ARE YOU SAVING MONEY? If so, don't you want your money to draw interest?

Money loaned to relatives and friends often takes wings and flies. As a general rule it is safer and better to place your money in a bank even at a lower rate of interest.

We pay the highest interest on savings consistent with safety. Interest allowed from day of deposit and compounded half yearly.

Small Farm for Sale.

BEING park 3 1/2 on 5, North Easthope in Unionville, south of Lichon. A good large frame house, situated on twelve acres of good farming land. On the property is also a good barn with driving shed, stable, etc. Land all under cultivation and well fenced. Two good wells. For a quick buyer. Terms say and a cash balance for a quick buyer. LICHON P. O.

HAWKESVILLE.

Misses Gaselo and Lillian Lackner are visiting their sister, Mrs. R. H. More, of Toronto.

Mrs. Andrew McCulloch, of Nelson, B. C. was visiting at Mr. Hugh McCulloch's a few days last week.

Miss Sadie Ahrens is spending a few days with friends in Berlin.

Miss Ada Diefenbaker is spending her vacation under the parent's roof.

Miss Elmata Shelly is staying with her sister, Mrs. F. Snyder, of Bloomingdale, for two weeks.

Mr. Alvin Ottman went to Wellesley to-day, where he intends to spend several months.

Mr. Alex. McAllister spent Saturday and Sunday in Toronto.

Miss Ballard is spending some time in Listowel.

Mrs. McCallum is visiting at Elmira this week.

We notice the familiar face of Mr. Anderson, of Boston, in our village again. Mr. Anderson evidently thinks Hawkesville is all right for a summer resort.

A friendly game of foot-ball was played on Saturday night between the home team and Heidelberg. Score 2-0 in favor of Hawkesville. Our boys are hard to beat.

We are pleased to notice that all our pupils trying Entrance have passed. They were Clayton Paterson, Gaselo Lackner, Willie Lackner and Eddie Winn. This speaks well for our teacher, Mr. Bice. Congratulations.

CLOVER SOD.

BY PROF. ZAVITZ.

Clover is one of Ontario's most valuable farm crops. It is generally recognized by Ontario farmers to be a heavy yielder of hay, which furnished a large amount of valuable food constituents. Its beneficial effects upon the soil, however, do not seem to be so clearly understood. Scientists who have made a careful study of the influence of clover on the soil, tell us that after large crops have been removed from the land, the soil is actually richer in nitrogen after growing clover than it was before, owing to the large amount of nitrogen the clover roots have obtained from the air. As a rule farmers grow clover and timothy together, and are therefore unable to ascertain the comparative influence of each of these crops upon the soil. We have conducted a series of

experiments at the Agricultural College, Guelph, on three different occasions, in order to ascertain the comparative value of clover and grass sod for crop production. We first grew clovers and grasses upon separate plots and removed the crops, after which the land was plowed and other crops were sown. The results, therefore, show the influence of the roots remaining in the soil upon the productivity of crops following the clovers and the grasses. In 1902 barley was sown after each of four varieties of clovers and three varieties of grasses in four different places in our experimental grounds. The average results of the four tests in pounds of barley was as follows: red clover, 1516; Lucerne, 1450; Alsike clover, 1427; mammoth red clover, 1408; meadow fescue-grass, 1068; orchard grass, 1015; and timothy, 946. It will therefore be seen that the red clover sod gave an increase over the timothy sod of 570 pounds, or nearly twelve bushels per acre.

In another experiment which was completed in 1900, in which winter wheat was sown on both clover and grass sods, it was found that an average of 4194 pounds of wheat per acre was obtained from the clover sod, and only 2300 pounds from the grass sod.

In 1899 a mixture of barley and oats was sown on clover sod and also on grass sod. The results were very marked, as an average of 2256 pounds of mixed grains per acre were obtained from the clover sod, and only 1078 pounds of mixed grains per acre from the grass sod.

By averaging the results of these three grains, we find that the crop grown on the clover sod gave an increase over the crop grown on the grass sod by fully 46 per cent.

The results of these experiments help us to appreciate the beneficial influence on the soil from growing clover. It also indicates the suitability of a properly cultivated clover sod as a preparation for winter wheat or for spring grains.

SMALL BOY'S DIARY.

There is a certain 9-year-old boy in this city, says the World, who is keeping a diary. The book was given him last Christmas by a relative, and his father had forgotten all about it until he accidentally found it the other day. Curious to see what his small son had written in it, he opened the book and found that the diary had been faithfully kept. Here are a few of the entries:

"I am 9 years old to-day. Looked in the glass, but whiskers ain't sproutin' yet."
 "Susied a boy. Got licked."
 "Pop borrowed 10 cents for car fair, that makes \$1.15 he owes me. Wonder if he ever get it."
 "Jimmie stole my ball. I licked him for it."
 "Ast Pop for some of my money and he give me a nickel. I want that doler."
 "We foles got up a baseball club today. Imo pitcher. If I had that doler 15 I could get a uniform."
 "Pop got paid to-day and gavo me my money."
 "Mamma borrid a doler. Darn these people any way. A feloo can't save nothing."
 "Ast Pop about banks. I wan to put my money were carfair dint so skarse."
 "Got lioht again."
 "There was more of this, but "Pop" had read enough. As a result, there was a conference, and now the arrangement is to pay 6 per cent a week interest, and settle every pay day. The kid got his "unaforn."

