WELLESLEY.

CROSSHILL.

Dec. 9th, 1901.
Mr. E. Petch, of Berlin, visited at home over Sunday.

Mr. R. Barret spent the latter part of the week at Newton.

Miss Ida Goetz, of Linwood, called on acquaintances here on Saturday.

Miss Annie Daly was visiting at home a few days lately.

The sale at Hugh Frame's, on Tuesday, was largely attended, and the articles sold brought very good prices.

On Thursday Mr. J. T. Wilford made his second shipment of furniture, wood, etc., to London. The teamsters evidently lost more than the wood, and it was in the "wanna" hours that the rumbling wagons with their sleepy occupants arrived home.

The house lately occupied by Mr. J. T. Wilford has been rented to Mr. A. Meyer, who has moved his family in.

A meeting was held in the Ontario House on Saturday to appoint delegates for the Reform convention. It was largely attended by the electors.

A troupe of wandering minstrels from the south struck the village recently but did not stay as their prospects here did not look very bright. Perhaps they found too many of their own "coon" tribe to suit their fastidious tastes.

HEIDELBERG.

Dec. 9th, 1901.

A meeting was held in this place on Tuesday in the interests of a sugar beet factory. The proceedings were conducted by Prof. Shulteworth, Mr. A. Peterson, of Hawkesville, and others interested in promoting this much-talked-of industry. A large number of our surrounding farmers were present but the acreage secured by the Company was not what it might have been. What is the matter with having a beet sugar factory on our mill sight?

The infant twin daughter of Mr. Jacob Schaefer was called away by death on Tuesday last. The parents have the sympathy of their many friends in their bereavement.

Mr. L. S. Weber and daughter Anna spent Thanksgiving Day in Listowel with friends.

Mr. Val. Stoies, from Ethel, Huron county, is visiting his many relatives and friends in this neighborhood.

Mr. and Mrs. Jno. Weber, of Springville, accompanied by Mrs. G. V. Oberholzer, of Berlin, spent Sunday last at the home of Mr. L. S. Weber.

Mr. Geo. D. Smith, our enterprising tailor, is at present overcrowded with work, and has lately added another hand to his staff in the person of Fred Herres, St. Jacobs.

Mr. Con. R. Gies had the misfortune to lose his best Holstein cow for which he had received first prize at all the surrounding shows this fall. Mr. Gies had her entered in the Guelph Dairy test, and would no doubt have made a high record.

A public sale will be held about one-half mile south of our village, on the premises of Michael Martin, on the 17th inst.

DOERING'S CORNERS.

Dec. 9th, 1901.
Mr. Jacob Roth will move to Hayville on Wednesday of this week. Mr. Roth was quite popular and made many friends in this neighborhood, who will be sorry to see him go.

Mr. Peter Wegfahrt is busy hauling

ing stone for the new barn which he is going to erect next summer.

Mr. Geo. Hammer has the building contract, and he is quite a number of similar contracts for next summer.

Mr. Geo. B. Cook has returned from Bay City, Mich., where he was visiting his son, Fred, who is ill. Mr. Cook enjoyed his trip.

Mr. Edward Hintz is all smiles these days because a little boy has come to his house to stay.

Mr. John Voice's shanty took fire on Saturday night about an hour after they had gone to bed. Mr. Voice tried to extinguish the flames but the shanty was burned to the ground.

Mr. Chris. Shantz has arrived back from Dakota looking hale and hearty. He will stay till February before returning.

Nearly every farmer in this vicinity has subscribed an acreage for sugar beets.

RAMBERG.

Dec. 9th, 1901.

Mr. and Mrs. Joseph Mosser spent Sunday and Monday in Elmira, the guests of their son, William.

Mrs. Jno. Kieswetter and son, Simon, attended the funeral of the late Enoch Hergott last week.

Messrs. Albert Fischer and Edward Moser, of Berlin, were visiting friends here on Sunday.

Mr. Jacob Winkler returned last week from a trip to Hanover and other places.

Mr. John Kieswetter, our hotel-keeper, was a business visitor to the Twin city last week. His many friends were pleased to see him out again as he was confined to his room for several weeks.

Mr. Dellinger, agent for the Berlin Organ factory, is doing a rushing business in and around Ramberg, selling six organs hereabouts recently.

Messrs. Wm. Stockie and Allan Bergie were in Josephsburg last Thursday evening.

EDITORIAL NOTES.

In the West Huron by-election
last week Mr. Garrow, the Reform
candidate, won by a majority of
over 250.

Galt is now sure of its beet sugar
refinery. Three factories for Water-
loo is not bad, even for the best
county in the Dominion.

Since the railway committee was
appointed, at the Wellesley mass
meeting last week other parts of
Waterloo county are waking up.
The Galt, New Dundee and New
Hamburg route is getting popular
and looks a good deal more feasible
than the sleepy old Berlin Tele-
graph put it not long ago. This
road would give the farmers their
choice of three beet sugar factories
to ship to.

