The Maple Leaf
ONE YEAR FOR \$1.00

The Montreal Daily Herald 3.00
And a Splendid Picture of

King Edward VII. .50
Total . \$4.50

ALL FOR \$1.75

This is the greatest combination ever made by any Canadian journal, and we are fortunate in securing the exclusive privilege for this district. The Daily Herald is one of Canada's great papers. Established in 1868, it has long been the leading Liberal paper of Eastern Canada. It is now a great family newspaper, each day giving full news of the world, and also devoting much space to matters of peculiar interest to the family. Its commercial intelligence is considered the best.
THE KING'S PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is produced by a new process, and is not one of the flimsy colored portraits so common.
As the regular price of The Herald is \$5.00 a year, the liberality of our offer is self-evident.

ADDRESS ALL ORDERS TO
THE MAPLE LEAF,

NEW
LAUNDRY
in Wellesley!

I have opened up a Laundry business with the latest and best machinery in this district.
—WASHING DONE EVERY TUESDAY.—
FIRST CLASS WORK GUARANTEED. GIVE ME A TRIAL.

JOHN L. KAUFMANN

David Rudy
Licensed
Auctioneer
and VALUATOR

For the Counties of WATERLOO, PERTH and OXFORD.
RESIDENCE—North end of 16th line, East Zorra.

TAVISTOCK POST OFFICE.
Orders may be left at the WELLESLEY MAPLE LEAF OFFICE, where dates can be set and liberal terms made.

IMPROVED

A number of fine young pigs, from 1 to 5 months old, now ready; also a few young sows in pig.
IMPORTED BOAR kept for service.
Have also a few head of Short-horn Cattle for sale.
Reasonable Prices.
JOHN HILL,
WELLESLEY.

LINWOOD.

Sept. 29th 1902.
Miss Jennie Williamson returned on Saturday from a visit with friends at Harriston.
Miss Edythe Boomer returned last week from an extended trip to London, Toronto, and other points.
Among the Sunday visitors in town were Messrs Welsh and Kottomeyer of New Hamburg and the Messes Meritz, of Mildmay.
Miss Annie Goetz, returned yesterday from her holiday trip and was accompanied by her cousin, Miss Laura Goetz, of Dashwood, who will spend a week or two here.

The anniversary services held in the Presbyterian church here a week ago yesterday were very successful, judging from the number present and the collections. The lecture on Monday evening was a treat that was highly appreciated by all present. Should Mr. Mullen come to Linwood again he will certainly meet a crowded house.

The anniversary services of the Methodist church here will be held on Sunday, Oct. 12th. Rev. Mr. Treleven, of Gienallen, will preach morning and evening. A tea-meeting will be held in the church on the following Wednesday evening, Oct. 15.

The first half of September cheese has been sold by Mr. W. J. Beggs, at a price realized being 10% cents. This is an unusually high figure and should make the patrons smile pleasantly.

Mr. Frank Schummer, who was recently married is moving his own and his wife's effects into town today and will occupy the Fleishauer house. We welcome Mrs. Schummer to our village and trust that her sojourn here may be the happiest possible.

The following is the report of the sr. department of the Linwood public school for the month of September. It should be noted that throughout these reports the total number of marks taken by each pupil is given regardless of the number of subjects that a pupil may not be present to write upon. The low standing of many is accounted for in this way.

Fourth and Fifth classes, Total, 955.—A Baker, 635; V Parsill, 520; F Glebe, 519; J Berlet, 450; W Cathcart, 132.

Sr 3rd. Total, 1010.—Elfo Spahr, 342; Mary Berlet, 599; H Beggs, 314; Gracie Strone, 117.

Jr 3rd Total, 620.—Bera Heinbuch, 432; Laura Goetz, 409; T Koebel, 111; M Crosby, 56.

Sr 2nd. Total, 660.—Ruby Goetz 481; Harold Parr, 433; Tena Deckert, 401; Freddie Friedmann, 319; Phoebe Sutter, 299; Norman Ament, 250; Bartley Raferty, 216; Milton Hilker, 78.

BAMBURG.

Sept. 29th 1902.
Mr. Simon Kieswetter and Miss Carolina Ball, spent Sunday in St. Agatha, the guest of Mr. N. S. Ball. Mr. and Mrs. Wm. Winkley, of Millbank were visiting friends in Bamberg last Sunday.

