EDITORIAL NOTES

The Mitchell Recorder last week introduced the name of Bradshaw Cartwright as a feasible candidate for South Perth in the coming Dominion elections in view of the fact that the present member, D. K. Erb, desires to retire at the end of his term. It is hardly likely that Sir Richard will be disposed to accept in view of the closeness of that constituency and his advancing years. The Maple Leaf predicted that the present member will again be the candidate with Dr. Steele, of Tavistock, as his opponent.

The Berlin electric railway by law protest came up in Osgoode hall last Thursday, only to be postponed for a week. The numerous postponements of this case reminds us of the creditor who said to the solicitor who came to his house to collect the account: "Come next Thursday and I'll tell you when to call again."

It is pitifully amusing to read the political stuff in the editorial columns of the big Party newspapers these days. The accusations on the one side, and the defence made by the other fill columns and columns daily. The amusing part comes in the ridiculous argument used by both; but it is pitiful because the rank and file in politics have to digest all these organs in order to have a supply of street-corner arguments. The Party organ has become an absolute necessity to the professional politician, for without them the electors would begin to think for themselves so that soon they would stampede and the Grit of to-day become a Tory to-morrow, and vice versa. The foolish partisan spirit of these organs, however, is gradually making itself manifest. When the electors lose confidence in them there will come the time when government measures will have to meet the thoughtful views of the masses, so that what is good for the country will become of more importance than blindly keeping any one set of politicians in their fat offices.

The Provincial political situation is somewhat peculiar just now in that Premier Ross is depending upon the Speaker of the House for majority. This state of affairs was brought about by the unseating of three Reformers in the election courts within the past few weeks. Were the House in session Mr. Ross would likely be unable to carry on business, and even as it is, he is certainly having his troubles. But we fail to see why he should obey those Partisans who are frantically shouting at him to hand the reins of government over to Mr. Whitney at this juncture. There are now three vacancies to be filled, and all of them had previously been held by reformers. Before the next Provincial parliament meets there will be time to hold bye-elections to fill these again and the House can then decide its own fate. If when these bye elections are held, outsiders can be kept out of the constituencies the results may be satisfactory enough to give the election courts a much needed rest until after the next general elections.

The most hideous pages of hellish warfare do not prevent such horrible scenes as those now being enacted around Port Arthur. Both sides seem to have abandoned the "courtesies" of modern warfare. The red crosses and hospital flags are disregarded by both sides, and owing to this the dead are often left unburied, so that it sometimes happens that the attacking forces are driven by the stench from their unburied comrades who fell in a pre-

vious attack. The feeling between the two armies is now so bitter that a massacre is feared when the fortress finally falls.

The latest election news is that North Norfolk and North Bonfrow are now vacant. Little was unsent in the former constituency for corruption, and Dunlop, in the latter, has promised to resign, although the petition against his seat was withdrawn. This leaves the parties: 17 Liberal, 16 Conservative, 5 seats vacant.

There seems to be a bitter "north" wind blowing over Provincial politics these days. North Perth, North Norfolk, North Renfrow, North York and Northeast of all—the 800—have all been caught by the freezing blasts. But a "hot" wave will strike them all when the bye elections are announced.

If you catch your best girl trying to measure your fore finger, make up your mind quick whether you are prepared for matrimony just yet or not. She means business. If her finger is longer than yours, she will "rule the roost" after the knot is tied.

The ladies of a certain county in Pennsylvania having petitioned for a curfew bell, the local paper gave them the following advice: "If every mother would dutifully spank her own children and put them to bed at nine o'clock every night, and go to bed with them, there would be no need of a curfew." Wasn't that editor a brute!

North Perth is now ready for any old thing that may strike that constituency in the line of politics. The candidates, both for the Dominion and Local, are now in the field and waiting for the drop of the hat. At Milverton on Tuesday Alex McLaren, M. P., was nominated for the Dominion, and James Torrance, of Milverton, for the Provincial. The Reform candidates are: Dominion, J. P. Maboe, Stratford; Provincial, John Brown, Stratford.

A horrible child-murder is reported from Toronto. A young couple, aged 22 and 17, found it too much of an effort to support their infant, so they took the little babe out in a boat, then the father clubbed it to death with an ear and threw it overboard. Both parents are now under arrest.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some some meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the first place. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by A. J. Saunders, druggist, Wellesley.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It counteracts the effects of a cold and results in pneumonia. For sale by A. J. Saunders, druggist, Wellesley.

Who's Your Tailor?

A poor-fitting suit of clothes may sometimes cost less money over the counter, but you won't get the comfort or the value out of it that you do from a suit made specially to fit you.

An \$8 outfit, that you become disgusted with and throw away inside of three months is not as cheap as the \$12 natty suit that you cling to with pleasure for a year or more because it was built to fit you.

Well, just now I have some snaps in cloth that I can make up into the "year-or-more" pleasureable fit, and yet sell at just about the "three-months" price.

Just hitch up, drive in to Linwood and see me.

Going for Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Don't put yourself in this man's place, but keep a bottle of this remedy in your home. There is nothing so good for Colic, Cholera Morbus, Dysentery and Diarrhoea. It is equally valuable for Summer Complaint and Cholera Infantum and has saved the lives of more children than any other medicine in use. When reduced with water and sweetened it is pleasant to take.

You, or some one of your family, are sure to need this remedy sooner or later and when that time comes you will need it badly; you will need it quickly. Why not buy it now and be prepared for such an emergency! Price, 25 cents.

What's the Price To-Day?

The farmer who already knows the market prices for grain and produce need fear no combination of buyers when he goes to market.

How often the buyers "get together" on prices every farmer knows.

How often has a farmer sold his grain in one town for a couple of cents less than the buyers were paying in a neighboring market?

