is the Lightning Cure for Pain. It is the greatest CURE for Pain, whether internal or external, ever discovered.

We all know that Pain, if long continued, will lead to a general demoralization of the nervous system, producing nervous prostration. Not only does the LIQUID ELECTRICITY Cure all pain, but its administration produces most novel effects upon the sensation, something indescribable, a younger and lighter feeling, a buoyancy of spirits, a happiness of body, elastic step, inspiring impulses. The novelty of feeling makes it incredibly nice. Those who find themselves with wasted strength, melancholy thoughts, restless nights, sorrowing and vainly longing for a renewal of life's glorious prime, here find a means of renewing these noble days, when the fires of life burn with brilliancy. The most delicious sensations permeate the body. The Electrical Fire goes through every vein, and, removing vital prostration, pleasant to the palate, makes young again the aged and feeble, and rejuvenates the old and debilitated.

Nothing is stated here but what is absolutely true, all statements being deliberately and honestly made and vouched for by hundreds of testimonials. The mind staggers at the immensity of the discovery and the wide application of its use.

The Liquid Electricity is a MAGIC REMEDY CURING all the Aches and Pains, Coughs, Colic, &c. ever occurring in every family, making it a universal household necessity. Where a family has once used it they will never be without it in the house. Pain may be called by the name of Rheumatism, Neuralgia, Paralysis, Consumption, Lumbago, Pleurisy, or from Burns or Bruises; no matter what names the pains are called, or what the causes may be, what the sufferer wants is RELIEF. This the Liquid Electricity Gives AT ONCE with its Magical Power.

A suit in one of the testimonials from the

No family should be without a bottle of this LIQUID ELECTRICITY. It should always be kept in the house. Its use will prove beneficial on all occasions of Pain and Sickness. There is nothing in the world that will stop pain or arrest the progress of disease as quick, no matter how violent or maddening the Pain, the Bedridden, the Rheumatic, Infirm, Crippled, Nervous Neuralgic or prostrated with disease may have suffered.
