SUNDAY SCHOOL CONVENTION.
The eighteenth annual convention of the Wellesley Sabbath School Association met in Boyd church, Crosshill, on Friday, June 11th. Owing to the downpour of rain the first session was delayed about one hour. The church was well filled at both sessions. Linwood and the Third Line were well represented, a small attendance from Hawkesville and none from Wellesley, suffice it to say that those who absent themselves on this occasion missed one of the greatest treats of the season. The Convention was a decided success in every way. In the absence of the President the Vice President, Miss Crowe, occupied the chair very acceptably to those present. Every speaker on the program was present during both sessions. Perhaps this is unprecedented in the history of the Association.

The officers for the ensuing year were elected as follows:
President—J. C. Shulley, Hawkesville.
Vice Pres.—By Kolly, Soc.—J. B. Hamilton.
Treas.—Mr. Rae, 13th Line.
Visiting Com.—Superintendants of Township.
Mr. R. B. Hamilton taught the Bible lesson taking the convention as his class from which he drew many questions and answers and acquitted himself in a very creditable manner.
Mr. F. B. Edmunds is a good speaker and gave a capital address on the General Management of the School.
Miss Peteh, of Crosshill, addressed the children, and had the older ones heard nothing else in the afternoon but this address they would have been well repaid for coming. She has marked ability in the simple presentation of the truth.
In the evening the Rev. Messrs. Carter, of Linwood, Baig, of Millbank, and Cameron, of North Mornington, gave three capital addresses which were listened to with deep interest.
The Musical Director, Mr. Gavin Barbour, was congratulated on every hand upon the musical part of the program.
The choir sang beautifully, while a duet, "Am I Coming," rendered by Miss Webster and Mr. Barbour and a solo "The City Eternal," by Mr. Barbour, were deserving of special praise. Miss Addie Cook played the accompaniment in her usual good style. Miss Hastings had the church beautifully decorated with flowers.
A hearty vote of thanks was tendered to the people of Crosshill for the manner in which they entertained the friends from a distance and the convention closed with the doxology.

WILMOT COUNCIL.
The May meeting, was held on the 26th. Members all present, were in the chair. Minutes of preceding meeting read and adopted.
A petition signed by Rev. H. Ayms and 44 others, praying that cement sufficient to build 200 feet of sidewalk in front of the P. C. church and parsonage at St. Agatha be granted was received, and on motion of S. Cassel and J. T. Otto the prayer was granted.
Council then organized as Court of Revision and the following appeals were disposed of: A Bechtel complained that he was assessed twice for business purposes; not allowed. Simon Dorst, that he was assessed too high; reduced \$200. Conrad Menges and S. S. Shartz, against business tax; allowed. Eli Biogeman asked to have H. Madhor

assessed for his farm, having sold to him; Allowed. Michael B. Zehr having sold to H. Heimpel wanted him assessed for the farm; allowed. Nathaniel B. Cassel having bought J. Perrin's 3 acres asked to be assessed for same; allowed. Noah Bean appealed to be assessed for \$200 income; allowed. Conrad Habel's assessment was reduced \$660. H. Kurts assessment reduced \$200. W. Brandt to be assessed for Chris G. Erb's Erb's land. Geo. Bechtel, Simon Baer, P. L. Roth, John Snyder and Isaac Brighton each had 1 dog struck off. The assessment roll as amended was then accepted.
On motion of Messrs Otto and Berg the tender of the Jas. Vance Co. to build superstructures for five small iron bridges, and of Frasar & Eichler to build substructures for the same were accepted.
Accounts passed:
R. N. Kerr, assessor, tak'g census and at d'g' c't of rev. \$92.44
J. Lorenz, ditto 98.29
L. F. Dietrich, ditto 92.10

HAMPSTEAD.
Messrs. Jacob Hurst and George Smith were visiting Mrs. Englehart Stueck, sr., last Friday. Mrs. Stueck is growing very feeble and is wasting slowly away although suffering but little. The old lady is now under the care of her daughter-in-law, Mrs. Geo. Stueck, who is doing everything possible for her.

