The Maple Leaf The Montreal Daily Herald 3.00 And a Splendid Picture of King Edward VII. . 50 Total . \$4.50 ALL FOR \$1.75

This is the greatest combination offer ever made in any Canadian Journal, and we are fortunate in securing the exclusive privilege for this district. The Daily Herald is one of Canada's great papers, established in 1861. It has long been the leading Liberal paper of Eastern Canada. It is now a great family newspaper, each day giving full news of the world, and also devoting much space to matters of peculiar interest to the family. Its commercial intelligence is complete and reliable. THE KING'S PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is produced by a new process, and is not one of the flimsy colored portraits so common. As the regular price of The Herald is \$2.00 a year, the liberality of our offer is self-evident.

ADDRESS ALL ORDERS TO THE MAPLE LEAF, NEW LAUNDRY in Wellesley! I have opened up a Laundry business with the Latest and Most Modern Machinery. —WASHING DONE EVERY TUESDAY.— FIRST CLASS WORK GUARANTEED. . . . GIVE ME A TRIAL.

JOHN L. KAUFMANN David Rudy Licensed Auctioneer and VALUATOR

For the Counties of WATERLOO, PERTH and OXFORD. RESIDENCE, North and of 16th line, East Terra.

TAVERN POST OFFICE. Orders may be left at the WELLESLEY MAPLE LEAF OFFICE, where dates can be obtained liberal terms made.

IMPROVED Yorkshire Pigs! FOR SALE. Pedigrees given. Both sexes. A number of fine young pigs, from 1 to 5 months old, now ready; also a few young sows in pig. IMPORTED BOAR kept for service. Have also a few head of Short-horn Cattle for sale. Reasonable Prices. JOHN HILL, WELLESLEY.

DOERING'S CORNERS.

Aug. 19.—Mrs. Nelson and her sister Miss Lizzie, of Detroit, daughters of Mr. Woivade, Wellesley, were visiting at the home of their grandfather, Mr. Wakeford, on Sunday.

Mr. Henry Hammer took in the excursion from Berlin to Niagara Falls last Saturday returning home on Monday.

Miss Clara Pfanner, of Phillipsburg, visited Mrs. Henry Koehler Linwood, over Sunday.

A little son of Mr. John Hammer had his collar bone broken a week or two ago by falling from the bed. He is now nearly well again.

Threshing has commenced and although these early threshings do not give a complete record the evidences are that the yield will be something tremendous this year. At Mr. Geo. Hammer's, on Saturday, 21 shocks (10 binder sheaves in a shock) produced 35 bushels of oats; at Mr. M. Schultz' 30 shocks produced 50 bushels oats. These are just samples of what may be expected all over this section.—There seems no good reason to leave here hunting for better farming lands.

Much to the disappointment of the people hereabouts the Bell Telephone Co. has cancelled the Phillipsburg office and removed the instrument. The reported reason is that the Company were not deriving enough revenue from that office. Subscription lists are now being circulated to raise the amount required to have the office again opened.

TOPPING.

Mr. Alick Ballantine, who left home eight years ago to seek his fortune in the far off Klondyke, has returned and is staying with his father at present. He purposes returning in a few months. His brother David is also in the gold region. Both have "claims" in the gold mines. We wish them every success.

Master Henry Fink, son of Mr. Henry Fink, west of here, fell and broke his arm the other week while out berry picking.

Mr. Geo. W. Fink and Miss Lizzie Fink spent a few days with friends in Listowel last week.

Mr. Henry Daub and Miss Bertha Daub, of Baden, spent Sunday with friends in this locality.

BAMBURG.

Mrs. Jacob Kaufman, who has been laid up with appendicitis for some time, is recovering slowly.

Mr. Andrew Hinsberger is on the sick list, and his brother Paul, of Mildmay, visited him for a few days last week, as also did his brother Peter, of Berlin.

Messrs. Simon Kiesewetter and Chas. J. Winkler took in the Sangerfest at Waterloo last week.

Aug 13, the wife of Wm. Sachs of a son.

Threshing is the order of the day.

CROSSHILL

Mr. W. K. Leighton made a trip to Drayton on his wheel Saturday morning and returned the same evening.

Mrs. Rose and two children, of Toronto, are visiting in this locality.

