On Friday he received a letter announcing that at a meeting of 30 ratepayers held on the 29th ult. a committee had been appointed to attend the next meeting of the board. Messrs. E. G. Winn, J. C. Shelly, Alex. McAllister and J. C. Bricker constitute the committee. Hawkesville is very anxious for electric road connection with Berlin and is getting out for it.

Our saw mill has suspended operations for the present after a very busy season. The most of the staff of employees left on Monday for Hampstead where they will be engaged for some time in working up about 800 cords of heading wood.  
Labor Day passed off very quietly here. There were no attractions of any special importance and most

of the holiday seekers spent the day at outside points.

One of the early fall numbers of this magazine will contain Prof. Hicks' weather forecasts for the first six months of 1906. The January, 1906, number will contain the weather forecast for the second six months of 1906. These two numbers of the magazine will take the place of the Hicks' Almanac, which will be discontinued. The matter that has heretofore been published in the Hicks' Almanac each year will now be found in the magazine and much more. The price of the WORD AND WORKS MAGAZINE is 10 cents per copy or \$1.00 per year. Send 10 cents for a copy of a copy of the October number, which gives you full particulars of how the Hicks' weather forecasts for a year in advance will now be given to the public. ### EDITORIAL NOTES.

Peace between Japan and Russia has been finally concluded and it is expected the documents will be signed this week. The people of both countries are complaining that they gave way too much.

A plucked team of English football players are touring Ontario. They play in Berlin on the 13th and in Galt against the Canadian champions on the 16th.

Reports from Great Britain are to the effect that the rains of last week have done immense damage to the crops. The long spell of fine weather has been followed by floods which have left many fields under water.

A telephone line to Crosshill would be a popular investment. A private company might easily make a line to that village a paying concern as the people there would support it well. The office would do a big business on council meeting days as every other village in the township has telephone connection.

The Wellesley council has just met one of those unfortunate mishaps which sometimes the best regulated bodies run up against. After carefully figuring out how much money they would require to get out of this year's taxes to square their books and leave a little for next year's Board to begin with they struck the lowest rate possible to do it. Before a month had rolled around the bridge over the pond in Wellesley at the saw mill gave completely out. Not long ago they had inspected it in a body and decided that with some repairs it could be made to last over the winter and become a charge upon next year's council. But when those repairs were undertaken the contractor found the structure so dilapidated that a new bridge is an absolute necessity. To build anything short of an ample steel or cement structure at this important point would simply be folly and a waste of public funds. Of course the dream of the council is shattered and their annual statement will show a fresh liability against their funds to the amount of the cost of this new bridge, which, of course, must be built before winter sets in as the road at that point is now entirely closed for traffic.

The Wellesley bridge is not the only one in the township liable to sudden collapse. We are informed that several other bridges and large culverts must very soon be the cause of heavy township expenditure for repairs or renewal, perhaps before the year is out. So long as these extraordinary circumstances prevail the ratepayer can form no estimate of the amount of his taxes, nor is the council in a position to inform him. It is a condition of affairs unsatisfactory and unenjoyable alike to the council and to the ratepayer. But the situation can only be relieved in one way which would be equitable to all: let the council have a competent engineer inspect the used-up bridges and culverts of the township and give the council an estimate of the cost of replacing them, as they give out, with permanent structures. The council can then submit a bylaw to the ratepayers empowering the raising, by debenture, of enough money to cover this cost, so that the work can go on, to the benefit of the public, without the loss of having the taxes largely increased as was the case with the Elmer bridge a few years ago, and often to the great inconvenience of the less wealthy taxpayers.

The Hawkesville section is quite active just now in trying to secure an electric railway service from Berlin. They feel not only that they need railway connection, but they are willing to pay the price and believe the road would pay. More power to your elbow, Hawkesville, but don't waste much time on Berlin or it's Board of Trade!

Between the clash in Stratford and the slowness in Berlin Wellesley is becoming impatient over railway matters and many are in favor of negotiating with the Grand Trunk for a branch from Baden.

LOCAL NEWS.

Carl Green spent the fore part of this week in Galt and Toronto.

