ONE YEAR for \$1.00

**The Montreal Daily Herald**  
And a Splendid Picture of  
**King Edward VII.** . . . \$1.50  
Total . . . \$4.50

**ALL FOR \$1.75**

This is the greatest combination offer ever made by any Canadian journal, and we are fortunate in securing this exclusive privilege for this district. The Daily Herald is one of Canada's great papers. It is the only one that has long been the leading Liberal paper of Eastern Canada. It is now a first class newspaper each day giving full news of the world, and also devoting much space to notices of particular interest to the family. Its commercial intelligence is complete and reliable. THE KING'S PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is produced by a new process, and is not one of the faded colored portraits so common. As the regular price of The Herald is \$2.00 per year, the liberality of our offer is self-evident.

ADDRESS ALL ORDERS TO  
**THE MAPLE LEAF,**

**Cider Making**  
From and after Monday, August 18

**At ZEHR'S**  
**Chopping Mill.**

Window Screens and Screen Doors made to order Cheap.

**David Rudy**  
**Licensed Auctioneer and VALUATOR**

For the Counties of WATERLOO, PEKTH and OXFORD.

RESIDENCE.—North end of 10th line, East Zorra.

TAVERNPORT POST OFFICE.

Orders may be left at the WELLESLEY MAPLE LEAF OFFICE, where dates can be set and literature made.

**LISBON Brick and Tile YARDS.**

Finest WHITE BRICK, Wire Cut Brick on hand. On manufacture PORTLAND CEMENT also a special CEMENT BRICK.

**LINWOOD.**  
— June 22nd, 1903.

Civic holiday July 7th.  
Mr. Ralph McKay, of Souris, Manitoba, is visiting his father, Mr. John McKay, at present.

Miss Sharpe, of London, is spending a couple of weeks holidays with her parents at the parsonage.

Mr. R. B. Hamilton conducted the services on the Peel circuit the past two Sundays. Rev. Mr. Treloven is taking a much needed rest.

Miss Edith Boomer went to Berlin on Friday and returned on Saturday. Her sister, Clara, returned with her.

Hawkesville Junior foot ball team visited Linwood last Wednesday evening and played a game with the Juniors of this village. The players were very well matched, many nice rushes being made by each team. Our boys were a little more aggressive than their opponents although they managed to secure but one goal, that being on a penalty kick. Score, 1 to 0 in favor of Linwood. The following were the Linwood players: Goal, Bert Heinbuch; backs, N. Amant, Elijah Strome; half backs, N. Sharpe, G. Hackett, J. Hilker; forwards, J. Strome, W. Williams, J. Schleuter, C. Hackett, A. Baker.

On Friday evening the Tennis Club journeyed to Hawkesville and had a most enjoyable game on the Hawkesville clay court. Sides were chosen and after all had had a trial the scores were summed up and the result found to be a tie.

During the past week our Tennis Club has been conducting a tournament which, up to the present, stands as follows:

Mr. Lytle and Miss Edna McKay beat Misses V. Parsill and Baldwin, 6-2.

McKinley and Miss Carmichael beat Mr. Schummer and Miss O'Connor, 6-2.

Mr. Bundy and Miss Lola Spahr beat Mr. Kenzie and Miss Della Berlet, 6-2.

Mr. Hamilton and Miss Goetz beat Mr. McKay and Miss Manser, 6-0.

In the second round: Mr. Lytle and Miss McKay beat Mr. Hamilton and Miss Goetz, 6-2.

Mr. McKinley and Miss Carmichael playing Mr. Berlet and Miss McKay stand at present 7-6 in favor of the latter.

The school girls base ball team has received an invitation to play the Glenallan girls' team on July 1st. The match is likely to prove very interesting.

Mr. Henry Heimbuch returned last week from an extended visit to various points.

Messrs. Sam'l Spahr and Wm. McKinley organized a fishing party last week and all had a most delightful day's outing at the Conestogo.

**BOUNDARY LINE, WEST.**

— June 22nd, 1903.

Mr. and Mrs. K. Hoffmeier were visiting at Mr. Wm. Hoffmeier's, north of Wellesley, last Sunday.

Mr. and Mrs. H. Grahm are visiting friends at Preston the past few days.

Messrs. Hoffmeier and Robertson are shipping their cattle today at Milverton.

Mr. Paul Schwartz lost a valuable horse last week.

Miss Katie McTavish and Miss Cholan were visiting in Waterloo over Sunday.