Mr. Jacob Winkler spent last Sunday in Tavistock.

Mr. and Mrs. A. Stockie, of Berlin, called on friends here the early part of this week.

Mr. and Mrs. Louis Kieswetter attended the wedding of his brother-in-law in Dashwood the beginning of this week.

TOPPING.

Sept. 29th 1902.
Mp. Jacob Aikins, of London, is visiting with friends here at present.
Miss Lizzie Fink, of Newton,

spent Sunday under the parental roof.

Mr. Alex. Ballentine, who was visiting his parents here the last month, left on Saturday for his far-off home in Dawson City, Alaska, he having an interest in a gold mine there. We wish him success.

Mr. John Montoux and Mr. and Mrs. R. Burns leave tomorrow for a two weeks visit with friends in Hamilton.

BEEET SUGAR.

It is a fact that nearly all the white granulated sugar used in Canada is made from beet sugar imported from Germany and other European countries. The people of the United States formerly imported beet sugar too, but were led to try the experiment of growing sugar beets and manufacturing the sugar from them. They succeeded so well, particularly in Michigan,

that a company was formed in this province—called the Ontario Sugar Co—to get the farmers of Waterloo county to grow sugar beets and to erect a refinery for the manufacture of beet sugar. This has been done. Nearly 5000 acres of beets have been grown and a \$600,000 sugar refinery erected at Berlin. The farmers are now lifting their beets and on Oct. 9th to 10th, the refinery will be thrown open to the public of Ontario that they may witness the unique process of beet sugar manufacture. In honor of the event, the citizens of Berlin have arranged a big two days celebration, on Oct. 9th and 10th, at the time of their fall fair and horse show. The 48th Highlanders and the 29th Regiment Bands have been engaged for the occasion. Single fare on both G. T. R. and C. P. R. within a radius of 83 miles—good until Oct. 13th. It is worth going hundred of miles to see beet sugar made.

NORTH EASTHOPE COUNCIL.
The members of council met at the town hall on the 22nd September. The revee presiding.
The following business was transacted, viz:
Mr. Jacob Fleischamer requested that the willows along the 10th and 11th concession, opposite lots 32 to 35, be removed. The revee and councillor McDonald were appointed a committee to meet on the ground on Friday 26th, with power to act.
On motion of Messrs McDonald and Cooke the following resolution was passed:
That this council make a grant of \$75.00 toward the completion of a piece of road on the Wellesley and North Easthope boundary line, known as the Graham's flats, extending within 100 feet of the east end of the iron bridge eastward to the foot of the big hill. Subject to the following conditions:
1—That County Councillor, Ferdinand Walters, of the township of Wellesley, the prospective contractor, enter into and sign an agreement to complete the proposed work in a permanent and satisfactory manner;
2—That the road be built with stone and earth clear above high water when and after the road is completed.
3—That the council will not hold themselves liable for any possible damage that may arise from the proposed work, such as the flooding of lands and the depositing of logs and other rubbish.
On motion of Messrs McDonald and Hastings the following resolution was passed: That the clerk write to M. Knechtel and ask him to remove the dam on con. 4 and 5

opposite lot 22, said to be placed there by him last fall.

A communication from Mr. Joseph McMillan asking the council to correct the error made in respect of the school rate on lot 19, con. 1, and to collect such rates for the last three years from those liable, and threatening an action if same is not done was read and filed.

Mr. Conrad Smith asked for bonus for wire fence, the fence in question being along side his orchard. The by-law states that the council will pay the sum of 15c. per rod for each rod of wire fence on either side of side lines and concessions save and except where such fence is not essentially necessary, and when certified to by a member of the council or a duly accredited party. The council did not think that this fence was necessary for the prevention of snow drifts and did not pay bonus.

