

SAVING

The Key to Success.

Men who have been successful invariably have some theory about the way to succeed, but all unite in the opinion that to save is the first essential. This idea is variously expressed by different men. Carnegie says the sure mark of the coming millionaire is that his income always exceeds his expenditure. Savings is the "must be" of success.

FIFTH LINE.

Intended for last week.
Mr. James Kelly, of Portland, Oregon, is visiting with his brother, Mr. Henry Kelly, and other friends in this vicinity.

Master Fred Hammond and his sister, Halie, are visiting friends in Listowel and other places.
Mr. Alex. Hammond sold a valuable mare to Mr. Andrew Editt, for the handsome sum of \$250.

Mr. Jas. F. Hammond sold to Mr. John Kelly of Listowel, a two year old colt for \$175. If you want good horses come to this locality.

The storm on Tuesday last week almost blanketed the side road from the 5th line to the 3rd line, at the stone church, so that the teams could not get through on Wednesday, but on Thursday Henry Kelly pushed his team and sleigh through the breaking track. The thaw of this week makes a difference. A wire fence on the road would be of great benefit.

LIFFWOOD.

Every person is looking forward with pleasant anticipation to the Carnival, which is to be held on the rink here on Friday evening Jan. 26th. There is to be a hockey match in the afternoon between Wellesley and Liffwood.

Owing to the absence of Rev. Mr. Stirling on Sunday evening the pulpit of the Methodist Church was occupied by Mr. B. B. Hamilton.

Miss Jennie Baker, after spending a month with her parents here, returned to Stratford.

The Farmers Institute Meeting last week here was largely attended and a good program was given. The afternoon session was presided over by Mr. David McKay and at the night Mr. Manser occupied the chair.

Mr. and Mrs. David Boggs, last Friday evening, entertained a large number of friends from Liffwood, Wellesley, Mithburg, Carleton and other places. The evening was spent in dancing, cards and various games and it was near the break of day before the company dispersed. All voting Mr. and Mrs. Boggs excellent and jolly entertainers.

Mr. and Mrs. Fred Glover, 9th line, left this week on an extended visit to Greta, Man., where some of their children intend to make their future home.

PHILIPSBURG.

A steer belonging to Mr. Conrad Lang caused considerable excitement last week by "going crazy" while on the way to the slaughter house. The animal seemed to know it was going to its death and made a brave fight for life. It became unmanageable shortly after leaving the barn and made a break down the street, rushing through fence and water holes, until it reached a bush where it remained all night during a furious snow storm. All attempts to capture the animal were given up for the time until, a day or two afterwards, it joined the herd of cattle which had been turned out for the day, and in the evening it entered the barn with the rest of the animals. The following day it was securely roped and in due course was slaughtered.

HAWKESVILLE.

Mr. and Mrs. Hall from Manitoba, are visiting at Mr. Geo. Ruess, at Mrs. Hall is a sister of Mrs. Ruess.
Mrs. F. T. Lechner and Mr. Herb Lechner spent Friday in Berlin.
A most extraordinary break of nature was the great thaw on Saturday.

At 10 o'clock in the morning a man walked across the river on the ice above the dam. At 3:15 a big ice jam went over and at 5:15 another. Ice has been passing over the dam in a steady flow since.

There was no thoroughfare from St. Jacob to Hawkesville by direct route for a few days. The oldest settlers say they have not seen such an event for at least 50 years.

Mr. James Bailey died on Saturday morning Jan. 20th at the residence of his grandson, Mr. Jas. DeKay. The deceased was about 97 years of age.

The quarterly meeting of the Liffwood circuit will be held in the Methodist church here. The Sacrament of the Lord's supper will be administered. Special services will also be held in the same church on Monday evening.

Mr. Norman and Miss Lottie Wilkinson entertained a number of young folk at their home on Friday evening. A very merry time was spent by all.

The wedding of Mr. Jas. McCulloch of Okotoks, Alberta, to Miss Hannah Bricker of Liffwood, will take place on Wednesday, Jan. 24.

SPECIAL COUNCIL MEETING.

The municipal council of the township of Wellesley met at the call of the reeve, at Crosshill, Monday the 22nd day of Jan., 1906, 1:45 p.m.

All the members were in attendance, the chair being occupied by A. B. Robertson, the reeve.

