## LINWOOD.

Aug. 23rd, 1904.  
 All are rejoiced by the fact that at last work on the railway has actually begun. Sufficient land has been bought from Mr. P. Karley for a station, and the surveyors are taking the levels, etc., for the gang of men and teams who are coming on in a few days. The station is to be on the east side of William St. just north of the hardware store, and the track will cross Main street on its way west, a few rods west of Spahr's hotel.

Miss E. Lachner, of Hawkesville, has been engaged as teacher of the Junior department of the Linwood School. Miss Lachner has had four years experience at Heidelberg.

Mr. John Schnurr intends moving into the house formerly occupied by the late Mr. A. Boomer. This fine residence has been thoroughly renovated and finished in an up-to-date manner.  
 An interesting baseball match was played on Saturday evening in Speed Park. The boys played against the well-known Linwood girls team. Several members of the latter team were absent, so the boys got the victory by about 6 runs. Another match is to be played on Tuesday evening when the girls hope to win back their laurels.

Mr. and Mrs. Thomas, of Bloomingdale, were visiting at Mr. Robt. Rowe's Monday and Tuesday.

Mr. Theo. Ruggie has opened The T. Ruggie Co.'s store. At present he has Messrs. J. McCordie and J. Henne associated with him in attending to customers.

Rev. D. Sharpe spent part of last week visiting friends in Sobriaville and Stratford.

Mr. and Mrs. W. H. Parr, of Fordwich, spent Sunday in town renewing old acquaintances.

Alton Baker has secured a position in W. Flach's hardware store.

Watson Williams has taken a place in Mr. B. Y. Fish's general store.

Miss A. M. Goetz is visiting with friends at Dashwood.

Miss B. Johnston, of Glenside, is visiting at Miss A. Harrow's.

Miss J. A. Goetz, of Hawkesville, spent Sunday in Linwood.

Miss Florence Baker, of Hawkesville, spent Sunday under the parental roof.

Mr. C. Schultze has sold his home to Mr. P. Short, and intends locating in Stratford.

**DOERING'S CORNERS.**

Mr. Wm. Booth and sister, of Hayesville, were visitors in this vicinity over Sunday.

Mr. Peter Wazfahrt is improving again after a three weeks tour on the sick list.  
 The ladies of Phillipsburg and this vicinity surprised Mrs. (Rev.) Langholz last Thursday afternoon. About 75 in number they marched to the parsonage well supplied with full baskets. After the tables had been spread and a hearty supper partaken of, Mrs. Nitsardy read a newly-written address and presented Mrs. Langholz with a well filled purse which the ladies had gathered in the community for that purpose. Mrs. Langholz made an appropriate and feeling reply thanking the friends for the gift. A most excellent time was enjoyed.

Mr. Jacob Lots has purchased Mr. John Albrecht's farm, the price paid being nearly \$5,000.  
 The funeral sermon of Oliver Stanley Koch, son of Mr. Henry G. Koch,

will be preached on Sunday afternoon next at two o'clock, by Rev. Mr. Myers. All are invited.

The water is very high in the rivers and creeks hereabouts since last Friday night's rains, putting the people in mind of the floods of August 19, 1883, exactly 21 years ago.

## CROSSHILL

Aug. 23rd., 1904.  
 A large procession of teams passed through here on Sunday on their way to Millbank to work on the Godrich extension, levelling the ground for the station.

The oat and barley crops are now being taken off. Both of these grains have done well. Roots are looking excellent.

The store which was run for a few weeks next to the hotel, has been closed.

The threshers have already commenced operations in this vicinity.

The Maple Leaf's articles on better roads are popular here and our farmers may be counted on when the time comes to pay the cost for proper roads. Ruddy roads are too costly for this progressive age.