AMULREE.
Mr. Jacob Wetlaufer traded his light pony for a heavy Clydesdale. If horseless was valued by weight Mr. W. would have the best of the bargain.
Mrs. Wm. Cook had a successful quilting last Monday. Many guests were invited.
Some from this vicinity attended the Lutheran conference meeting at Sebastopol last week.
Some of our young people are invited to attend the picnic in Mogg's bush, 15th line, East Zorra, next Saturday.

CROSSHILL.
JUNE WEDDING.—The home of Mrs. George Patsch was the scene of a happy event last Wednesday afternoon when her second daughter, Miss Ada, was united in marriage to Mr. J. L. Hammond, of this place. At four o'clock the bride entered the parlor leaning on the arm of her youngest brother, Elton, of Toronto, followed by her little niece, Miss Vivian Peteh, of Berlin, who made a picturesque flower-girl robed in white silk organically and carrying a beautiful basket of white flowers. The bride's dress was shot lustre with cream over-lace and silk trimmings. Rev. Haig, of Millbank, securely tied the nuptial knot. After congratulations the company of about thirty immediate friends and relatives sat down to a sumptuous spread. In the evening a delightful time was spent in music, games and dancing by about fifty young people. The numerous beautiful presents showed the high esteem in which the bride was held. We extend best wishes to the happy couple.

Messrs. A. Framo and I. Sandler attended camp meeting in Berlin on Sunday.
Mr. Edmunds and Miss Goetz, of Linwood, spent Sunday at Mr. E. Wreids.
Mr. W. Campbell took in the excursion to Detroit on Saturday.
Miss Lydia Shantz, of Plattsville, spent Sunday under the parental roof.
Mr. and Mrs. J. Schweitzer visited friends near Stratford on Monday.
Miss Vera Framo spent Sunday with her aunt, Mrs. A. Heipel, near Ganungberg.

HAWKESVILLE.
Mr. Bunnio Ballard, of Toronto, spent Sunday under the parental roof.
Mr. Joe Peterson visited his brother, Mr. Wm. Peterson, last week.
Mr. and Mrs. McCollum returned Tuesday after spending a week in Hamilton.
A few from here attended the Macton picnic on Saturday.
Mr. Clayton Peterson, of Paris, is at home for a while.
Mr. and Mrs. T. Cunningham, spent Saturday and Sunday in Listowel.
Messrs. Ed. Winn, Will Lachner, and Norman Wilkinson spent Sunday in Elmira.
Mr. Harry Gouch and Mr. Musselman, of Elmira, spent Sunday at Mr. Cunningham's.
Mr. and Mrs. M. Winn and family spent Sunday in Gorrey at Mr. McTavish's.

Miss Sylvia Shelly took in the Niagara Falls excursion from Berlin.

LINWOOD.
Mr. W. O. Bundy and Mrs. John Bundy, and Miss Violet Dierham, of Petrosky, left on Monday for Barrie to attend the wedding of Mrs. Bundy's niece.
Miss A. Moran, Mrs. D. McKay and several other people from Linwood took in the excursion to the Model Farm on Monday.
Mrs. R. J. Kerr spent part of last week in Detroit.
Mr. R. J. Kerr went to Guelph on Monday on the excursion to the Model Farm.
A. S. Kennis spent Sunday in Hawkesville.
Messrs. A. S. Rennie and W. O. Bundy took in the North Mornington garden party on Thursday night.
The T. Ruggie Co. are now making big clearing reductions in their Millinery Department and are certainly doing a rushing business for this time of the year.

FOUND.—On April 26th, on the road just east of the village, a ladies' fur collar. The owner can recover it by calling at my place.

EDITORIAL NOTES.

Stratford Council and Board of Trade have nearly reached a settlement with the C. P. R. as to amount of bonus and terms of entry into the city for a steam road. It is among the probabilities that the \$30,000 by-law will be voted on in July with the chances of its being carried none too good according to the present talk on the streets. The electric road scheme seems to have many friends in the city who will likely demand a thorough investigation of its possibilities before giving their support to a bonus by-law for steam. One thing seems certain: Stratford is becoming rounded out to the advantages of C. P. R. connection (and the C. P. R. is alive to the advantage of Stratford connection) so the road, either steam or electric, is assured.

