HAWKESVILLE.
 To "A Reader:—" Your letter for publication is not accepted. It is well written and we are likely losing a good item of news, for we are supposing you to be honest in the matter. But what if it should be a harmful "rag," or perhaps a slander? You did not give your real name (for our private information—not for publication) so we dare not take the risk of offending or injuring some one in Hawkesville without knowing the source of our information. Every year we get very many letters with items like yours appears to be, and we publish them thankfully when the writer's signature informs us of his sentiment in it. And we still get a few like yours, unsigned, which we

are forced, if the "Leaf" is to remain respectable, to consign it to the waste basket. We trust you will take no offence at our plain speaking; indeed we are writing this for the information of all who may not be aware that the editor really never know who sends the news he prints. Hundreds have little items of interesting news that they would like to see in print, and which the editor is hungry to get; send them by all means. But sign your own name and trust us not to "give you away."—THE EDITOR.
DISTRICT NOTES.
 The McKie Buggy Company have decided to remain in Plattville. They had intended moving to Hamilton but Mr. Robert McKie, Jr., who is the leading man in the Company, health gave out under the strain and they have decided to remain where they are.
 Here are a few examples of brief reporting; they tell the story in a few words—"In Massachusetts the other day a man thought he could cross the track in advance of a locomotive. The services at the grave were very impressive." Here's another—"A man warned his wife in Chicago not to light the fire with kerosene. She did not heed the warning. Her clothes fit his second wife remarkably well." And still another—"A boy in Canada disregarded his mother's injunctions not to skate on river, as the ice was thin. His mother does not cook for as many as she formerly did."
 The peach crop this year is the best for several years in the Niagara District. Peaches sold at 25c per basket in St. Catharines last Saturday.
 Farmers who are troubled with rats should try the following. One who has tried says—"On a large number of old shingles I put half a teaspoonful of molasses each and on that with my pocket knife I scraped a small amount of concentrated lye. I then placed the old shingles around the stable floor and under the cribs. The next morning I found forty dead rats, and the rest left the farm for parts unknown. I have cleared many farms of the pests in this way and have never known it to fail."
 According to the new postal law newspaper publishers can hold for fraud anyone who takes a paper from the post office and refuses payment, and the man who allows subscribers to be unpaid and then orders the postmaster to mark the paper refused, lays himself liable to arrest and fine.
 A sad drowning accident occurred at New Dundee on Sunday, Aug. 13th when John Spuetzel, the fourteen-year old son of Postmaster Spuetzel, of Manheim, lost his life in the mill pond there. Along with some twenty or so boys he went in bathing on Sunday afternoon and while walking in the water stepped into a deep hole. Several attempts were made to save him but were of no avail. The body was recovered about an hour and a half afterward. The remains were interred last Tuesday.
 The Berlin Methodists are erecting a new \$30,000 church this year. The corner-stone was laid last Wednesday.
 They Appeal to Our Sympathies.
 The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who has not been brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by A. J. Saunders, druggist, Wellesley.

WORD AND WORKS MAGAZINE.
 Rev. Irl R. Hicks, the noted weather forecaster of St. Louis, Mo., has for eighteen years past edited a monthly journal of national reputation, WORD AND WORKS. We have received WORD AND WORKS at this office and can testify to its value as a family monthly. Prof. Hicks has just decided to change his family monthly to magazine form and with the October number the monthly will be a beautiful magazine profusely illustrated with half-tone engravings. One of the early fall numbers of this magazine will contain Prof. Hicks' weather forecasts for the first six months of 1906. The January, 1906, number will contain the weather forecasts for the second six months of 1906. These two numbers of the magazine will take the place of the Hicks' Almanac which will be discontinued. The matter that has heretofore been published in the Hicks' Almanac each year will now be found in the magazine and much more. The price of the WORD AND WORKS MAGAZINE is 10 cents per copy or \$1.00 per year. Send 10 cents for a copy of a copy of the October number, which gives you full particulars of how the Hicks' weather forecasts for a year in advance will now be given to the public. EDITORIAL NOTES.

Tavistock is taking steps to be come incorporated as a village.

The Milverton Sun last week came out enlarged to a seven-column journal. We congratulate Brer McBeth on the prosperity which his excellent newspaper is enjoying.