## WELLESLEY STOCK FARM.

(From the Farmers' Advocate.)  
 Waterloo county, Ontario, has no more enthusiastic or enterprising breeder of pure-bred stock than John Hill, of the Wellesley Stock Farm, who is intelligently pushing the breeding of Shorthorn cattle, Yorkshire hogs, Clydehead horses and White Wyandotte fowls. The Clydeheads are sold down to half a dozen just now, the demand being so keen in that part of the country. Shorthorns number upwards of 25 head, eight of them being imported. Nonpareil Archer (imp.) (81778) -45202-, sired by Prince of Archers (71240), dam Nonpareil Blossom 2nd, heads the herd. He is a grand, good one that cost his owner \$700. There are few better in Canada. He weighs, now in ordinary fit, about 2,200 lbs. at three years old, and is proving himself a worthy sire, some extra good things in the herd being sired by him. The females, taken all together, are a choice lot. Those that are Canadian-bred are by such noted bulls as Blue Ribbon -17095-(imp.) Warfare(imp.) -6152- and Wimple Chief. Females such as those, mated with Nonpareil Archer, are almost sure to produce first-class stock. Space will not permit individual mention of all the good ones at this time. Butterfly's Duchess 3rd, by Wimples Chief -26994-, is a choice one, as is also Euphonia 3rd, by Blue Ribbon, and her daughter, by Warfare (imp.), is a real good quality red heifer. Fairy Queen, imported by Mr. W.D. Platt, and bought by Mr. Hill at \$650, is in fine form, and is doing work as a breeder. No expense has been spared in laying a sound foundation for a first-class Shorthorn herd, and those looking for the right type of cattle will do well to keep their eye on this herd. The Yorkshires number over 60 head, and as with the Shorthorns, so with these. Mr. Hill did not let the price prevent him from getting the best. He headed his herd with Imp. Sumner Hill Dalmeny Topeman 6th -12387-, and also purchased two of the best imported sows he could find, namely, Summer Hill Colston Sunshine -12442- and Summer Hill Cotgrave Dalmeny Lady Frost 2nd -12395-. One of the first sows he secured, and a right good one, was Imp Dalmeny Lady Frost 8th-10228-. He has still further increased the quality of his herd this year by purchasing two choice imported sows

at Messrs Platt's last Hamilton sale. These are yearlings, and are ready for the show-ring any time. They are in farrow, and Mr. Hill naturally expects something good from them. There are young pigs from the above stock for sale, which are worth looking after.

White Wyandottes of the choicest breeding are also kept for sale.

## HAWKESVILLE

Mrs. Donaldson and children are the guests of Miss Ballard.

Mr. Edward Anderson, of Dakota, is visiting his mother.

Miss Florence Cook, of Berlin, is spending a week with Miss Florence Shelly.

Mr. Jas. More spent a few days of last week in Toronto.

Mr. and Mrs. Rowe spent Sunday in our village.

Mrs. Fred Donald is spending some time in Berlin with her son, Mr. Mark Donald.

Miss Ester Spies and Willo Spies spent Sunday in North Easthope.

Rev. and Mrs. Ibbett visited Mr. Wernau on day last week.

The Presbyterian pulpit was occupied by Mr. Williams on Sunday, last. Mr. Brunette will preach in this church the following two Sundays.  
 Miss Evelyn Luckner, who has been engaged as substitute for the Linwood School, started teaching on Monday.  
 We are sorry to state the sad misfortune which befell Eldio Winn on Wednesday last. While taking a way homing from the saw his right hand was caught and a part of all his fingers and thumb were cut off. Eldio had only been working in the mill a few weeks during vacation which makes it all the more pathetic. He is however progressing favorably under the treatment of Dr. More.

Mr. and Mrs. Behrens and daughter, from Hamilton, were visiting relatives here for a few days.

## FOGLE

The storm a week ago Saturday did considerable damage around Mayberry Bros., suffered to the extent of about \$300 and W. T. Chalmers about \$200 worth of oats by the hail, and many others also suffered in the same storm. Lightning struck Mr. S. S. Kipper's barn and killed a splendid horse, and the fire did some damage to the barn before it was put out.

Mr. A. Large has returned from his trip to the Northwest.

Mr. Morrow, of Stratford, has charge of the school here, which opened for the fall term last week.

## HEIDELBURG.

Miss Maggie Gohl, daughter of Mr. and Mrs. Richard Gehl, was happily married in Berlin last week to Mr. William Brunif, a carpenter of Berlin. We wish the young couple a happy wedded life.

Missionary services were held here on Sunday in the Lutheran church. The day being favorable a large crowd attended in the forenoon. Rev. Mr. Hengell, of Elmwood, occupied the pulpit, and in the afternoon Rev. Mr. Hoffman, of Berlin preached.

The youngest daughter of Mr. and Mrs. Fred Schickel was buried here on Wednesday.

Quite a number from this vicinity took a trip to the Niagara Falls on Saturday last.

Mrs. H. N. Huehn, and Edward

EDITORIAL NOTES.

The Milwaukee Sun says no nation does a thrashing worse than Russia does, and no nation is better able to administer said thrashing than Japan. Pshaw! England, the United States or Germany would have had the helpless Bear skinned by this time.

