## HAMPSTEAD.

Miss Skelton, our teacher, has left us for good, and there is general regret over her departure. Our Principal, Mr. Albert Smith, is also gone, but he expects to come back after putting in a good holiday time.

Mr. Peter Hoffman, who died in Wellesley last week, was formerly our village blacksmith.

There was quite a scrap south of here not long ago.

Mrs. Wm. Cook was visiting at Mr. G. J. Stueck's on Sunday last.

Hampstead beat put in its road-work last week. It took all the week.

Mr. E. Neeb is home for a visit.

## TWO CLUBS.

Here are a couple of "clubs," which ought to hit the reading public:

The weekly Mail and Empire (with 2 premium pictures) and the Maple Leaf from now to Jan. 1, '04.....80c

The Family Herald & Weekly Star (with premium picture) and Maple Leaf from now to Jan. 1, '04.....60c

Brantford, Ont., June 26th.—The body of Miss Jennie Reibey, of Cainsville, who has been missing since Monday, was recovered about 6 o'clock this evening in the river a short distance below the village. It is thought she committed suicide. She once lived in Stratford.

Mr. Wm. Spiers, a prominent merchant of Listowel, died on June 18th at his home there.

Mr. C. W. Taylor, business manager of the Toronto Globe, died on June 25th at his home in that city.

## DISTRICT NOTES.

At a barn raising on the farm of Mr. John Weber, about two miles east of New Hamburg, on June 22, a wall gave way and thirteen men were injured.

Galt was defeated by Berlin in a game of football in the W. F. A. series by the score of 1 to 0.

Prof. William Brown, formerly Professor of Agriculture at the O. A. C. at Guelph, died at Melbourne, Australia on May 13th.

Two wolves were seen in Erin township last week. One of them was shot but only wounded it in the leg. They have not been captured.

A collision occurred at Berlin last week. A freight train ran into a mixed. Nobody was seriously injured.

Miss Lucy Smith, a Dundas young lady, who temporarily lost her sight a few weeks ago through the sudden illness of her sister, Mrs. Richter, has recovered it.

Robbers attempted to rob the house of Roger Currah in Brighton on June 24th.

The body of an unknown man was found lying on the G. T. R. tracks three miles west of Thamesville on June 24th.

Indian boys attending the Mohawk Institute at Brantford were responsible for the fire that destroyed most of the buildings on the property, according to the confession of one of their number.

Daniel, son of Mr. Charles Cook, of North Easthope, died on Tuesday, June 23rd, at the age of 19 years, after an illness of several months.

Mrs. Alex. Frame one of the first settlers of Wellesley Township is dead. She passed away on Wednesday at the home of her daughter, Mrs. Knight of Elmsdale, at the ripe old age of 89 years. The body was brought to Crosshill via Berlin for interment. Mrs. Frame and her late husband settled near Crosshill 60 years ago when the "Queen's Bush" was an unbroken wilderness. Deceased, who was highly respected, had lived with her daughter at Elmsdale for the past three years. A large family of children survive. They are: John, Crosshill; Hugh, Waterloo; Alex, Stratford; Mrs. Thos. Rannie, Linwood; Mrs. John Knight, Elmsdale; Mrs. John Hilborn, Tilsonburg; Mrs. J. Wilson, Stratford, and Mrs. Archibald, Sault Ste. Marie.

The R. C. picnic at New Hamburg yesterday drew out an immense gathering.

## Human Calendars.

In Slon every woman is a walking calendar. On Sunday red silk, with a parure of rubies, is worn; Monday brings a silver and white dress and a necklace of moonstones; Tuesday is dedicated to light red, with coral ornaments; Wednesday is devoted to green, with emeralds; Thursday wears a display of variegated colors, with catseyes; Friday the lady is arrayed in pale blue, with flashing diamonds, and Saturday in more somber, darker blue, with sapphires to match.

## Quoting Her Own Words.

Mother (sternly)—Willie, you took some of these preserves from the pantry.

