The death of Mrs. John Richardson, which occurred on Sunday last removes one of the most highly respected residents of this section. She was in her sixty-sixth year and had lived in this vicinity for almost half a century, sharing the trials and hardships of pioneer life with her aged and now sorrowing husband, who survives her. A year or so ago the aged couple retired from the homestead at the corner of the section and fifth lines and came to this village to reside. They raised a family of upright sons and daughters, most of whom are honored residents of the township, and to whom the sincere condolence of the entire community is extended in their hour of sorrow. The funeral occurs at Rush's cemetery to-day (Wednesday) after service in the English church in this village.

Do Not Crowd the Season.

The first warm days of spring bring with them a desire to get out and enjoy the exhilarating air and sunshine. Children that have been housed up all winter are brought out and you wonder where they all came from. The heavy winter clothing is thrown aside and many shed their flannels. Then a cold wave comes and people say that grip is epidemic. Colds at this season are even more dangerous than in mid-winter as there is much more danger of pneumonia. Take Chamberlain's Cough Remedy, however, and you will have nothing to fear. If always cured, and we have never known a cold, to result in pneumonia when it was used. It is pleasant and safe to take. ST. CLEMENTS.

On Thursday evening of last week a young man, Charles Albrecht, met with a serious accident while working in a bush a little south of the village. He and another man were engaged cutting down trees in the bush. They had almost completed their work for the day, when a tree they had just cut down, lodged in another one and rebounded. The unfortunate young man was caught between the end of the fallen tree and the trunk of another and both bones of his one leg were crushed to splinters from the knee to the ankle. Dr. Weidenhammer, of Hawkesville, was hastily summoned, and as the young man could not receive the necessary care and attention at his home, the injured limb was dressed as well as possible and he was taken to the Berlin-Waterloo hospital. After a careful examination it was found necessary to amputate the injured limb. The unfortunate young man is doing as well as can be expected.

Mr. B. N. Hines, of Heidelberg, Deputy Reeve of the township of Wellesley, left on the Feb. 8th, in company with his brother, C. N. Hines, of Waterloo, for California, where they have a brother living. On their way home they will visit another brother, about five hundred miles east of California. They are not expected back before the last of March. We wish them a happy journey and a safe return to their families and friends and dear old Canada.

NEW HAMBURG.

Burglar entered the New Hamburg Post Office on Friday night, blew open the safe, and escaped with about \$300. Two hundred of which was in postage stamps. A sledge hammer and chisel stolen from Bergers blacksmith shop were left behind as legacies. The force of the explosion caused great damage, the nicely finished woodwork inside and the plate glass window in front being badly splintered and smashed. There is a great similarity between this burglary and the one which took place in the town of Dresden a few weeks ago. The burglars entered the post office and carried on their operation in much the same manner. They escaped with as little knowledge to the inhabitants of that town as they did in this case. Evidently burglarizing post offices in small towns is somewhat of a "cinch".

Cause of Stomach Troubles.
When a man has trouble with his stomach you may know that he is eating more than he should or of some article of food or drink not suited to his age or occupation, or that his bowels are habitually constipated. Take Chamberlain's Stomach and Liver Laxative to regulate the bowels and improve the digestion and see if the trouble does not disappear. Ask for a free sample. Sold by B. J. Saunders, druggist, Wellesley.

Rev. Mr. Dawis, "Elijah the Third" is dead.