The printers of the Berlin News-Record and Telegraph offices played a baseball match last Thursday. The two printing office towels were nailed together and stood on end for a backstop, then after getting the "plate" and "bases" in position, they tossed up the "quoin" and got ready for the "chase." Both teams proved good "stick" handlers and the fielders were expert at "throwing in," but they couldn't throw anybody out, while the "pitchers" of both offices were kept full of lager which was very handy during the game. The "runs" were made on a hand press or the score would have been larger had it not been—28—27—the News-Record boys being the "leaders." It is said that the umpire was considered a "crank" and all hands took a turn at him.

The defence of Port Arthur against the assaults of the Japanese has become a pitiful sight for the past week or so. The case of that beleaguered city is hopeless yet the general in command refuses to surrender so the daily slaughter goes on and in all probability will until Port Arthur goes down and out in a saturnalia of blood. Infinitely more brutal than a bull fight or a prize fight it can only be described as a combination of murder and suicide. If a nation's police have the right to stop a prize fight when it reaches the stage of brutality surely the Great Powers should have an equal reason to demand the cessation of such a barbarous scene as is now being enacted at Port Arthur.

With its eastern navy shattered its army in an almost hopeless condition Russia would be willing to give up the contest so far as its contention against Japan is concerned. But to quit at this stage would be to acknowledge its inferiority in the congress of nations, and Russia, which has never been careful of the blood of its subjects, is willing to sacrifice thousands more of its people in the horrors of a prolonged war, and to load the country with a crushing debt rather than have its rulers subjected to the f. neled indignity of a loss of prestige. And so the horror goes on.

The grain harvest in this section is suffering somewhat from the untoward weather but so far the actual loss is but slight, and a few days of bright sunshine will suffice to remove the crops which are now ripened. We have for some years just enjoyed most propitious harvest weather, so that even a slight back-set becomes noticeable. But in Ontario, where mixed farming prevails, and in this section of the Province where stock raising is made prominent, the excellent pasture and the boom given root crops by the unusual rains will give a redeeming feature to the apparent misfortune.

Brantford city is putting up a determined fight for municipal ownership. The city council, says the Galt Reporter, having refused to abandon its intention of establishing a municipal telephone service, the Bell Telephone Company declares it will not be driven from the field. It has endeavored to placate the Council and citizens by offering extraordinary inducements for an exclusive franchise. The city was asked to look at a good round sum

of money, reduced rates for business houses and residences, a handsome rebate on long distance telephones and other things which the Company innocently supposed would wipe out civil opposition. But Municipal Ownership is aimed at in the birthplace of the telephone and no argument that the Company can use in depicting the danger of such experiments has had any effect on the Council.

WILMOT TOWNSHIP COUNCIL

The 649th session of Wilmot township Council was held at the township hall, Baden, on the 15th of August 1904. Members all present, the reeve presiding. The minutes of previous session were read and confirmed.

The treasurer presented half-yearly statement of receipts and disbursements. The clerk presented an estimate of the probable requirements of the Township for the ensuing year. Moved by J T Otto, seconded by J F Master, that have been given the mover to introduce a bylaw to provide for the current and necessary expenses of the year and that said bylaw be now read a first and second time.

Moved by S Cassel, seconded by P Berg, that leave be given the mover to introduce a bylaw to assess the several school sections in the township for the sums asked by their respective school boards and that said bylaw be now read a first and second time. Above bylaws were read a first and second time accordingly.

On motion of P Berg and S Cassel council went into committee of the whole on bylaws, P Berg in the chair, when bylaw 436 was filled in and the rate struck at 5% mills on the dollar, and bylaw 437 was filled in with the sums asked for by the respective school boards. (Committee rose and resumed council.) Moved by J F Master, seconded by J T Otto that bylaws No. 436 and 437 be now read a third time and passed. Read and passed accordingly.

Moved by S Cassel seconded by J F Master that this council do strictly enforce the Ontario Statute of 1904, compelling owners of traction engines, threshing engines or machinery to lay down planks on such bridges or culverts, as they are about to pass over with any of said engines or machinery to protect the flooring or surface of such bridge or culvert from injury, as provided by said statute.

Moved by J T Otto, seconded by S Cassel, that the reeve and Councilor Berg be a committee to wait upon Contractor Bulmer and notify him, that, if he does not commence work on Phillipsburg bridge within a given time, to be set by the committee, his contract will be cancelled, he to be held for the penalties.

