## ONTARIO PUBLIC LIBRARIES.

The Educational Department has just issued a beautifully printed report of the various Ontario Public and Free Libraries, including pictures and plans of the Carnegie libraries in the Province.

Mr. T. W. H. Leavitt, Public Library Inspector, editor of the report, has the following interesting words to say concerning the scheme of travelling libraries, which is being rapidly pushed by the Department this year.

One of the greatest obstacles hindering the growth of Public Libraries in small communities is the difficulty experienced in securing sufficient funds for the purchase of new books. The government grant, being based upon the amount expended annually for books, is necessarily small, consequently demands are constantly made for a larger grant. A very large increase would be necessary to effect any substantial improvement among the small libraries. A systematic and continued effort should be made to give access to collections of good books by farmers and the residents of small villages. To accomplish such a desirable result, I recommend the development of an increase in the number of Travelling Libraries. Heretofore the Travelling Libraries of the Province have practically been confined to the lumber camps of New Ontario. The camps are now operated on an average of six months in the year, consequently during the balance of the time the books are idle. In view of the fact that travelling libraries in the older portion of the Province would gradually circulate the books at any time it is evident that a change should be made under which the Travelling Libraries will be kept constantly in use.

The failure of small libraries (several of which have been closed) during the past year for lack of funds) can be easily traced to the following causes:—

(1) The purchase of books not suited to the class of readers. These are usually valuable books, including many costly historical works, which the community declare uninteresting.

(2) Infrequent supplies of new books.

I have not found a small library languishing when new and suitable volumes have been supplied. With fresh books a country library remains as vigorous as a city library.

To inaugurate a new system of library extension, simple, practical, and economical, it is necessary to extend the travelling library. Each library should consist of about fifty books, to be sent out in a convenient case. The outfit should contain a small register and a type-written catalogue. Said libraries should be loaned to the small or struggling Public Libraries for three months. By establishing circuits of from ten to twelve libraries in a county or group of counties the cost of changing the libraries would be reduced to the minimum and the duplication of books guarded against. A few of the libraries should be made up to suit the needs of special organizations, clubs or localities. Under such a plan these libraries would be used in four different places during the year, and it is safe to say that the circulation of the books by this means would be quadrupled. The local library would pay transportation charges and for any volumes lost or damaged beyond ordinary wear."

## POOLE

A runaway accident, followed by serious results, which might easily have been fatalities, occurred to Poole residents on Sunday morning last. Mr. Louis Neumolster, accompanied by his wife and son, two years old, and his brother Jacob, were driving to church when their horse became unmanageable and ran away. The two brothers and the child were thrown out, Jacob's leg was broken below the knee, while the little boy suffered a serious fracture of the hip. Louis fortunately escaped without injury and was able to go at once to the relief of the child who had been thrown, face downward into a pool of water by the roadside, and would undoubtedly have been suffocated as he was tightly wrapped in a shawl. Mrs. Neumolster remained in the buggy and after a perilous trip of 2 1/2 of a mile the horse kicked itself loose leaving her in safety. Medical aid was procured as soon as possible and both the injured ones attended to.

## CAPITAL CREAM SEPARATOR.

(Advertisement.)  
St. Clements, May 8th, '07.  
Dear Friends of the public:—Before investing in a cream separator, we would advise you to see H. G. Cassel, of St. Clements, or Peter Lather, of Crosshill. We are handling the Capital Cream Separator which is the sweetest of all cream separators; and before buying we would advise you to get any good separator which you would think was the best, into your house; we then would like to place the Capital Cream Separator beside it and give you a fair trial. Easy running, easy cleaned, and good work. A durable machine, guaranteed for ten years. All other separators have either too high a supply can or are too hard to clean. If a woman once turns our separator, cleans it, supplies it with milk, she will be convinced at once that this is the machine she wants to buy. Now if you intend buying, don't be backward but drop us a card or phone to

## HELDENBURG.

Several of our villagers spent Sunday of last week with friends at Erbaville.

On April 23rd, the marriage of Miss Emma Conrad to Mr. Lorne Dickert, of this village, was solemnized at the home of the bride's mother, near Erbaville.

The death of Mrs. Philip Conrad, occurred at her home near Erbaville on April 28th. Deceased was one of the oldest and most highly respected residents of this section. She was born in Germany in 1827, and in 1851 was married to Philip Conrad. About 1858 they moved to the farm on which she died. She had a family of nine children, and 30 grandchildren and three great grandchildren survive her. The funeral took place, Wednesday May 1st and was largely attended.

Wellesley Maple Leaf subscribers, who order extra copies for their friends in the United States must hereafter pay 60 cents additional, as the government now compels us to put a one-cent postage stamp on each single copy to a United States address.

## PHILIPSBURG.

Miss Ethel Salvage of New Hamburg was the guest of Miss Evelyn Ford on Sunday.

Mr. and Mrs. Conrad Lisemer of Midway were visiting friends in this vicinity last week.

Mr. and Mrs. James Capeling of Burnside visited at the home of Mr. and Mrs. H. A. Doering on Sunday.

Mrs. Pfanner accompanied by Miss Elouira Schmidt spent Saturday and Sunday with friends in Berlin and Bridgeport.

Mr. H. A. Doering was offered \$500.00 for a span of horses, bred by Lockhart. Mr. Doering did not take the offer.