FARROWING SOWS

There is probably no greater loss in the management of hogs than at farrowing time. Many a breeder complains of sows eating their litter and don't know that this is due to bad feeding. Lots of pig-eating sows would never have developed this bad habit if they had been rightly fed before farrowing. By the time the sow farrows she is in a much fevered and constipated condition, which vitiates a litter eating appetite. This can, in almost every instance, be gotten over if the digestive organs are kept free and open by feeding Clydesdale Stock Food according to directions. The flow of milk of the sow is increased by the help it gives digestion. Milk is the direct product of the digested food. The greater the flow of Milk the greater the growth and profit of the litter. If you want to farrow the most and best pigs; pigs that have a chance to live, and become money makers, use Clydesdale Stock Food before and after farrowing. Mr. A. Newell Kilbridge, Ont., says: "Pigs have never done better with me than those I fed Clydesdale Stock Food to." "Runts" can be made money makers by using it. Mr. Donald McDougall, Harrison, Ont., says: "I had six 'runt' pigs to which I fed your food, and now they are as good as any pigs I have." Caroline Antiseptic will keep your pigs and pens clean of vermin, making them do better. If you feed Clydesdale Stock Food, and other preparations, do not give satisfaction, your money will be cheerfully refunded by our dealer. Sold in your district by the following:

BOARD OF TRADE.

The organization of the Wellesley Board of Trade is now about completed. The Dominion Act has been followed in the matter except that incorporation is deferred for the present until the district to be covered is mapped out. A meeting is to be held in the annex on Friday evening to elect the officers, and council. The fee for the present year has been fixed at 50 cents and all who have paid will be entitled to vote. It is expected that there will be fully forty charter members. Mr. C. F. Ottmann, the temporary chairman wishes to state that unless the meeting decides otherwise the nominations are to be made in writing up to 5 o'clock p. m., when the ballots will be taken and officially counted, this being in his opinion the proper way at this time. All wishing to join and take part in the election are requested to be present.

Spring begins on March 21st.

A meeting will be held at the Royal hotel on Friday to arrange for the holding of the Wellesley spring show.

The funeral of the late Mr. John Freeborn, 3rd line, last Thursday, was a very large one, there being over 75 rigs in the procession.

Mr. and Mrs. P. Ottmann and Mr. and Mrs. P. Schmidt, spent Sunday at Mr. D. Doering's Wilmet.

COULDN'T CROSS THE LINES.

Uncle Sam has some hungry watch-dogs at the Canadian border who are bound to do queer things in order to earn their salaries. Mr. Henry Habermeil has lived in Nebraska for the past fourteen years where he worked and accumulated some property. About three years ago he met with an accident by which his arm was badly broken, but he recovered and worked a year or two longer, when he sold his property and came to Wellesley to visit his mother, Mrs. Gensmer. After remaining here several months he left a week ago Monday for Nebraska, where there is considerable money owed him, intending to remain there. But when he reached Port Huron he was stopped by an official who had noticed his slightly deformed arm, and after asking Mr. H. up all night, refused him admission to the United States on the ground that he was not perfectly sound. He was sent back to Stratford but his trunk was allowed to go on to Nebraska. Henry and other good men like him, are welcome in Canada, but Uncle Sam seems to prefer the riff raff of Europe which he receives in thousands with open arms every year.

Chamberlain's Cough Remedy is Both Pleasant and Effective.

Chamberlain's Cough Remedy has no superior for coughs, cold and croup, and the fact that it is pleasant to take and contains nothing injurious has made it a favorite with mothers. Mr. W. B. Fellham, a merchant of Kirkville, Iowa, says: "For more than twenty years Chamberlain's Cough Remedy has been my leading remedy for all throat troubles. It is especially successful in cases of croup. Children like it and my customers who have used it will not take any other." For sale by A. J. Saunders, druggist, Wellesley.

Early in April Berlin will vote on a by-law to raise \$2,200 to buy the B. & W. Street railway.

W. F. McLaren, M. P. is certainly awakening the Dominion on the question of public ownership. He thinks it about time that Canada finds out whether the railroad, telegraph, telephone, and other facilities corporations own the country or not. And the people are beginning to think he is right. Occasionally there is a politician like "Billy" who thinks more of his country than of his party, but they're few.

The death of Mr. Oronhyatekha last week removes Canada's greatest organizer. He took hold of the I. O. F. twenty years ago when its membership was only a handful and brought it up to a wonderful efficiency with over 230,000 insured members. The Dr. was picked up in 1861 by the Prince of Wales and taken to England and educated. The little Indian boy has amply shown what the educated red man can accomplish.