Miss Nellie Forris left this morning for Toronto, where she will attend the Normal School.

Mr. and Mrs. W. Glaister, of Waterloo, were in town Sunday.

Miss May McCallum returned to

the queen city after spending a few weeks at home. Her sister, Della, accompanied.

Mr. Robt. Leighton, of Waterloo, made a call on friends here on Sunday.

The busy hum of the threshers is heard again in every direction.—The excellent crops are nearly all housed.

LINWOOD.

Doctor and Mrs. McEachern are absent for a month on a well-earned holiday. They purpose spending a good part of the time on the lakes.

Dr. Fry, of Elmira, is attending to the doctor's practice during his absence.

Miss Nellie and Albert Schnurr visited friends in Elmira on Sunday.

Mrs. Boomer and daughter Clara are sojourning at Milverton.

Teachers Mr. A. Lytle and Miss L. Baldwin have resumed their duties in our public school.

Messrs. Geo. and Louis Heimler went to Atwood on Sunday to visit their cousin, Mr. Deutrich, of the "Ehn House."

Don't forget Linwood's great big day of sports on the 21st. The committee is sparing no pains to make the occasion a grand success. There will be amusements for everyone and money for the competitors.

Mr. and Mrs. Hinbuch went to New Hamburg on Saturday to visit friends.

Mrs. Dierlamm and child, of Milverton, are spending a few days with Mrs. Dierlamm's mother, Mrs. Bundy, in Toronto.

TENNIS TOURNAMENT.

Linwood's Tennis Club had a gala day on Saturday last which took the form of a tournament on the lawn of Dr. S. Lytle, father of Mr. A. Lytle, through whose kindness the club received an invitation for the outing. The president, Mr. A. Rennie, provided the team to convey the party over a distance of ten miles, and all speak in the highest terms of the unusually merry drive. In addition to the tennis playing croquet and other games were engaged in, and in the evening an exciting game of ping pong, championed by Messrs. Hamilton and Lytle, the former winning by a substantial score, took place in the dining room. After this Indian tag, in the beautiful moonlight, was indulged in on the lawn until all were thoroughly gratified. While all the matches during the tournament were well contested and thoroughly interesting, the excitement grew as the finals approached. In this Mr. Hamilton and Miss Della Berlet battled with Messrs. Otis Bundy and A. Lytle, the former going down after a hard struggle. The following were the contestants; A—Mrs. Manser and Miss O'Connor B—Miss Lola Spahr and Mr. Aaron Schnarr. C—Mr. Almond Rennie and Miss Annie Goetz. D—Messrs. A. Lytle and O. Bundy. E—Miss Della Berlet and Mr. R. B. Hamilton. F—Mr. E.—Atkinson and Miss Edna McKay. G—Willie and Miss Alice Lytle. H—Misses Edie Wilson and Lizzie Berlet.

First round.—B beat A 6-2; D beat C 6-2; E beat F 6-1; G beat H 6-3.

Second round.—E beat B 6-3; G defaulted to D.

Final.—D beat E 6-1.

The losers of the first series then played as follows: First round.—C beat A 6-1; F beat H 6-3.

Secod round.—C beat F 6-0.

LISBON.

Aug. 17.—Harvesting is in full swing.

Lisbon was well represented at the Waterloo Sangerfest last week.

Mrs. E. Lichty, of this burg, is spending a few days with her parents.

Mr. C. Knapp and the Misses J. Knapp and C. Donaldson spent Sunday in Milverton.

Mr. and Mrs. P. Kreh spent Sunday with her parents.

Mr. J. D. Koch and wife were the guests of North Easthops relatives on Sunday.

Mr. O. Rieder, of Rochester, son of Mr. Rieder, North Easthops, occupied the Alles church pulpit very acceptably last Sunday.

MORNINGTON COUNCIL.

The council met at Donnelly's hall on the 11th August, according to adjournment, members all present. Minutes of previous meeting read and adopted. A large number of accounts were ordered paid. A by-law was passed authorizing the reeve and treasurer to borrow money for current expenses until taxes are collected. A by-law was also also passed for levying rates for county, township, railway and school purposes. Adjourned until first Monday in September. S. WATSON, Clerk.

TURNING TO STONE.

