Seeding is now about finished. There was good weather during this annual rush of work, although a little cool.

Mr. and Mrs. R. Axt were called to Berlin last Wednesday by the death of her aunt, Mrs. Doering.

Mrs. H. Levagood is still somewhat ill, and she will possibly go to the hospital for treatment.

Mr. and Mrs. L. Schmidt and Mr. and Mrs. H. Cook attended the funeral of Mrs. Doering in Berlin on Saturday.

A Good Suggestion.

Mr. C. B. Wainwright, of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drunk. That when taken in this way the effect is double in rapidity. "It seems to get at the spot instantly," he says. For sale by A. J. Saunders, druggist, Wellesley.

WELLESLEY COUNCIL.

The municipal council of the township of Wellesley met at the township hall, Crossbill, at 10 a. m., on Monday, May 1st. All the members were present, the reeve in the chair.

Minutes of previous meeting read and adopted.

Communications, bills and accounts were received, and after being read it was moved by A. P. Dammeier, seconded by A. Heipel that the sum of \$15 be paid to L. Meyer as part payment on lumber account and that the reeve issue order for same.—Carried.

C. D. Bowman, engineer for this municipality, asked this Board to extend the time for having his report re the GeoBrenner drain ready six months on account of the snow, water, etc., during last fall and winter. In accordance with the Drainage Act it was moved by H. N. Ruehn, seconded by A. Heipel, that the time for the completion of the reports re the Geo Brenner drain by the township engineer be extended six months.—Carried.

Several cases of sheep being killed by a dog or dogs were investigated thoroughly and after receiving satisfactory evidence, it was moved by J. B. Lichty, seconded by A. P. Dammeier, that the sum of \$5 be paid to J. Dechert for 1 sheep, \$10 to Jas Kennedy for 2 sheep, and \$30 to Jas Ogram for 6 sheep as compensation for sheep killed by a dog or dogs, and that the reeve issue his orders accordingly.—Carried.

It was then moved by H. N. Ruehn seconded by A. Heipel, that the municipal council of the township of Wellesley desire to have inserted into the municipal books the sincere regret of this Board at the retirement of Ferdinand Walter from municipal affairs in this county on account of his having accepted the office of License Inspector for this riding. Mr. Walter has taken an active part and deep interest in the welfare of both township and county for over forty years. He was reeve of this township until the set of parliament separated the

county and township councils, at which time he became a member of the board of county councillors by acclamation and he has very ably accomplished the duties of that office up to the present time. We therefore extend to Mr. Walter, who has been such a faithful public servant, our hearty appreciation and wish him like success in his present occupation.—Carried.

Whereupon it was moved by J. B. Lichty sec by A. P. Dammeier that all people of this Municipality, with whom the assessors left schedules to fill in their income derived from money out on interest during the year 1904 are requested to forthwith send them, properly filled in, to the clerk to avoid any inconvenience regarding the law.—Carried.

It was finally moved by H. N. Ruehn sec by J. B. Lichty that this council do now adjourn to meet again the first Monday in June at the Township Hall, Crossbill at 10 o'clock a. m. Court of Revision to be held on same day at 1 o'clock p. m.—Carried.

Why Suffer from Rheumatism?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after a while the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by A. J. Saunders, druggist, Wellesley.

A Remarkable Grain Exhibit.

