It was moved by W. J. Beggs, seconded by H. N. Huehn, that by-law No. —, setting a definite date for the collection of taxes be now read a first and second time. Carried.
Thereupon it was moved by Geo. Forwell, seconded by H. N. Huehn, that by-law No. —, to amend by-law No. 513 in so far as it relates the rate in the dollar, for township and county purposes, be now read a first and second time. Carried.
The council went into committee of the whole with H. N. Huehn in the chair and reported as follows on the several by-laws: First, that all the taxes must be paid on or before the 14th day of December, or five cents on the dollar extra will be added to amount of taxes levied, and costs for collecting the same if necessary; second, that the rate in the dollar for township and county purposes be raised from four to five and a half mills in the dollar. The committee resumed into open council.
It was moved by J. B. Lichty, seconded by Geo. Forwell, that by-law No. 517, setting a definite date when taxes must be paid, and by-law No. 518, striking the rate at 5 1/2 mills in the dollar for township and county purposes, be now read a third time and passed. Carried.

EDITORIAL NOTES.

An American girl missionary in Turkey was recently captured by brigands and held for ransom. It is said that President Roosevelt is allowing the Americans to raise the immense ransom demanded by private subscription. When the girl is rescued the President is to call the Sultan to task for permitting an American citizen to be thus assaulted, and as the United States is not in any way connected with the "concert of Europe" Uncle Sam would have a free hand in doing unto Turkey as that brutal nation so richly deserves. A way to the solution of the dismemberment of the Turkish empire without arousing the jealousy of the other European nations would thus be provided, while the objections concerning the Monroe doctrine would have but little moral weight when the final stoppage of the Armenian horrors is considered.

The suicide of Nicholas Flood Davin in a Winnipeg hotel the other day is one of the saddest events of the year in Canada. He was the pitiablest speaker in the Dominion and for years was known as the Demagogue of the House of Parliament, of which he was for many years a member until he was defeated at the last election. His life was a record of honesty and he died a comparatively poor man. No reason is known why he should thus suddenly end his own brilliant career.

The San Jose scale is reported to be again getting the better of the farmers in Ontario, and Mr. Fisher, the government inspector, says that more trees are dying of it than ever. He ascribes this fact in part to the apathy of the farmers, who have not thoroughly realized their danger. It seems inevitable that this destroyer of fruit trees shall spread, and unless the most rigid precautions are taken Ontario's fruit outlook will be gloomy. The work of spraying, at the right time of the year, seems to be the only remedy.

A SUGAR BEET FACTORY AT BADEN.

The Hamburg Independent recently published the following item which will be of interest to Maple Leaf readers, as the soil of this section is known to be particularly adapted to the raising of sugar beets. We are informed that the Company have decided to push the building operations so that the sugar refinery will be ready to commence work by the first of September next year:

"We wish to say a few words to the farmers on sugar matters. It is now certain that a beet sugar refinery will be built in Baden and to be ready for next season's crop. Mr. F. Spencer, of Scranton, Pa., president of the Sugar Refinery Company, Mr. Adam Kaufman, of the same place, a director of the Company, and Mr. Engel, of the Baltimore Construction Company, came here last week and were here for some days. Several meetings were held and all the speakers expressed

themselves favorable towards the enterprise. At the Saturday evening meeting a committee was appointed to secure a site for the same. Since writing the above we have been put in possession of additional facts in regard to the sugar refinery. It is now certain that the refinery will be built in Baden. The Baltimore Construction Company which has the contract for building the refinery, will commence operations as soon as possible. The plant will cost about \$650,000 and will be ready to manufacture sugar by next fall. The Company will pay \$4 per ton for beets the first year and in succeeding years from \$4 to \$6.50 will be paid, according to the per centage contained therein. About 5000 acres of beets will be needed for one season's work. Five hundred tons of beets will be required every day to keep the refinery running, which will be so constructed that it can easily be enlarged so as to double the output, thus requiring 1000 bushels per day. The farmers need not be afraid of overstocking the market with beets. Raise all you can."

Don't let them fool you with any cigar but the G. and B., and be sure the first letter is a "G."

Mr. and Mrs. Alex. McLeod and their little son, of Stratford, made a welcome call on old friends and neighbors in Wellesley on Tuesday afternoon last.

Mr. Samuel Lehnen, of Iowa, Miss A. Lehnen, of Hawkeville, and Miss Hird, of Buffalo, arrived at Mr. J. N. Zinkann's on Tuesday evening for a short visit.

On Sunday, 13th inst., Mr. Peter Oppor, of the 6th line of Mornington shot and killed a lynx which his dogs had treed in a bush about half way between Millbank and Poole.

Mr. Harry E. Batz, who is now in the Northwest, sent the editor a specimen of prairie fossil the other day. Harry possibly thought it to be the bones of a prehistoric mastodon, but a careful analysis shows it to be the skull of a gopher—or a rat!

Messrs. John Hill, A. J. Saunders, H. K. Forler, Principal Kerr, S. J. Arnott and Ebb. Zinkann composed Wellesley's contingent at Premier Ross's Liberal rally at New Hamburg on Thursday evening last. They report a quality of speeches that fully outweighed the disagreeableness of their drive.

Messrs. Ed. Ratz and Ed. Reiner have returned home from their quail shooting trip to the St. Clair falls. They had excellent sport, shooting over 100 birds, most of which they divided amongst their friends in town since they got home. Quail on toast has been popular this week, a local being among the number who enjoyed the luxury.

Dr. Snarr, of Berlin, called on Wellesley friends last week.

Mr. and Mrs. J. G. Reiner spent several days of the past week enjoying the Pan and visiting with friends in the northern part of Pennsylvania.