Willie (shrewdly)—Oh, who told you that?

Mother—No one told me. I suspected it. Now, tell the truth! Didn't you?

Willie—"Children should be seen and not heard."

First Gathering of Labor Agitators.—"Of course you have read of the confusion of tongues at the building of the tower of Babel?"

"A gathering of labor agitators, I suppose. No, I haven't read it. Tell the truth, I'm not interested in trades unionism."

## FARM AND RANCH BELLS.

The Various Processes That Enter Into Their Making.

Cow bells that chime on the western plains, sheep bells that tinkle on the big American sheep ranches, bells for grazing horses and mules and, according to Popular Mechanics, all kinds of bells for the farm and ranch are made in one factory, which stands on a hillside street in a little town in Connecticut.

The metal for the bells is received at the factory in large, flat sheets of thin iron direct from the rolling mill and is passed under a steam driven cutter, which turns out the properly shaped pieces like patterns for a double bladed ax. Then a ring for a clapper is fastened into the center of each piece, and it is spanned with a little iron strap for a handle. Finally the piece is bent down into the familiar bell shape and its sides riveted together on the anvil.

The bell is now in shape, but it still lacks tone and color. These are gained by a coating of brass and a bath in a fiery furnace. In nests of four or five the bells, ranging in size from the thirteen inch sheep bells to the seven inch cow bells, are placed, with a mixture of charcoal and brass filings between them, in plumbago crucibles, the lids of which are held in place by a plastering of wet clay. These are then immersed in the fire. Within the crucibles the brass presses itself in a thin coating over the imprisoned bells, and the bell obtains its clear tone. All that needs to be done afterward is to burnish the bells, which is done by throwing them with a few leather scraps into a big revolving cylinder, in which they, polish themselves.

## The Men in Line.

The land forces alone of Europe number "on the war footing" 25,000,000 men. Even Spain has an army larger than our own.

Standing side by side 25,000,000 men would make a continuous line from Calais across Europe and Asia to Beijing.

Parading up Broadway at the usual pace, infantry in files of twenty, cavalry ten abreast and field guns two abreast, this force would pass city hall in about seven and a half minutes, parading eight hours a day, Sundays excepted.

On the continent soldiers are carried standing in fourth class cars containing forty men each. Very small freight cars we should call them. To mobilize these men at once would take 625,000 such cars in about 50,000 trains. At a mile headway the trains would reach twice around the world.

## Ingrowing Toe Nails.

To relieve ingrowing toe nails cut a V shaped piece out of the center of the nail, as deep down to the quick as possible, and press in all around the toe and as much as possible under the ingrowing part some good yellow soap. In the course of a few days or so take the pointed end of a small penknife blade and scrape out all the soap and if possible insert the blade under the ingrowing part and with a dextrous twist turn the edge of the blade upward and pare off as much of the ingrowing part as possible. Then press in some more soap and a small piece of absorbent cotton between the nail and the overlapping flesh to keep the nail from pressing on the same. In the course of a few weeks the flesh under the ingrowing part will become so callous that no pain will be felt, and the nail can be trimmed regularly once a week.

## Altogether Too Inquisitive.

Burgess—What a humbug Doliver told me! When I asked him if he had read my article about "The Epochal Era," he said he had and that it was the finest thing he had seen for years, but when I came to question him I found he didn't know the first thing about the article. What do you think of that?

Y row—I think it should be a lesson to you to let well enough alone next time.

## Only Half the Truth.

Wife (during the quarrel)—Yes, and people say you only married me for my money.

Husband—People are wrong, my dear. They overlook the fact that you also had considerable real estate.

The real need of the times, according to the princess in every family, is some method by which the earning capacities of fathers may be doubled.—Athenaeon Globe.

