MONEY SAVING

Let no young young man ever permit it to enter his head that economy is meanness, or that it is to be despised. It is he who saves who can afford to give; and nothing is mean which is honest and which goes to establish one's independence.

PHILIPSBURG.

Grandpa Lantz passed away peacefully this morning at the ripe age of 83 years.

Mr. G. A. Wanless, of Berlin, was a business caller in the village last Friday.

Mr. Ed. Pfanner and sister, Salona, of Berlin, spent Good Friday with their mother here.

Mrs. John Joyce, of Waterloo, spent Easter with her mother Mrs. Wiederhold.

Mrs. T. Williams of Detroit, and her daughter, Mrs. Frank Richards of Pontiac, Mich., are visiting at the home of Mrs. Pfanner.

Mr. J. Kahl, of Detroit, called on friends in the village here on Sunday while on his way to visit friends in Wellesley.

Mr. and Mrs. James Capeling, Burnside, spent Sunday with Mr. and Mrs. H. F. Schmidt.

Mr. and Mrs. Chas. Garber, of Berlin, spent Easter at the home Mr. and Mrs. J. K. Schmidt.

Mr. Victor Wettler, of Georgetown visited friends in this community over Sunday.

Mr. Louis Dietrich, of St. Agatha, assessor for this district is making his rounds at present.

Cured of Rheumatism.

Mr. Wm. Henry, of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain-Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned." If troubled with rheumatism try a few applications of Pain-Balm. You are certain to be pleased with the relief which it affords. For sale by A. J. Saunders, druggist, Wellesley.

NARROW ESCAPE.

The passengers on the Galt train, due at Berlin shortly after six o'clock Friday evening had a rather unpleasant experience. When near German Mills one of the trucks of a passenger car ran off the track and the train went bumping along for about seventy-five rods until stopped. The car was crowded with passengers and their feelings may be better imagined than described. Had there been a steep embankment at this point, there might have been a repetition of the Guelph disaster. The car still remaining on the track, was attached to the engine and the train proceeded on its way. Among the passengers were Mr. W. G. Weichel, and family, Mr. Joseph Mickus, and Mr. C. J. Altmann, Waterloo.—Chronicle.

Guelph, March 23.—Henry Gondski, living at the Paisley Block, and who had been employed by Mr. Henry Brubacher, was killed this morning by a tree falling upon him while at work in the bush. Deceased was about 58 years of age, and lived on a small farm between Breslau and the Block, working in the dull seasons for the farmers in the neighborhood.

A MODEST FEE.

Alex. F. MacLaren M. P., travelled in Europe for his health last year, and while going to Carlsbad for the waters read of the remarkable work done by the famous Austrian Alchemist, Dr. Karl Von Nordron. Upon reaching his hotel Mr. MacLaren at once telephoned to the specialist, asking for an appointment. The latter stated he was leaving the city for a few days, but that he could give an examination if the patient could come at once. The Canadian visitor hasten-

ed to the physician, and gave his name and address. The Dr. asked Mr. MacLaren at once if he knew the chessman of that name. The patient confessed that he was the man himself. After a thorough examination, the famous specialist gave his advice, and was asked for his fee. "I thought it would run all the way from \$200 to \$500," said Mr. MacLaren, as he told the story to his friends upon his return; but all I had to pay was the modest sum of \$7.50."—Toronto Saturday night.

AN ENTERPRISING HEN.

A farmer, who brought some eggs to one of our grocery stores on Saturday morning, had a hen which seemed to understand it's business. This particular hen must have known that Easter was at hand, and that more eggs were required than usual. The farmer had placed a basket of eggs under the buggy seat, and while he went to get his horse Mrs. Hen also crawled under the seat, determined to contribute another egg for some hungry mortal in Waterloo during the glad Easter Tide. Her presence was not noticed until the farmer pulled out his basket in front of the grocery. Then Mrs. Hen heralded her presence with a joyous cackle, and the astonished former found another egg beside the basket which did not require a label to prove it was newly laid. Heartfelt would be considerably cheaper, if there were some more enterprising hens like the above one in this country. —Waterloo Citizen.

Whooping Cough.

I have used Chamberlain's Cough Remedy in my family in cases of whooping cough, and want to tell you that it is the best medicine I have ever used.—W. F. Gaston, Posch, Ga. This remedy is safe and sure. For sale by A. J. Saunders, druggist, Wellesley.