Miss Phene Mayer gave a party to her young friends at the Albion last Thursday evening. Among the numerous guests were half a dozen gentlemen from Berlin and two ladies and a gentleman from Milverton. A most excellent time was enjoyed.

Notice change in J. S. Zehr's advertisement. While in the office the other day Mr. Zehr informed us that his advertisement brought him a customer a week or so ago who gave him a large order the profits on which would about cover the cost of his advertisement for a year. Maple Leaf ads are workers.

Mr. J. T. Wilford, of London, is at present staying with friends in Crosshill while winding up the affairs of his late lamented father. While passing a little spare time in the Maple Leaf office the other day Mr. Wilford took up a "stick," and though it is many years since he followed his regular trade of a printer, yet he threw together half a stickful of type in a remarkably short time.

The Maple Leaf
ONE YEAR for \$1.00

The Montreal Daily Herald
And a Splendid Picture of
King Edward VII. . . 50
Total . . \$4.50

ALL FOR \$1.75

This is the greatest combination offer ever made by any Canadian journal, and we are fortunate in securing the exclusive privilege for this district. The Daily Herald is one of Canada's great papers. Established in 1841, it has long been the leading Liberal paper of Eastern Canada. It is now a great family newspaper, each giving full news of the world, and also devoting much space to matters of peculiar interest to the family. Its commercial intelligence is of the highest quality.

THE KING'S PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is procured by a new process, and is not one of the faded, colored portraits so common.

As the regular price of The Herald is \$1.00 a year, the liberality of our offer is self-evident.

At Listowel's regular cheese fair on the 18th inst., Mr. R. H. Green, cheesemaker at Woodbridge, was presented by Mr. A. F. McLaren, M. P., of Stratford, with the Toronto Industrial Exhibition Challenge Tankard. The trophy requires to be won three years in succession before it becomes the property of the winner.

A coroner's jury in a rural settlement in Tennessee returned the following verdict recently: "That the deceased came to his death by tryin' to light his pipe by a electric light, which can't be done successful."

A private wedding took place on Tuesday of last week at the home of Mr. John Ruppert, of N. Easthope, when his daughter Caroline was married to Mr. John Knochtel, a farmer of the 4th concession, N. Easthope. Rev. Mr. Kaatz, of New Hamburg, officiated.

A man who was charged at Leeds the other day with persistent cruelty to his wife sent to his better half on a postal card the following verse:

Oh, the sadness of her sadness
when she's sad,
Oh, the gladness of her gladness
when she's glad,
But the sadness of her sadness
and the gladness of her gladness
Are nothing to her madness when
she's mad.

A reception was given Dr. Will Cory, of Dakota, and his bride recently at the doctor's former home in Mornington.

Detective Klippert, the well-known Berlinite, has had more to do with criminals than any one detective in Ontario. He is 75 years old, has been in harness and active service as a constable for 47 years. During that time he has arrested 2781 persons—from murderers, lank robbers, horse thieves, down to fellows who, in a moment of forgetfulness walked off with someone else's knife. John says he doesn't like to arrest women, and that whenever he has such a job on hand he always takes a second party along as driver and witness so the arrested cannot make any sensational accusations against the escort.

Talking about returning newspapers to the publisher an exchange says: "Every editor has received them. The postmaster sends them to the editor, but the postmaster is not to blame. For instance there was a fellow named Tim Back who sent us three notices to stop his paper; he didn't want it any longer. We wondered what was the matter. Upon investigation of our subscription list we found that Tim was back \$2.50. He had never paid a cent and he stopped the paper as a matter of economy to us. A few evenings ago we stepped into a church and Tim's melodious tenor rang out clear in that soul-stirring song 'Jesus paid it all.' He might have been mistaken but his earnestness impressed us. The next day we sent him a receipt in full, begging his pardon for not knowing he had made an assignment of his liabilities to the Lord." Another distressing case was that of a fellow three years behind who got mad when dunned and said "I only subscribed to help you along, anyway!"

THE DUKE IN TORONTO.

Montreal Herald.—The Duke took his final look at Toronto through a magnifying glass and the farmers gave him a great send-off. As Hon. W. F. McLean, the representative

Torontonian, presented the Duke with a rake, hoe and a plowing machine the Duke was visibly moved and said: "Friends, every time I see your presents, or view a hayfield or potato patch from my car window, I will think of Toronto, the Queen farming District of the West." The train then moved out and the royal escort on the car got busy getting the hayseed out of their hair. It is estimated that Toronto spent as much as \$1.90 in decorations.

ONE BETTER EVERY TIME.

It seems to matter not what other newspapers may offer as premiums, the Family Herald and Weekly Star of Montreal, can always go them one better, and this year they have again clearly outclassed all competitors. Subscribers to that great family paper will this season receive the biggest value ever offered. In addition to a very much improved paper, each subscriber will receive no less than three valuable and seasonable premium pictures. The pictures are large portraits of our new King, Edward VII., and the beautiful Queen Alexandra, each 18x24 inches, on beautiful paper, making a lovely pair of pictures ready for framing, and which should be found in every Canadian home. The third picture is a grand surprise. We have all heard of the renowned Gainsborough picture, the Duchess of Devonshire, the picture stolen and recovered and recovered after 25 years and recently purchased by J. Pierpont Morgan for \$75,000 cash. The publishers of the Family Herald are giving each subscriber this season a beautiful copy of this historical picture (22x28 inches) in ten rich colors, same as the original, along with the pictures of the King and Queen. All three pictures and a year's subscription to the best Family paper on the continent for one dollar is certainly a big dollar's worth. The plates of the King and Queen will be a surprise. No such plates were ever given with a newspaper.