DOROTHY STILES, OF BAY CITY, IS BECOMING PETRIFIED.

Miss Dorothy Stiles, daughter of a retired chemist, living seven miles from Bay city, Mich., is gradually turning to marble, or a substance resembling it. Her father is nearly frenzied with grief, as he believes he is in part responsible for her present condition, which must soon result in death. The young woman had been troubled with stiffness in her limbs for several days when she discovered that portions of her heels were as hard as stone and almost snow white. Screaming with fright she ran to her parents, who made the discovery that not only her heels, but her shoulder blades and cheek bones were in the same condition. Since that time the affection has spread until now the victim can only move her head slightly. She suffers no pain. The father says that he left some chemicals, with which he was experimenting, in a bath tub where the girl bathed, and he ascribes his daughter's condition to the solution which he prepared. He has threatened suicide in his grief.

Hesper Herald says: The cable speaks of the Princess Henry of Hesse as "the beauty of earth." This must be challenged right here and now. There are girls in Hesperia who would make Miss Hesse look like a faded flower.

Contracts have been let for a \$2,000 addition to St. Joseph's hospital, London.

Mr. C. W. Lawton, editor of The Paris Review, has disposed of his business to Mr. Pelton, of Atwood, who will take charge Sept. 1st.

The easier it is to get a man to talk the harder it is to get him to quit.

It may be all right for a woman to marry in haste and repent at leisure, but a married man has no leisure.

The Venezuelan rebels have captured thirty-five officers belonging to the Government's forces. It is understood that the government's high private escaped and is at large still.

 subsequent insertion.

EDITORIAL NOTES.

This is the time of year to get
 rid of the burdock weeds. An au-
 thority says that the life of a bur-
 dock is two years; the first year it
 does not blossom or seed and it does
 not die by cutting. But they will
 die if cut when in bloom, which
 they do in this latitude in August.
 If this is true there should be but
 little difficulty in getting entirely
 rid of this weed in the course of a
 couple of years.

The roads in this neighborhood
 are fairly free from weeds, but
 some good work can still be done.
 Every farmer who tries to keep his
 land free from noxious weeds is
 deeply interested in having the
 public highways clean in this re-
 spect, for it is from this source that
 his greatest danger comes. Let the
 pathmasters and others appoint
 od for that purpose see to it that
 every weed on the highway is cut
 down before it gets a chance to drop
 its ripe seed.

King Edward did a graceful
 thing the other day in giving Os-
 borne house to the nation as a home
 for invalid officers of the army and
 navy. Many years ago a monarch
 made a similar gift, the now famous
 Greenwich hospital where nearly
 2,000 aged and worn out heroes are
 finding a place to spend the residue
 of their lives in comfort.

The harvesting of the great wheat
 crop in Manitoba is up again in this
 year larger than ever. Fortunately
 the northwestern harvest is a lit-
 tle later than Ontario so that much
 help can be got from here. Our
 sturdy young men take advantage
 of these harvest excursions to spy
 out the land and hundreds have
 thus been able to pick out prairie
 farms for themselves while earning
 their expenses of the trip. The ma-
 jority who go from here could earn
 as much at home, but the tempta-
 tion of the trip and outing, and the
 benefit of seeing that vast agricul-
 tural district and the experience
 obtained are of inestimable value to
 the scientific and educated young
 Ontario farmer. All who can con-
 veniently get away should avail
 themselves of the opportunities of-
 fered by these harvest excursions.

It is reassuring to learn, says the
 Berlin "News-Record," that the
 Berlin and Preston electric railway
 is to be completed by October 1st
 and ready for business. What this
 will mean to Berlin and the county
 can not be fully estimated until ac-
 tually possessed. The chiefest gain
 of course will be C. P. R. connec-
 tion at Galt. This will give all
 shippers another string to their
 bow and enable Berlin manufactur-
 ers to reach out for business into
 new fields. It will enable business
 men to go before the G. T. R. au-
 thorities with confidence and to
 obtain earlier and better passenger
 and mail services for the town.
 It will bring thousands of visitors
 from the southern part of the coun-
 ty to the town during the year who
 do not come now for want of conve-

nient and cheap travelling facilities,
 and they will increase local trade.
 With our splendid park and pavil-
 ion the summer excursion traffic
 will greatly increase for there is
 not a town on the continent where
 visitors can enjoy themselves more
 freely than in hospitable Berlin. In
 a word it will prove a valuable feed-
 er. After the connection is made
 and service obtained Berlin will
 wonder how it ever did without it
 for so many years.

