Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much feared the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. EDITORIAL NOTES.

This is the season when the leaves turn to gold. According to our subscription books there are quite a number of the Maple Leaf variety which have not turned to gold or anything else negotiable for several seasons past!

Governments are chosen by elections; by bye elections bye elections are settled. When we bid bye-bye to bye elections bye elections will cease.

As predicted a few weeks ago in the Maple Leaf the United States has been called in to suppress the Cuban insurrection. Uncle Sam has been pledged to sustain law and order in Cuba and although President Palma has undoubtedly been elected by fraud and does not represent the people our cousins across the line are bound down by their agreement to the nauseating task of maintaining him in the stolen presidency. Let us hope a way will be found to settle the matter other than sacrificing U. S. soldiers in this unholy cause.

The franchise of the Berlin street railway is about expired and an arbitration is now in progress to determine the price to be paid by the county town for the railway plant. Under the management of the county's able manager the road has not only been placed in excellent shape but has been made to pay well. If the town takes over the road it will likely be arranged to carry the Preston-Berlin trolley passenger cars on the Main street right through to Waterloo. The arbitration will not be concluded for several days to come.

Here is an addition to the quaint stories of queerly-worded signs, which are going the rounds of the newspapers. On sixteenth street, just off Halsted, in Chicago, the writer many years ago read a sign which announced to the world: "Goin' out witwasheen dun heer." How that energetic fellow performed the feat we never learned.

The first shipment was made at Linwood's new railway station last Saturday. It consisted of two cars of apples. Among the shippers were several farmers from very near Wellesley village. When the roads approaching Linwood are properly improved, as should long ago have been done, that village will become an important shipping point.

Afflicted with Sore Eyes for 23 Years.

I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. Earle, Oynthiana, Ky. Chamberlain's Salve is for sale by A. J. Saunders, druggist, Wellesley.

For a good fitting suit—and cheap—go to Wolvrad.

Rubbers, overshoes, felt shoes and slippers, cheap at A. Wessloh's store next to post office, Berlin.

Subscribers to the Maple Leaf will bear in mind that unless their subscriptions are paid in advance the price is \$1.25 a year.

Are they Afraid

There are, in this neighborhood, agents for several "bucket bowl" cream separators. "Bucket bowl" separators are the kind with big bowls, full of parts, set on top of their spindles. These agents say to farmers: intending to buy a separator, "Look out for the Tubular" or "Don't try Tubular," or "be aware of the Tubular." To hear them talk you would guess right away that

The Sharples Tubular

is the best cream separator made, and that these "bucket bowl" fellows are afraid of it. The Tubular surpasses every other separator in every particular, and you should take mighty good care you do see a Tubular before you buy a separator. We will be pleased to show you the latest Tubular and give you an illustrated catalogue.