Quite a number from this locality intend to take in the model farm excursion tomorrow.

Mr. Will Hamilton had a very successful gravel bee last Thursday, some 22 teams being present. The

evening was excellently enjoyed in the usual way, until—well, they found out that the neighbors' roosters were awake.

The prospects of getting the road at Graham's flats properly repaired are now quite bright and the people of this section are much pleased.

**THIRD LINE.**  
— June 22, 1903.

Mr. Wm. Hamilton had a large gravel bee on Thursday, twenty-six teams hauling over one hundred loads, to be used in graveling his lane and yards. After supper about 150 invited guests enjoyed a splendid time in games, etc., until an early hour; the following morning music was supplied by Messrs. Jackson, of Rostock, and Birmingham and Hamilton.

Mr. John L. Erb is moving away his old house to make room for the new one.

Mr. Henry Koebler visited on this line last Sunday.

A large number from hereabouts are taking in the excursion to the Ontario Agricultural College at Guelph.

**MILVERTON.**  
— June 22nd, 1903.

Mr. O. Bundy, of Linwood, spent Sunday with his sister, Mrs. Ed. Dierlamm.

Mr. and Mrs. A. Smith, of Woodstock, were the guests of Mrs. Geo. Goddard for a few days last week.

Mr. and Mrs. George Tanner, of Newton, spent Sunday with Mr. and Mrs. Thos. Whaley.

Mr. McMunn, of Toronto, was the guest of his friend, Mr. P. Livingston, last Sunday.

The garden party held on Mr. Whaley's lawn by the English Church people last Friday night was not a success.

A number of our citizens attended Mr. Sawyer's party last Thursday night and report having had a very enjoyable time.

Miss Ella Smith is spending a few days with friends in Crosshill.

We are pleased to see Mr. Gatsche back to work again after a week's illness.

The Methodists hold their garden party to-morrow evening.

**TOXIN AND ANTITOXIN.**

**What These Two Terms in Medicine Mean Made Clear.**

Pasteur, the great French savant, founder of the sciences of bacteriology and preventive medicine, proved in the first place that the epidemic diseases are due to minute living organisms, plants and animals and that for each definite disease there is a specific micro organism. This was the great fundamental fact. Later it became evident that these microscopic parasites cause disease by certain chemical poisons which they produce, called toxins. In many cases the micro organism, if grown in culture tubes outside the body, will produce the same toxins. After being separated from the living germs which produced these substances will produce all the symptoms of the disease when injected into an animal body. The body at the beginning of an attack of fever is not, however, passive. Its cells react against the poisons introduced and a struggle ensues, the end of which is life or death, the fighting being purposeful and definite. The body cells secrete a specific chemical body which has the power of neutralizing or rendering harmless the particular toxin introduced. This antidote to the poisonous toxin we call the antitoxin. When a man recovers from an attack of smallpox, it is because his antitoxins have proved too strong for the toxins of the disease, and his after immunity, it seems probable, is due to the persistence within his body of the antitoxins once produced.—C. E. A. Winslow in Atlantic.

**Hannibal's Downfall.**

The fate of Hannibal turned upon the result of a promenade. It was after

THE LATE MR. ROBERT REINER.

er he had crossed the Alps and entered Italy, with winter quarters established at Capua. His residence was one of the best houses in the city, and while walking in the garden he heard a female voice singing not far away. Struck by the tones of the voice, he issued an order that the singer should be brought before him. He was so greatly impressed by her charms that he at once attended her to his household, disposing of the husband by beheading him. Retribution followed closely upon the cowardly perpetration of the outrage. The balance of the winter was devoted to pleasure, discipline and drills were practically abandoned, and with the advent of spring the Carthaginian army was so demoralized by the dissipation of the city that its practice was lost, and with it came the downfall of Hannibal.

**A Modest Request.**

To judge from an incident reported in the Washington correspondence of the New York Tribune, the department of agriculture sometimes appears from a distance like a big department store. During the season when members of congress send out seeds one of the packages found its way back to the sender, accompanied by a note from the farmer to whom it had been addressed.

"My dear sir," wrote the farmer, "I appreciate your good will in sending the seeds, but my eldest daughter, Matilda, is going to marry the doctor down to the village next month, and wife and I think of giving up the farm and going there to live. If we do, the seeds won't be much good, as we shan't have a garden; so if you could change them for some stockings (No. 9) and some handkerchiefs or a nice spring bonnet for Matilda I would be much obliged."

