Mr. and Mrs. R. Y. Fish were absent a week in Elmisdale.

Mr. Wm. Carnochan when starting off with a sewing machine from his home met with a serious and what might have been a very painful accident. The horse started off very quickly and before it could be stopped, had upset the load and Mr. Carnochan into the deep ditch in front of his house. Mr. Carnochan had one leg injured so badly that he was confined to the house for some days. The only other damage done was to the sewing machine which was partly broken.

A number from here attended the funeral of Mr. H. Fleming at Millbank on Saturday last.
Mr. and Mrs. Henry Hawke and their daughter Miss Isabella, of Newton, were the guests of Miss A. Harrow, King St., last Saturday.

Mrs. N. Harris spent last week visiting friends in Glenallan.

WEDDING BELLS.—Our popular young blacksmith, Mr. Levi Frey was married to Miss Susannah Brubaker, of St. Jacobs, on Sunday, Nov. 13 at the home of the bride's parents, Mr. and Mrs. Henry Brubaker, recently of Baden. Mr. and Mrs. Frey will take possession of their new home this week. Congratulations.

HAMPSTEAD.

Elections are over, political talk is gradually disappearing from the columns of the press and its place is being supplanted by news items.
"Listen to the hum"—of the threshing machine, the prolongation of which is of more moment than the hum of factory wheels however essential the latter. So thinks farmer Cornstassel, and he thinks that if visible forms of government take so much credit for good times in extant, we shall soon have to revolutionize our ideas of nature.
Rev. A. Edington has returned from a week's visit "up north" and occupied his pulpit here Sunday.

The congregation of the Presbyterian Church have decided to install an organ. We are sorry to abandon the time-honored custom of being led in the singing by a precursor. But we are told that now ideas are the better, even if they are only just as good as the old.

Miss Myrtle McMillan accompanied by her friend Miss Tonten, of Stratford, spent Sunday under the parental roof.
A number of our progressive farmers are having cementa floors placed in their stables. The Smith Bros. have the monopoly of the job and are doing excellent work.
The students attending school at Stratford were home on their weekly visit.
Miss M. McLaren is visiting friends in Ayr.
The many friends of Mr. Edward Smith will be pleased to know that he is recovered from his recent severe illness sufficiently to go around again.

The present staff in our public school has been re-engaged for 1905. A first class reference library is to be installed in the school, a step in the right direction, and our trustees are to be lauded for their liberality and good judgement.
Service will be held in the Presbyterian Church here on Thanksgiving Day at 2 o'clock, p. m. A meeting in the interests of the Sunday School will be held after the service.

EDITORIAL NOTES.

To-day is Thanksgiving day. All Canada has reason to rejoice and be grateful for the plenteousness and prosperity of the past year. There may have been years when the grain yield was more prolific, yet plenty abundant and big strides towards material advancement have been made in agriculture. Manufacture, too, has made marked progress during the year and the consequent growth of urban communities has been very gratifying. Peace, Plenty, Progress and Prosperity are the gifts with which the Almighty has again crowned the efforts of Canada to make itself the leader in all that pertains to modern Christian civilization. There is no country on the globe that has a more generous people or so few in need today; and no nation so quick to appreciate from whence its help cometh or so determined to express its gratitude by living worthy of its crown.

Quebec and Prince Edward Island will hold Provincial elections in December.

There is a street rumor current here to the effect that Mr. L. Peine, of New Hamburg, will be invited to be the Conservative candidate in South Waterloo in the next Provincial election. Mr. Peine, desiring to retire, Mr. Peine would be a strong standard-bearer and a able representative, but the rumor may have its birth only in the wish of his numerous friends.

Scarcely was the ink dry on last week's issue of this Giant Local Paper which advised Whitney to call a convention and build a platform when the Globe came to hand with the announcement that Ross was calling his cohorts together on Nov. 20th for that purpose. We suspect that some of our local Grit friends saw our editorial in the office before the Leaf went to press and wired Ross so as to head off our deep plot to defeat him. This looks the more likely from the fact that the World did not announce the Tory convention until the Maple Leaf reached Toronto on Friday. It's all right, however; both parties are welcome to steal pointers from our mighty editorials.

The Globe's editorials of late indicate that the next Ontario election appeal will be based on some sort of proposed tem, oranco legislation, the exact nature of which is not yet disclosed. If it can be worded delicately enough to suit both factions on the liquor question, there will certainly be at least one live issue before the people.

During the summer just passed an unusually large amount of wire fencing has been done along the roads of this section, the benefits of which will be noticeable by those who travel when the deep snow season is on. But there are still many strips where the change is badly needed. If the municipal councils would take a trip of inspection and arrange with the farmers to have the more objectionable rail fence laid down for the winter months so that the drifts and p holes would not form, the convenience would be so great that the cost for doing this work would neither be felt or objected to by the ratepayers. A little enterprise in this direction just now would save immense trouble a little later on, and the experiment is well worth trying.

If a horse or a vehicle is damaged by a defective culvert or a piece of road in summer time the owner

has means of obtaining legal redress from the council without delay. But if his load upsets in a snow-drift in the winter time so that his rig and horse are both damaged the loss is charged up to "bad luck" or "Providence." Why should property not be considered as valuable and as sacred in winter as in summer? What is the real difference between the council's liability for a rain washout or a snow-block? There should be protection in winter as well as in summer.

What's the Price To-Day?

The farmer who already knows the market prices for grain and produce need fear no combination of buyers when he goes to market.

How often the buyers "get together" on prices every farmer knows.

How often has a farmer sold his grain in one town for a couple of cents less than the buyers were paying in a neighboring market?

It pays to keep posted on the markets.

The **Toronto Daily Star** has the best market reports of any city paper. It has men who do nothing else but study the markets—who give it all their time and attention, and you can get all this information in the **Star** every weekday for a year and your own local paper as well for \$2.20.

If you save a cent a bushel on only two loads of grain by knowing the prices it will about pay the price, won't it? Besides think of being in touch with the world's news every day.

Several of our young people have already enjoyed their first skate of the season, the ice on the back pond having been strong enough for that purpose early in the week, though very thin.
Mr. Jas. McDonald, of the village, has been able to settle his suit against the city of Toronto out of court, having been awarded \$500.00 damages. The case arose out of injuries he received a few days after the great Toronto Fire last Summer. He was walking along one of the streets in the burned district when workmen exploded a charge of dynamite in one of the standing walls and a piece of debris struck Mr. McDonald in the side, nearly killing him. The case was one where the city was clearly responsible, and considering his illness and consequent expense it is generally thought that Toronto got off very cheap. Mr. McDonald's many friends will be glad to know that he is about fully recovered from his danger as accident.
Herb W. Edwards Injured.
Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knee. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by A. J. Saunders, Drug-gist, Wellesley.
