HAWKESVILLE

Sept. 26th, 1904.
 The Misses Julia and Aleda Ottmann, of Warton, were the guests of Miss Vera Ottmann last week.
 Mr. Willis Shenbreen and Mr. Henry Weber, of Conestogo, spent Sunday in town.

Mrs. Levi Bricker has moved her household property to the home of her parents where she will reside.

Miss Helena Diefenbaker has returned from a three weeks visit to the Twin City.

Mrs. Nelson Cunningham spent a few days in Heidelberg last week.
 Rev. Goech, the future pastor of the U. B. Church preached his first sermon here on Sunday evening.

Rev. Bardet preached a missionary sermon in the Methodist church on Sunday afternoon.

Rev. Mr. McLaren occupied the Presbyterian pulpit on Sunday morning.

On Tuesday afternoon a congregational meeting will be held in the Presbyterian church to decide whether this will be an augmented charge or Horse Mission.

CROSSBILL

Oct. 4th, 1904.
 The anniversary services and tea meeting held in the Presbyterian church here on Sunday and Monday were attended by large numbers and very successful. Rev. Mr. Graham preached twice on Sunday, both being powerful sermons. On Monday evening an immense throng gathered. Linwood, Wellesley, Millbank and Milverton being well represented. During the supper hour the heavily laden tables in the basement were constantly crowded and the ladies received many compliments for the choice edibles they had provided. After supper Rev. Mr. Haig took the chair in the auditorium and presided over a splendid literary and musical program in his usual happy manner. The speakers were Rev. Messrs. McKinnon and Burnaby, of Milverton, and Graham, of Avonlea. Miss Walton, of Wellesley, and Mr. R. B. Hamilton, of Linwood, gave superb recitations which were highly enjoyed and applauded by all. The choir of the Wellesley village Union church rendered anthems and quartets during the evening which were warmly applauded, while a duet by Miss Webster and Mr. Gavin Barber, and later on a solo by the latter, were really musical gems. In neatly put words Mr. John Hastings seconded by Mr. Playford, expressed the thanks of the audience to the ladies for the enjoyable support and to those who took part in the program. The proceeds of the entertainment amounted to \$65.80, which will be applied to the funds of the church.

LISBON.

Oct. 2nd, 1904.
 The death of Mr. Jacob Riehl, occurred on Saturday evening last at the home of his brother, Mr. John Riehl, just south of here, in his 66th year. Deceased had been ill a long time. He had lived in this neighborhood nearly all his life. The funeral occurs in the Evangelical cemetery on Tuesday afternoon.
 Mr. and Mrs. Henry Witzel spent Sunday with relatives near Gads-hill.
 Mr. Fred Schmidt was the guest of Petersburg friends on Sunday last.
 The wedding of Mr. Milton Glebe and Miss Donaldson occurs on Wednesday. The young couple are well

connected and highly popular and as the list of invited guests is a large one a jovial time is expected. The couple will take up their residence in Brantford where the groom has a situation in the Paterson Biscuit Co.'s works.

When the boys and girls were asked to write an essay on "Kings," a quickwitted one handed in the following little gem:

The most powerful king on earth is Wor-king; the laziest, Shir-king; a very doubtful king, Smo-king; the wittiest, Jo-king; the leanest, Thin-king; the thirstiest, Drink-king; the alyest, Win-king; the most garulous, Tal-king; the most inquisitive, As-king; the most useful, Mak-king; the most unstable, Sha-king; the most destructive, Brea-king; the most discolate, Ra-king; the moanest, Snee-king; the most corrupt, Fa-king.

Some Reasonable Advice.

How to Cure Corns and Bunions.
 First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn each day to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by A. J. Saunders, druggist, Wellesley.

FROM MISSOURI.

MR. ALEX. McDONALD WRITES ANOTHER INTERESTING LETTER.

Joplin, Mo., Sept. 26, 1904.
 Editor Maple Leaf.—A flying trip to Omaha and Fremont was an outing I enjoyed. Omaha, a great railway centre, has an almost perfect railway system. The streets of the city are kept in about the same condition as the average American city I have visited—not too clean. Fremont is a smart town of about 10,000. Its residential streets are most beautifully shaded and many fine mansions and cozy homes. I met several old school chums that I had not seen for twenty years, and many youthful reminiscences were recalled. Mr. Wm. Carrol, an old Hamstead boy, drove me out a few miles to a large sugar beet farm of 175 acres of solid beets. There was a large force of men and boys harvesting the beets but the most interesting feature was a contrivance for unloading the beets from the wagons into the cars. The railway company had run a s; or right into the field. The wagons were unloaded into the car by an elevator driven by horse power, taking from three to four minutes to unload a wagon, saving time and a great amount of backache, the latter being much appreciated by the Westerners.