**A Juvenile Feminine Prayer.**

A little girl was spending the summer at a fashionable watering place, and one morning as she played upon the veranda of the hotel where her mother was stopping she heard a lengthy conversation upon the fashions of the day and the absolute necessity of stylishness in dress if one hoped to be a success in society. One lady went so far as to say that stylishness was the most important thing about her.

That night as the child said her usual prayer she added, with great earnestness, "And, oh, dear Lord do please make me stylish!"

**In the Olden Days of Crinolines.**

A woman tells this of the old days of "crinoline."

A man—an artist and a very shy person—walked out with the woman he delighted to honor and asked her to marry him. In stepping closer to her, as the occasion seemed to demand, early in the walk he got his foot through her large and expensive hoop and was too modest to make any attempt to remove it. She was equally timid, so they took their walk, settled matters (he consenting) and came home with his foot still held in her hoop. History does not state how it was finally removed. I only know the story is true, and the pair today are old married lovers.

**A Raw Oyster.**

Although the actual amount of nutritive material in a raw oyster is small, it comprises all classes of food substances in a peculiarly assimilable form. Generally speaking, the raw mollusk consists of four-fifths water. The danger is not the one of the oyster containing living typhoid fever germs may be obviated by the use of lemon juice. The oyster is rendered tough and indigestible by boiling.

Office Stationery  
Cards, Circulars or anything in the line of Printing.

**LOCAL NEWS.**

Next Thursday will be Ladies Day in Wellesley.

Mr. Diebel, of Waterloo, was in the village yesterday.

The village school children picniced at Graham's flats last Saturday.

Mr. J. G. Reiner started on his western trip last Monday. He will be absent several weeks.

Thirteen men were injured in a barn raising accident near Wilmet Center on Monday evening.

Mr. Albert Klein, who has been in Pennsylvania for some time, is at present on a visit to his home here.

Reiner Bros. & Co.'s big advertisement this week tells of bargains in rain garments and a clearing sale of millinery. Read it.

It is expected that the Waterloo tennis club will send six players to this village on Saturday afternoon next to play a match with the local club.

Our village brass band and our public school foot-ball club will attend the school pic-nic on Saturday. Our foot-ballists are to go up against the boys of the Newton school.

The death of Mrs. Jacob Wilhelm occurred at her home near Shakespeare last Sunday. The family formerly lived at Lisbon, and deceased is well known here. Several from this section attended the funeral yesterday.

Next Wednesday—July 1st—will be observed as a public holiday in this village and all the business places will be closed. Dominion Day sports and races in neighboring towns will attract the crowds.

A cement sidewalk five feet wide is to be laid down on the east side of the street from Zinkann's corner to Reiner Bros. & Co.'s store. Path-master Kennel has the work in charge and he will begin operations as soon as the weather clears up. The money to build this long strip of walk has been raised by subscription and money paid for statute labor. The improvement will be a most pronounced one but there are other long strips of sidewalk which require to be changed without delay and for which subscriptions could not be so readily obtained. Many are in the opinion that the village should acquire a fund for building cement walks by borrowing the money to do it, and a public meeting should be called to discuss the matter.

**WOMEN'S INSTITUTE.**

The local branch of the Women's Institute will hold an important public meeting in the Opera House in this village on Thursday next, July 2nd. There will be two sessions, one beginning at two o'clock in the afternoon, and the evening session will commence at 7.30 o'clock. Miss B. Miller, of Guelph will address these meetings on subjects connected with farm dairying, and Miss Jessie Hill, of Toronto, will speak on topics concerning cooking and household cares. There will be a literary and musical program at both sessions. The ladies of this section are all cordially invited to attend these meetings. Gentlemen will be welcomed at the evening session.

Mr. Deckert, of Zurich, was in town yesterday attending the funeral of his uncle, the late Mr. Hoffman.

Miss Clara Tafel, a teacher in the St. Thomas Kindergarten school, is at present the guest of the Misses Zinkann, in this village.

A cement culvert is to replace the wooden mill race which crosses the street at Reiner Bros. & Co's store. An immense pile of gravel has been delivered on the spot and it is said the work will be commenced next week.

There has been plenty of rain this week and the roads, especially where the road grader operated, are in a very muddy condition. No far as reported no injury to crops is done, but the rain is considered of immense benefit.