Moved by J T Otto, seconded by J F Master, that the following accounts be passed and that the reeve issue his order on the treasurer in payment of the same, viz:

C R Honderich, for 30% barrels of cement, \$88 63; H Rueffer, work and material on Rueffner's bridge, \$6 13; J F Roth, do on Roth's bridge, \$15 62; H Hofstetter, putting in two culverts, \$24 06; W Fink, taking down old bridge, \$6 13; J H Kiewasser, work and use of field at Wilby, \$15; J Smith, timber for Collum's bridge, \$84 11; J J Berger, lumber to date, \$71 05; Secretary of Wilmot Agricultural Society, annual grant, \$50; Reiser Bros & Co. in full of claim re boiler accident at bridge near Phillipsburg, \$70; Miller & Sims, law costs re Keiner claim and suits against Board of Health, 16.

On motion Council adjourned until the 19th of September 1904.

**Who's Your Tailor?**

A poor-fitting suit of Clothes may sometimes cost less money over the counter, but you won't get the comfort or the value out of it that you do from a suit made specially to fit you.

An \$8 outfit, that you become disgusted with and throw away inside of three months is not as cheap as the \$12 natty suit that you cling to with pleasure for a year or more because it was built to fit you.

SEE THE POINT?

Well, just now I have some natty in cloth that I can make up into the "year-or-more" pleasureable fit, and yet sell at just about the "three-months" price.

Just hitch up, drive in to Linwood and see me.

**What's the Price To-Day?**

The farmer who already knows the market prices for grain and produce need fear no combination of buyers when he goes to market.

How often the buyers "get together" on prices every farmer knows.

How often has a farmer sold his grain in one town for a couple of cents less than the buyers were paying in a neighboring market?

It pays to keep posted on the markets.

The Toronto Daily Star has the best market reports of any city paper. It has men who do nothing else but study the markets—who give it all their time and attention, and you can get all this information in the Star every weekday for a year and your own local paper as well for \$2.20.

If you save a cent a bushel on only two loads of grain by knowing the prices it will about pay the price, won't it? Besides think of being in touch with the world's news every day.

Owing to repairs which are being made to the bridge just south of Phillipsburg the road from that village south is closed for a few days, so that the stage and teams are having a longer trip in reaching Baden from here. The inconvenience will only last a short time.

The heaviest rainfall for years occurred here last Friday night, ending with a terrific windstorm at daylight on Saturday. The creeks and rivers were filled and continued at high water mark for several days. Our Doering's Corners correspondent points out that it was exactly 21 years since the great flood of '83, when the Wellesley dam was carried away.

Breeders in this section will remember to learn that Nonpareil Archer the famous \$700 imported bull at the head of the Wellesley Stock Farm's herd of short-horn cattle, has been sold. Mr. Platt, of Hamilton, perhaps the most prominent short-horn importer in the Dominion, is his recent sole bidder, and sold Mr. Hill's famous bull the great head of short-horn females. The price offered for Archer was a very tempting one and Mr. Hill was induced to let the animal go. The shipment was made the fore part of this week.

Mr. G. B. Pauli, the genial proprietor of the Queen's hotel, Milverton, was in town yesterday.

Messrs. Karn and Wittig, late of the Wellesley roller mill, have returned to their home in Port Elgin.

The estimable young ladies have a wide circle of friends in this section who wish them prosperity and happiness in their distant home.

There will be a monster Trades procession and a football match between teams from Cassel and Shalagone in the morning. In the afternoon the chief attractions are a football match between the senior Berlin Rangers and the Marlboro club of Tavistock, a base ball match Woodstock vs. Berlin, athletic events, a balloon ascension and parachute drop by Prof. Casselle. The Berlin Citizens Band has been engaged for the day. In the evening there will be a grand concert with Donald C. McGregor and Eddie Pigott the leading performers. This will undoubtedly be Tavistock's best day of sports.

There is a way of writing up a football match which is fair, and liable to do the game good, and there is also the way the Tavistock Gazette took to report last week's game. The Gazette gives the impression that Wellesley boys disputed the referee and then marched off the field refusing to finish the game. That was very unfair to Wellesley. Our boys say a goal was claimed by Tavistock, (but not allowed by the referee,) within a minute of "time," and it was so dark that it would have been impossible to play even had Wellesley boys lined up for the remaining minute which the game was to last. Our boys returned home well pleased with their treatment by the gentlemanly Tavistock team and the referee. Wellesley boys are not "kickers" in that sense.

**A Warning to Mothers.**

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel trouble. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to grip. If it does not check the bowels, Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be administered as once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by A. J. Saunders, Druggist, Wellesley.
