This is the greatest combination offer ever made by any Canadian journal, and we are fortunate in securing the exclusive privilege for this district. The Daily Herald is one of Canada's great papers. Established in 1868, it has long been the leading Liberal paper of Eastern Canada. It is now a great family newspaper, each day giving full news of the world, and also devoting much space to matters of peculiar interest to the family. Its commercial letter page is complete and reliable.  
THE KINGS PORTRAIT is the best ever published in Canada, and will make a handsome addition to the walls of any library. It is produced by a new process, and is not one of the flimsy colored portraits so common.  
At the regular price of The Herald is \$2.00 a year, the liberality of our offer is self-evident.

**LINWOOD.**  
Aug. 21st, 1903.  
Mrs. Terry, of Waterloo, is spending a few days with her parents, Mr. and Mrs. Hoesa.  
Rev. Mr. Monsinger, of Wiarnton, a former pastor of this place, arrived here last week and has been visiting his many friends on the circuit.  
Miss Minnie Hamilton, of Atwood, sister of Mr. R. B. Hamilton, has spent a few days with Miss M. Schnurr.  
Mr. and Mrs. M. Griem and family, of Elverton, visited Mr. and Mrs. A. Boyter this week.  
Mrs. J. Smith has gone to Manitowish to visit her son who has been living there for some years.  
The Misses Good, of Kansas, U. S., visited Miss M. Schnurr this week.  
Mr. and Mrs. McWilliam, of Toronto are visitors this week in Linwood and vicinity. Mrs. McWilliam is a sister of Mr. J. W. McKinley.

Rev. Mr. Armstrong, B. A., addressed the members of the Epworth League and others in the Methodist church on Wednesday evening. Mr. Armstrong leaves as a missionary to Japan in October. He is being supported by the Galt, Woodstock and Milton Districts, the Linwood Epworth League being therefore one of the Leagues that will assist in his support.

The anniversary services in Hawkesville were well attended by Linwood people. Rev. Mr. Draper, of New Hamburg, preached, Rev. Mr. Sharpe taking the New Hamburg work for the day.

On Thursday evening our brass band gave an excellent open-air program from the band stand. About 11 o'clock the boys serenaded their leader, Mr. Schumner, in honor of the recent arrival of an heir.  
The masons have commenced work on the new residence of Mr. A. Boomer. No doubt an imposing structure will soon stand on the spot where the fire recently did its destructive work.

Some of our citizens, including Mr. Aaron Schnurr, Miss Millie Schnurr, Mr. John McKinley and Miss Minnie Hamilton, of Atwood, spent a couple of weeks holidaying among the Muskoka lakes, also spending some time at Toronto, Orillia and Gravenhurst. At the latter place they embarked on the magnificent palace tourist steamer, "Medora," and after cruising for some time located at the Paignton summer resort, on Lake Rosseau. At this beautiful place their desires were fully satisfied with boating, bathing, fishing and roaming over various islets which abound in that neighborhood. They returned on Aug. 15th, bringing with them an abundance of the effects of fresh air and reflected sunlight.

**HAMPSTEAD.**  
Intended for last week:  
Mr. C. Smith raised the frame for his shop last Saturday evening.  
Mr. J. Neeb is visiting with his father.  
School opened on Monday with an attendance of 49. Miss Salvage has charge of the junior division.  
Mr. W. H. Robinson, a former teacher, has been visiting with old friends in the community.  
It is a pleasure to report that Mr. Albert Stewart is able to walk with little assistance now.  
Messrs. Stueck and Smith returned Saturday from a short holiday trip to Port Dover. They report that their health was much benefited. That town is also glad enough to have a "Maple Leaf" published there also, and it made feel homesick to see the familiar name.  
Mr. Andrew Wilhelm injured his hand in the horse power on Monday.  
Mr. Chas. Wilhelm is slowly recovering from his illness.

Aug. 24th, 1903.  
Threshing is the order of the day. Some of our threshers are complaining because their grain is so heavy, but it will all come out in the threshing.  
A library in connection with the Presbyterian church here is contemplated.  
Miss Adeline Stueck and Mr. Doering, of Phillipsburg, were visiting old friends in the village Sunday.  
A large number from Hampstead, Nithburg and vicinity were inspecting Ruppert's new bridges the other day. They were royally entertained by the young men left in charge of the camp. A swing was arranged for the ladies and they seemed to enjoy it.  
It looks like ruin, they say. A sure sign that the Saturday night practices should start again.