The death of Peter Hoffman, in his 70th year, occurred at the home of his son-in-law Mr. August Kelterborn on Monday morning. Deceased was an old resident of this section and was highly respected. The funeral occurred yesterday afternoon, the remains being interred in the cemetery of the North Easthope Lutheran Church in the presence of a large number of friends and relations, after which the pastor, Rev. Mr. Helm preached an impressive memorial sermon.

The dedication of the magnificent new pipe organ drew two immense congregations to the Canadian Lutheran Church in this village last Sunday, the building being packed to overflowing at both services. Rev. Mr. Veit, of Tavistock, preached in the morning, and Rev. Mr. Langholz, of Philipsburg, in the afternoon. Both of these gentlemen gave eloquent discourses. Miss Martha Veit, a brilliant young musician, of Tavistock, presided at the organ on both occasions. The splendid choir of the Sebastopol and Conestogo churches were present and rendered several anthems in excellent style. The collections amounted to nearly \$75. The new organ is a grand instrument of fine tone and wide power, and cost \$500.

**HAMPSTEAD.**

June 27th, 1903.

A number from here attended the strawberry festival at Brocksden school last Thursday evening. Judging by the time of their return I should say they enjoyed themselves. The festival was in aid of the school library. All wide awake sections are accepting the chance to supply this educative influence with the liberal grant offered by the government. It is a matter to be regretted that our own beautiful new school house is not supplied with a good library.

The croquet club admitted three new members the other evening. They have adopted a modern code of laws and are doing scientific work.

The road running past our school house is being very much improved by the gravel that is being added this week. If anything is needed around here it is soon obtained. Even the rain comes quite regularly.

The entrance class consists of Robert McGillawee, Chrissy Rupert, Bella Robertson and Jackie Kuntze. They expect to try their examination this week. The first three have had only the half year for preparing. Bella was promoted to the senior fourth six weeks after Christmas.

We are sorry to learn that Miss Skelton, our teacher, will not be teaching after the holidays. She contemplates taking the Normal training at Toronto after the holidays, and we wish her a pass with the medal attached.

Mr. Arch. McGillawee will not be able to have his barn put up for a week on account of the carpenters being behindhand.

Three marriages expected in this vicinity after harvest.

Your correspondent is sorry the "broad smile" of a couple of weeks ago was misconstrued. It referred to a nice grown-up "girl." We

hope it did not injure our old-time friend's matrimonial interests.

A valuable handkerchief was found north of the village last week. Owner can have same by applying at the school.

**FARMERS, ATTENTION!**

If you want to see the best machinery in town call on me at the new shop, opposite the veterinary barn. McCormack harvest machinery, wire corn planters, and cultivators, hay slings, Elmira hay loaders, also the celebrated Cock-shutt plows. Kangaroo, two-furrow and Fleur, plows, made at Aurora. My prices are the lowest. Mike G. Eas, Wellesley.

Including everything in the line of Harness Goods, etc.

Will also offer the

**Brick House and Harness Shop for Sale**

At a reasonable price and on easy terms. This is a good chance.

**Nightcaps.**  
For external application the nightcap is rarely seen. It is first mentioned during the time of the Tudors. In the inventory of Henry VIII's wardrobe we come across the following item: "A nightcap of black velvet embroidered." No wonder, with such gearing, that, as Shakespeare suggests, "Uccy rests the head that wears a crown." Poor old Bishop Latimer was not content with one nightcap. Fox in his "Book of Martyrs" describes him as follows: "He held his hat in his hand, having a handkerchief on his head and upon it a nightcap or two and a great cap, such as townsmen use, with broad flaps to button under his chin." They evidently believed in keeping their heads warm in those days.—Health.

**The Danger in Cocaine.**  
The great danger of cocaine lies in the fact that it is the most agreeable and alluring of all narcotics. It causes no mental confusion; only a little more talkativeness than usual. There is no headache or nausea, and the pleasant effects are produced with a comparatively small dose, but symptoms of poisoning are rapidly developed, and within three months of the commencement of the habit there may be marked indications of degeneration, loss of memory, hallucinations and suspicious. —London Lancet.

**Soil and Forage Crops.**  
These states which are noted for the production of forage crops not only have maintained the original fertility of the soil, but they spend for commercial fertilizers less than 1 per cent of the annual value of their crops, while those states which pay least attention to forage crops have impoverished the soil and spend annually for fertilizers from 5 to 9 per cent of the total value of their crops.