### EDITORIAL NOTES.

The question of repairing the piece of boundary road just west of town, known as Graham's flats, is now in a very muddled condition and it will take good generalship to prevent the scheme from falling through. The counties and townships interested appear to be willing to grant the money to fix the road, but the dispute as to whether there should be a culvert to carry off the flood water or not is the bug-bear which prevents the work of repairing from being done at once. It was thought that this vexed question had been overcome, and the Maple Leaf published an item to that effect a couple of weeks ago. But the following motion passed by the Waterloo county council (we give it in full as no other newspaper has yet published it) shows that the miserable deadlock is still on:

"Moved by F. Walter, seconded by J. A. McDonald, that (with respect to the petition of J. G. Reiner and others to grant a sum of money to aid in putting into a good state of repair the public highway between the townships of Wellesley and North Easthope at Graham's flats) the county do grant the sum of \$300 for the purpose mentioned provided the county of Perth has granted or agreed to grant a like sum for that purpose, the necessary work to be performed by the said townships of Wellesley and North Easthope, and any additional money required for that purpose to be contributed in equal shares by the said townships, and upon the further condition that the present culvert east of the bridge through which the water in times of freshets escapes, be closed, and the road be filled up and raised so as to form an embankment extending from the high ground on the east side of the flats to the bridge on the west side, and a ditch dug from the eastern extremity of the embankment along the north side thereof to the river, such ditch to be of sufficient capacity to take off all the water that may at any time overflow from the river or come by drainage or otherwise from the higher ground on the north side of the road."

Perth county council contends that the culvert, which has always been there, must be maintained, so that the county can legally avoid liability for the damage its removal might cause; North Easthope council seems to insist that the culvert is an actual necessity; Wellesley council appears agreeable to either method if only as the road is repaired, and the above lengthy motion gives our own county council's decision. Meantime the farmers along that road, and the village of Wellesley, are the sufferers.

There will be a special session of the county council at St. Agatha on the 14th inst. Would it not be well to send a delegation to that meeting to try and induce the county council to amend their motion in some shape that will permit the repairing of the road? Promptness may save the day. But if the matter is neglected until North Easthope makes the proposed heavy expenditure on the new bridge near Nithburg, that township may cause the next fluke on the ground that it has spent enough in the north part of the township for the present. Now is the time!

The Ontario Legislature was prorogued last week. It will take at least another fortnight to thoroughly deodorize the parliament buildings.

Now it is Manitoba's turn. A Cabinet Minister up there has been accused of hoodluming. Oh, Canada, why can't you raise men smart enough not to get caught at it!

#### LOCAL NEWS.

Mrs. Mertz, mother of Mrs. Jno. Mertz, is quite ill at present. Smoke the "Conductor's Punch" for it always gives satisfaction.

Some excellent jobs of repairing sidewalks have been done in the village this week.

Miss Olive Cooper, of Galt, is the guest of Miss Maggie Walton in this village at present.

The lady teachers left for their home yesterday. Misses Schaaf and Grieve will not return.

F. Kell's "Conductor's Punch" and "Johnny Canuck" cigars for sale everywhere. Try one; they're dandies.

The heat of Tuesday and yesterday was very oppressive. Both days ended with refreshing showers, however.

Mrs. Julius Eckstein and children are absent at present on a two weeks holiday visit with relatives in Tavistock.

Mr. Jacob Forler, sr., was taken seriously ill on Monday, but the old gentleman is now considered out of danger.

Mr. and Mrs. Jacob Kaufman and family, of Berlin, Mr. and Mrs. Rude Seale and Mr. Sol. Bender, of Wilmet, were guests at Mr. John Hill's on Sunday last.

Wellesley was well represented at the Dominion Day sports in Waterloo and Stratford, and at the R. C. picnic in New Hamburg. Business places here were closed and the village was very quiet.

The work of putting in the new cement mill race culvert opposite Reiner Bros. & Co.'s is being rapidly pushed. A large gang of men is at work and the street at that point is practically blocked for traffic.