The following accounts were paid. Angus Smith, ac. ac. northern drain, \$13; D. A. Dempsey, bonus re wire fence opposite lot 11, con. 6, 3/4 amt. \$4.20; Graham Bros. repairs on boundary North Easthope and Wellesley, 1/2 amt., \$1; Stratford Bridge and Iron Works, repairs to road grader, \$19.50; Hepburn & Nichols, coffin for S. Schwanbeck, \$10; No. 8 Capling, work on Shakespears side walk, 1/2 amt. 12.27. Lawrence Arnold, plank for Shakespears side walk, 1/2 amt. \$11.34; Val Glasser, hauling and putting in tile on boundary North Easthope and Wilmet 1/2 amt. \$3.75; J. Dalmer, damages for loss of milk and damage to can, caused by defective road, \$1.75; James Sinclair, bridge on approach to N. G. road, 1/2 amt \$100; James Sinclair, plank and work, \$37.75; Con. Smith, tile across road on 10 side line, con. 7, \$2.50; trustees S. S. No. 7, use of school house for holding Provincial election, \$3.

This finished the business when the council adjourned, to meet on Oct. 20 at 2 m. J. D. FISHER, clerk.

NITHBURG.

Last week Mr. John McDonald and family went to Rockford to visit the James Vance family, who formerly resided at Nithburg. We are informed this family intends moving to Parry Sound.

MILLBANK.

Sept. 29th 1902.
The Misses Nagwood spent Sunday with their friend, Miss Crook-shanks.

Miss Olive Babb left last Thursday for Chicago where she intends spending a week or two.

Quite a number of our citizens spent last Friday at Milverton taking in the Fall Show. Mr. Albert Hall took eight of his fine herd of cattle and had the pleasure of seeing price tickets on six of them.

Miss Ethel Strachan, of Brussels is spending a few days with friends and relatives here.

The opening services of Knox Church were well attended on Sunday last, considering the inclement weather.

We have not advanced the price of our tobaccos. Amber smoking tobacco, Bobs, Currency and Fair Play chewing tobaccos are the same size and price to the consumer as formerly. We have also extended the time for the redemption of Snowshoe tags to January 1st, 1903. THE EMPIRE TOBACCO CO. LIMITED.

"Johnnie Canuck" is the name of Fred Koil's great 10c. cigar. Ask for it.

Many people are already watching for the new comet.

EDITORIAL NOTES

Quite a number of election contests have had their trial dates fixed. An effort is to be made to try two cases per week until the whole of them are disposed of.

The trial of the petition against the election of J. C. Monteth is set for October. The court will sit in Stratford.

The fall equinox this year has been an unusually devastating one. Storms on land and at sea, and seismic disturbances have caused fearful loss of life and property in different parts of the world.

The Sultan of Turkey is beginning to find out that it is not as easy work "bluffing" the United States as it has been for a long time past in the case of the "concert of Europe." Uncle Sam has dealt with Turkey very patiently, but has never retreated from his position and it looks just now as if the crisis has come.

If any war could be popular in the christian world it would be a war between the United States and Turkey. The Sultan has perpetrated some awful atrocities because the jealousies between the European Powers prevented any of them from interfering. The progress of civilization has been almost stopped in Eastern Asia for this same reason. But with the United States as Turkey's opponent in a struggle there can be but little cause for European jealousies, and if the present disturbance really comes to blows Brother Jonathan will have all civilization cheering him on to victory.

The reason the Turkish empire has not been broken up is this: that its position on the map makes it a wedge between the nations, none of which are willing to allow the other to have a part of that unhappy country. But there could be but little objection to the U. S. gaining possession of the Sultan's domains, and taking that treacherous monarch's place in dealing with European international questions. Of course the much-vaunted Monroe Doctrine would be smashed, but so would also the Bulgarian and Armenian questions, while the last vestige of slavery in Europe, and nearly the last in Asia, would be wiped out.

If Uncle Sam gobbles up that Turkey it will be a Thanksgiving day feast that the christian world will be glad to have them enjoy.

Smoke "Conductor Panch" when you want a steady, reliable, hand-made, 5c. cigar. It has been a favorite for 17 years.

The cider mill at the Wellesley Roller Mill is now in full running order. Cider making and apple jelly cooking done while you wait. Cooking Mondays and Thursdays.

Chas. Ottmann, Jr., now has a new camera and can take much larger photographs, views, weddings, etc. Try him.

A Musical Accompaniment.

"Don't you think Will has a musical laugh?"

"Indeed I do! I notice he always laughs when you try to slug."

Nearly every person you meet is looking for "encouragement," but the most successful men have found it necessary to encourage themselves.—Alchison Globe.

PRECOCIOUS AUTHORS.

Successful Plays That Were Written by Boys in Their Teens.