Albert Doering, Crosthill, sells Raymond sewing machine and National Cream Separators. They are the very best. See them.

The Wellesley Branch Women's Institute cancelled their September meeting on account of the show. Their October meeting will be duly announced in the "Leaf."

The Hill & Rats sale of 70 stockers held here yesterday was a decided success, every animal being sold. They were rather light but were picked up at their fair prices.

Lost.—Between New-Hamburg and Rosler's farm, North Easthope, via Wilnot boundary and Union r/o, a ladies' gold watch, on Wednesday, Aug. 2nd. Suitable reward. Leave word at C. Roeder's, Lisbon P. O.

Masters Eugene and Walter Lechner, sons of Rev. D. Lochner, start today on their return to Concordia College, Fort Wayne, Ind., after spending their summer holidays at home here.

Mr. Wm. Kellerman has moved his family into the Zinkann Block, which he lately purchased. The store will not be moved for a couple of weeks as the renovation and alterations are being made in the new premises.

During the thunder-storm last Saturday night Mr. J. H. Wagner's farm residence was struck and some of the buildings were damaged. No one was injured, but his little son who was sleeping close to the chimney had a very narrow escape. The property was insured in the South Easthope Co., and the loss has already been adjusted.

Hoffmeyer Bros. set an example in Wellesley yesterday in rning that should be followed by every traction engine owner. When they reached the bridge at the roller mill they stopped their outfit and laid their own plank, which they carry for the purpose, before crossing. Every farmer who hires threshers and who pays taxes for bridge flooring will appreciate this act.

Mr. J. G. Reiner returned home from his trip to Bray's Colony in Washington Territory, last Thursday. He was away for about three months, his longest absence from town for 35 years. Since he left Wellesley he has travelled nearly 7000 miles, bought about \$15,000 worth of wool personally from the ranchers in the north sea, helped build a warehouse and kitchen at his daughter's home in Washington State, shot prairie chickens, caught big strings of trout, speared Pacific salmon, attended to costly improvements to his Spokane property and wrote interesting letters for publication in the "Leaf." He got off the stage at Wellesley from a seven-days-and-nights railway trip as fresh as a boy in his teens. All of which is not so bad for a man who has lived three quarters of a century.

The departure of the Zinkann family from Wellesley last Friday leaves a void in business and social circles which will long be felt. Mr. Zinkann (the elder) and his amiable wife have been known and loved in North Easthope and Wellesley for 50 years, twenty or so years of which they have lived in this village engaged in mercantile life. They have raised a family of boys and girls who have grown up to make the name of Zinkann well respected wherever integrity, generosity and geniality are considered to be qualities of gentility. Owing to their being so busily occupied in closing out their business no opportunity was given to publicly express to the family how deeply their departure was regretted, but this entire section joins the "Leaf" in wishing Mr. and Mrs. Zinkann many more years of happiness, and the family unalloyed prosperity. They have taken up their residence in their splendid home recently purchased in Berlin.

Messrs. W. Cleghorn and Geo. Bollinger spent Labor Day in Toronto.

Union Sunday School next Sunday at 10.30 a.m. Preaching service in English at 7 p.m.

Don't miss the concert at Wellesley Fair Friday evening, Sept. 15. Mr. J. H. Cameron, the famous entertainer. Mrs. McIvor Craig, the noted Scottish singer and Mr. Fred Krug, of Tavistock, pianist.

Berlin News Record.—There is a likelihood of powers that be extending the Prince and Berlin railway from Waterloo northward to a point on the main line of the Guelph and Goderich railway, and of the extension being made a steam road. The proposed line may tap the C. P. R. at Elmira or at some point west of it. The interests of Berlin and Waterloo would be served best by an electric line through Wellesley township, touching the principal villages and tapping the main line in that township. Such a road would better the local market, open an avenue for the shipment of the grain and stock exported by Wellesley township and open a new field for the sugar company. From what we can learn, however, the men behind the project do not favor an electric line through Wellesley township, because there are not any large centers along the route to supply a passenger business that would warrant the installation of another large power generating plant. The freight business of that township is even considered not to be of sufficient volume to make a steam road pay. A steam road through Wellesley would have to be of considerable length before reaching the Guelph-Goderich line, hence Elmira is regarded at present as a favorable objective point for a steam railway from Waterloo. There's a hen on, at any rate.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by A. J. Saunders, drugist, Wellesley.

