

Wellesley Maple Leaf

Vol. 5. No. 41.

Wellesley, Thursday, August 3rd, 1905.

How some men save money.

SCHEME NO. 1.

One man saves money by never spending a "red" cent. For instance, when he buys a newspaper he gives the boy a nickel and gets back four coppers. These are carefully stored away and eventually taken to the bank, where his account is reaching surprising proportions. It is not always found foolish to be penny wise. Try saving your coppers.

We will receive your savings from \$1 up and allow you interest thereon compounded every six months.

NORTH EASTHOPE COUNCIL.
 The council met at the town hall on the 17th day of July at 2 p. m. All the members present.
 The reve and J. C. Cook reported that they had given the contract for a cement culvert on con. 8-7, east of Amuree, to Conrad Hoffman for the sum of \$49.50.
 Mr. Hoffman was present and requested pay for extra work done. He stated that he had made the railing two feet longer on both sides. He was paid \$5.50 extra, making a total of \$55.
 The committee re the swamp road

sideline 25, con. 4, reported that they had employed John T. Knochtel to do some repairing and that same had been done.
 A cheque in favor of John Paff for refund of statute labor money paid in 1903 was issued, the council being satisfied that Mr. Paff had performed the work.
 The reve reported that he and the revee of Wilmet revee had let the contract for 200 yards on Wilmet boundary to Albert Krampel at 40c. per yard.
 Mr. Hoffmeier was deputed to see that the Hampstead bridge is put in good repair.
 Those who run traction engines are requested to take note of the following: That before crossing any bridge or culvert it shall be the duty of the person proposing to run any traction engine, to lay down or such bridge or culvert, planks of sufficient width and thickness as may be necessary to fully protect the flooring or surface, and in default thereof the person in charge and his employer, is any, shall be liable to the municipality for all damage resulting to the flooring or surface of such bridge or culvert.
 A few accounts were paid when the council adjourned to meet on Monday, August 21st, at 2 p. m.
 Secretary-treasurers of the different school sections are requested to have their bills in before that date.
 J. D. FISHER,
 Clerk.

MORE NEW BOOKS.

Wellesley Public Library has recently added a fine list of new books to its catalog. The directors deserve credit for the enterprise they are showing in placing this library in first class shape. The membership fee is only 25c per year so that there is no excuse for anyone remaining without access to this splendid collection of reading matter. The following are the names of the lately received books:
 History.—In days of Queen Victoria, Right of the Line, The Gallant Grandeur, Gate of the Desert, Azadim, Pathfinder of the West, The Downfall of Russia, The Rebels Woeing, Sons of Victory, My Lady Canary.
 Science.—Orchard and Garden, Dr. Luke of Labrador, Sketch of North.
 Religion Literature.—Facts for Christian Living, The Heart of the World.
 Voyages and Travels.—Dr. Felt's Paris, Weapons of Mystery.
 Biography.—A Knot of Blue.
 Poetry.—Trucker's Poems.
 Miscellaneous Literature.—Mnooka Momoria, The Monk's Treasure, The Prize of Hardy, Return of Sherlock Holmes.
 Fiction.—The Earth's Purgatory, Double Harness, Constanica Treacott 5th form at St. Dominick, The Belle of Bowling Green, Roginald Cruden, 27 Right of Sword, The Man on the B x, The Law of the Land, Marriage of Wm. Aebe
 General Literature.—The Fire of Spring, Justin Wingate, Minister of State, The Fugitive Blacksmith, Pandey, Deacon Lysander, The Lure of Labrador, The Scarlet Woman, A Welsh Slender, By the Queen's Grace, The Dog with a Bad Name, The Hoarser School Master, The Master Mummer, Story of Boss River Ranch, The Corner-Stone, Story of Gravelley, Rebecca of Sunny Brook Farm, The Adventure of a 3 guinea Watch, The Pioneer, A Japanese Romance, The Plum Tree, Hookla Sandwich.
 Galt has this week given permission to the C. V. R., an electric road, to enter the town.