**CROSSHILL**  
Aug. 21th, 1903.  
Miss Mary Shantz, of Berlin, is spending a short vacation at her home here. Miss Shantz's many Crosshill friends are pleased to see her once more.  
Misses Eve Petch and Gladys Barbour are holidaying at the home of Mr. Wm. Hastings.  
Mr. Jacob Snyder, of Berlin, spent Sunday under the parental roof.  
Mr. R. Burgett spent Sunday at his home at Peffers.  
Mr. and Mrs. Peter Campbell, of Wingham, are visiting friends and relatives in this locality.  
The bare and naked appearance of some of our hills bear witness to the fact that a great many of our farmers have their crops safe ly housed from the coming storms of winter. A few, owing to the oats not ripening in time, have not completed their harvest. Most of them, however, appear to have finished, as they have at least stripped those fields which border on the highway.

News has been received here of the death of Mrs. Scott, of Neepawa, Man. She was the mother of Mrs. J. H. Campbell, of this place, and Mrs. Jas. Campbell, of Maryboro. She was one of the pioneers of Wellesley township, having moved here from Lunenburg, Scotland, with her husband and family when the township was yet in but its first stage of development. She lived during the early days on a farm on the 3rd con. near Bumberg where, by her unflinching kindness to all with whom she came in contact, she gained the love and esteem of the entire community. Mrs. Scott has for several years been residing with her son, Mr. Wm. Scott, of Neepawa, at which place she passed peacefully away on August 12th. Deceased was in her 84th year. Hers has been a long and useful life and she has well earned the repose of a faithful worker. Her demise will cause much sorrow among her friends and relatives in Wellesley, and her sorrowing relatives have the sympathy of all.  
Hastings Bros are shipping some of their magnificent sheep to To-

ronto this week where they will be shown at the great Exhibition.

**DOERING'S CORNERS.**  
Aug. 21th, 1904.  
The grain is all cut around here and farmers are now busy threshing. The yield has been excellent, especially in oats and barley, the latter averaging 45 to 50 bushels to the acre.  
Mr. John Cairns, our teacher, left on Aug. 18th to take charge of a school in New Ontario. His sister is teaching in his place here for the present. He was quite popular here and it is generally regretted that his condition of health caused him to desire a change.  
Mr. Louis Heise and daughter took advantage of an excursion last week to visit their friends in Detroit.  
Mr. Henry Lovagood lost a valuable colt last week.  
Mr. Conrad Lemp bought a fine horse last week, paying a handsome price for it.  
Mr. Geo. Koch purchased a good mare and colt the other day. He paid \$200 for the two.

**ST. CLEMENTS.**  
Aug. 24th, 1903.  
The farmers in this vicinity are busy just now completing the crop of 1903. Many are through with hauling in their various products while others with a bigger average and lack of farm labor will be kept busy for some time. Nevertheless in about 10 days harvest will be over and farmers can be well satisfied with this year's crop.  
Briek work on the new residence of A. K. Meyer is under way and it will be pushed to completion as rapidly as possible.  
Mr. H. E. Ratz will also erect a handsome brick resid ce on Factory St. East and expects to have it completed this fall. This will be the third addition to St. Clements' handsome residences, and many more are under contemplation.  
There is a scarcity of suitable building lots here, and high prices rule, a recent purchase of a 1/2-acre lot at \$200 being a sample of land values in St. Clements.  
A picnic will be held in St. Clements on Sept. 23nd, but as arrangements have not as yet been completed we are unable to give further information at present, but everybody can rest assured that a good day's sport is on the tapis.

The local base ball team intends to journey to St. Jacobs on Friday of this week, to play the boys of that village a friendly game. This will be a hot game as they will be battling for the supremacy. Our boys are behind so far having lost one and tied one, and this game should be a going miles to see. This game was to have been played last Friday but for excusable reasons it was utterly impossible for our team to get away.

**TWO CLUBS.**  
Here are a couple of "clubs" which ought to hit the reading public:

**EDITORIAL NOTES.**

The death of Lord Salisbury, last Saturday evening, removes one of the most prominent of Great Britain's politicians. He has been connected with the British parliament for about forty years, serving two terms as Premier.

We are sorry to learn that our sprightly neighbor, the Hesper Herald, has again been scorched by fire. Only the other day the Leaf man was Bro. Ehr's envious guest, and it is now painful to think that the elegant home of the Herald has been turned into a veritable "pi shop" by the ruthless fire-fiend. We extend heartiest sympathies, and hope the insurance companies will extend something more substantial—and plenty of it.

The Preston-Berlin road is now wired up for electricity, and the Berlin council were taken for a complimentary run to Galt last Friday evening. It is expected that an hourly electric service will shortly be given over this road.