The Berlin people, too, are deeply
 interesting themselves in a further
 extension of this road west to Wel-
 lesley. Within a few weeks past a
 prominent Berlinite visited this sec-
 tion to inform himself and to get
 the opinions of the people, while vis-
 itors to the county town from here
 are anxiously interviewed on this
 point. It is unofficially reported that
 the matter will be agitated in earnest
 as soon as the Preston-Berlin
 line is in running next fall.

Our people are prepared to meet
 these, or any other railway promo-
 ters, and if the scheme is one that
 meets the requirements of this sec-
 tion it will, we believe, be warmly
 supported.

It is said that the British troops
 in South Africa consumed 35,000,000
 pounds of jam during the Boer war.
 They were jam-up good soldiers at
 all events.

Here are two questions which the
 Educational authorities might ponder
 over with profit: (1) Why
 should the midsummer holidays be
 longer in the towns and cities than
 in the country schools? (2) Why
 should the former be allowed one-
 and-a-half hours noon recess and
 the latter only one hour? To help
 to solve these questions we might
 refer to the fact that the first couple
 of weeks after the holidays are a-
 bout wasted in country schools be-
 cause of the non-attendance of pu-
 pils; this may possibly indicate
 that the people know better than
 the Department how long the hol-
 iday season really should be. Then
 a pupil who has a comfortable time
 in going to and from dinner is lik-
 ely to be in a better condition to
 learn in the afternoon session than
 the one that has been compelled to
 race both ways at the expense of
 proper digestion. Effective teach-
 ing, and health should be the pre-
 dominating features of our school
 system.

The editors of the Mitchell "Re-
 corder" and Stratford "Herald"
 are still hammering away at each
 other. They are both decent fellows
 and ought to know better. They
 should remember that:

There once were two cats of Kilkenny
 And each thought there was one cat too many
 So they fought and they spit,
 And they scratched and they bit,
 Till, excepting their tails and the tips of
 their tails,
 Instead of two cats there weren't any.

The British government has ask-
 ed the Canadian government to ex-
 tend facilities to several Boer farm-
 ers who wish to study agricul-
 ture in Canada and upon their re-
 turn lecture to their fellow-coun-
 trymen in South Africa on what
 they have seen. The visitors will
 be taken to see the Government ex-
 perimental farms, and will be shown
 over the best farming centers in
 the Dominion. It is likely that a
 trip to the Northwest will be in-
 cluded in the program. A promi-
 nent Boer official in writing an article
 for an American magazine states
 that the Canadian horses were the
 best that the British Army had in
 South Africa.

Tremendous efforts are being
 made to get the Berlin beet sugar
 factory ready for this season's crop.
 The contractors are determined to
 accomplish the feat if it is within
 the power of man to do so. Con-
 tractor Dyer states that he will
 have a force of 300 men at work on
 the factory by September 1st. An
 electric plant is being installed and
 two shifts of men working 12 hours
 each will be put on. The Dyers say
 that beets will be sliced Oct. 4th.

Mr. G. S. Dyer has arrived from
 the United States and he will re-
 main in the capacity of superinten-
 dent to operate the sugar factory
 after completion.

LOCAL NEWS.

Full goods arriving daily at Wm Kelterborn's.

All kinds of fresh sausage at H. Kelterborn's butcher shop.

Mr. A. J. Whitfield, of Hespeler, visited friends in town on Tuesday. Nice assortment of straw hats, going at 10c. each. W. Kelterborn's Miss Amelia Kaufman and Mr. Jac. Hamuel spent Sunday in Stratford.

See W. Kelterborn's new stock of boots and shoes. They are going cheap.

Mrs. Ernst Bellinger and children are the guests of Mr. George Bellinger at present.

Miss Stella Bellinger, of Philadelphia, is home at present on an extended v. sit.

Union Sunday School next Sunday at 10.30 a. m. English preaching service at 7 p. m.

Mr. L. Greyerbiehl and Miss Reiber, of Berlin, were guests at Mr. John Berscht's on Sunday.