An ice jam on the sharp curve in the Grand river just below the bridge at Freeport last week has caused the worst flood seen there for thirty years. The road from the bridge until near the ruins of the old academy was nearly all under water and a roaring torrent ran across the Dotwiler fields and the Lutz lot. The barn and cellar were filled with water and a number of chickens drowned. Neighbors with a double team came from across the bridge and took Mr. and Mrs. Lutz to a place of safety. For several days the house was the center of a rush of water, while old Mr. John Kautson who with his aged wife live at the corner house were also shut in, he being too ill to remove. The flood came up very suddenly and continued until the jam gave way.

Gentle and Effective.

A well-known Manitoba editor writes: "A man inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the tonics of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price 25 cents. Samples free. For sale by A. J. Saunders, druggist, Wellesley.

A Kansas man gets rid of mice and rats by wrapping cayenne pepper in a cloth and stuffing it in the holes where the rodents pass in and out. They gnaw at the tags and the first thing they know they have a dose of the pepper which makes them wish they had not been so inquisitive. He does not know whether they sneeze themselves to pieces or simply like to be the neighbors. Anyway they disappear and they bothered him no more.

EDITORIAL NOTES

The fearful condition of the roads during the past week or so offers some food for reflection to the up-to-date farmer. The winter just closed witnessed a very slight snow-fall in comparison with other recent winters, and the frost consequently sank very deep into the undrained roadbeds which were fairly soaked by the numerous thaws during the winter. The warm weather and rains of the latter part of March caused the heaving and softening of the best gravel roads making them impassible for traffic and entailed a heavy municipal expense for repair during the coming summer.

Road Commissioner Campbell and other acknowledged expert strongly recommend the placing of tile drains under the centre of the road bed. This would carry off the water which sinks into the road so that the frost would necessarily be very slight in the severest winters, while the ditches would remove the surface water. A gravel road protected in this way would require very little repairing and would last much longer than under the present system. Gravel is becoming too costly to be thrown indiscriminately upon dirt roads only to be ground down into the mud by passing wheels during the next spring thaw; farming necessities are becoming too important to be retarded by the long-drawn-out muddy season. Horses wagons and harness are now too costly to be ruined by this class of roads. Everything points to the necessity for a reformation of our road building system without delay. It is far cheaper, and infinitely more economical, to build a permanent road, even if it has to be built by a debt-entured debt, than to keep up the present costly, and practically useless plan of so called "repairing."

We notice that the Provincial government is introducing a very important Act governing the disposal of the famous "million dollar fund" for permanent roads in Ontario. By the new amendment county council will be able to take advantage of this fund and tax the municipalities for their share without first asking the consent of the ratepayers. Now that the county council is composed of the reeve and deputy reeve of every municipality this looks fair enough upon its face; but in counties like Waterloo, where the representatives of the towns and villages so greatly outnumber those of the townships a motion might easily be forced through the council which might load a debt of thousands of dollars upon the unwilling townships. It is a well known fact that the Provincial government and the townships have for years been at variance of opinion upon this "million dollar" law. The former wants long connecting stretches of permanent roads leading from border to border of the Province, while the latter desire to have the expenditure (of which they have to pay two-thirds) to be made within their own borders. Until the legislature devises a law by which any individual municipality can avail itself of this immense grant for good roads the chances are small for any considerable portion of it being used by the suburban ratepayer.

ers, unless forced upon them by this new law.

The C. N. R. (McKenzie and Mann's railway system) is making strenuous preliminary efforts for the invasion of Ontario, and the probability are that they will build hundreds of miles during the next few years. Just at present, so far as we can learn, their actual routes are but dimly outlined. But the promoters are actively engaged throughout the Province and it looks as if the Boards of Trade in all directions are being induced to favor the scheme as late as the extent of helping the C. N. R. to secure a Dominion Government subsidy for the Sudbury-Pt. Arthur part of their line later on. This new Company evidently means business and their success will bring immense wealth to many parts of Ontario now badly in need of the advantages of railway connection.

It's really too reading the Mail-Empire's efforts to show that Laurier's government is corrupt, and the Globe's spasms in proving that Laurier is the honestest ever. Who really believes either of these subsidized papers?

A misplaced letter sometimes makes a lot of difference: an exchange the other day in talking of the sacred cow of India called it the "scarred" cow; another paper, in telling of the gratitude of the government it supported got on "it" in accidentally and printed it "the parliament's gratitude."

"If a raise of \$5000 per year in

his salary would have kept him he would still be with us," was one of the very high complements paid to the abilities of F. H. McGeigan, late Fourth Vice-President of the Grand Trunk Railway. He won his way from the bottom on his individual merits until the famous "Jim" Hill chose him to be his first assistant on the Great North-western Railway. Mr. McGeigan (and Mr. Hill) furnish an object lesson to hundreds of Canadian boys who have equal abilities if they will only set their efforts upon gaining a place "at the top."