The second crop of sugar beets for the Berlin factory will soon be ready. The acreage is stated to be larger than last year and the crop gives promise of being much more prolific and profitable. Many of the first season's mistakes have been corrected with apparent good results, and the industry bids fair to settle down into a pleasant as well as remunerative branch of agriculture.

Many eyes are turned to the sky these evenings to try and catch a glimpse of the comet. As a matter of fact this comet has scarcely been visible to the naked eye at any time and is now so close to the sun that it "goes down" before darkness fairly sets in. Those who are anxious to locate it should search the north-western sky very early in the evening about half way between the bow of the big dipper (ursa major) and the bright star Regulus close to the horizon about the point where the sun goes down. If detected at all the comet will appear as a faint mist, brighter at one end than the other. Comets are always objects of interest, and often fear, to the inhabitants of the earth, but unless one has a telescope this comet has not much attraction for the uneducated observer. But nothing is lost in searching the sky for it, especially if the observer notes the positions and learns the names of at least some of the beautiful planets and stars which are making the heavens glorious these evenings.

The Maple Leaf does not believe the rumor that the Dominion government intends to subsidize a tunnel under Waterloo township from Conestoga to Galt in order to bring the eastern parts of the new South Riding more in touch with each other.

The frantic hunt after "Foxy" Smith by the police of Galt, and his numerous so-called escapes, are furnishing many a column of racy "space" for the two Galt daily papers. But there are grave doubts as to whether this sort of thing is beneficial to the community. This misguided young fellow is being hounded from place to place and decried as if he were some cold-blooded murderer, when as a matter of fact, if he gave himself up or was captured his offences against the law would scarcely bring upon him more than a year or so's im-

prisonment. From the hue and cry raised young Smith must imagine he is a veritable Ishmael and that there is no hope or mercy for him among men. This feeling, together with the notoriety (which is no less than subtle praise) that he receives for being able to elude the local police, will have a tendency to turn an amateur offender into a hardened criminal. We are not pleading that he should escape his just punishment; but justice should be tempered with something better than this merciless plan of hounding him out of civilization. If he is as smart as he gets credit for his redemption might turn him into a useful citizen as he grows older, while on the other hand if he is egged on to continue a law-breaker his smartness may develop untold misery to himself and to the persons against whom his lawlessness is turned in future years.

**HE FOLLOWED THE KING.**

**It Was a Long Chase, but the Consul Was Tenacious.**  
 "A consular vacancy occurred in one of the group of islands of the south Pacific," said a Pacific coast federal judge. "I commended a friend for the vacancy. He was appointed, and, as it was imperative he should reach his post at the earliest possible date, he sailed from San Francisco with the understanding that his commission should follow him and that he should take the oath of office before a local magistrate after he had arrived. Well, the new consul sailed, and it was six months before the state department heard from him. He reported there was no local magistrate and inquired of the secretary if he could not take the necessary oath before the king. The secretary wrote him in the affirmative, and it was several months later when another letter came, this time by sailing ship, after going around the world. It contained the graphic information that the aforesaid king had in the meantime gone to an adjoining island and taken to the brush. Should the consul follow him? Again he was given an affirmative answer. The archives of the state department will show that he eventually located this south sea island king in the brush, was sworn in, and, after the lapse of nearly two years from the date of his appointment, was fully qualified to enter upon his consularship."

**LOCAL NEWS.**

Mr. A. E. Ritz, of Tavistock, was in town on Monday.

Mr. Will Barth is away at present on a short holiday trip.

"Smoke the 'Conductor's Punch' or it always gives satisfaction.

Mr. Ed. Berlet, of Linwood, called on friends in town early this week.

Miss Della Berlet, of Linwood, is the guest of Miss Bertha Mickus this week.

Union Sunday School at 10.30 a.m. next Sunday. At 3 p.m. Rev. Mr. Draper will preach on "The Rest of the Saints."

There is an opening now in this office for a good boy from the country who wants to learn printing. Call or write.

Katie Keachie and Eva Fletcher, Galt, were visiting at the home of their uncle, Mr. J. W. Green, the past week, returning home yesterday morning.

Miss Klump, of Atwood, has been visiting with Miss Mickus here for a short time. She left this week for Waterloo where she will be the guest of friends.

Bowling is getting to be a popular pastime here and some of the players are getting quite expert. A tournament between some of the crack rinks on Labor Day for the lawn championship would be in order.

Mr. Tennant, V. S., of London, Dominion Inspector of Stock, was in town last week examining the cattle being shipped from the Wellesley Stock Farm to Michigan. He made a pleasant call on the Maple Leaf while in town and stated that this was one of the finest herds he ever inspected.