The rapid growth of the towns and villages in Waterloo county is making the question of houses for the working man a serious problem. Some of the Boards of Trade are urging the councils to loan money to builders in small sums on mortgage security to encourage the poorer classes to erect homes for themselves. The plan seems on its face to be a good one.

The June number of "Industrial Canada," (head office Toronto) is a magnificent advertisement of the rapid growth of the Dominion's manufacturing interests. It is ably written and complete, giving comparative figures to show the forward jumps Canada is taking in business and the vast possibilities for still greater development. One or two hundred thousand copies of this issue might be distributed by the Canadian government in the money centers of Europe with excellent results.

The Maple Leaf congratulates Mr. John Bittmann, who last week completed his fiftieth year of continuous employment in the Galt Reporter newspaper office. The writer put in four years as "printer's devil" under the tutelage of Mr. Bittmann in the late '60s and to this day we have never met a type whose abilities and resources were superior, in our estimation, to his. We have "rolled" for him when there wasn't a treadle or cylinder press in Galt, and our recollection is that he turned out about as neat office stationery on that little old 10x15 hand press as some of them do today with the modern machinery, while our arms ache at the memory of being roller-boy to his speed and untiring diligence. Much as we dreaded his sternness during working hours it was always a joy to be his fag in his trout or trapping trips on Moffat's and Mill creeks, and no memory is pleasanter than our youthful ghostings over his prowess on the cricket field and in jumping contests. The Jaffray boys of those days—George, Dick and Harry—are gone; the old, familiar presses and type are away long ago. But "John," rugged and strong, youthful in heart as ever, remains steady and true at the old post to give a hearty welcome to his numerous "devils" as they revisit good old Galt from all parts of the continent. Here's to you, John, for another fifty!

Peace negotiations are still being carried on with much ardor by the newspapers interested in Japan-Russia war dispatches in these times when battle news is somewhat scarce. With her navy literally swept from the Eastern seas, her armies driven out of Corea and Manchuria, and her remaining forces practically surrounded by Oyama Russia has now nothing left but to capitulate with which to confront

the enemy. Under these circumstances Japan is likely to pay but little heed to the nations which have hitherto remained neutral but which now wish to take a hand in dividing among themselves the spoils of war.

Road-making, as we have it in this section, is about to commence. The system of hooping on the roads in the most leisurely known fashion a compound courteously called gravel, then wearing out vehicles and horsehoes in pounding it into a condition fit to travel on is still the popular economical mode. The science of putting an extra ounce of fat on an animal for sale is studied with laudable care, but the losing of two ounces in taking the animal to the shipping point over rough roads doesn't seem to matter so much. No farming section is truly scientific until it makes model roads.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband, of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by A. J. Saunders, druggist, Wellesley.

Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

A few doses of this remedy will invariably cure an ordinary attack of diarrhoea.

It has been used in nine epidemics of dysentery with perfect success.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhoea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take.

Every man of a family should keep this remedy in his home. Buy it now. It may save life.

In Touch with the World

Covering the earth like a spider's web the cable winds its sinuous way under seas, over mountains and plains, across continents to every country and clime on the globe.

So when King Edward opens Parliament, or Emperor William leads the band, when the Mad Mullah breaks out, or a volcano in the East Indies does the same, when South Africa seethes in war or Venezuela defies the powers, when rain breaks the Australian drouth or the plague breaks out in India, when the Empress of China suppresses the Boxers or Japan negotiates a loan,

—the news is instantly flashed around the globe, across oceans and continents right into the **Toronto Daily Star** office. The **Star's** direct special cable service is better than any paper's in Ontario.

And you get all this cable news along with your own local paper for **\$2.20**. Think of it—a single word sent to you personally might cost more than the price of the **Star**, with its hundreds of columns of cable news, for a whole year.

Subscribe direct to the **Star** or through the office of this paper. Both the **Daily Star** and this paper for **\$2.20** for a year.