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked. Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by A. J. Saunders, druggist, Wellesley.

Land slides are giving the Grand Trunk much trouble in the big cut west of London.

Mr. and Mrs. C. E. Walker, of St. Marys, were visiting in Wellesley on Good Friday.

See our large stock of Wall Papers, Window Shades and Lace Curtains. W. Kelterborn.

Miss Lucinda Bellinger was an Easter visitor to relatives in Waterloo, returning home on Tuesday.

Spring house-cleaners: see the snap bargains in carpets at John Spahr's.

Mr. Herb Kaufmann, of the Berlin News-Record, was home on a holiday visit from Friday to Monday.

If Wellesley intends to hold a Victoria-Day celebration this year it is now time to start the preliminary work.

It took one of our business men five hours to make the trip home from Berlin through the awful mud one day last week.

A little five-cents-a-line advertisement in the Maple Leaf will help you buy or sell that horse you are thinking about.

The "oldest inhabitant" is fairly cornered and has to own up that he never before saw the roads so muddy as they were last week in this section.

A joint stock sale will be held at the Queen's hotel in this village on Saturday of this week. The usual amount of stock, implements, household goods etc., will be offered.

Mr. Norman Altman, of Brampton, spent the Easter holidays with his parents and many young friends here. He recently took the optical course, graduating with honors.

Wellesley Spring Show of entire horses will be held next Tuesday, April 9th. A large turnout, both of horses and visitors, is expected. We are informed that quite a number of horses will be brought to town and offered for sale.

Last Saturday one of Mr. Albert Becker's Minorcas presented him with an egg which measured $6\frac{1}{2} \times 7\frac{1}{2}$ inches. That business like breed of hen is much more profitable than the kind that stand around the yard all day on one leg meditating.

Messrs Amos Leis, Clarence Schaub and W. Fleischhauer, of Berlin; Geo. Walton, Hespeler, John Kaufman, and Al. Bauehl, Misses Maggie Kaufman, New Hamburg, were among the Wellesley young people who spent Easter with relatives here.

Deputy-Reeve Huehn has returned from California and attended the council meeting on Monday. He handed the Maple Leaf editor an orange which he had picked from a tree in his brother's orchard in California two weeks before. If business improves sufficiently we'll buy the whole luscious crop next season.

The Globe the other day told of the village which had not had a criminal case for two years. Wellesley has that beaten to the gates. There has only been two convictions from here in seven years, and these were both outsiders; one for violating the county pedler's law about five years ago, and the other for passing a forged note at the bank here.

Miss Erma Green, and little Malcolm are in Galt this week visiting relatives.

Just in—a large assortment of spring hats and caps for men at W. Kelterborn's.

Wall Paper! Latest patterns; completely new, and prices lower than any opposition's, at John Spahr's.

FOR SALE.—A baby carriage, in good condition, also a folding crib. Will be sold cheap. Apply at this office.

Mr. W. B. West spent Easter holidays with his parents at Penetang, returning to his duties on Tuesday.

Mr. Henry Cook, who has been working on Mr. Hill's farm near Cayuga, for some time past is home this week on a short visit.

The Wellesley council will meet in this village in committee next Tuesday to inspect the proposed tile drain on the street from the telephone office southward to an outlet.

Good Friday was passed quietly here. All business places were closed and services were held in the churches. Several shooting parties were out in the woods but it was a little too cold for fishing.

Our village was surprised and pained to learn that Mr. Jas. McDonald has purchased a large boot and shoe business in Parkhill and intends to move to that town next week. As a farmer and as a business man, Mr. McDonald has been known here all his life and his decision to remove has caused general regret. In this gentleman and his estimable family Parkhill gains a decided acquisition.

The New Liskeard Speaker printing office was destroyed by fire three weeks or so ago. The proprietors, Messrs Stephenson & Son, with remarkable energy got the paper in running order again in about two weeks time, and the first number after the fire reached us on Saturday. It is strongly edited, full of well-set ads and is really a credit to the lively town in which it is located. May many years elapse ere misfortune visits it again. [Mr. Carl Green, of Wellesley, is a member of the Speaker staff.]

MILLINERY OPENING.

REIMER BROS. & CO'S GREAT SPRING DISPLAY.