BRIDGE CLOSED.

The bridge crossing the pond at the saw-mill is now entirely closed for traffic and people from the west enter the village by driving around the pond. A meeting of the council will be held at the bridge on Friday afternoon to decide whether to go to the expense of repairing it or replacing it with a new one.

SPORTING NOTES.

Labor Day was a misnomer so far as Wellesley was concerned. No body seemed to be laboring and everybody apparently having fun. There were three different tennis matches and a baseball match, besides some exciting times among the locals on the bowling green.

TENNIS.

Linwood club sent four doubles here and were defeated in a closely fought match. The scores were: Reiner and Kerr (W) beat McBride and Aiken (L) 6-3, 6-4. Dr. Glistander and A. E. Reiner (W) beat Hamilton and Rennie (L) 6-3, 6-4. Berlet and Parcell (L) beat West and Rogers (W) 3-6, 6-1, 6-4. Williams and Hiker (L) beat Saunders and Sheir (W) 6-4, 6-4.

Summary.

	sets	games
Wellesley .....	6	53
Linwood .....	5	48

Maj for Wellesley. 1 4  
In the second match Bernhard Bros., of Preston, the well-known and popular tennis experts, beat Reiner and Kerr 6-4, 6-1.  
The third contest was between Bernhard Bros. and Messrs. McBride and Aiken, the former winning by 7-6, 6-2.

NOTES.

Wellesley always W.—McBride and Aiken can play tennis all right.  
The Bernhard boys got sweet revenge for their two defeats last year by the Wellesley cracks.  
Linwood is making wonderful improvement at tennis.  
The spectators cheered every body especially the Bernhards.  
The raft is not yet off the R-K team.  
Rogers didn't save the day this time.  
Play was slightly hampered by the softness of the new clay court.  
The bowlers near by made the most noise—sometimes.  
Look out for us, Preston.  
The pond rembankment, under the willows, is a beautiful grandstand. Reserved seats in the refuse under the blacksmithshop.  
Two doubles went to Linwood yesterday (Wednesday) and made the following scores:—West and Rogers (W) beat Hamilton and Parcell (L) 6-1, 6-3. Reiner and Kerr (W) vs McBride

and Aiken (L) 6-4, 6-4, 3-6, 1-6, darkness.

BASE BALL.

A team from New Hamburg arrived here in the afternoon and beat a local team which was gathered together for the occasion. The game was a pleasant, gentlemanly one, but our boys were entirely without practice there being no organization here. The score was 13 to 6 in favor of the visitors.

The line-up:  
New Hamburg—V. Merner, p; C. Sehl, c; O. Bobnitz, 1 b; W. Brochrich, 2 b; J. Luft, 3 b; H. Froehlich, s s; P. Booher, r f; O. Lips, c f; F. Schmidt, 1 f.

THREE JURORS CURED.

Of Cholera Morbus with One small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. G. W. Fowler, of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville county seat of Cleburne county, Alabama. He says: "While I ate some fresh meat and some soured meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by A. J. Saunders, druggist, Wellesley.

In Touch with the World

Covering the earth like a spider's web the cable winds its sinuous way under seas, over mountains and plains, across continents to every country and clime on the globe.

So when King Edward opens Parliament or Emperor William leads the band, when Gladstone breaks out, or a volcano in the East Indies does the same, when South Africa seethes in war or Venezuela defies the powers, when rain breaks the Australian drouth or the plague breaks out in India, when the Empress of China suppresses the Boxers or Japan negotiates a loan, the news is instantly flashed around the globe, across oceans and continents right into the Toronto Daily Star office. The Star's direct special cable service is better than any other paper's in Ontario.

And you get all this cable news along with your own local paper for \$2.20. Think of it---a single word sent to you personally might cost more than the price of the Star, with its hundreds of columns of cable news, for a whole year.

Subscribe direct to the Star or through the office of this paper. Both the Daily Star and this paper for \$2.20 for a year.
