WELLESLEY MILL TROUBLE.

There has been considerable talk lately over the roller mill troubles which culminated last Friday when it became known that Mr. A. R McEachern, the manager, would not return. A meeting of the shareholders was at once called and Vice-President Ed. Ratz was instructed to take charge and Mr. Scully, of Waterloo, was employed to audit the Company's affairs. He scenily, of Waterico, was employed to audit the Company's affairs. He is now engaged in that work but the result is not yet known, and Mr. McEachern's friends hopefully trust that nothing more than possible indiscretion can be charged against him. Title picture shown is one dear to every man, woman, boy and girl, on account of its meaning—"The Viotoria Cross," given for conspicuous bravery. If only the soil of South Africa could voice the deeds performed upon it, how many Victoria Crosses would have been found to have been earned by Casada's soul It is hard in the heat of action to notice every act of valor, and therefore only those which take place under the eye of superiors of sufficient rank can be noted.

The picture shows one of such deeds. Two troopers are closely pressed by the enemy. The horse of one is hit. Under the withering fire, the man whose mount is unharmed halts, and, risking everything, waits to get his comrade safely mounted behind him and carry him back to the Canadian lines. It is a desperate deed, and one often performed but seldom noticed. When, however, such an act is seen, the reward dear to soldiers' hearts above every other is the result.

This picture is from the brush of Mr. W. B. Wellen, an artist famed for his war pictures, one whose work appears in all the leading illustrated periodicals of the Empire, It is a forceful subject from the hand of a strong man.