A drive of 15 or 20 miles into the country in a north-westerly direction through as beautiful and prosperous farming district as one would wish to look at brought me to the beautiful home of Mr. David Brown, brother of Postmaster James Brown of Nithburg. Mr. B. is one of, if not the most, up-to-date farmers of his country, and he is a great institute worker. He owns large flocks and herds, but perhaps the pride of his home is the lovely grove of cottonwood and overgreens shading and protecting his residence and orchards. One of Mr. Brown's interesting facts is the seeding of clover and timothy among corn. One could hardly believe it without seeing it. It is sown about the first of July with the last cultivation and is a splendid stand of grass, making pasture all winter.

No less interesting is the mining town of Joplin, in Southwest Missouri with 35,000 inhabitants, and with suburbs (which will one day be in Joplin) which runs it up to 100,000. The product is chiefly lead and zinc with their many by-products. More than 1000 mines are scattered over Joplin proper, all yielding paying quantities of ore. The mountains of refuse ("tailings" as they are called) comprise crushed stone that would build hundreds of miles of the finest roads. One would naturally expect to find a mining town coarse and uncouth; it is the very opposite, for they seem to be a fine class of people, and the immense crowd on the streets on a Saturday evening is remarkable for sobriety and good nature. I have not yet seen a "drunk" or a "tough."

A descent of 100 feet into a very old natural cave still gives me the shivers to think of the ice-water dripping down my neck and other things not pleasant to recall.
 Yours,
 ALEX. McDONALD.

EDITORIAL NOTES.

Canadians are this year winning the world's highest athletic championships. Life shooting, yachting, boxing, rowing have all been won by Canadians, and last week Geo. S. Lyon, of Toronto, brought home from St. Louis the golfing championship of America, which is practically the championship of the world.

The Canada woolen mills, Hespeler, were sold the other day to Wm Long, of Hamilton, for \$253,000 cash. Mr. Long was a creditor of the estate to the value of \$160,000. The mills will soon be reopened either by himself or a company he will organize. Hespeler is naturally rejoicing at the prospects of a revival of the good times that town has so long been used to.

John Redmond, the leader of the Nationalist party in the British House of Commons, has just completed a month's tour of the United States and Canada. He speaks in glowing terms of the improvement of Ireland's condition, and pays a high tribute to the grand work being done for Ireland by Edward Blake, the former Canadian statesman.

The Dominion elections are announced for November 3rd next.

Sir Richard Cartwright has been appointed to the Senate. This is a fitting reward to a vigorous, hard-hitting, square fighting veteran who has had much to do with history making in Canada.

The Toronto Daily World has been publishing some sound editorials lately on the subject of political corruption and the way to cure it. The editor of that journal is a conservative M. P., but the independent spirit he constantly shows prevents him from being a welcome visitor in the caucus meetings of the opposition when anything crooked is contemplated. A special able article last week urged that perfectly pure government need not be expected from either political party, yet frequent changes of government are the best preventive for corruption known at present. The party in power will be kept on its good behavior when it finds out that the voting is being done by an electorate which has ceased to be hide-bound in its support of a single party, but will "flip" as soon as it discovers wrong-doing.

"Judging horses at the fairs", is the title of an excellent article by Prof. Kidd, of Barrie, who spoke on horses at the Farmer's Institute meeting here last winter, and who was the judge of horses at the late Wellesley Fall Show. He strongly favors the securing of expert judges and insisting on the proper classification of animals. The judging should, in his opinion, be commenced in the forenoon so that there will be time for the work, and the public get an opportunity to see the prize animals. The public will agree that there is room for improvement in judging. In Wellesley a couple of weeks ago, Mr. Hill's imported draught mares took first, and a day or two afterwards, in Tavistock and against the same competitors, they only got third. Later on, in Stratford, these animals were shown single and took first and third; then when shown in the same ring double, before a different judge, they were beaten by a pair of horses that had shown against them single and failed to get a prize at all. This kind of thing frequently happens at fairs and is the result, not of incompetency or unfairness on the part of the judges, but of a

lack of technical knowledge of the highest points of merit in the magnificent horseflesh which now-days finds its way to the show-ring. Mr. Kidd's plea for a trained, expert judge is therefore timely.