Word reached here last week announcing the death, after a short illness, of Mrs. Geo. Schopp, at her home in Milford, Nebraska. She spent some weeks with her husband in Wellesley last summer and made many friends who will be pained to learn of her demise.

Mr. Con. Bender, of Cleveland, spent a couple of days here the past week. He was raised in this neighborhood and left some 34 years ago. He was surprised at the growth of the village and delighted to find so many of his boyhood friends alive and well.

The Presbyterians of the Third Line (Zion) Church are holding a lawn social at Mr. Henry Kelly's, Fifth Line, on the evening of Tuesday next, July 9th. The Wellesley Band will be present and a good program is being arranged. Admission 15c., children 10c. Everybody invited.

#### HIGH PRICED PIGS.

Mr. John Hill, of the Wellesley Stock Farm attended Platt's great sale, near Hamilton, last Saturday and purchased three sows and a boar of the Imp Yorkshire breed. These animals had just been imported from Great Britain and are the highest type of this class ever brought into the Dominion. One of the sows cost Mr. Hill \$250 under the hammer and the others were not so far behind this fancy figure. The animals have already arrived here.

Buy a "Johnny Canuck" cigar when you want a really good one. They all sell it.

Linwood's holiday celebration will be held on Wednesday, July 8. A grand program of sports is to be presented and a great day is expected. Everybody who can get away should be there and enjoy the fun.

#### SPORTING.

##### TENNIS.—WELLESLEY ALWAYS WINS.

The Carmel Church Tennis Club, of Berlin, visited this village on Saturday last and played a match with the local club. There were six players a side, and the three double and four single events were all close and exciting contests, victory finally perching upon the banner of the local club as follows:

Messrs. J. Schuarr and A. Bellinger (B) beat Messrs. Saunders and Rogers (W) 6-4, 3-6, 6-4.

Dr. Gislister and Mr. West (W) beat Messrs. Steen and George Schuarr (B) 3-2, 6-3.

Messrs. Bellinger and Kerr (W) beat Dr. Schuarr and Mr. Rushman (B) 6-4, 6-1.

Dr. Gislister (W) beat Mr. Steen (B) 3-1.

Mr. Reiner (W) beat Mr. Rushman (B) 6-3.

Mr. Kerr (W) beat Dr. Schuarr (B) 6-1.

Mr. G. Schuarr (B) beat Mr. West (W) 6-4.

After supper an enjoyable social time was spent with the visitors, who started for home shortly after 10 o'clock. It is expected the return game will be played in a few weeks.

#### FOOT BALL.

Last Saturday the village school foot-ball boys journeyed to Millbank to take part in the school picnic there and to cross ships with the Newton school team. The latter team proved easy victims, our boys winning out by a score of 3 goals to 0. In the foot racing events Carl Green won first in the 16 year class, and Noah Gascho 1st in the 13 year and 2d in the 16. The Wellesley team were: Goal, Herb Kaufmann; W. Mayer and W. Fleischhauer; half backs, Jas. Berdux, Eddie Koehler, A. Trussler; forwards, Carl Green, Alb. Berchset, Noah Gascho, Fred Froehlich, A. Gingerich.

Yesterday the little fellows went to the Hamburg picnic to play the Altar Boys of the Church there. The grounds in the grove were small and hilly, and although the entire battle was fought in front of the Hamburg goal, our boys could not work the ball through the narrow goal. Score 0 to 0.

#### CROSSBILL.

The Forrester's social, held on Mrs. Coote's lawn here last Thursday evening, was a most enjoyable affair, the attendance being quite large. The event of the evening was the foot ball game between the Crossbill and Hawkesville teams. The result was as usual—a tie, 2 to 2, but the contest was a good deal hotter and more scientific than the two former games. This is the third draw this season for these two clubs but they are to meet again twice within the next two when each club is confident the other will be beaten. The Linwood brass band furnished excellent music for the occasion.

# ONE TRAIT OF AN OUTLAW.

Always Willing to Stand by a Comrade in Trouble.