Misses Beatrice and Ella Greenwood returned home Saturday after spending a month in Uncle Sam's domains.

Miss Lena Wagner, of Koehler's tailorshop, is enjoying a couple of weeks holidays with relatives at Rostock.

Mr. Jacob J. Forler left for Lynden on Tuesday where he has secured a good situation in an apple barrel factory.

Misses Maggie Kaufman and Ad. die Greenwood, and Mr. Orton Greenwood were among Wellesley's visitors to the Saengerfest.

Mr. Wm. Miller, who has been employed on Mr. Chas. Koehler's farm this summer, left yesterday for Manitoba on the harvest excursion. He will be absent a couple of months.

The Wellesley Brass Band is making arrangements for a grand concert on Fair night. Billy McLean and Ben Witmer, Ontario's two best amateur comedians, have already been secured. Particulars later.

One of our neighboring threshers is thinking of buying a small, moveable electric light plant so that he can run his thresher night and day during this awful early-season rush. If his scheme is workable it will please a lot of farmers whose barns are now choke full, while their later crops are still outside exposed to the danger from rains.

The Wellesley township voters list is now in the hands of the clerk. There are a total of 1421 voters in all. Of these 1240 are in Part I; 129 in Part II, and 52 in Part III. There are 760 persons in the township who are qualified to serve as jurors. The Wellesley village polling sub-division is by far the largest, having a total of 303 names. Next in order come St. Clements, 261; Linwood, 249; Hawkesville, 223; Crosshill, 218; Bamberg, 164.

W. Kelterborn is giving special bargains on Saturday.

Mr. and Mrs. Geo. Kelterborn, of St. Jacobs, spent Sunday in town.

Mr. Ed. Klein, of Toronto, is at present in town on a holiday visit.

Milverton's Labor Day demonstration will likely draw a large crowd from Wellesley.

Mr. Jno. W. Fleischhauer purchased a fine driver the other day at a fancy price from a Florida male.

Mr. John Albrecht returned this week to Toronto after a pleasant, though short, visit with relatives and friends here.

Mrs. W. Kelterborn, who has been absent on a visit with relatives in Berlin and Buffalo, returned home yesterday.

Mr. Arthur H. Rogers, teacher of the St. James school, south of New Hamburg, was the guest of Mr. W. B. West part of last week.

Berdux & Son, butchers, of this village, now have over 50 head of cattle in their yards for sale. There are some fine stockers amongst them.

Mrs. Wm. Hackett returned to her home in Linwood on Tuesday after spending some time in Wellesley, Baden, Plattsville and other places.

Notice the advertisement in another column, of the second Manitoba harvest excursion. The date is September 1st and the rates and conditions are the same as the first.

The Band serenade last Saturday drew a large crowd out. The playing was excellent, a number containing many plaintive Southern airs being specially appreciated.

Mrs. Rothenal, of Toronto, who has been visiting her brother, Mr. Geo. Bellinger, for a couple of weeks past, started for Waterloo yesterday where she will continue her visit before returning home.

Our lawn bowlers are enjoying excellent sport these days. The sod is not yet in the best of condition, but the players are becoming expert, and next season both the bowlers and the lawn will be ready for matches.

Miss Eliza Smith, of North Easthope, who has been visiting her sister, Mrs. H. Altman, here, for a few days just, left this week for Medicine Hat, N. W. T., to join her brother, the well known Trooper Wm. Smith, who now resides at that place.

Mr. W. C. Sheir, B. A., who has been holidaying with his many friends here for several weeks past, left yesterday for Brucebridge, where he has charge of Muskoka's County Town schools, consisting of public, model and high school departments.

Mrs. Nelson and Miss Martha Woivade, of Detroit, and Miss Lizzie, of London, have been visiting at the home of their parents, Mr. and Mrs. G. Woivade, in this village, for a short time past. Miss Martha returned to her duties in Detroit on Tuesday. She is an accomplished pianist and has succeeded in forming a large and profitable class amongst the wealthy people of the Strait City.