It was only an open switch at Eastwood, last Thursday night. They really intended to close it, as is usually done, to let the other train pass, but no one will ever know why it was neglected. The other train came on swiftly, crashed into the one on the siding, and five trainmen paid with their lives for one little neglect. Both trains badly wrecked and burned, together with the station and scores of horse and cattle which were imprisoned in the stock car, was the result of a little slip on the part of some one of these ill-fated trainmen who had always held the highest record for faithfulness. There is no room for censure; whatever fault was committed was not of intent, and they paid for it with their lives.

Could Not be Better.

The uniform success of Chamberlain's Colic, Cholera, and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Millford, Va., who says, "It works like magic, and is the best preparation I know of. It couldn't be any better. He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by A. J. Saunders, Druggist, Wellesley."

The subway under the C. P. R. tracks at Galt is to be widened to 77 feet.

The Michigan Central Railway round house at Windsor was burned on Monday along with two large engines.

Fire destroyed the American Hotel at Fort Erie, with stables, sheds and two dwellings adjoining on Monday. The loss is estimated at \$12,000.

Galt, Oct. 3.—Within the last six weeks there has been much petty thieving done in and around Galt. Chief Gorman quietly took the cases up and on Saturday night arrested a 16-year-old lad, Lawrence Smith, and Smith has confessed to seven charges. The amount of the seven is \$25,000.

F. Kell's "Conductor's Punch" and "Johnny Gannock" cigars for sale everywhere. Try one; they're dandies.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Colic Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to another. For sale by A. J. Saunders, Druggist, Wellesley.

Who's Your Tailor?

A poor-fitting suit of clothes may sometimes cost less money over the counter, but you won't get the comfort or the value out of it that you do from a suit made specially to fit you.

An \$8 outfit, that you become disgusted with and throw away inside of three months is not as cheap as the \$12 natty suit that you cling to with pleasure for a year or more because it was built to fit you.

SEE THE POINT?

Well, just now I have some snaps in cloth that I can make up into the "year-or-more" pleasureable fit, and yet sell at just about the "three-months" price.

Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera Morbus, Dysentery and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of more children than any other medicine in use.

When reduced with water and sweetened it is pleasant to take. You, or some one of your family, are sure to need this remedy sooner or later and when that time comes you will need it badly; you will need it quickly. Why not buy it now and be prepared for such an emergency? Price, 25 cents.

What's the Price To-Day?

The farmer who already knows the market prices for grain and produce need fear no combination of buyers when he goes to market.

How often the buyers "get together" on prices every farmer knows.

How often has a farmer sold his grain in one town for a couple of cents less than the buyers were paying in a neighboring market?

It pays to keep posted on the markets.

The Toronto Daily Star has the best market reports of any city paper. It has men who do nothing else but study the markets—who give it all their time and attention, and you can get all this information in the Star every weekday for a year and your own local paper as well for \$2.20.

If you save a cent a bushel on only two loads of grain by knowing the prices it will about pay the price, won't it? Besides think of being in touch with the world's news every day.

FIRE NEAR POOLE.

MR. PETER CHALMERS' FARM BARN BURNED.—CROP, IMPLEMENTS AND SOME VALUABLE STOCK DESTROYED.

About two o'clock on Tuesday morning last Mr. Peter Chalmers, the well known young Wellesley farmer just east of Poole, was aroused from his slumbers by a neighbor who had discovered his barn to be on fire. At this time the flames had advanced so far that it was impossible to save anything, so that the fine building and sheds, with the season's crop, the implements, three valuable horses, some hogs, and the poultry were completely consumed. At this writing the loss is not ascertained but it cannot fall short of \$3500 or \$4000. The team of horses was a fine one valued at about \$400. The cause of the fire is a complete mystery as no one had been at the barn since the early evening when the usual care was taken.

BOWLING.

SECOND MATCH NORTH VS. SOUTH.—THE FORMER AGAIN WINS.—AN EXCITING FINISH.

Just after dinner on Tuesday the second game of the match between the bowling club members living North and South of the river was played. In the first few ends it looked as if the South was going to overcome the heavy handicap of the first game. But a swing of fortune soon gave the North a big lead. The "Brooklynites" pluckily fought their way up, however, and at the close of the 14th end they were 2 up. With only three balls to play in the last end Reiner again lay shot well guarded and it looked as if nothing remained of the game but the shouting. But Saunders drew around the guard, knocked out the near bowl and himself lay 3 which he increased to 3 by a close draw with his last bowl and winning the match by 1 point. The

FOOT BALL MATCH.