Peace negotiations between Japan and Russia are still in progress. The terms submitted by Japan, will not be called unreasonable by future historians. No demand is made for territory which Japan did not own before Russia's grasping policy usurped ownership or possession. The remuneration for the cost of the war is only such a claim as the victorious nation usually makes, and in this case it is strongly justified by the overbearing character of Russia's eastern policy in Manchuria and Corea which actually forced the present war upon Japan. Russia claims that her dignity will be impaired by accepting the terms of peace which have been submitted, forgetting that her position as a dignified nation was ruined when she stooped to the cruel, overbearing tactics of grasp and greed in both Chinese and Japanese territory for years past, until Japan was forced to declare war to save her existence. That she has given Russia a thorough drubbing is a matter of joy to everyone who desires the peace of the world, and nearly every power will be pleased if Japan succeeds in securing ample pay for the costs of the war.

The recent "salary grab" by the Dominion parliament is still the subject of considerable newspaper comment. Although \$2,500 per session looks to be a bit high the people could stand it without financial collapse; the "kick" seems to be over paying retiring indemnities to ministers, who have been out of office for years and who have no possible claim upon the country. But it is becoming tiresome to read the abuse heaped upon Mr. W. F. McLean, M. P. He has his own opinion and he is expressing it like a man without fear of his own or the Reform party. "If he thought the 'salary grab' was wrong, why didn't he" (do this or that or the other thing), is being hurled from the press of both Parties in the foolish effort to make him carry the blame which rightly belongs to both political Parties and certainly not to him. If there was more of the independent spirit which Mr. McLean so often shows to be seen in members of Parliament it would be much better for the Dominion.

Mr. Borden, leader of the Conservative opposition in the Dominion House is an able man and well worthy of the high position he holds but he would be much more popular with the rank and file of his own party and with the electorate if he had followed in the footsteps of Sir William Ralph Meredith who declined to accept a special salary at the hands of Legislature when it was offered to him some years ago.

The Church of England in Canada is seriously considering the revision of their book of prayer with a view of snuffing it to the times and making it more simple in form. The wonder is that this duty was not performed years ago, as it takes quite an expert to flip the leaves of the prayer book back and forth in accurately following the liturgy during service. The church hymn book is also to be revised by the coming synod meetings.

Several citizens of Hickson have formed a joint stock company for the purpose of erecting a hotel. It is to be a temperance house.

On Saturday night, Aug. 12th, the death occurred of Mrs. John Boeltscher, of the 13th line, East Zorra. She had been unwell for several years and had undergone an operation. She was the youngest daughter of the late Conrad Welltauer, of the 12th line, East Zorra, near Tavistock. The funeral took place on the 15th inst.

The Tavistock Milling Company have added a large two-story office to their building.

John Cogger, who was working on John Hamilton's farm near Ligtowel, fell from a load of grain and the wheels passed over his body. He is not expected to recover.

Mrs. Henry Roedding, of Tavistock, was accidentally killed while helping her husband on the farm last Tuesday.

Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

A few doses of this remedy will invariably cure an ordinary attack of diarrhoea.

It has been used in nine epidemics of dysentery with perfect success.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhoea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take.

Every man of a family should keep this remedy in his home. Buy it now. It may save life.

LOCAL NEWS.

Miss Maggie Kaufman, of New Hamburg, was home for a day or two last week.

Union Sunday School next Sunday at 10.30 a.m. Preaching service in English at 7 p.m.

Mr. Stanley Green, of Berlin spent part of last week the guest of his cousin, Carl, in this village.

Messrs. Elmore and Sydney, and Miss Annie Zinkann, were guests at Mr. J. N. Zinkann's the past week.

Misses Ida and Bertha Micka were guest of Berlin and Waterloo friends part of last and this week.

Mr. Ed. Reiner captured a black bass weighing four and one-half pounds while fishing in the pond at Bamberg the other day. There are plenty of large bass in that pond but the food appears to be plentiful and the fish are not easily lured by the anglers.

Wellesley public school opened for the fall term on Monday last with a good attendance. Miss Jamieson, of Carlingford, and Miss Frankish, of Uxbridge, are the new teachers who take the places of Misses Fraser and Wiseman, who retired at the close of the spring term.

Mr. Jos. Bricker, of Forno, B. C. spent Tuesday afternoon in this village. He is a son of Mr. Jacob Bricker, Hawksville. About eight years ago he left Tavistock for Forno, where he has been in business ever since. He sold out recently, and is now enjoying a rest in this section.

Mr. W. C. Shier, B. A., formerly principal of the Wellesley public school, but now a third-year student of Toronto Medical College, is spending part of his holidays with his numerous friends in this village. He was quite successful in his examinations again this year, taking a high place in the list.

WENT THROUGH BRIDGE.