Quite a lot of threshing has already been done in this section and the records, so far, show that the yield of grain has been phenomenal this year. Wheat fields which were estimated to contain 25 or 30 bushels to the acre have threshed out forty and over. The surprises in oats were the same, one farmer informing us that his oats are yielding 80 bushels per acre this year. The statement is freely made that never before in the history of this neighborhood were the cereal crops so prolific.

LINWOOD'S HOLIDAY.

Our village base ball team is practising for the tournament at Linwood's civic holiday celebration, a week from to-day,—Aug. 28,—and they intend to bring the championship back with them. There will likely be a large crowd accompany the boys as the program of sports is a long and good one.

Mrs. Henry Hostettler, 6th Line, left on Monday for a couple of weeks visit with her sister, Miss Thompson, on St. Joseph's Island, near Sault Ste. Marie.

The teachers arrived in town on Saturday last and school opened on Monday. The attendance was rather light as is always the case in country schools after the midsummer holidays.

BAKERY SOLD.

Mr. Alex. Dingwall, foreman of the carding and spinning department in Reiner Brothers & Co's woolen mill, has purchased the Wellesley Bakery, and gets possession on Sept. 20th. His place in the factory will be taken by his brother William.

CLERK'S NOTICE

Of First Posting of Voters' List

Voters' List, 1902.—Municipality of the Township of Wellesley of the County of Waterloo.

NOTICE is hereby given that have transmitted or delivered to the persons mentioned in sections 8 and 9 of the Ontario Voters' List Act, the copies required by said sections to be so transmitted or delivered of the list, made pursuant to said Act, of all persons appearing by the last revised Assessment Roll of the said Municipality as entitled to vote in the said Municipality at Elections for M. C. of the Legislature, Assembly and Municipal Elections, and that the said list was first posted up at my office, at Clements, on the 15th day of August, 1902, and remains there for inspection. Electors are called upon to examine the said list, and if any omissions, or any other errors, are found therein to take immediate proceedings to have the said errors corrected according to law.

PETER F. SCHUMMER, Clerk of Wellesley Township, Dated at St. Clements, August 22nd, 1902.

ESTRAY SHEEP.

CAME onto the premises of the subscriber Lot 18, Con. 5, North Easthope, one-half mile East of Amelior, about the 25th of July last, ONE WHITE EWY and TWO LAMBS. The owner is requested to prove property, pay expenses and take them away.

Wm. Cook, Amelior P. O., 15th Aug. 1902.

THE NORDHEIMER

IS ONE OF THE MOST Reliable Pianos Manufactured In Canada.

It is made in the Nordheimer Piano Factory, by the most skilled workmen that money can hire, and is recognized everywhere as the

Leading Piano of THIS COUNTRY.

Ignorant and unscrupulous agents, handlin'g very often a low class of Pianos, are frequently known to make baseless statements against this truly excellent instrument, knowing that wherever the Nordheimer is offered for sale and merit is left to win their chances of selling their poorer class of Pianos is gone. Of course those same dealers know there is a much larger profit in selling the cheap Pianos as is evidenced by the fact that they never sell two at the same price, but take all they can get from every one they deal with. Every

NORDHEIMER PIANO HAS A STRAIGHT PRINTED PRICE, the lowest that such quality can conscientiously be sold at. YOU KNOW that your money buys an equal value as any other make.

Our Stock includes—

STINKWAY, NEWBOME, NORDHEIMER, WORMWITTE, HAINES & Co. and BELL.

There is not a better choice offered in Canada. Piano from \$175 up.

Wanless Music Store, BERLIN.

BRIEF NOTES.

The first regular electric car service to Bridgeport from Berlin was on August 1st.

A Bruce county widow was ordered out for road-work lately and she took her place as a shoveller in the gravel pit for three quarters of a day.

Berlin's 1902 list is completed. It contains 2,110 names. Over 2,000 of them can vote at Provincial elections besides what can be got on the list by registration.

Five men in Stratford had a narrow escape the other day from being crushed by a brick wall which fell just after they had passed out of an old building which the workmen were tearing down.

At a special meeting of the Waterloo town council on Wednesday evening the annual license fee for livery stables in that town was fixed at \$10.

It is stated that the International Paper Company is about to establish pulp mills at Three Rivers.

Our readers will do well to examine all two dollar bills they take in for some time, as there is a counterfeit in circulation. It is said to be a poor imitation. The paper is very thin and the ink in some places very faint.