A Tables Exhibit

The Yukon is becoming conscious of its attractions, and already appreciates the value of advertising. The Dawson News says: Yukon Territory is entitled to space in the Dominion exhibition at St. Louis for an exhibit. The idea to have an exhibit of Yukon Territory products at the World's Fair at St. Louis is believed by Elgin Schoed, one of the promoters, to be one of the best schemes ever evolved for the advertising of the Yukon, and he feels that the Dominion Government certainly will lend it aid.
 "The Yukon, I estimate, can make a creditable showing with less than \$50,000. Perhaps \$15,000 would make a fine exhibit."
 "The question of money for the Yukon Territory exhibit will be taken up with the Dominion Government soon. The Yukon Horticultural Society has delegated me to confer with Ottawa on the matter. I may go to Ottawa. At any rate, I shall press the matter, and hope for success."
 "Many fine exhibits of grains, grasses, potatoes and fruits raised in the Yukon, specimens of gold from different creeks, woods, coal, mammals and other practical bones of Indian collections and the like will help to make the exhibit interesting."
Tree Trees.
 Public interest in tree planting increases as a result of the miscellaneous work done by civic organizations. Information supplied for the benefit of the public shows that trees have been shown to householders and property owners how they may derive little money in this way and secure lasting benefits of several kinds. It is unnecessary to illustrate these benefits. Every one who has seen a grove or a tree, or the tree-trunk avenue, appreciates the advantages which are obtainable by adding the beauties of nature to the artificial charms of the town. A town without trees is dull and unattractive.
 In New Zealand a red-haired woman is considered as on the right road to paradise.

Care of Puppies

Puppies after weaning will keep strong and healthy and will grow fast if fed only on fresh buttermilk and cream. The best soap instead of the buttermilk twice a week, till they are five or six months old. Do not feed them sweet milk. Keep the puppies where they can get plenty of exercise. Do not crowd them. Arrange their kennels so that they can go in and out of their sleeping quarters. If fed in the same vessels, some dogs get more than their fair share of food and lose their manners also. Fasten a number of chains where they eat at the other distance that as one can reach the other, then feed in individual pans. Give little quantities of food at a time, and you will then have strong healthy dogs. An hour's run every day in the year in the fields and woods, weather permitting, is essential to good health.—Outing.

Suffering Bore the Temper.
 "In all my experience as a physician," said Dr. S. Weir Mitchell, the nerve specialist, in a lecture, "I have not seen more than a dozen men or women who have been improved morally by long continued suffering. Acute illness and illness which brings the patient close to death often has a beneficial effect upon the disposition, but I cannot agree with the assertion which we frequently hear made in the pulpit that suffering is usually the means of refining. I have seen a few isolated cases in which this was so, but it is not the rule by any means. The chronic invalid is almost invariably selfish and peevish, and it is a hard task to find a nurse who can stand the strain of such a service."
That That.
 There is one word in the English language which can appear six times consecutively in a sentence and make correct English.
 To illustrate: A boy wrote on the blackboard, "The man that lies does wrong."
 The teacher objected to the word "that," so the word "who" was substituted. And yet it must be evident to the reader, for all that, that "that" that the teacher objected to was right after all.
Had Its Good Point.
 "That medieval armor must have been very uncomfortable," said a visitor to the museum.
 "Yes," answered the man with darned clothes, "but there was one satisfaction about it. A man could always take down a suit of it in entire confidence that the moths hadn't got into it."

EDITORIAL NOTES.

Stratford carried its third factory guarantee by law last week with a handsome majority, and the city officials are now at work on the C. P. R. steam entrance by-law.

A pretty general feeling is being developed in Ontario towns and villages against the restrictions which the Legislature has placed upon the voting of bonuses by municipalities. For a considerable time the people were contented with this restricting law for many reasons, the principal of which was that it was foreign capitalists and railway corporations who then were generally the bonus hunters. But in almost every instance it was found that the municipalities which thus encouraged industries were the ones which developed permanent prosperity and growth—the two great urban desires. Of late years, as the people are becoming richer, and local wealth is seeking for investment in manufacture, the villages, towns and cities are more on the watch to secure these industries. Right or wrong, both the manufacturer and the municipality consider the bonus system, whether in the form of cash, exemption or guarantee, the readiest way of coming to terms, and it is at this stage that councils, Boards of Trade and enterprising men find the law so galling.

Dozens of by-laws have within the past couple of years failed by reason of lacking one or two votes of the number required by the stringent Act, although their majority of the vote cast was overwhelming. Thus the will of the great majority is nullified, the energy of those who work for local prosperity is thrown away and the new industry lost to the municipality because the legislation "protects" the careless ratepayer who does not take the trouble to vote.