Was a successful play ever written by a boy of fourteen? asks a correspondent. Yes. This seeming miracle has happened at least three times. The best known example of the precocious playwright is the celebrated *Lope de la Vega*, the most prolific dramatist known to history. He produced his first play, a comedy, entitled "*La Pastoral de Jacinto*," before he had completed his fourteenth year, and this was considered such a marvelous performance that he is known to this day in Spanish literature as "*the Prodigy of Nature*." Another Spaniard and contemporary of *La Vega*, *Pedro Calderon*, wrote his first play when he was thirteen. *Macastuso* wrote his tragedy "*Giustino*" and had it produced when he was fourteen on the stage at Bologna.

Of English playwrights *Douglas Jerrold*, the famous author of "*Black Eyed Susan*," also furnishes an answer to the question. In 1838, before he had completed his fifteenth year, he wrote a very well known farce entitled "*More Frightened Than Hurt*." It was very successful on the English stage, and the French considered it good enough to steal. Curiously enough, this French translation was retranslated into English and again produced on the English boards under the title of "*Fighting by Proxy*." Another very remarkable instance of a different sort of precocity was that of *William Henry Ireland*, who when he was about fifteen actually produced some plays which he attributed to Shakespeare and which, although afterward proved to be forgeries, were accepted by the experts of the time as genuine.

Sympathetic.

Recently a lithographic firm received a circular announcing the death of the head of a well known business house. In reply they wrote:

"We regret to learn the loss sustained by your firm in the death of Mr. — and beg to express our heartfelt sympathy.

"We notice your circular is printed by Messrs. —. We are confident that had you asked us we could have quoted you cheaper and better than any other firm in the market, and in the event of a future bereavement we hope you will afford us an opportunity of making you an offer."—London Tit-Bits.

Don't Be Foolish.

Look at your friends and acquaintances. You see them deliberately acting the fool every day. Possibly you can look your friends over with less prejudice than you can look yourself over. Are you acting the fool and causing yourself unnecessary annoyance? There are so many foolish people in the world that you often find starting thence in looking yourself over with candor and fairness.

Breathing of Insects.

Insects generally breathe through special pores in various parts of their bodies, and if these pores are closed by oil they are suffocated. Any one may test this by dropping sweet oil on the thorax or back of a wasp. It very soon dies. For this reason oil has been found one of the best things to use for the destruction of insects.

THE NORDHEIMER

IS ONE OF THE MOST

Reliable Pianos Manufactured in Canada.

It is made in the Nordheimer Piano Factory, by the most skilled workmen that money can hire, and is recognized everywhere as the

Leading Piano OF THIS COUNTRY.

Ignorant and unscrupulous agents, handling very often a low class of Pianos, are frequently known to make business statements against this truly excellent instrument, knowing that whenever the Nordheimer's offered for sale, and merit is to win their share of selling their poorer class of Pianos is gone. Of course those same dealers know there is a much larger profit in selling the cheap pianos, as is evidenced by the fact that they never sell two at the same price, but take all they can get from every one they deal with. Every

NORDHEIMER PIANO HAS A STRAIGHT PRICED PRICE, the lowest that such quality and construction is sold at. YOU KNOW that your money buys as good value as any other make.

Our Stock includes—

STEINWAY,	NEWCOMB,
NORDHEIMER,	WORTHINGTON,

AN EXPERIMENT.

For the next few weeks—during the balance of the dull harvest season—we purpose issuing the Maple Leaf in its present 4-page form with a view of getting the feeling of our subscribers as to a local paper being devoted to home news without regard to the size of sheet. If the experiment meets with general approval the price of the paper will be lowered and arrangements made for low-priced clubbing rates with Canada's big newspapers. We will be glad to get the candid opinions of our subscribers on this matter.

LOCAL NEWS.

"Johnnie Canuck" is the name of Fred Keil's great 10c. cigar. Ask for it.

Chas. Ottmann, jr., now has a new camera and can take much larger photographs, views, weddings, etc. Try him.

Smoke "Conductor Punch" when you want a steady, reliable, hand-made, 5c. cigar. It has been a favorite for 17 years.

The cider mill at the Wellesley Roller Mill is now in full running order. Cider making and apple jelly cooking done while you wait. Cooking Mondays and Thursdays.