Mr. C. F. Wittie, proprietor of the "Central," in Baden, is putting up a large addition to his hotel, which will make it one of the finest in the county.

A Galt man named Flanigan was drowned in Lake Erie the other day, the result of a collision between two steamers.

There is excitement in the Waterloo town council over the selection of a site for a library building.

A Mitchell woman was fined \$5 or 20 days for using abusive language. She chose to serve the time and was taken to Stratford, but her daughter followed with the cash and she was released.

The Ellice peat works are being rushed to their full capacity to fill orders, and an enlargement of the plant is about to be made.

A gasoline launch is to be put on Puslinch Lake for hire to picnic parties.

Mr. Geiger, of Baden, broke his leg while stepping off a street car in Berlin the other day.

A man named Cole is the Ananias of the hour at Marlette, Mich. He says he raked hay last week when the water was so deep that his horses could drink without being un-checked.

Midway recently sent his fire engine and brigade across to Neustadt, a distance of nine miles, to assist at a big fire.

The Winton bet sugar factory is rapidly being built, says the "Canadian." The stone work was completed this week and the roofing will be proceeded with at once. Nearly every day brings in one or more car loads of machinery, and a great many pieces are already located permanently in the structure. There is, however, a tremendous lot of work to be done yet, and it is not likely the factory will be ready for operation before the first of November.

The death of Henry Perkins, post master at Gorrie, which occurred on Aug. 1, removes one of the oldest and most highly respected residents of Howick. He was a prominent Orangeman and had been County Master of North Huron for ten years, besides being an honorary member of the Grand Lodge of B. N. A. and an honorary director of the Economical Insurance Co., of Berlin.

TWENTY THOUSAND MEN FOR MANITOBA.
(Mail and Empire.)

Notwithstanding that the population of our North-West has been increased by thousands of immigrants this year, help will be needed to take the crop off. An army of harvest hands will have to be brought in again from Eastern Canada. Twenty thousand men, it is estimated,

will be required to reinforce the labor that is already in the country. The crop is expected to be as large as was that of last year. We hope it will not fall short either in quantity or quality of that splendid yield, and that the North-West may have a most prosperous harvest, lacking neither good weather nor abundant help. Last year the older provinces of Canada were able to furnish all the men needed, and this year they can be relied on to do so again. We can spare them, not because times here are bad, but because they are good. The floating supply of labor in Eastern Canada is exceedingly small. For nearly everybody who has industry and skill there is work at fair wages. The men who go on the harvest-excursions are usually of the thrifty and enterprising class, who can afford to settle in the North-West should they find it attractive to them. They are not men out of employment and without means, who seize upon the opportunity the Western harvest presents to earn a month's wages. Most of them could earn as much here if they stayed, but they could not get that knowledge of the prairie country which they desire and which may determine them to cast in their lot there. Many of the men who are doing well on farms in Manitoba, Alberta, and Assiniboia, made their first acquaintance with the country as harvest hands. When their own harvest is over some of the substan-

tial farmers in this part of the country take a yearly trip to Manitoba to assist in cutting the grain there. They leave home with a mind open to receive impressions, and sometimes with a predisposition to take up land in the Western wheat belt. They are influenced by considerations like those which moved the immigrants from the Western States. These latter saw that there was in our North-West plenty of land superior to their own and obtainable at one-tenth of the price. They sold their American farms for \$50 and \$60 an acre, and bought land on our side of the border at \$5 an acre. Similarly some of the farmers of Ontario, after looking over the cheap, rich soil of the West, are tempted to sell out here at \$50 or \$70 an acre and buy three or four times as much in the West with half the proceeds. The harvest excursionists are wide-awake observers.

Ink Splashes

ARE BUSINESS WORKERS—THAT IS, IF YOU

SPASH IN THE RIGHT PLACE! THE WELLESLEY

Maple Leaf

Is scattered in golden showers all over this section every week. It is a message of profit to the reader, and a vehicle of profit to the advertiser.

We splash it on the LEAF in ink; it returns to you in gold

Everybody reads the MAPLE LEAF. Everybody will see your Advertisement.