Get your exhibits ready for the Wellesley Fall Show on Tuesday and Wednesday, Sept. 15th and 16th. Some fine special attractions are being provided, not the least among which are the school drill and the wildflower show. The Society has arranged with a famous American Company of performers for a fine entertainment in the evening of the second day.

We wish as delicately as possible, to hint to the township council that they have not yet finished their job on the cement race-way at Reiner Bros. & Co.'s in this village. If a log or an arm is broken at the turn-up sidewalk, or if a child or a horse falls over the unguarded west end into the deep mill race and is drowned the council's memory may be jogged much more roughly over this matter. A proper railing and walk would not come nearly so high as a suit for damages.

**NEW INDUSTRY.**

Mr. John S. Zehr has recently purchased an outfit of iron-working machinery and is fitting up his building, north of the school, as a machine shop. He purposes giving special attention for the present to repairing machinery, setting up shafting, etc., and will add to the plant as business develops. A week or so ago he sold his chopping machinery to the Milling Co. and purchased from that firm the cider making plant. Next Monday he will commence cider making with a double capacity for pressing, so that the delays of last year will be avoided.

Stockers bought and sold by J. B. Miller, the Baden butcher.

The Brickwork for Mr. Fred Bivoor's new brick house is nearly finished.

F. Keil's "Conductor's Punch" and "Johnny Canuck" cigars for sale everywhere. Try one; they're dandies.

Mr. Wm. Hogg, of the Canadian Bank of Commerce, Vancouver, B. C., is at present in town spending his holidays at the home of his parents.

Messrs. Rank and Lemp, of Tavistock, were in town on Tuesday assisting in the improvements being made to the chopping department of the Wellesley roller mill.

Mr. Nichols, formerly of the roller mills here, was in town for a day or two this week. He returned last Saturday from his trip to England had quite an experience with last week's great Atlantic storm.

Mrs. J. A. Croll and children, of Pittsburgh, Pa., who have been visiting at the home of her father, ex-Wardon Robertson, in Harrison the past few weeks, were the guests of her sister-in-law, Mrs. Green, the core part of this week.

**SPORTING.**

**FOOT BALL.**

The Wellesley Juniors drove to Tavistock on Tuesday afternoon to play the return game with the team of that village. The locals had the strongest team they could gather including many of the District champions. During the first our boys got much the worst of the play as a fierce wind storm was blowing in their faces. The only goal scored was actually blown through our goal by the wind after Alec Stehle had given it a head-bunt. In the second half the wind died down and the visitors made a much better showing. They would surely have scored but that our wing player was tripped while in the act of shooting close in front of the locals' goal. The game ended 1 to 0 in favor of Tavistock.

**TENNIS.**

Another drawn battle was the result of the tennis match in Tavistock last Friday evening although Wellesley again got the most games. Two doubles were played as follows: Messrs. Reiner and Kerr (W) beat Messrs. Steckle and Collum (T) 6-0, 6-4. Messrs. Pearson and McTavish (T) beat Messrs. West and Rogers (W) 6-4, 7-5. After the match playing was pleasantly continued until dusk. The visitors were royally entertained.

Yesterday afternoon a quartet of players from Linwood's young club were here for a game, and although easily defeated they give promise of developing into doughty opponents with practise. The scores were: Messrs. West and E. Zinkunn (W) beat Messrs. McKinley and McKay (L) 6-1, 6-1. Messrs. Rogers and Dingwall played Messrs. Lytle and Hamilton (L) 6-4, 4-5, un-finished.

**TWO CLUBS.**

Here are a couple of "clubs" which ought to hit the reading public:

- The Family Herald & Weekly Star (with premium picture) and Maple Leaf from now to Jan. 1, '04.....60c

Extra refined cream separator oil for sale at Mike Erb's.

Buy a "Johnny Canuck" cigar when you want a really good one. They all sell it.

**FARMERS, ATTENTION!**

If you want to see the best machinery in town call on me at the new shop, opposite the veterinary barn. McCormack harvest machinery, wire corn planters, and cultivators, hay slings, Elmira hay loaders, also the celebrated Cook-shaft plows. Kangaroo, two-furrow and Fleur, plows, made at Aurora. My prices are the lowest. Mixz G. Erb, Wellesley.

The New Hamburg Fall Show is to be held on Sept. 16th and 17th. Instead of the dates heretofore given.

The next meeting of the Wellesley Branch Women's Institute will be held in the Opera House on the afternoon of Sept. 10th. A good program is being prepared.