Mr. A. H. Rogers, late teacher of a school near New Hamburg, has resigned to take a position in the Wellesley branch of the Western Bank. He commenced his duties here this week.

Rev. Mr. Draper is to commence a three weeks series of special meetings in the Wellesley Union church one week from next Monday evening. This young man is an eloquent preacher and many will, no doubt, take advantage of these meetings to hear him.

A new comet is coming. Look for it in the constellation known as "Cassiopea" which is overhead at about nine o'clock these evenings. Cassiopea is a collection of large stars shaped something like a 'w'. The comet will be plainly visible and will be a bright object for a month or so.

We have not advanced the price of our tobaccos. Amber smoking tobacco, Cobs, Currency and Fair Play chewing tobaccos are the same size and price to the consumer as formerly. We have also extended the time for the redemption of Snowshoe tags to January 1st, 1903. THE EMPIRE TOBACCO CO. LIMITED.

Last week's Milverton Sun was a gorgeous affair, containing a well-written history of the village, and many fine pictures of the streets, public buildings and business men of that very energetic village. We congratulate the Sun man on the fine edition and Milverton ought to be proud of their village paper and its bustling, handsome young editor.

Mr. Chas. D. Koehler, our enterprising young merchant tailor, has this week moved his business stand to the shop next south of the post office and directly opposite the Albion hotel. See his large advertisement on the last page of this issue. Charley always pleases his customers, and will be better than ever able to do so in his nobly new stand. Mr. Koehlerborn intends to use the vacated shop to increase the floor space of his store.

We draw attention to the announcement of Reiner Bros. & Co.'s millinery opening in their large advertisement which appears in another column. These semi-annual events are always of great interest to the ladies.

Messrs Geo. Kelterborn, St. Jacobs; John Kelterborn, Newton, and Jacob Kelterborn, Milverton, attended the funeral of their grandmother, Mrs. Koch, at Hampstead on Tuesday.

Mr. Chas. Koehler threshed his grain, stored at the flax mill, this week. There were nearly 3000 bushels, about 2000 of which are oats. Mr. Harry Roth, with his traction engine, presided over the threshing, which occupied about two days and a half.

BASE BALL.

The Baden Juniors drove to Wellesley last Saturday afternoon and played a friendly game of baseball with our boys. Mr. E. F. Bice, teacher of the New Prussia school, umpired the game to the entire satisfaction of both teams. The visitors expressed themselves highly pleased with the manner in which they had been entertained. The playing was much closer than the score indicates although it was evident that the locals were doing the strongest work. On account of darkness the game was called at the end of the fifth inning. The players were as follows:

Baden—A Bonfanti, r f; A Livingston, l f; N Klein, 3 b; J Heldman, c f; E Scherer, l b; O Schultz, s s; C Columbia, p; E Melrose, 2 b; W Catherea, c.

Wellesley—A Greenwald, l b; W Meyer, l f; W Bellinger, 3 b; J Dingwall, c; A Berscht, s s; N Altman, r f; J Mayer, p; J Walton, 2 b; Ed Stahle, c f.

Score:
Wellesley... 2 1 0 7 1—17
Baden... 2 3 0 1 2—8

OBITUARY.

MRS. JACOB F. LICHTY.

The unexpected death of this well-known and highly respected lady, which occurred at her home just east of the village last Saturday evening, cast a gloom of sorrow over the community. She has been somewhat ill of late but was thought to be improving. She retired early on Saturday evening and shortly afterwards complained of a pain in her heart, which rapidly increased until she expired in about twenty minutes. She was a daughter of Christian Zehr, sr., of this village, and was in her 32nd year. Besides her sorrowing husband, Bishop Lichty, she leaves a family of four children, the youngest a babe six weeks old. There was an immense attendance at the funeral, which occurred yesterday. Bishop Bonier, of Tavistock, preaching the sermon, assisted by Mr. Buscho, of St. Agatha. The remains were interred in the cemetery adjoining Bishop Lichty's sorrow-stricken home.

Mrs. Koch, whose illness was recorded in last week's Maple Leaf, died at the home of her son-in-law, Mr. Andrew Wilhelm, in North Easthope last Saturday, in her 85th year. She was one of the early settlers of that township. The funeral took place on Tuesday at the Mennonite cemetery east of Amelrose, a large number of relatives and friends attending the obsequies.