BUY IT NOW.

Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly—you will need it quickly. Buy it now. It may save life. For sale by A. J. Saunders, Druggist, Wellesley.

F. Keil's "Conductor's Punch" and "Johnny Canuck" cigars for sale everywhere. Try one, they're dandies.

A NEW POPULAR SONG.

Very few people have any idea of the vast amount of money there is to be made and lost in the Music Publishing Business. At times from \$10,000 to \$20,000 will be lost by a single Publisher in trying to make a "Winner". Then again a lucky publisher will make a fortune on his first effort. The biggest "Song Hit" and the best money maker in this country at the present time is a song called—"IT WAS SUMMER TIME IN DIXIE LAND" written by Edwin Kendall. This song is now being sung nightly with great success, in all the principal Theatres from Maine to California. There were nearly 300,000 copies of this song sold in less than thirty days from the date of issue, and present predictions are that over one million copies will be sold inside of one year. It is calculated by good judges that the publishers will make a net profit of over \$60,000 on this one song above all expenses. Upon receipt of 25 cents in postage stamps, a copy of this beautiful song will be mailed to any address in the United States by The Theatrical Music Supply Co., No. 46 W. 28th St., New York.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars in buying later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by A. J. Saunders, Druggist, Wellesley.

TOOK PARIS GREEN.

Berlin, July 23.—Ludena Melitzer, aged about 27, committed suicide here last night by taking paris green at the home of her sister, on Frederick-st. It is thought that she had a quarrel with her lover, as immediately after he left her last night she went to her room and took Paris green, lingering in dreadful agony till about 5 o'clock this morning, when she died. Miss Melitzer's father, Ferdinand Melitzer, is a respected farmer of Lexington, near Berlin. The girl was employed in the rubber factory and was highly spoken of.

EDITORIAL NOTES.

The United States Presidential elections are now fairly on. The Republican candidates are Roosevelt and Fairbanks, and the Democrats have chosen Parker and D. v. is. There is no special political policy involved in the campaign, the two parties trusting mainly to the popularity of the candidates in their own States. Thus if Parker succeeds in carrying New York State he stands a good show of election, for the "Solid South" will be sure to be behind Democratic, as it has been ever since the war. But New York is not sure a State for the Democrats, indeed the Republicans are much more likely to carry it. Several other large States are considered at this time to be in doubt, principally on account of local troubles within the ranks of the party which predominates, but as it looks to an outsider the election of Roosevelt seems undoubted. Of course there will be many other Presidential candidates, as there always is, and these will pull some scattering vote, but none of them will likely carry a single State in the Union. The election occurs on Nov. 4th next.

By the way those Japanese have been taking passes recently one would almost think they were trying to qualify for the Dominion parliament.

Some Russian war vessels, which seem to have passed the Dardanelles in some way, are now plying the Red Sea, stopping vessels of all nations and taking from them any

mail they have on board for Japanese ports. This looks as if Russia is anxious to embroil other powers in the war which they now find so disastrous to themselves.

The decision of the insurance companies, since the Toronto fire, to raise the rates, is meeting with much opposition. A special committee of the Manufacturers' Union has been making enquiries by mail throughout the Dominion, the result of which is so encouraging that that great company may establish a mutual insurance company for self protection. It would only take a small proportion of the insurance carried by manufacturers to give the new company more money in premiums, says Industrial Canada, than the average company is receiving to-day. The success of this company would mean the launching of several similar ones, for property owners would grasp a chance to insure at rates more in proportion to the actual risk than to the profits desired by the company's shareholders.

CHOLERA INFANTUM.

Child not Expected to Live from One Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey, of Acnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "It happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by A. J. Saunders, Druggist, Wellesley.

Parties who have bottles and kegs belonging to me will please return them without delay or they will be charged. **PETE GLENN.**

Chamberlain's Colic, Cholera and Diarrhoea Remedy—The best in Existence.

T. M. Wood, manager of the White County News, Beebe, Ark., is a representative southern business man, who does not hesitate in expressing his good opinion of a well known remedy. He says, "It gives me pleasure to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy, having used it myself and in my family with the best results. In fact I believe it to be the best remedy of the kind in existence. Sold by A. J. Saunders, Druggist, Wellesley."

Clearing Sale

Now in Full Swing

Our great clearing sale last week was a pronounced success, many lines being cleared out. In our dress Goods department the sale was enormous, as it might well be, hundreds of yards being sold in one day at 15c, 20c and 25c per yard, worth 35c, 50c and 75c. Now other lines are being laid out on our sale tables and the prices are being made very attractive. Profits have disappeared and in many cases less than half price is taken.

Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera Morbus, Dysentery and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of more children than any other medicine in use.

When reduced with water and sweetened it is pleasant to take. You, or some one of your family, are sure to need this remedy sooner or later and when that time comes you will need it badly; you will need it quickly. Why not buy it now and be prepared for such an emergency? Price, 35 cents.