Berlin gave an unfortunate illustration of this severe law last year which affected the entire Wellesley section. The Preston-Berlin Railway Co. had secured English capital to extend their line on to Wellesley, awaiting only the small bonuses asked. These were promptly granted, the by-laws all receiving immense majorities. The road would probably have been built at once, but Berlin's by-law became entangled in the Legislature's restricting Act and hung in the courts until the Preston-Berlin road was sold to the C. P. R., thus shutting out the money from England and leaving the building of this line at the mercy of the C. P. R.

Now that Niagara power is so nearly available and this part of the Province bids fair to become an immense manufacturing center the legislation regarding bonuses is being brought closely under expert criticism. "Should legislation prevent the developing of our town?" "Has a municipality got brains enough to spend it own money wisely?" "Does parliament know more about a town's local interests than its ratepayers?" are questions which are receiving much attention these days.

Auditor-General McDougall retires from that important office at the end of this month after twenty-eight years of about as tempestuous an official life as could fall to the lot of an honest public man. He goes down fighting the old battle of defending the people's money, which has kept him occupied under both governments ever since 1878. He might have had an easier time, and he was in a splendid position to pull the ropes for a far bigger salary; He could have got for him-

self much more honor and dignity, and likely the Dominion would never have missed the money that he might so easily have allowed to leak out of the public chest. But he didn't—he had a conscience. He stood like a watch-dog, scrapping with John A. with Laurier, and with everyone who made an onslaught on the money which the Nation trusted him to guard. He received not many compliments but very many thrusts, and he had to show his teeth so often that his enemies said he was getting groovey in his advancing years. Perhaps he was. Humanity could scarcely stand what he was up against without showing evidences of the 'old Adam', sooner or later. He has lasting enemies among the high officials in both Parties; they are a monument to his integrity. But the highest compliment that has been paid to his real worth was done by a frustrated, angry parliament in meanly putting down his retiring annuity to the lowest notch allowed by law.

One of Stratford's crack medics vouches for the following rank 'un: A man who lives just out of town and wanted to save an extra trip, went into the city clerk's office the other day to register the death of his father. "When did he die?" asked the official. "Oh, he is dead yet, but he will die to-night; at least that's what the doctor said, and he ought to know what he gave him."

Sick headache results from a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by A. J. Saunders, druggist, Wellesley.

Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

A few doses of this remedy will invariably cure an ordinary attack of diarrhea.

It has been used in nine epidemics of dysentery with perfect success. It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take.

Every man of a family should keep this remedy in his home. Buy it now. It may save life.

LOCAL NEWS.

Mr. Chas. D. Koehler has returned from his holiday trip to Warton. George Landroth, of Tavistock, spent a day or two in Wellesley this week.

The Wellesley voters lists are finished and were placed in the hands of the township clerk early this week.

Mrs. Harry Schmidt and son and her sister, Miss Olive Baelow, of Bay City, Mich., are visiting at Mr. and Mrs. Harry Bickert's.

Messrs. Ernst and Peter Bellinger, of Toronto, paid a flying visit to their brother, Mr. Geo. Bellinger, here, on Saturday and Sunday last.

Mr. John Walton, who has been visiting his parents and friends here the past week, has returned to his situation in a New Hamburg store.

Union Sunday School next Sunday at 10.30 a.m. Preaching service in English at 7 p.m. when Rev. S. R. Knechtel, of Berlin, will preach.

Miss Ida Bellinger is in Waterloo at present assisting in the post office while her uncle, Mr. Geo. Diebel is away on a trip down the St. Lawrence.

Wheat harvest is now in full swing. The standing crop is in excellent condition and the yield will be up to the average. Barley, too, is a good crop and is now ready for the reaper.

Mr. Gregory Dorsch did the first threshing of the season. It was at Baumberg last Saturday, to test his threshing outfit which had recently been overhauled at Zehr's machine shop, and which was found to work perfectly.

Mr. Peter L. Hogg left this week for Winnipeg, intending to remain in the Northwest for some time. Mr. Hogg was one of the finest skiers in the Wellesley club and his place on the crack team will be hard to fill.

The iron bridge at the Wellesley roller mill has been replanked with heavy oak. Traffic on it was suspended on Tuesday while the work was being done. The bridge is now in first class condition but the cost will be heavy and many think the bridge should have been flooded with cement.