Canada's wonderful exhibit in the Palace of Agriculture at the World's Fair a revolution, says a St. Louis correspondent, to anyone who may have had an idea that the great north country was one of cold and ice always. No sections in Uncle Sam's galaxy States display finer specimens of the result of the husbandman's industry and no land shows a greater variety of products than does the great country that adjoins the United States on the north. Canada has a space of 10,000 square feet in the Exposition's mammoth Palace of Agriculture—a structure that covers an area of twenty-three acres and contains all that is edible from all lands. A replica of a historic structure forms the centrepiece of this notable exhibit. One of the landmarks of the public buildings in the Dominion is the Library of Parliament at Ottawa. The dome of this building, reproduced on a smaller scale, is one of the most commanding objects in the big building. It is an octagon, thirty-four feet across, and its top extends sixty feet upward and brushes the rafters of the Agricultural Palace. Its frame is of pine, and the surface that shows is covered with glowing red burlap. Artistically fastened to this background are the grains and grasses of Canada—more than 3,000 specimens being shown in charming array. Great buttresses are built up of millet, a forage plant; bromo grass, a fodder crop grown extensively in Canada and which appears shortly after the snow leaves the ground; wheat, oats, clover, blue grass and hundreds of other choice specimens. Corn, used so much in the United States, is not shown in the States, finds no place in this display. The eight arches in the octagon afford a conspicuous place for six paintings, depicting the five stock industry of the great country to the north. The pictures are works of art, and their great size makes the scene very life-like. The windows under the pointed arches are filled with bottles of threshed grain.

EDITORIAL NOTES.

Ontario has been suffering for the past few years with an epidemic known as the "house famine." Many villages, towns and cities have got the trouble which has reached an acute stage in Wellesley. It is caused by a desire for urban life consequent upon the long season of national prosperity. Its cure is much retarded by the instability of the Dominion fiscal policy. There is plenty of money to build houses with, and plenty of people desire to invest in that kind of speculation if only there was a reasonable assurance that the investment would continue profitable for a long enough term of years. The value of building materials has rapidly increased of late years so that buildings cost much more than formerly, while the rental or selling value fluctuates with the prosperity or depression of the times. As soon as a house is built it becomes the lawful prey of the assessor, the insurance company, the wear-and-tear germ, the fiscal law, the fastidious tenant and the rent-dodger, so that the capitalist hesitates to withdraw his money from a 5 per cent safe loan to the doubtful allotments of a tenement investment. As a consequence the house-hunter is much in evidence and the epidemic goes on.

It would greatly relieve the house famine situation if esteemed Maple Leaf subscribers such as Messrs. Carnegie, Rockefeller, et al, who are making multi-million gifts these days, would arrange that the bequests should be invested in residence buildings in Ontario, and sold reasonably to occupants, the proceeds to be applied to the object for which the original bequests were intended. This would be true philanthropy and could be easily worked, and house-hunters would at once start an avalanche of much-needed prayers for the philanthropists towards the pearly gates. We give this valuable information in free with the subscription price of this giant home paper.

The proposition recently made to have the exact meaning of the school clauses of the Autonomy Bills now before the Dominion parliament made perfectly clear to all is the most sensible which has come up in the discussion. The clauses are not at all clear at present. Protestant Canada should willingly give justice to our Roman Catholic brothers, but should be just as anxious to see to it that the new Provinces get the very best educational facilities. A clear exposition of what these school clauses really mean would either stop the present prolonged discussion or cause such an uprising as would prevent the Bill from passing. The people, of all creeds, are willing for a fair adjustment, but no church should get an advantage at the expense of the Nation's education. The Nation's duty is to educate the young; it should have nothing to do with religious orthodoxy.

Russia is undertaking the immense work of building a canal from the Black Sea to the Baltic for the purpose of giving her Black Sea fleet an egress. The construction will require six years for its completion.

The big railway meeting at Stratford on Friday evening was evidently productive of results for a by-law is to be submitted asking the ratepayers to grant \$30,000 to purchase a right of way for the entrance of the C. P. R. into that city. The plan involves a steam railroad, however, which is not so pleasing to the public outside of the city.

According to the Stratford Herald's reports of the recent railway meetings in that city some of the speakers need enlightenment both in geography and in electricity. The impression seems to be that their new railway will connect with the Guelph-Goderich railway at "Conestoga village," (a pretty little place, but fully four miles south of the G. & G.) One gentleman asked President Leonard if they intended to use "heavy electric traction engines!" or to use over-head wire trolley power. No wonder Stratford decided on a steam road. But a visit of inspection to the Preston-Berlin road might have shown that an electric railway could do all for Stratford (and do it better and cheaper) that they can hope to get from a steam road.