On Monday forenoon Mr. Henry Ernst, of New Hamburg, was driving across the little bridge at Weismiller's cooper shop in this village, when a plank gave way beneath his horse's weight and threw the animal heavily. The horse man agreed to let it be left out of the hole before it fell, although the shoe was torn off in the effort, while its head was badly cut and bruised by coming in contact with the bridge flooring. Fortunately the damage to harness and buggy was only slight, while the horse is expected to be all right again in a few days.

On Tuesday night a close call in a similar accident on the larger bridge near the saw-mill, the horse breaking through the flooring but recovering itself in time to avoid a fall.

Nothing is gained by "jumping onto" the rove and council over the matter of these two bridges. Only a few weeks ago they were both inspected by the Board, and the repairs contemplated will no doubt be made as soon as possible.

The system of mending and patching old, used up bridges like these two and several others in the township, however, is not in line with the present-day necessities. The statutes provide a way to raise funds to make permanent bridges and outlay on them without putting the whole cost on a single year, and Wellesley is up-to-date enough to adopt this method if the council would only lead in the matter.

Meantime travellers should use extra care at these dangerous points to avoid accidents which may prove costly to themselves and to the township.

A keen tennis club match was pulled off here on Tuesday evening which proved quite exciting to the spectators, Messrs. Kerr and Blair winning from Dr. Glaister and Mr. E. Reiner 6-1, 6-1.

Mr. Adam Wagner, of Arton, was here on Monday and Tuesday to visit with his brother, Rev. Mr. Wagner, who is home from Nebraska for a short time. The rev. gentleman occupied Rev. Mr. Lockner's pulpit on Sunday while the latter was officiating in Linwood.

Messrs. C. F. and P. Oltmann, John Schupp and Chas. Koehler, sr., visited the Wallenstein bridge the other day and like everyone else who has seen it they were surprised at the tremendous undertaking. The pier, built of solid cement, is really 60 feet high and they are now finished and ready for the superstructure. An immense amount of filling in has yet to be done at both ends before the road will be ready for the rails. Mr. and Mrs. Chas. Miller were also visiting the bridge early in the week, while the guests of friends at Heidelberg.

AUCTION SALE

Mr. J. N. Zinkann is selling his household furniture by public auction at his residence in this village on Saturday afternoon of this week commencing at one o'clock. A village lot is among the property to be put under the hammer. The balance of the store stock—about \$2,000 worth—will also be offered by auction. If it is not sold in bulk it will be put up in detail and the sale continued in the evening and for a few days until the last article is disposed of. The family intends moving to Berlin in a very short time.

Ask for Union Jack cork-tip cigars and V. C. cigarettes; Princeton smoking tobacco in curved tin and Red Cloud sliced Club. They are the latest. If you can't get them in Wellesley ask at W. Slieman's, Berlin. He keeps all the good things.

BOWLING.

The Waterloo Bowling Club was represented here on Monday afternoon by two rinks and some fine sport was enjoyed. The game was much closer than the scores indicate, the locals getting a little the best of what "luck" there was going, while the visitors were accustomed to keener "ice" than could be provided here so soon after Saturday night's heavy rain. They accepted defeat gracefully and expressed the hope that trolley connection would soon put the Wellesley club in closer touch with the other county teams. Sapper was served at the Albion hotel, after which the visitors spent a short time inspecting the village, several of them for the first time, and they expressed surprise at Wellesley's business enterprise and building operations. The following are the scores:

Wellesley winning by 24 shots.

Mr. Geo. Moore was to have accompanied the visitors with a team to sweep Mr. A. B. Robertson's rink into the ditch. "Black Saily" was ready for him but George failed to arrive.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation as the best is asked for. Mr. Obo Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by A. J. Saunders, druggist, Wellesley.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to grip. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by A. J. Saunders, druggist, Wellesley.

In Touch with the World

Covering the earth like a spider's web the cable winds its sinuous way under sea, over mountains and plains, across continents to every country and clime on the globe,

So when King Edward opens Parliament or Emperor William leads the band, when Had Mullah breaks out, or a volcano in the East Indies does the same, when South Africa seethes in war or Venezuela defies the powers, when rain breaks the Australian drouth or the plague breaks out in India, when the Empress of China suppresses the Boxers or Japan negotiates a loan,

—the news is instantly flashed around the globe, across oceans and continents right into the **Toronto Daily Star** office. The **Star's** direct special cable service is better than any other paper's in Ontario.

And you get all this cable news along with your own local paper for \$2.20. Think of it—a single word sent to you personally might cost more than the price of the **Star**, with its hundreds of columns of cable news, for a whole year.

Subscribe direct to the **Star** or through the office of this paper. Both the **Daily Star** and this paper for \$2.20 for a year.