A large number of relatives and sympathizing friends attended the funeral of little Milton, son of Mr. and Mrs. Jacob Miller, at Baden, yesterday. The little fellow was six years of age and had been ill for about a month, gradually growing worse until the end came on Sunday last. Mr. Miller and family have the sincere sympathy of their many friends here in their great sorrow.

Berlin holds its great beet sugar refinery opening during next week. Nearly 5000 acres of beets have been grown and a \$600,000 sugar refinery erected at Berlin. The farmers are now lifting their beets and on Oct. 9th to 10th, the refinery

will be thrown open to the public of Ontario that they may witness the unique process of beet sugar manufacture. In honor of the event, the citizens of Berlin have arranged a big two days celebration, on Oct. 9th and 10th, at the time of their fall fair and horse show. The 48th Highlanders' and the 29th Regiment Bands have been engaged for the occasion. Single fare on both G. T. R. and C. P. R. within a radius of 83 miles—good until Oct. 13th. It is worth going hundred of miles to see beet sugar made.

Mr. Lonis Becker, of Prestor, spent Sunday at the home of his father-in-law, Mr. Chas. Koehler, in this village.

Early closing ceased for this season in this village, with the end of September. There seems no good reason why it should not be continued the year round.

THE COLLECTOR WHO KNEW

An Illustration of the Danger of Being Too Self Confident.

"The trouble with you fellows is you want things, but you know nothing about 'em. You come over here and carry home a lot of truck that a European collector wouldn't give house room, and when you see a really good thing you don't know it, or you won't pay a price for it unless some dealer makes you. You see, you don't know; that's what's the matter; how can you? Nobody in America wanted antiques before the Centennial. If you'd lived here twenty years, like me, you'd learn something, you'd find out that collecting isn't a thing of money, but knowing."

We had been walking in Venice down a narrow calle while the collector was speaking. "Look at that old brass scale," he resumed, pointing to a fish stall in the little outdoor market on which we had just emerged.

"There's a gem, not very old, but of the finest seventeenth century Venetian work. If you saw that in a New York dealer's, all cleaned up, you'd give up a good deal for it; but you'd 'a' passed it by a dozen times if I hadn't spoken about it. See that old junk stand over there? I never pass a thing like that. You can never tell what you may pick up, or you only know."

We had scarcely reached the stand when the collector thrust out his hand with the swiftness of a hawk, darting on its prey, and swooped upon a little jewel box.

"Carrollian Russian, I should say, from the Ural mountains. It's not of great value, but it's a pretty little thing, if it was cleaned up. It's mine, anyway." To the keeper of the stall: "Quanto?"

The Venetian slowly uncoiled himself and came down from the church steps where he had been sleeping. "Does the signore want the pretty trifles? The signore knows its value better than I, and he'll be generous?" "I'll give you a lira for it. It isn't worth it, but one mustn't be hard with the poor."

"I had hoped I should get five!"

"Well, I'll make it two."

"It is the signore's."

"There, you see!" exultingly chuckled the collector. "That's what it is to know. An exquisite carnelian Russian jewel casket for 40 cents! You'd never have thought of looking among a lot of rusty old iron for a thing like that, would you?"

While speaking he held the box with a miser's clutch.

"May I see it, please?"

He reluctantly handed it to me as though fearing I might make a sudden dash down the calle with his treasures.

"Phew!" said I contemptuously, handing the box back to him. "It's not carnelian at all. It's glass, nothing but glass."

"Glass?" drawing a magnifier from his waistcoat pocket and mutely examining the purchase. "No—no—I'm afraid—it is!" he said sheepishly.

"Of course it is."

"I—don't know," sadly. "Yes, it is glass. You see, it's so dirty. Oh, well, we all make mistakes at times. Do you want it? I disgust taking the place of sadness. You can have it for a quarter."

"Well, I guess it's worth a quarter. I think my eyes must have snapped."

"Yes."

And that is how an almost unique example of the cinque cento came into my collection of Venetian glass.

Honesty in Perfection.

To find honesty in its full perfection it is said that one must go to the Webb collars of the Ogmore valley. Who travel by a workman's train which runs from Manesteg to Aberystwyth every morning and returns in the evening. There are heavy penalties for taking pipes and matches down the pit, so when the train reaches its destination in the morning every smoker lays his pipe on the seat, and when he returns in the evening it is exactly where he left it. During the day the coaches are shunted to a siding, the doors are not locked, but there is no single instance of a pipe having been stolen.—London Answers.