Chamberlain's Cough Remedy, the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. E. Chubb, a merchant of Harlan, Mich. There is no question also its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by A. J. Saunders, druggist, Wellesley.

MORE MILK

The cow for the dairyman is the one that can make the most profit in milk, butter, or cheese for the food consumer. A large number of cows are kept for dairy purposes that don't yield sufficient milk to pay for their keep. They consume as much as profitable ones and require as much time and care in their milking. Als: many a good "Milkmaid" has gone to the butchers block owing to improper care and feeding. Many of the milk producing qualities of the feed are lost owing to improper digestion and assimilation. This can be overcome by the addition of Clydesdale Stock Food to the ordinary feed as it puts the stomach in such shape as to help her to digest and assimilate her food, besides enabling her to eat more of it, as it is made more appetizing. This makes her capable of secreting more milk, and, in many instances, richer milk. If it could be demonstrated that more bushels of wheat could be grown on a piece of ground than ordinarily, and without injury to the land, in fact improving it, and at an extra profit, wouldn't you take up the proposition. Clydesdale Stock Food will add to the milk production, and with extra profit, and without injury to the "Milkmaid," because it gives a tone and sleekness to the animal that cannot otherwise be had. The use of Clydesdale Carboline Antiseptic will keep the stables in a healthy condition ensuring healthier milk. If after using the above, you find you are not satisfied, your money will be heartily refunded by our dealer. Clydesdale Stock Food is sold in your district by:

In Touch with the World

Covering the earth like a spider's web the cable winds its sinuous way under seas, over mountains and plains, across continents to every country and clime on the globe.

So when King Edward opens Parliament, or Emperor William leads the band, when the Mad Mullah breaks out, or a volcano in the East Indies does the same, when South Africa seethes in war or Venezuela defies the powers, when rain breaks the Australian drouth or the plagus breaks out in India, when the Empress of China suppresses the Boxers or Japan negotiates a loan, —the news is instantly flashed around the globe, across oceans and continents right into the Toronto Daily Star office. The Star's direct special cable service is better than any other paper's in Ontario.

And you get all this cable news along with your own local paper for \$2.20. Think of it—a single word sent to you personally might cost more than the price of the Star, with its hundreds of columns of cable news, for a whole year.

Subscribe direct to the Star or through the office of this paper. Both the Daily Star and this paper for \$2.20 for a year.

The by-law voted on to loan the Dennis Co. \$15,000 for twenty years was defeated in Berlin last Monday, and there is consequent sorrow in the county town.

Messrs. Mike and Menno Erb and C. R. Gingerich are each getting ready to erect new residences in the village, and it is expected that Ratz, Fleischhauer & Co. will erect two or three during the coming summer.

The tennis club has its ground in an excellent condition and some good games have already been enjoyed. It is reported that a tennis league, to comprise Twistock, Stratford, New Hamburg and Wellesley, will shortly be organized.

Mr. Ed. Klein, who has been visiting at his parents' home here for some time past, left yesterday for Toronto to resume his duties in the Eaton departmental store. He will shortly go to Winnipeg to take a place in the branch house which that firm is establishing there. Ed is a popular Wellesley boy and his place in local sporting matters will be hard to fill.

The Reilhofer Alpine Yodlers were greeted with a packed house last Monday evening and their performance sustained the high reputation this troupe holds here. Their present Canadian trip consists of a few stands in Waterloo county this week when they go to Kansas city to commence a long western campaign. Next spring they will make an extended trip through Ontario which will take the nature of a farewell as Mr. Reilhofer intends to retire from the stage. A handsome sum was netted by the Public Library by the entertainment.

An exchange has the following: "Times are hard, money is scarce, business is dull, retrenchment is a duty. Please stop my—'whisky'?" "Oh, no, times are not bad enough for that. But there is something else that costs me a large amount of money every year which I wish to save. Please stop my—" "Tobacco, cigars and snuff?" "No, no, not these, but I must retrench somewhere. Please stop my—" "Ribbons, jewels, ornaments and trinkets?" "Not at all; pride must be fostered if times are ever so hard. But I believe I can see a way to effect quite a saving in another direction. Please stop my—" "Tea, coffee and needless expensive luxuries?" "No, no, not these; I cannot think of such a sacrifice. Ah, I have it now! My home paper costs me two cents a week. I must save that. Please stop my—paper. I believe in retrenchment and economy."