It pays to keep posted on the markets.

The Toronto Daily Star has the best market reports of any city paper. It has men who do nothing else but study the markets—who give it all their time and attention, and you can get all this information in the Star every weekday for a year and your own local paper as well for \$2.20.

If you save a cent a bushel on only two loads of grain by knowing the prices it will about pay the price, won't it? Besides think of being in touch with the world's news every day.

LOCAL NEWS.

Milverton Fall Fair on Friday.

Mr. L. Peppers, of Milverton, was in town on a business trip one day last week.

Mr. and Mrs. Woodland, of the Topping hotel, were visiting friends in town on Sunday.

Union Sunday School next Sunday at 10.30 a.m. Preaching service in English at 7 o'clock, p.m.

A long strip of sidewalk from the Albion hotel north is being filled in preparation for a cement walk in this spring.

Rev. Mr. Leckner was called home from attending conference at Ottawa on Saturday by the death of Mrs. Bivour, of Peterburg.

The marriage of Mr. Milton Giebe of Brantford, and Miss Lena Donaldson, of Lisbon, will occur Oct. 5th next. A large number of invitations have been issued.

A fine new cement floor has just been laid in the basement of Mr. Chas. Ottmink's new block. It covers the whole surface, making one of the finest cellars in town.

The second rink contest, North vs. South, has been postponed until next week, several of the teams being unable to get out this week. Notwithstanding that they are 9 points down "Brooklyn" still expects to win out.

The Milverton Sta. came out last week enlarged to a six-column paper. That spry up-to-date journal is a living example of what a local paper can become when well backed up by advertisements from the town's business men.

EARLY CLOSING.—A change in the hour of closing has been adopted by the business men of Wellesley. For some months past the stores have closed at 7 p. m., but this hour has now been changed to 8 o'clock. No particular reason is given for this move other than it is the habit of years to keep open later during the winter months.

Reiner Bros. & Co. are putting a very large modern heating system in to cover the whole of their factory and store buildings. The new plant was purchased from the McEachern Heating & Ventilating Co., Galt, and will cost, when installed, between \$1200 and \$1500. A large heating coil of 2000 linear feet capacity and fan will be placed near the engine room which will force hot air from the steam to all parts of the north factory. An underground cement double tunnel is now being laid across the street through which heat is to be forced and carried to the three first-floor departments of the big store, as well as to the offices and second story departments. Another branch of pipes will carry heat throughout the large siderdown and knitting factories. The plant is built on the most scientific principles, throwing an even heat and keeping a perfect, even ventilation for the more than one hundred employes of this busy hive. Notwithstanding its heavy cost the firm expects to save its price, in fuel and insurance, within a short term of years, while, with their splendid acetylene plant, they will have one of the very best heated and lighted factories in the Dominion.

Mrs. L. Becker and children, of Preston, is visiting at the home of her father, Mr. Chas. Koehler, in this village.

A thanksgiving and missionary service was held in the Can. Lutheran Church here on Sunday morning last. Pastors from Tavistock, Wiarton, and New Hamburg assisted Rev. Mr. Holm in the impressive services.

Messrs. Reiner and West have returned from their trip to the World's Fair at St. Louis last Friday. They express themselves as delighted with the great show. They spent a day each in Chicago and St. Louis while away.

Mr. John Thompson's fine new residence, a short distance west of the village, is rapidly being completed. By the way, Mr. Thompson is keeping up his reputation for raising high grade draught horses. He took three colts and a mare direct from the field to the show here last week and with them captured two 1sts, a second and a third prize. All these horses were bred and raised on the farm.

The death took place on Friday, Sept. 9, at Michawaka, Ind., of Mrs. Wm. Loyce, a former resident of Wellesley Village. The deceased was born in Rhenish, Bavaria, Germany, in August, 1826. In 1846 she emigrated with her husband to New York, where they resided nearly 10 years. In 1859 they came to Wellesley village, Waterloo Co. Here they lived over 45 years, after which they moved to St. Clements. At the close of 1902 they sold out and went to Michawaka, where nearly all their children are residing. She leaves a sorrowing husband, 84 years old, 5 sons, 6 daughters, 45 grandchildren, and 11 great grandchildren.—Berlin News Record.

DEATH OF MRS. BIVOUR.

The critical illness of Mrs. Bivour, the aged widow of the late August Bivour, as reported in the Maple Leaf last week, culminated in her death on Friday evening. She had been on a visit to her daughter at Petersburg when taken with her last illness. Notwithstanding her advanced age—80 years—she was in rugged health until the last few months when her system gradually succumbed until the end came. Mrs. Bivour was born in Germany where she was married in 1847. The young couple emigrated at once, landing in New York, where they remained for a time, then moved to Waterloo County, living near Berlin and afterwards at Baden. About the year 1864 they came to Wellesley, settling on the homestead, now occupied by Mr. Chas. Poomer, on the Third line, where she has lived ever since, and where her husband died twelve years ago. She was held in the highest esteem by all who knew her. Eight children were born to this couple, five of whom are dead, the living ones being Mrs. Henry Knipfer, Petersburg; Mrs. Poomer, on the homestead, and Fred Bivour, of this village. The funeral occurred from Mr. Bivour's residence on Tuesday afternoon, the remains being interred in the Miss. Lutheran cemetery in the presence of a large gathering. The pall bearers were chosen from amongst those who had known her in the early days. Rev. Mr. Locher, her pastor, conducted the impressive funeral services after the interment, having returned home on account of her death, from Ottawa, where he was in attendance upon a Synod meeting.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It lays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It outspends any remedy of a cold or cough in pneumonia. For sale by A. J. Saunders, druggist, Wellesley.