ZINKANN'S SACRIFICE SALE.
We have commenced a Great Sacrifice Sale of Dry Goods, Groceries, Boots and Shoes, Crockery, Hats and Caps, Hardware, Paints, Oils, etc., which must sweep the entire stock out by September. See bill for list of bargains. The Sacrifice Prices cover the whole stock, and the goods must positively be sold by September. The prices we ask are much less than what the goods cost us wholesale. J. N. ZINKANN, Wellesley village.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.
This fact is well known to drug stores everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obie Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of potent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by J. Saunders, druggist, Wellesley.

The Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by A. J. Saunders, druggist, Wellesley.

The sacrifice sale at J. N. Zinkann's is rapidly piling down the stock. A big lot of goods have been good the past week and the numerous bargain hunters seem to be well satisfied with the snags they are picking up.

The Western Bank of Canada, Wellesley, has been making a collection of the little schemes by which some people in use themselves to save money. Several artful devices have been discovered and as they make profitable reading one will be published each week in the Bank's ad. on the front page. Read it this week.

SPORTING NOTES.

LAW TENNIS.
The local lawn is in excellent shape and the managers are preparing for some matches.
On Monday afternoon the first of a series of local games was played. Dr. Glaister and Mr. J. Kerr vs. Messrs. W. B. West and Ed. K. Reiner, the latter winning out after a hot contest. Score 7-5, 6-4.

BOWLING.
Yesterday afternoon two rinks of the Berlin Bowling Club played the local on the Wellesley lawn in the presence of a large crowd of interested spectators. Four games were played, two of 20 and two of 10, so that the visitors faced each of the Wellesley teams. The following are the scores made:
BERLIN WELLESLEY.
J. J. McCallum Fred Debus
E. W. Clement Jas. McDonald
H. W. Hagen Jr. Glaister
J. J. A. Weir, sk 21 H. K. Ruttensmeier, sk 18

Weir, sk 0110000005-5
Kreutzweiser, sk 4810101010-16
Philip, sk 0000101010-8

The visitors, made many friends here and will be warmly welcomed when business or pleasure calls them to the village again. They were entertained at the Albion hotel and left for home shortly after tea.

The Waterloo Bowling Club has been arranged to play in Wellesley tomorrow (Friday) afternoon with three or four rinks.

THE RAILWAY SITUATION.

The Wellesley section is undoubtedly interested in the railway news which is now being made and the Maple Leaf always endeavors to keep its subscribers informed on this important matter.
In Stratford the by-law for a steam road from Stratford to Wellesley and north is being passed and will be advertised this month with the voting as early in September. There is some opposition of giving \$30,000 bonus when the same ground can be covered by electricity, so much cheaper. But when the by-law is submitted its friends will work hard to carry it.
The electric road extension from Waterloo to Wellesley was brought to the fore last week in a conference held in Toronto on Saturday last, brought about by Mr. Chase, M. P., who has been untiring in his efforts for this road. Officials from Berlin and Waterloo were present. As a result of this meeting the C. P. R. will send a surveying party at once to run a survey line from Waterloo here and if agreements are reached between the municipalities and the Company the road will be built next year.
All information leads to the one conclusion that Wellesley will have a railroad by the end of next year, either steam, or electric, or both.

A little forethought may save you no end of trouble. Anyone who makes it a rule to keep Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand knows this to be a fact. For sale by A. J. Saunders, druggist, Wellesley.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. A rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to grip. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy, and then a dose of castor oil, and the disease may be checked in its incipency and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence, even in cases of cholera infantum. Prescribed by A. J. Saunders, druggist, Wellesley.

Found—On April 10th, on the road just east of the village, a ladies' fur collar. The owner can recover it by calling at my place.—Mrs. L. Horn

In Touch with the World

Covering the earth like a spider's web the cable winds its sinuous way under seas, over mountains and plains, across continents to every country and clime on the globe.

So when King Edward opens Parliament or Emperor William leads the band, when Mad Mullah breaks out, or a volcano in the East Indies does the same, when South Africa seethes in war or Venezuela defies the powers, when rain breaks the Australian drouth or the plague breaks out in India, when the Empress of China suppresses the Boxers or Japan negotiates a loan, —the news is instantly flashed around the globe, across oceans and continents right into the **Toronto Daily Star** office. The **Star's** direct special cable service is better than any other paper's in Ontario.

And you get all this cable news along with your own local paper for **\$2.20**. Think of it—a **single word** sent to you personally might cost more than the price of the **Star**, with its **hundreds of columns** of cable news, for a whole year.

Subscribe direct to the **Star** or through the office of this paper. Both the **Daily Star** and this paper for **\$2.20** for a year.