**Home Appreciation.**  
"It must be a great satisfaction to have such a palatial apartment," said the old time friend.  
"It is," answered Mr. Camrox. "It's a heap of comfort to have a house big enough to wander away and get lost in when mother and the gals are giving a musicale or a reception."

**Human Soot.**  
Mrs. Crusty—Do you remember our first quarrel?  
Mr. Crusty—Let me see. Was that going into the church or coming out?

There are more millionaires and more paupers in Moscow than in the whole of England.

**The Affections of the Arab.**  
"An Arab—meaning a tent dweller, for in an equine sense the town dweller is no Arab—loves first and above all his horse. Next he loves his firearm; next to his gun he loves his oldest son. Last comes his wife or one of his wives. Daughters don't count; I mean the Arab scarcely takes the trouble to count them unless so far as they can minister to his comfort, dietetic or otherwise. Until some neighbor comes along and proposes to marry—in other words, to make a still worse slave of one of them—she is only a chattel, a soulless thing. And yet she is said to be a pretty, amiable, helpful being—said to be, for no one by any hap ever chances to cast his eyes on one worth seeing. This disregard for women, be it said to their honor, does not always apply to the Bedouins of the Syrian and Arabian deserts.

**An Artful Scheme.**  
A newly elected official would sometimes return home late at night after his wife had retired, and when she asked him what time it was would answer, "About 12" or "A little after midnight."  
On one occasion instead of making the inquiry she said:  
"Alfred, I wish you would stop that clock. I cannot sleep for its noise."  
All unsuspecting, he stopped the pendulum. In the morning while dressing his wife inquired artlessly:  
"Oh, by the way, what time did you get home?"  
"About midnight," replied the official.  
"Alfred, look at that clock!"  
The hands of the clock pointed at 2.20.

**Clay "Butter."**  
It is not generally known that in many parts of the world clay is eaten on bread as a substitute for butter. This is termed "stone butter" and is used in Germany. In the northern parts of Sweden earth is often baked to bread and is sold in the public markets of the Italian peninsula as well as on the island of Sardinia, Persia, Nubia and other tropical countries. This practice probably had its origin in the knowledge that all earthenware has some sort of flavor and take the place of salt, a necessary ingredient in all kinds of food.

**Convinced.**  
"A great deal may be said on the subject," said the prolix person.  
"That," said the weary author, "is the one point on which you have convinced me."—Washington Star.

# Rain Garments

Of all kinds, which for lightness of draft, doing good work, and durability are now and always were the best, their motto being:  
"We Lead; Others Try to Follow."

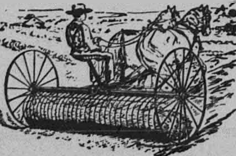

### Seed Drills, Cultivators and Disc Harrows.

Manufactured by G. W. Mann, of Brockville.

Every Implement Guaranteed to give the best of satisfaction.

You can buy from me at low prices—

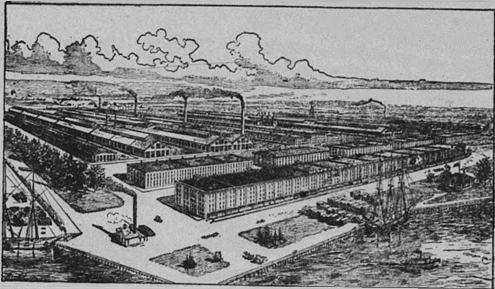

### Churns, Schultz's Washing Machines, Cream Separators, Step and Extension Ladders.

REPAIRS kept in stock for all goods I sell.

The above cut may give the reader a faint idea of the Deering Plant in Hamilton now being erected. Don't hesitate if you want a Deering machine your money no longer goes to the United States but helps further the Deering industry at Hamilton which now covers over eighty-five acres of land.

**CHAS. SCHWALM.**

PROPOSED DEERING WORKS, HAMILTON, ONTARIO.

### Carriages, Buggies & Wagons

I keep in stock the McLaughlin, whose name for being the best made has never been disputed. Buy a McLaughlin and you will get an A-Standard wheel. Buy a McLaughlin and you will get a drop-forged fifth wheel. Buy a McLaughlin and you will save money, as the best are always the cheapest.

I also keep in stock Buggies made by the Palmerston Carriage Co. that never built a spurious vehicle.

Every buggy warranted to give perfect satisfaction.

I keep in stock

### Wagons and Farm Trucks

Manufactured by the best makers.