It has been proved, beyond the possibility of a doubt, by the leading Scientific Men of the day, that to Lengthen Life, and to keep in a state of perfect Health, you must destroy the Germs of Disease which are constantly accumulating in the system of every living being, and producing all kinds of disease; and there is nothing in the world, they say, so far discovered, that will do this but to get ELECTRICITY INTO THE SYSTEM. This the

LIQUID ELECTRICITY

Thoroughly does, hus immeasurably Prolonging Life, Keeping it Vigorous, Strong, Active and Healthy.

THE NEW WONDER!!!

The Blood is the Life; Electricity Life of the Blood

The most marvellous discovery of modern times is the bringing into use of

Liquid Electricity,

THE

Lightning CURE for all PAINS and DISEASES.

Without an equal! The Great Remedy for Pains—Internal and External. Its use as a Quick Cure for Pain has never been paralleled since the day when the Great Savior of Man was enabled to dispel pain by laying His hand on the afflicted spot. LIQUID ELECTRICITY is the dead shot Cure for Pain. Every Pain immediately relieved by one thorough application. Sprains, Bruises, Stiff Joints, Headache, Toothache, Pain in the Side or Limbs, Contracted Muscles, Lame Back, Pain in Chest, Lumbago, Sciatica, are banished like magic. Read every word of the following and find out its surprising Electric influence on the human system.

Rheumatism and Neuralgia:

The Liquid Electricity surpasses all other remedies in the wonderful power it possesses over Paralysis, Neuralgia, Rheumatism, Headache, Fevers, Old Chronic Lumbago, Female Diseases: also for Hysterical, Sore Throat, Stiff Neck, Catarrh, Consumption, Gout, Colds, Indigestion, Bronchitis, Hoarseness, Asthma and Difficult Breathing. The most excruciating pain instantly stopped. Allays Inflammation, Whooping Cough, Eruptions, Menstrual Disorders, Heart Disease, Croup, Croup, whether of the Lungs, Stomach or Bowels, by a few applications, as water quenches fire. Nothing equals it for Burns, Scalds, Eruptions, Chafes, Insect Bites, Frost-bites, Itch and Sore Feet: Bowel Complaints relieved in a few minutes. Cures Cramps, Spasms, Sour Stomach, Heartburn, Summer Complaint, Diarrhoea, Dysentery, Colic, Wind in Bowels, Cholera Morbus. For Horses and Cattle it is equally good.

We all know that Pain, if long continued, will bring a general demoralization of the nervous system, producing nervous prostration. Not only does the LIQUID ELECTRICITY Cure all pain, but its administration produces most novel effects upon the sensations, something indescribable. A younger and lighter feeling, a buoyancy of spirits, a happiness of body, elastic step, leaping impetuosity. The novelty of feeling makes it incredibly nice. Those who find themselves with restless nights, sorrowing and vainly longing for a renewal of life's glorious prime, here find a means of renewing those golden days when the fire of life burns with brilliancy. The most delicious sensations permeate the body. The Electrical Force goes through every vein, every nerve, an unknown feeling comes to the soul, renewing vital prostration, pleasant to the palate, makes young again the aged and feeble, and rejuvenates the old and debilitated.

Nothing is stated here but what is absolutely true, all statements being deliberately and honestly made and vouched for by hundreds of testimonials. The mind staggered at the immensity of the discovery and the wide application of its use.

Liquid Electricity Gives AT ONCE with its Magical Power. As seen in one of the testimonials from the

No family should be without a bottle of this LIQUID ELECTRICITY. It should always be kept in the house. Its use will prove beneficial on all occasions of Pain and Sickness. There is nothing in the world that will stop pain or arrest the progress of disease as quick, no matter how violent or maddening the Pain, the Bedridden, the Rheumatic, Infirm, Crippled, Nervous Neuralgic or prostrated with disease may have suffered.

Prepared by S. C. SMITH, WELLESLEY, Ontario, to whom all letters (registered) should be addressed.

PRICE \$1 per bottle; six bottles for \$5. Sent, prepaid, to any Express Office in the Dominion.

If any one suffering from Pain of any kind wishes to test the merits of the Liquid Electricity they can do so, free of charge, by calling at Forler's boarding house any evening after six o'clock.

Any Canadian newspaper wishing to copy the above ad. for one year enclosing their pay monthly, can send their lowest terms as above. S.C.S
