The delay in issuing the Leaf is caused by the non-arrival of our paper, which should have reached here on Tuesday, but was only delivered at 7 o'clock this (Saturday) evening. Here goes for the best we can do under the circumstances!

The next Womens' Institute meeting will be held on Thursday, April 14th, at 2:30 p.m. at the Union Sunday School room. A good turnout is expected.

If you need to use plaster of paris for stopping cracks, mix it with vinegar. Vinegar prevents it setting too quickly and makes it easy of manipulation.

Mr. Jas. F. Hammond, of the Fifth Line, precentor and choir leader in the Zion Presbyterian church, (3rd line) for the past 34 years, has resigned the position. He has been a most efficient and painstaking official and his resignation was reluctantly accepted by the board. An invitation has been extended to Mr. J. Dewar to accept the vacancy.

Mr. J. G. Reiner returned yesterday from a business trip to Galt and Preston, where he has been since Friday last. While away he met some of the prominent railway people and he returns confident that the electric road will be built to Wellesley, although, of course, the time has not yet elapsed for the legal confirmation of all by-laws recently carried by the municipalities. He was not so positive concerning the building of the road on to Listowel at present. The people of that town have apparently made no effort to interest the municipalities in the Listowel section to assist the road, without which there is not much likelihood of a local electric road being built. Meantime other projects for the westward extension of this road are being projected, so that it is impossible at present to more than guess the direction the line will extend west from Wellesley.

Men's summer underwear, from 20c. to 65c., at J. N. Zinkann's.

Spring horse show next Thursday, April 14th.

Mr. Ed. Schaub, of Elmira, is home on a holiday visit.

Mr. Ed. Klein, of Toronto, is home at present on a holiday visit.

Mr. Oscar Fleischhauer, of the Berlin rubber factory, spent this week with relatives here.

The delay in receiving our paper from the wholesale house throws the Leaf a day late this week.

Rev. D. Lochner is in Detroit attending the conference of the Miss. Synod of the Lutheran church.

Some of our villagers did a good job of work early last week with a disc roller on the pitch holes just south of the village.

Mrs. Nitarly's music class will hold an entertainment in the Wellesley Opera House on Wednesday evening, April 20th. There is to be an excellent program including a Maypole dance. Admission, 25c, 15c, and 10cents.

The road between Wellesley and Baden is in an almost impassable condition this week. The mail is carried back and forth in a cutter, while freight can only be carried in small quantities with much difficulty. Long bare spots succeed similar stretches of deep snow and ice in such a manner as to prevent either sleighing or wheeling. A few days of the present soft weather will however, open the roads for wheels when the road will be busy for a while delivering the accumulated freight.

Our village constable now has a grand opportunity to popularize himself by restraining the small, and big, boys with air guns, "Floberbe," and shot-guns who have taken possession of the public streets lately. The practice is distinctly against the law, and is very dangerous to people along the streets.

Mr. Philip Graham had a narrow escape from losing another of his livery horses this week. The animal was out with a travellor, and in going north on the section line this side of Crosshill it slipped cutting itself severely. The horse was driven some distance before the seriousness of its injuries was discovered and it is now in Listowel under the veterinary surgeon's care. It was rumored here at first that the horse had been so badly injured that it had to be shot, but fortunately this proved to be not the case.

The quiet but very pretty wedding of Miss Laura Hespeler, eldest daughter of Jacob Hespeler, Esq. of Waterloo, and Mr. Adam Eddington Carrie, of the Bank of Commerce, at St. John, N. B., was celebrated on Tuesday in the church of the Holy Saviour.

Guelph, April 3.—The factory of the Magnet Cream Separator Company is almost in complete ruin as the result of a fire which broke out about 2 o'clock yesterday morning. This is one of the only two cream separator factories in Canada, and the company has been doing a very extensive business. About seven hundred machines were packed ready for shipment and almost as many more were in course of construction.

Mr. Wm. Fleming, of Markham, and daughter, who have been visiting in Guelph, came to Berlin on Monday. Mr. Fleming had heard of Mr. A. E. Shantz and his prowess as a checker player and wanted to try his mettle. Mr. Fleming, who is a gentleman about 60 years of age, held the Canadian checker championship for about 30 years. He was introduced to Mr. Shantz,

and they played three games. Each lasted fully an hour. Mr. Fleming won the first; the second was a draw and Mr. Shantz took the third.—Berlin News-Record.

The "Ocean Signal" is the best 5c. cigar of all. They all sell it.

THE MAIL AND EMPIRE'S WAR NEWS.

People who wish to be posted on the progress of the Japanese-Russian War should subscribe for the Toronto Mail and Empire, which will cover the field with the same thoroughness that witnessed its handling of the Spanish-American and Boer Wars. Not only will the Mail and Empire be served by the Laffan Bureau and the Associated Press, but it will publish the cables of the special correspondence of the London Times, London Daily Mail and the Paris edition of the New York Herald.

London, Ont., April 5.—"Texas" Burdell, the notorious desperado, broke jail this morning and up to the present has not been captured. He was seen near Springbank about nine o'clock, and is supposed to be making his way towards St. Thomas. "Texas" was associated with "Shorty Billy" in the shooting scrape with Detectives Nickle and Eggleton, in which "Shorty Billy" lost his life. He was held on a charge of burglary and his trial was to have taken place this week.

The Berlin News-Record of Wednesday, March 30th, had the following with reference to the building outlook in the County Town. Berlin is to have quite a building boom this summer. As soon as the frost is out of the ground, work will be pushed ahead by different contractors. So far as known at present, the bulk of the building will be residential. There are some exceptions of course. Among them is the big addition to be built to the D. Hibner furniture factory, the large three-storey factory for the Berlin Felt Boot Co., and the Leroy Auto Co.'s new plant. In the west ward will go up the large freight sheds and offices for Preston and Berlin Railway Co. Then there will be the new Methodist church, on which about \$20,000 will be spent. A new rink of some nature is to be built this season, and the present one converted into a factory.

Montreal, April 1 (Special).—J. T. Griffin, the C. P. R. land commissioner in the northwest, who is in town at present, said to-day that for the future the C. P. R. would only sell its lands to the individual settler. Heretofore the company has sold blocks of land, which were in turn resold to others, but for the future the C. P. R. would regard the individual and not the syndicate. Mr. Griffin believed that there would be as large a number of immigrants coming into the country this year as last, if not larger. Land was being taken up all the time. New people were making enquiries. Farmers from the Western States were coming in with money and effects, while the reports from Europe indicated that there would be a large volume of immigration. Referring to the Mormon settlers and to the success of the beet sugar business, which they had established at Raymond, Mr. Griffin said that they were admirable settlers. They were sober, thrifty and hard workers. There was no hint that they brought their peculiar institutions with them. They obeyed the laws of the country like any other settlers.