The reeve declared the meeting opened and fully explained to all present why this session was called. He at once called upon Col. McDonald of Guelph who represented the Guelph Junction and Goderich B. R. Co. to address the council and explain to them what he wanted them to do. The colonel in a very able manner and at some considerable length outlined the proceedings from the beginning to the present. He said that the company had many difficulties they had met at Wellenstein and West Montrose, which were the chief causes that had prevented them from completing the road at the specified time, viz: February the first, 1906, as indicated by the By-law in that behalf. He praised the Wellesley council for their promptness in executing the by-law, and all other work connected therewith. After fully convincing this Board and all present that it was no fault of the R. R. Co., that the road, as defined through the northern part of our Twp., was not completed by Feb. 1st 1906, he asked this council to extend the time for the completion of the rail-road in question for one year.

The reeve then called upon any ratepayer to give his opinion and views as to what Mr. McDonald had said. The following answered to the reeve's invitation, viz: Messrs. Fish, McKeachern, Manser, Heinboehl, Berlet and Hayes. Mr. Fish being the first to speak expressed his entire satisfaction with the progress the R. R. Co. had made and recommended the council to grant the extension of time, asked for by Mr. McDonald. The other speakers concurred in what Mr. Fish had stated.

Mr. McBride, of McBride & Flintoft, who attended in the interest of our Twp., then proceeded to examine the By-law for extending the time and thought a few alterations should be made therein and that the Co. should pay all expenses in connection with this meeting. Mr. McDonald unhesitatingly gave his cheque in payment of said expenses.

Whereupon it was moved by A. Gibbons sec by A. Heple that By-law No— to extend the time for the completion of the extension of the Guelph Junction Railway through a portion of the Township of Wellesley be now read a first and

EDITORIAL NOTES.

Good morning. This weather 'snow joke'!

A Crosshill man—God bless him—is patenting a buggy contrivance which ought to be popular this weather. You press a button, turn a lever and the wheels slip on the axle to a sleigh gauge and become locked; then you slip a set of "runners" on the bottom of the wheels, and—presto, you are in a cutter.

The meeting held in Berlin to discuss the "good roads" question showed clearly that the township officials are not in favor of the Province's million-dollar scheme. Nearly every municipality in the county was represented and the county council's new by-law was thoroughly discussed. It is quite apparent that the Province must evolve a plan which will eliminate opportunity for municipal jealousies before the townships will be ready to take advantage of the fund. The greed of a councillor to get as much as he can for his own municipality regardless of equity is totally opposed to the accomplishment of a general system of permanent roads on such lines as the present act proposes.

The Maple Leaf's plan for granting Provincial assistance in building permanent roads is to have the Ontario Government pay the interest—say at 4 per cent—on all debentures issued by municipalities for this class of roads. We invite experts to investigate this scheme, believing that a close scrutiny will win friends for it. It will certainly do away with municipal jealousies and make the government's million dollars go much farther in helping the people. The "Leaf" will have more to say on this subject later on but will submit the following example just here: A township builds \$40,000 worth of permanent roads (about 60 miles) on twenty-year debentures, payable at \$2,000 per year. The government would pay the interest, \$1,600 the first year and reducing to \$80 the twentieth year, about \$16,000 in all. If township by-laws ordered the statute labor along these 60 miles commented and paid into the treasury the ratepayers would get the road very cheap, especially since permanent roads are good for fifty years use or more. Work the idea out and condemn or commend it at your pleasure.

Mr. D. B. Detweiler, the newly-elected President of the Berlin Board of Trade, is well known in the Wellesley section, his earnest work having done much to bring about the crisis which so nearly resulted in getting the trolley to this village last year. His many friends here extend congratulations.

When Prince Henry of Battenburg visited Niagara Falls last summer three members of his staff were charged \$2 head tax each by the United States Immigration Officers when they crossed the upper bridge to see the sights on the American side. The matter was reported to the British ambassador at Washington, who took it up with the United States government. Notice has now been received at Ottawa that the United States will refund the \$6.

Berlin Telegraph, of Saturday.—One unfortunate thing in connection with this recent fall of snow is that our editorial sanctum will be flooded with poems on "Beautiful Snow." How many did you get?

Does your Maple Leaf label read 1907? If not, why not.

A SKATING SONG.

Hurrah for the wind that is keen and chill,
As it skims the meadows and sweeps the hill;
Hurrah for the pulses of swift delight
That tingle and beat in the winter's night.
When over the crystal lake we glide,
Flying like birds o'er the frozen tide.