A jolly foot ball team of young men from Hawkesville arrived in Wellesley on Saturday afternoon to play a match with the local club. The game was started at about 6.30 in the presence of an unusually small crowd, very few, in fact, knowing that a game had been arranged. Both teams were sadly out of practice and there were times when it seemed that some players would have fallen in an effort to kick the air around them. A strong wind was blowing from the west and this helped the visitors score the goal they got, although they were playing decidedly the best ball during the first half. In the second however, the locals woke up, and with the wind at their back, made some very determined attacks on the visitors' goal. Early in the half Wellesley scored, but the referee had blown his whistle for a foul a moment before and he pluckily stuck to his point and refused to allow the goal. Later on our boys tried to claim a penalty kick which was also refused and a long useless wrangle ensued during which some of the spectators left the ground. In a short time after the dispute was settled a scrimmage occurred close to the visitors' goal during which the ball was neatly sent through and the score was tied 1 to 1.

The players were:

Hawkesville (1)—goal, C. Fowler; backs, E. Bricker, E. Lackner; half-backs, A. Sholly, G. Peterson, E. L. Bice; forwards, E. Lowler. — McQuarry, W. Leaper, A. Ottmann, A. Snyder.

Wellesley (1)—goal, A. Hammer; backs, Bert Hatz, John Mayer; half-backs, Ed. Kelterborn, John Kaufman, Oscar Ottmann; forwards, Willie Ottmann, John Dingwall, Ed. Stahle, Jas. Kerr, Geo. Kube.

Referee—Eddie Winn.

DISTRICT NOTES.

The two-year old son of Mr. Jno. J. McMeekin, of Owen Sound, was killed a week ago Monday by shooting himself with a revolver. He was left in charge of a girl while his parents were away and when she went out of the room he saw the revolver on the bureau and accidentally shot himself through the heart.

Geo. B. Hamilton, an insurance agent of London, committed suicide on Sept. 25 by shooting himself. No reason is given for him doing the act.

Two men were injured by some machinery falling on them in the Walkerville basket factory on Sept. 25. One is likely to recover but the other's skull was crushed and is not expected to live.

Berlin's Grand Trunk Railway station is to be enlarged next spring. About \$9,000 is to be spent on it.

Elmira has a building boom. 20 new houses were erected there this summer.

A rear-end collision of two freight trains at Eastwood, near Woodstock last Wednesday morning about three o'clock, resulted in the instant death of four men and the fatally wounding of another. The cause of the accident was a switch being left open and a through train running into a train on the siding. About 20 cars of stock, along with the Eastwood Station, were burned.

A young man named McLean accidentally shot a comrade while out moose hunting near Hulfax on Sept. 27. The man aimed at the moose and just as he pulled the trigger his comrade a few yards in front of him stepped out from behind a tree. The bullet passed through his head, and, strange to say, killed the moose.

An unknown man was killed by a train near Sault Ste Marie last Wednesday. He stepped in front of the train.

Michael Schrag, a young married man of about 28 years of age, employed in the Livingston oil works at Baden, was arrested on Tuesday afternoon at the village on two charges of forgery. Schrag is alleged to have signed Mr. A. Wagler's name to two promissory notes, in addition to his own signature. One of these notes was for \$100.00 and the other for \$50, and they were both given to Mr. Oliver Master, of Berlin, for goods sold to Schrag. The notes were discounted by Mr. Master, with Mr. Philip Arnold, of Berlin.

Burkton, Oct 2.—William Myers a man of 65, was killed while walking on the tracks in the yards at Burkton this morning. Deceased was hard of hearing.

A well-known Indiana man one dark night last week, went to the cellar with a match in search of a gas leak. (He found it.)

John Welch by curiosity (Despatches state) was goaded; He squinted in his old shotgun to see if it was loaded. (It was.)

A man in Macon stopped to watch a patent cigar clipper; He wondered if his finger was not quicker than the nipper. (It was't.)

A Maine man read that human eyes of hypnotism were full; He went to see if it would work upon an angry bull. (It wouldn't.)

Toronto Sunday World.

A Judicial Inquiry.

A well known travelling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by A. J. Saunders, druggist, Wellesley.