A Fit Subject.

Mrs. De Jarr—is there an idiot any-where near here?
Mr. De Jarr—I believe so.
"Do they take people on their own recommendation?"
"My stars! How should I know? Why?"
"Oh, nothing, only today I got hold of a package of my old love letters."

A Friend in Need.

Wederly—Did I understand you to say that Enpeck is a relative of yours?
Singleton—You did. He's my step-friend by marriage.
Wederly—Step-friend? Why, how's that?
Singleton—He stepped in and eloped with the girl I was engaged to.

His Locust.

"O'Brien sit he bos bin carryin' the same stick iver since he bos bin on the force."
"How long bos that bin?"
"Sivintane years."
"Bedad, ut must be a sivintane year locust!"

Removal

**Chas. D. Koehler's

has been proved, beyond the possibility of a doubt, by the leading Scientific Men of the day, that to Lengthen Life, and to keep in a state of perfect Health, you must destroy the Germs of Disease which are constantly accumulating in the system of every living being, and producing all kinds of disease; and there is nothing in the world, they say, so far discovered, that will do this but to get ELECTRICITY INTO THE SYSTEM. This the

LIQUID ELECTRICITY

Thoroughly does, hus immeasurably Prolonging Life, Keeping it Vigorous, Strong, Active and Healthy.

THE NEW WONDER!!!

The Blood is the Life; Electricity Life of the Blood

The most marvelous discovery of modern times is the (Liquifying Life Cure)

Liquid Electricity,

THE

Lightning CURE for all PAINS and DISEASES.

Without an equal! The Great Remedy for Pains—Internal and External. Its use as a Quick Cure for Pain has never been paralleled since the day when the Great Savior of Man was enabled to dispel pain by laying His hand on the afflicted spot. LIQUID ELECTRICITY is the dead shot Cure for Pain. Every Pain immediately relieved by one thorough application. Sprains, Bruises, Stiff Joints, Headache, Toothache, Pain in the Side or Limbs, Contracted Muscles, Lame Back, Pain in Chest, Lumbago, Sciatica, are banished like magic. Read every word of the following and find out its surprising Electric influence on the human system.

Rheumatism and Neuralgia:

The Liquid Electricity surpasses all other remedies in the wonderful power it possesses over Paralysis, Neuralgia, Rheumatism, Dropsy, Fevers, Old Chronic Lumbago, Female Diseases, also for Heart-aches, Stomach, Stiff Neck, Catarrh, Consumption, Coughs, Colds, LaGrippe, Bronchitis, Pneumonia, Asthma and Difficult Breathing. The most excruciating pain instantly stopped. Allays Inflammation, Whooping Cough, Diphtheria, Measles, Heart Disease, Cure Congestions, whether of the Lungs, Stomach or Bowels, by a few applications, as water quenches fire. Nothing equals it for Burns, Scalds, Eruptions, Chafing, Insect Bites, Frost-bitten Feet or Ears, and sore Feet. Porel Complaints relieved in a few minutes; Cures Cramps, Spasms, Sour Stomach, Heartburn, Summer Complaint, Erysipelas, Lymphangitis, Colic, Wind in Pouches, Cholera, Morbus, For Horses and Cattle it is equally good.

The Liquid Electricity is a MAGIC REMEDY CURING all the Aches and Pains, Coughs, Colds, etc., ever occurring in every family, making it a universal household necessity. Where a family has once used it they will never be without it in the house. Pain may be called by the name of Rheumatism, Neuralgia, Paralysis, Consumption, Lumbago, Pleurisy, or from 1000 or 2000; no matter what names the pains are called, or what the causes may be what the sufferers want is RELIEF. This the

Liquid Electricity
GIVES AT ONCE with its Magical Power.

As said in one of the testimonials from the

No family should be without a bottle of this LIQUID ELECTRICITY. It should always be kept in the house. Its use will prove beneficial on all occasions of Pain and Sickness. There is nothing in the world that will stop pain or arrest the progress of disease as quick, no matter how violent or maddening the Pain, the Bedridden, the Rheumatic, Infirm, Crippled, Nervous Neuralgic or prostrated with disease may have suffered.