Hurrah for the lad with the sparkling eye,
For the joyous laugh and the courage high!
Hurrah for the health that is glad and strong,
So that life is gay as a merry song.
For the motion fearless, smooth and fleet,
When skates are wings to the flying feet.

Hurrah for the landscape broad and fair
Spreading boldly out on the brilliant air!
Hurrah for the folds of the sheeted snow,
On the mountain's high, in the valley low;
Hurrah for the track where the skaters glide,
Fearless as over a highway tried!

Hurrah for the girls who skate so well—
Dorothy, Winnifred, Kate and Nell!
Hurrah for the race we are bound to win,
And the curves and figures we mean to spin!
Hurrah for the joy that wings our feet,
When like dancers gay we pass and meet.

Who chooses may boast of the summer's time,
Hurrah we cry for the frost and rime,
For the icicles pendant from roof and eaves,
For snow that covers the next year's sheaves!
Hurrah for the gleaming, glassy lake
Where the skaters hold their pleasure take!

My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Hubbard, Pennsylvania. "At times she was unable to move at times, while at other times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she has never wakened at night and at 1 time asked to walk. An occasional application of Pain Balm keeps her free from the pain that she was formerly troubled with." Sold by all druggists, grocers, and general stores.

A painful accident happened last Thursday, at Mr. E. Mosburger, town line, south of Bamberg, when a young man, son of Mr. John Wagner, of Josephsburg, lost two of his fingers. He, with others was cutting wood with a circular saw and his hand was caught, the little finger being severed and the one next so badly lacerated that it was necessary to have it amputated.

From present indications the building season just opened will surpass the previous one, which was over \$11,000,000 and about 2,300

HEROISM IS NECESSARY.

Toronto, Jan. 22.—Despite the Mayday weather, which lent decided attractions to being outdoors, Dr. Torrey has not drawn a larger Toronto audience than the one that crowded Massey Hall yesterday afternoon. It was an occasion specially dedicated to the university students.

Dr. Torrey's address was general in its trend. He referred at times to university life, but made no attempt to enter into the special problems that confronted students there.

His subject was "Heroes and Cowards." One of the discouraging signs of the times, he said, was the proportion of men and women who were lacking in courage to stand up for themselves in all times and places.

"The great need of Canada is heroic men and women with brains," said the speaker.

There were many college men and women who believed in their hearts but didn't make public confession through fear of social ostracism, of being cast out of their set of society.

"You know he died for you on the cross, but Jesus is not popular in your set," said Dr. Torrey.

It had been pointed out to him that confession of Christ might be made in the way one's life was lived, "but" objected the preacher, "who knows the source of your life, if you don't confess it with your lips?"

If you were to tell what is in your hearts, it would shake the university and would shake Toronto he declared a little later on.

The speaker said that in preparing to visit Edinburgh University, he had been warned that the students were a little peculiar, and that it wouldn't do to ask those converted to stand up.

"I came to the conclusion they were no more cowards than other people," said Dr. Torrey amid applause. At first they made a noise, but this, "collapse" and he had never had better response to his call. At Cambridge like preliminary demur had been made to his practice, but he had induced 35 fine young men to respond and they were a power for good in the university.

One hundred and twenty men came forward at the evening meeting. Dr. Torrey gave the same address as in the afternoon.

"Come on men," said Dr. Torrey, "this is a great night for Toronto. Thank God for so many men."

On Monday Rev. Dr. Langford, Stratford saw a genuine robin outside his study window. According to prevalent belief this ought to be a spring robin, for it is hard to suppose a robin would have stayed around here ever since last fall. If it went south and was already returned, he may be a harbinger of the spring which all other indications lead us to expect will be an early one.—Herald.

The Family Herald and Weekly Star of Montreal during December handed over 50,000 subscriptions, which is more than any other paper in Canada receives in a whole year. It is an enormous figure, the greatest that paper ever reached, but they fully expect to run it up to 75,000 this month. The popularity of that great Weekly and the lovely picture that goes with it, "Queen Alexandra, her grandchildren and her dogs," are accountable for the increase, but it is said their special premium, "The Farmers Manual and Veterinary Guide," has alone added over 20,000 new subscribers. They are printing another large edition of the book, and our advice to all farmers is to secure a copy before they are all gone.

Stomach Trouble and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. B. Cull, a druggist of Porterville, Mich. They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by A. J. Saunders, druggist, Wellesley.