While Monrow was low minded, ignorant and brutal, he had one big quality that in some measure redeemed him in the eyes of the men who followed the rough life of the range. He would not desert a comrade in time of trouble, says the World's Work. Down in El Paso in the early part of his career before he had become bold enough to allow evidence of his misdeeds to become apparent he was ostensibly running a ranch and struggling along with the rest of the pioneer cattlemen. A man in his employ was caught driving off a bunch of cattle from a neighbor's herd. By some mischance the fellow fell into the hands of a newly elected sheriff and was not hanged. He was duly arraigned and held under bond of \$3,000. Monrow was present at the time and offered to go on his bond. The justice would not accept Monrow.

"Nothing but cash goes in this here court," he said.

Monrow rode away. Five days later he appeared, deposited the cash bond for his friend, furnished him with a horse, and together they headed toward the south. Within an hour a band of cattlemen picked up the trail and followed it to Rio Grande. Monrow had stolen an entire herd, rushed it across to friends in Mexico and in that manner raised the security the court demanded for his friend. Of course, the man never returned on trial, and Monrow began open operations shortly afterward.

## No Opposition.

They were holding a county convention when I reached Davisburg, and after dinner I went over to the hall to hear the speaking, says a writer in an exchange. It didn't amount to much until Sam Walker rose up and said: "I hain't bin sayin' much around yere today, but the time has cum fur me to shoot off my voice. The ole woman is ag'in me, and my son Bill is ag'in me, but I want to go to the legislature from this district. The ole woman is ag'in me 'cause I can't write. What do I want to write fur? That'll be nuff fur kin without me. My son Bill is ag'in me 'cause I can't read. What do I want to read fur? Can't I sot that and h'ar others read?"

"Yea. I want to go to the legislature, and I hereby nominate myself. That nomination, feller citizens, is carried in my favor as slick as coon grease, and I've got just a word me. I shall be right yere on 'lection day, and the varmint who poils a vote ag'in Sam Walker won't be residin' in this yere cold world five minits later."

## A Hat Tragedy.

Not long ago a lady was choosing a hat, with the usual uncertainty of mind as to the kind of hat she wanted or whether, indeed, she wanted a hat at all. After trying on nearly every model in the shop she pounced with glee on one she had overlooked. "Here's something pretty!" she said. "Why did you not show me this before?" Without waiting for an answer she appealed to her patient friend. "There's some style about this, isn't there? How do I look?"

The friend distinctly smiled. "It makes you look a hundred, and it's very dowdy," she said.

The other tried the hat at another angle. "It is rather dowdy," she admitted at this juncture. "Perhaps I won't risk it after all!"

A voice from behind her made its third attempt to gain a hearing. "If you've quite done with my hat," it said very bitterly, "I should rather like to put it on!"

## The Western Reserve.

In the early days of the Hayes administration, when Mr. Everts was secretary of state, the members of the cabinet were discussing matters in an informal way one morning when the president mentioned that he had made a few appointments without consulting his official family, the appointees being personal friends. All the places filled happened to fall within the state department. Secretary Everts turned to John Sherman and said, with a twinkle in his eye, "I have often heard and read about the western reserve of Ohio, but I must confess that I have never seen any of it."

## Sterilizing Butter.

In times of cholera, typhoid and other infectious diseases butter is a dangerous thing to eat. A medical man in Egypt gives this recipe for making it harmless: Sterilize the local article by standing it in a covered jar surrounded by boiling water, which should be allowed to simmer for two hours. The jar should then be put on ice and the butter beaten with an egg whisk until it becomes solid again.

## The Tarantula.

The sting of the tarantula (a name derived from Taranto, a town in Italy), the most venomous of spiders, was popularly supposed to produce a disease called tarantism, which could be cured only by music or dancing, and the dance which cured it was called tarantella. You can see the peasants dance the tarantella now, but without waiting for spider bites.