A Maple Leaf reporter was among the large throng who visited Reimer Bros. & Co's millinery opening (which has been in progress the past week. Miss Akam, the milliner in charge, has evidently been given a free hand in purchasing the stock, insisting only on the selecting of high standing quality of goods, and the display is evidently away in advance of anything this firm has attempted in the past, in fact it is doubtful if there has been a more extensive and instructive display in Waterloo county this spring. While the pretty drooping "mushroom" shapes of the present fashion are to be seen in profusion, the standard "sailors" and other desirable shapes have not been neglected, so that the lady who fails to be suited here is really hard to please. The styles of trimmings appear at the first glance to be of the go-as-you-please order, both as to flowers, grasses, buds, ornaments feathers, etc., but a closer inspection shows that high artistic science has governed the selection of the colors and goods and blendings which makes the "hip-lizard" appearance so attractive. Our reporter was shown from thirty to fifty trimmed hats comprising creations for all ages, from the tiniest tot upwards, which were on exhibition, representing as many different effects, and every one of them was a revelation of beauty. Many of the hats shown us have been sold and will soon be taken away, so the Maple Leaf advises the ladies who have not already done so to make their call as early as possible.

Mr. E. P. Clement, of the firm of Clement & Clement, Berlin, has been appointed Junior Judge of Essex county.

Mr. John Fleischhauer, of this village, accompanied by his sons Charles and George, Mr. and Mrs. Jno. J. Fleischhauer and Mr. and Mrs. E. K. Reimer, drove to Berlin to attend the wedding of his son Oscar and Miss Karn, of Berlin, yesterday.

The ice melted off the pond in record time this year. Boys were playing on the thick, strong ice on Thursday morning, and on Friday afternoon—only 30 hours later—boats were plying to and fro with not a particle of ice to be seen.

Mr. J. H. Elford, of Holmesville, an old resident of Huron county, dropped dead on the evening of April 1st at Crosshill, where he was visiting his cousin, Mr. A. Knight during Easter holidays. He was widely known and was highly respected by all who knew him.

Mr. David R. Gascho called at this office on Tuesday and requested us to state that he had just returned from looking at the land in Camboro described by Mr. John Hill in the Maple Leaf two weeks ago and he finds the property all that it was described to be. He and Mr. Jacob Wagler left yesterday again for Canboro to continue the investigation.

Council met at Crosshill on Monday and had a very busy day. St. Clements was represented by a delegation and lawyer Haight, of Waterloo, asking an appropriation of municipal funds to expend under their new condition as a police village. A deputation from Wellesley requested assistance in building a necessary drain on one of the main streets. Both deputations got a fair hearing and their petitions dealt with. The appointment of pathmasters also took up considerable time. The minutes will, no doubt, be here in time for next week's issue.

BORN.
On March 28th, to Mr. and Mrs. Joseph Leis, a son.

HERE'S A DANDY

Look at it a minute. It skims the milk from the whole herd in just a few minutes—skims it clean, and just as soon as drawn from the cows. No milk standing around—no skimming by hand—neither pans, crocks nor cans to wash—skim milk ready to feed.

IT'S THE TUBULAR

It's the Sharples Tubular Cream Separator—and it's a dandy. Notice the waist low supply can and wholly enclosed, self-cleaning gears. A dairy Tubular has done 24 tubulars are just as durable as that one. Dairy Tubulars are built right—are neat and economical—drip no oil—use the same oil over and over again. We sell the Tubular. It is the leading separator. Everybody likes it. Drop in and look at it—and get a catalogue.

NEWS NOTES.

Mr. Duncan, late manager of a bank in Afr., was last week sentenced to four years in the penitentiary at Kingston for misappropriating funds of the bank.

The Ontario Association of Fairs, at their closing meeting recently voted by a considerable majority in favor of racing at fairs, and appointed a deputation to wait on the Minister of Agriculture to urge a change in the law. Hon. Mr. McLaughlin had no objections to trials of speed, but he opposed the idea of giving prize money to a class of horses kept simply for racing and putting these against farm animals. The deputation simply urged that the law be so changed as to leave racing to the discretion of individual fair boards, with such restrictions to be imposed as would eliminate objectionable features.

Tony Pannini, an Italian, was killed by a dynamite explosion on April 1st while working on the construction of the Hamilton-Brantford electric railway near Ancaster.

Delhi, Ont. April 1.—This morning the body of H. S. Pettit was found hanging by a rope in a room above his blacksmith shop. He had been missing since Friday evening.

Montreal, April 1.—E. H. Fitzhugh, third vice-president of the Grand Trunk, has been appointed to take over temporarily the control of the transportation and maintenance department of the Grand Trunk. It is assumed from the wording of appointment that no permanent selection will be made until Mr. Hays returns from London, which is expected about the middle of April.

Melbourne, Ont. April 1.—The home of Mr. Kellock, living at Riverside, five miles from this village, caught fire to-day and Mr. Kellock in trying to extinguish the flames fell through the roof and was burned to death.

Eureka!

Yes, I have found it at last.

Found What? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T.