But the Berlin News-Record ap-
pears much more alive to the in-
terests of the county town, and
says, in last Saturday's issue, re-
ferring to the article in last week's
Maple Leaf:

"The News-Record is pleased to
see that our neighbors of the north
are to make an effort to secure rail-
way connection. It is a problem
which Berlin would be willing to
assist in solving and which can be
best and most easily determined by
the joint action of Berlin, Water-
loo and Wellesley. A road from
Wellesley to Berlin connecting with
the C. P. R. at Galt would fill the
bill for them better than a road to
the south since it would give them
the benefits of being in close
touch with the county town and
the biggest center in the county,
with the G. T. R. here and with the
C. P. R. at Galt, through the line
from Berlin to Preston. If the Ba-
den sugar factory afterwards wish-
ed to build an electric road to com-
pete with such a line running to
Berlin from Wellesley at any point,
it would be a comparatively easy
matter and serve all purposes.
When the Wellesley gentlemen are
ready they will find Berlin citizens
willing to give a helping hand."

If Berlin wants this section to
fall into its lap it certainly must
wake up and deal more spiritedly
with this matter than it did with
the Preston road which lies idle to-
day because Berlin refused
it aid to the extent, virtually, of a
paltry \$5,000. The energetic far-
mers of this wealthy section can-
not be expected to look hopefully
towards a town which has no more
spice than that. Until the road
from the county town to Pres-
ton is running, this section has no
use for a railway to Berlin.

Nomination day will be an inter-
esting occasion in Wellesley this
year and the councillors will have
many topics to discuss in their
speeches. There is, however, but
little talk of new councillors "com-
ing out." Mr. Beggs, will, in all
likelihood, be a candidate for reeve,
and at present it looks as if he will
get that position by acclamation.
If the present reeve, Mr. Short,
drops out, as he is intimated at the
last nominations there is a strong
feeling that the southern part of
the township is entitled to the va-
cancy, and if Messrs. Hostettler or
Hill cannot be induced to stand,
pressure will likely be brought to

DISTRICT NOTES.

Milverson Sun: The street lamps have been lighted for several evenings but so far do not seem to give very good satisfaction.

The following, from the Farm Journal should be read by every farmer and sportsman; it's too important to miss: A quail by flying against a house was picked up dead and its crop examined, curiously. It contained 101 potato bings. They were yet fresh alive and soon began to move as exposed to air. This is one of the only few birds that will eat the unsavory potato bings, and the quail that frequents a farm pays often a big price for the little grain it eats. Farmers should protect the quail always.

The Bank of Hamilton has opened a branch in Wiarnton.

Mrs. Levi Martin died on Nov. 27th, near Heidelberg, at the age of 73.

Mr. O. G. Anderson, head of the Anderson Furniture Co., at Woodstock, the largest institution of the kind in Ontario, has severed his connection with that establishment and is looking around for a good location for starting a chair factory or a similar industry. If Wellesley were possessed of railway connection it might have been a good act to invite the gentleman in.

Fred Heller, of Berlin, was married recently to Miss Mary Nech, near Heidelberg.

Wm. Scott, near Monkton, lost three head of young cattle recently in a novel way. The animals had eaten their way partly under a straw stack when it toppled over on them, smothering all three. Loss about \$60.

Mr. Joseph Ruthig, of Newton, was married recently to Miss Annie, daughter of Joseph Witte, also of that place.

The ratepayers of Elmira decided at a public meeting to vote at the coming municipal elections on two important civic questions, viz.: Whether they are in favor of better fire protection; and which they prefer, the purchase of a fire engine or putting in a water works system.

Typhoid fever claimed as a victim Mrs. Anthony Mattell, who died recently at Hawkesville. Her husband is a prominent citizen of that place.

Mr. James Moreland, secretary of the Hespeler Rifle Association, last week received the handsome silver tankard won by the Hespeler team in the recent military league series.

Harvey N. Barry, for twelve years connected with the business department of the Guelph Herald, will go to Toronto shortly to accept the business management of the Farmers's Sun.

Hespeler curlers are slow in organizing this year.

M. J. White, editor of the Exeter Times, is laid up at present with a broken leg.

New York, Nov. 14.—The danger of Mormonism is under-rated, not not over-rated. When the public realizes that there are two Mormon churches in Brooklyn, one in Manhattan, one in Philadelphia, a strong and growing Mormon settlement on the borders of Pennsylvania and New Jersey, and that the strongest church in a section fifty miles from Jersey City is Mormon, it may be understood that the situation is menacing. It was predicted that in fifty years the Mormons would control a belt of States cutting the country in two from north-east to south-west. The prediction has been verified in twenty instead of fifty years. They own land from the Rocky mountains to the Sierras, and are spreading east and if the constitutional amendment making polygamy a crime is not soon passed it will soon be too late as they now control four States and only require 12 more to make it impossible. Two thousand Mormon missionaries are actively pursuing their propaganda work, sixty of them in New York State alone.