Mr. W. J. Beggs, of Linwood, was a business caller in town yesterday.

It is time the brass band was waking up. We have a splendid band here—but it's asleep.

The regular meeting of the Women's Institute will be held next Thursday, May 11th, at the usual place. A good program is expected.

The gratifying annual statement of the Western Bank of Canada has just been issued and copies may be obtained at the office of the local branch.

The Court for revising the assessment roll of the township of Wellesley will be held at the township hall, Crosshill, on Monday, June 5, see adv. in this issue. There will likely be a hustling day's work before this year's Court.

"Back-ache," explained our local linguist expert "is an Indian word, and I don't know what it means." "Well," said a by-stander, "if you had been digging garden like I have since four o'clock this morning you would know what it means, and you'd pronounce it back-ache."

Spring seeding is about finished. The land is reported in excellent condition for working, and the weather, though a little cool, did not prevent a lot of hard work from being done on the farms the past week or so. The season is somewhat earlier than last year.

Rev. Mr. Eby, pastor of the Evangelical church, preached his farewell sermons here on Sunday last, the conference having moved him to Hamilton. During his three years sojourn on this circuit he has endeared himself to all, and the best wishes are extended for the prosperity of himself and family in their new field. Rev. Mr. Eidt has been appointed as Rev. Mr. Eby's successor here.

On Tuesday Mr. Henry Heimpel moved his family onto the Zehr farm near New Prussia which he purchased last week. Mr. and Mrs. Heimpel have lived here many years and their large circle of friends wish them every prosperity in their new home. Mr. Zehr, who is retiring from farming, moved into the Heimpel residence on the same day and will be a welcome addition to Wellesley's population.

Wellesley section has been watching Stratford's action with regards to the C. P. R. with much interest lately. While the hope has been freely expressed that the city would accept the electric proposition there is no opposition to the steam road, and Stratford is being warmly praised on all sides for the prompt manner in which the decision was reached. Mr. Shanagnessy, President of the C. P. R., has sailed from Europe, and immediately upon his arrival the final arrangements are, we understand, to be made.

A Good Family Liniment.
 Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, scalds and similar injuries, which are of frequent occurrence, there is nothing so good. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood-poisoning is avoided. Sold by A. J. Saunders, druggist, Wellesley.

Will You Help?

THE HOSPITAL FOR SICK CHILDREN

For it Cares for Every Sick Child in Ontario whose Parents Cannot Afford to Pay For Treatment.

The Hospital for Sick Children, College Street, Toronto, appeals to the fathers and mothers of Ontario for funds to maintain the thousand sick children that it nurses within its walls every year.

"GOOD DAY, DOCTOR."

Since its foundation the Hospital has treated 16,371 children—a boat 7,600 of these were unable to pay and were treated free. Every dollar may be the transfer of your kind thoughts into the Hospital kind deeds.

Everybody's dollar may be the friend in need to somebody's child.

Let the money of the strong be mercy to the weak. The Hospital pays out dividends of health and happiness to suffering childhood on every dollar that is paid by the friends of little children.

"MOMMY'S KISSING"

See the example of what can be done for club-foot children. There were 14 like cases last year and hundreds in 23 years.

"MOMMY'S KISSING"

Please send contributions to J. Bom Robertson, Chairman, or to Douglas Davidson, Sec. Treas. of The Hospital for Sick Children, College Street, Toronto.

The Hospital is not a local institution—but Provincial. The sick child from any place in Ontario who can't afford to pay has the same privileges as the child living in Toronto and is treated free. The Hospital had last year in its beds and cots 761 patients, 287 of these were from 196 places outside of Toronto. The cost is 93 cents per patient per day, and there were 123 sick little ones a day in the Hospital.
