EDITORIAL NOTES.

Now for the protests!

For the past three weeks there have been an average of four hundred political meetings per night held in Ontario. Taking the average attendance of one hundred electors present at each meeting six evenings a week, with an average of three speakers to a meeting, that would mean that 7300 meetings were held during the campaign, attended by 730,000 electors, who were addressed by 21,600 speakers. Allowing each meeting two hours would equal one continuous meeting of nearly a year and three-quarters in length without stopping for meals or sleep, or even to take an allusion to "Booth." Then add to this the time given to writing and reading editorials, campaign literature, etc. Whew! One is almost afraid to go into a further analysis or to think of the overtime work the Recording Angel's clerks must have been putting in to keep up with the rush. If what a speaker said at the Wellcley meeting the other night about "clap-trap and blow" was true. At all events the electors have had a reasonable opportunity to post themselves before voting, and the above figures indicate that they took full advantage of it. The election returns show which side got the best of the gabfest.

The shameful massacre in St. Petersburg on Sunday last has thrilled the world with horror. A gathering of one hundred thousand workmen with their families were marching in a body to present a peaceful petition to the Czar asking for shorter hours and better pay when they were ruthlessly fired upon by the police and soldiery. Between two and three thousand men, women and children were killed outright while twice as many more were wounded. Russia is ablaze with fury, but the people are comparatively unarmed while the flower of the Czar's armlet to the teeth, are apparently eager for more bloodshed. This latest phase of affairs in Russia is of vastly more interest to the world than the outcome of the war with Japan, for it involves the anatomy of the Slav empire and an entirely new relationship with the nations of Europe. If the people gain outside recognition a complete change will be effected, and for the better, in Russia's government, although the lack of education in the lower classes of that country would retard the progress towards a happier condition of the people somewhat.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard, of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never again troubled with any all time pain, and can walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by A. J. Saunders, druggist, Wellsoley.

HELP FOR THE FARMERS—The Salvation Army is bringing out a large number of emigrants to work on farms, early in the Spring, both married and single. These are a desirable class of men and, farmers and others wanting help during this next season would do well to communicate with Brigadier Rowell 20 Albert St., Toronto, who will supply necessary information application forms, etc. Fares paid from Toronto to farmers addresses by the Government.

**Chamberlain's Cough Remedy the
Best Made.**

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Porterville, California. "There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant to take. These are good reasons why it should be preferred to any other. The fact is that few people are afflicted with any other after having once used this remedy. For sale by A. J. Saunders, druggist, Wellsley."

In Touch with the World

Covering the earth like a spider's web the cable winds its sinuous way under seas, over mountains and plains, across continents to every country and clime on the globe.

So when King Edward opens Parliament, or Emperor William leads the band, when the Mad Mullah breaks out, or a volcano in the East Indies does the same, when South Africa seethes in war or Venezuela defies the powers, when rain breaks the Australian drouth or the plague breaks out in India, when the Empress of China suppresses the Boxers or Japan negotiates a loan,

—the news is instantly flashed around the globe, across oceans and continents right into the **Toronto Daily Star** office. The **Star's** direct special cable service is better than any other paper's in Ontario.

And you get all this cable news along with your own local paper for \$2.20. Think of it—a single word sent to you personally might cost more than the price of the Star, with its hundreds of columns of cable news, for a whole year.

Subscribe direct to the **Star** or through the office of this paper. Both the **Daily Star** and this paper for \$2.20 for a year.

Referee, O. Greenwood.

A syndicate is being formed in the village to erect a tenement terrace to comprise eight or ten dwellings, each to have bath room, water pressure and in fact to be on the most modern plan. Arrangements are about completed to commence the building in the early spring. The rapid growth of the village the past couple of years has made some move towards supplying buildings imperative.

If Wellesley intends holding a Queen's Birthday or other demonstration during the coming summer the winter season is none too early to start the organizing preliminaries. An athletic association to take charge of the village sports would give a much needed impetus to our local hockey, foot-ball, etc., which has suffered for years on account of a lack of proper management, such as an athletic association could furnish.

The annual meeting of the North Easthope Agricultural Society was held at Amulree on Jan. 11th. The auditors' report was read and adopted and the following officers elected:

Contracted Chronic Diarrhoea While in the Philippines.

"While with the U. S. Army in the Philippines, I contracted chronic diarrhoea. I suffered severely from this terrible disease for over three years and tried the prescriptions of numerous physicians, but found nothing that did me any good until I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, two small bottles of which entirely cured me and I have since had no return of the disease."

Careful
WITH YOUR
WATCH

No wonder the possessor of a good watch is so careful into whose hands he leaves it for repair when it fails to work. Many a good watch is left in bad hands, and is spoiled by incompetent or careless repairing.

Does your watch need attention? Don't run the risk of having it spoiled. We do thorough watch repairing.

THE HOSPITAL FOR SICK CHILDREN

For It Cares for Every Sick Child in Ontario whose Parents Cannot Afford to Pay For Treatment.

The Hospital for Sick Children, College Street, Toronto, appeals to the fathers and mothers of Ontario for funds to maintain the thousand sick children that it cares within its walls every year.

"GOOD DAY, MOTHER."

Since its foundation the Hospital has treated 10,371 children—about 1,500 of these were unable to pay and were treated free. Every dollar may be the result of your kind thoughts into the Hospital kind deeds.

Everybody's dollar may be the Friend in Need to Somebody's child.

Let the money of the strong be mercy to the weak. The Hospital pays out dividends of health and happiness to suffering children at every dollar that is paid by the friends of little children.

If you know of any sick child in your neighborhood who is sick or crippled or has lost one of his limbs, let the person's name to the Hospital.

"MOTHER, KNITTING."

See the example of what can be done for sick-foot children. There were 16 like ones last year and hundreds in 26 years.

"MOTHER, KNITTING."

Please send contributions to J. Ross Robertson, Chairman, or to Douglas Davidson, Sec. Treas., of The Hospital for Sick Children, College Street, Toronto.