Voters' List, 1903.—Municipality of the Township of Wellesley in the County of Waterloo

NOTICE is hereby given that I have transmitted or delivered to the persons mentioned in sections 8 and 9 of the Ontario Voters' List Act, the copies required by the said sections to be so transmitted or delivered of the list made pursuant to said Act of all persons appearing by the last revised Assessor's Roll of the said Municipality to be entitled to vote in the said Municipality at Elections for Members of the Legislative Assembly for Members of the Legislative Council, and that the said list was first posted up at my office, at St. Clement, on the 19th day of August, 1903, and remains there for inspection. Electors are called upon to examine the said list and if any omissions or any other errors, or some therein to take immediate proceedings to have the said errors corrected according to law.

PETER F. SCHUMMER,  
Clerk of Wellesley Township,  
(Sited at St. Clement,  
August the 19th, 1903.)

Grasshoppers are so thick in parts of Montana that they are interfering with the operation of trains. Locomotive wheels are made so slippery that when the engines stop it is difficult to start again. They have eaten the range bare.

William Thompson, the 17-year-old son of Marshall Thompson, who lives near Brockville, was accidentally killed while attempting to take a rifle from the hands of one of his companions.

An attempt was made to burglarize the home of Captain Anderson in Woodstock on a week ago.

Burglars blew up the safe in the foundry of J. Ballantine & Co., Preston. Such a large amount of explosive was used that the shut-door of the safe was blown up through the ceiling tearing a large hole in it.

The London Daily News, after an existence of 8 years, has ceased publication. The plant, etc., was taken over by the Free Press and Advertiser.

Two little girls named McDonald and married sister were drowned last Friday while bathing near Big Fork, on Rainy River. The older sister went to the relief of the little ones, who got beyond their depth, and all perished.

FARMERS, ATTENTION!

If you want to see the best machinery in town call on me at the new shop, opposite the veterinary barn. McCormack harvest machinery, wire corn planters, and cultivators, hay slings, Elmira hay loaders, also the celebrated Cock-shutt plows. Kangaroo, two-furrow and Flour, plows, made at Aurora. My prices are the lowest Mike G. Eas, Wellesley.

SCIENCE AND OLD AGE.

Man should Live Long Enough to Welcome, Not Dread, Death.

From twenty to fifty a man should live for himself and his family, from fifty to 100 for science and humanity and after a hundred for the state. Honored, useful, in full possession of all his faculties at sixscore years and ten, the graveyard of the approaching future will be among the most enviable of mankind, for the fear of death is an aberration.

The fact is that only one man in a million at present dies a natural death. We should live till 140 years of age. A man who expires at seventy or eighty is the victim of accident, cut off in the flower of his days, and he unconsciously renews being deprived of the fifty years or so which nature owes him. Leave him a little longer and in due time he will desire to die, as a child at dusk desires to sleep. The sandman will pass!

All our instincts drop from us one by one. The child cries for mother's milk. The idea of such an ailment is repugnant to the adult. The desires for sweets, for play, for love and love-making, for long walks and adventures are all impulses that have their day and pass, and the wish to live is an instinct which falls also with satiety. Only at present none of us lives long enough to be satiate with days.—Professor Metchnikoff's "Study in Human Nature."

## THE TORONTO DAILY STAR

Toronto's Best Daily  
Everybody Says So!

THOSE who do not take it do not know for themselves what all its readers say, that it is the brightest and most up-to-date of Toronto's dailies. Its circulation is growing rapidly. Only one thing prevents still more rapid growth: the fact that people who do not see it do not know what they are missing. To make the acquaintance, therefore, of thousands of new subscribers, THE STAR is giving away this beautiful portrait of KING EDWARD.

### The Toronto Star's Portrait of King Edward

THE TORONTO STAR'S portrait of King Edward VII. reaches the highest standard of lithography attainable on this continent. It shows His Majesty in official uniform, with his decorations in their proper colors. As a piece of portraiture, it is the best obtainable—better than a photograph, as all oil paintings by competent artists must be. The article value is heightened by a rich background, which increases in the print the effect of an oil painting. The gold of the uniform stands out upon the picture with striking richness. The picture is 18 inches by 24 inches, a convenient size for framing. The paper is of the finest and heaviest quality. No expense has been spared in the work. According to the price charged for some other pictures of King Edward which have been displayed in shop windows, this one is easily worth \$1.00.

A copy of this picture was sent to His Majesty, and a letter received from the Lord Chamberlain's office expressing appreciation of its cleverness, and states that the picture was seen by His Majesty.