A bouncing baby boy has arrived at the home of Mr. and Mrs. Adam Doering of Doering's Corner.

Mr. Edward Heldman who spent a week with friends here has left again for Berlin.

Mr. and Mrs. Conrad Lantz spent Saturday and Sunday with their daughter, Mrs. Allen Heldman in Berlin.

Mrs. Nitardy who has been seriously ill is slowly recovering.

Mr. and Mrs. John Forier spent Sunday with Mr. and Mrs. Geo. Pfanner at Berlet's Corner.

Listen! the sound of wailing bells will be heard in the near future.

**Good Words for Chamberlain's Cough Remedy.**

People everywhere take pleasure in testifying to the good qualities of Chamberlain's Cough Remedy. Mr. Edward Phillips of Buxley, Md., writes: "I wish to tell you that I can recommend Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy whenever she has had a cold since she was two months old. About a month ago I contracted a dreadful cold myself, but I took Chamberlain's Cough Remedy and was soon well as ever." This remedy is for sale by A. J. Saunders, druggist, Wellesley.

## WALKED IN SLEEP.

A strange case of somnambulism has come to light. On Thursday morning, May 3rd, Supt. Cameron, of Victoria Lawn Cemetery, St. Catharines, was awakened by a knocking at the door of his home, and upon opening the door found a woman clad only in sleeping apparel and a pair of rubbers who told him a remarkable tale, which according to all appearances is correct.

The woman, who is a resident of Niagara Falls, Ont., states that she woke up shortly before 4 o'clock a.m. to find herself in the cemetery, and her very appearance gave credence to her story.

How she got to the cemetery at St. Catharines is a mystery, but she must have walked the distance between the Falls and the cemetery, about 10 miles in her sleep.

The woman is subject to those attacks, but this is the longest walk she ever unconsciously accomplished.

## LINWOOD PUBLIC LIBRARY.

## EDITORIAL NOTES.

Baseball just now has all other outdoor sports eclipsed in Toronto. That will last till the team loses first place in the league race. Then soccer, lacrosse and even hockey will get out into the sunshine again.

The Niagara power scheme is working out even better than was expected. The municipalities who gave their orders to the government for power are finding out that the power is going to cost them from \$1 to \$3 less than the price originally named, and the demand for power is so great that the government feels justified in pushing the lines to completion as rapidly as possible. It is generally expected that Niagara power will be delivered to customers in Berlin, Waterloo and Stratford within a year.

The Galt, Preston, Hespeler & Berlin electric railway will soon be one of the very best equipped roads on the continent. Four splendid new coaches are being delivered which are equal to the best Pullmans, while long stretches of road are being double tracked and solidified. A trip over this line is a real delight and is an outing that should be enjoyed by every resident of the Wellesley section.

The genial editor of the Galt Reporter has been bragging lately about the attack of lagrippe which he recently enjoyed. That's easy, brother Jaffray. Just wait till your dose of good old bronchitis comes along. Then you'll be able to sympathize with you—and lend you a lot of medicine.

## DISTRICT NOTES.

On May 1st, 63 bar-rooms in Ontario were closed. This is but a small proportion of what other May days have brought forth from year to year, for statistics show that as a result of relentless campaigning there are all told 286 "dry" municipalities in the province.

As a result of the voting of local option by-law in January, license privileges were cut off in the following towns, villages and townships on May 1st.

\*Ailsa Craig, Arran, Asphodel, Bruce, Chingacousy, Cramahoe, North Dumfries, Dymond, Falarion, South Gosfield, Goulbourn, West Gwillimburg, Harley, \*Hensall, Huntley, Huron, Innisfil, Jocelyn, Hanvers, Macleboro, March, Mersea, \*Midland, Mono, Nepean, West Nisour, South Norwich, Onondaga, \*Orillia, \*Port Carling, Protton, Portland, Richmond, Saugeen, South Sherbrooke, St. Joseph, Stanley, Tecumseh, \*Teeswater, Usborne, North Walsingham, Waterford, \*Weston, \*Winchester. ## Relief From Rheumatic Pains.

"I suffered from rheumatism for over two years," says Mr. J. Rolland Curry, a patrolman of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain was nearly all gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by A. J. Saunders, druggist, Wellesley.

## Will You Help It?

## THE HOSPITAL FOR SICK CHILDREN

For it Cares for Every Sick Child in Ontario whose Parents Cannot Afford to Pay For Treatment.

The Hospital for Sick Children, College Street, Toronto, appeals to the fathers and mothers of Ontario for funds to maintain the thousand sick children that it nurses within its walls every year.

The Hospital is not a local institution—but Provincial. The sick child from any place in Ontario who can't afford to pay has the same privileges as the child living in Toronto and is treated free. The Hospital had last year in its beds and on its tables 781 patients. 267 of these were from 196 places outside of Toronto. The cost is 38 cents per patient per day, and there were 129 sick little ones in the Hospital.

"GOOD DAY, DOCTOR." Since its foundation the Hospital has treated 16,371 children—about 7,500 of these were unable to pay and were treated free. Every dollar may be the treasurer of your kind thoughts into the Hospital kind deeds. Everybody's dollar may be the Friend in Need to Somebody's child. Let the money of the strong be mercy to the weak. The Hospital pays out dividends of health and happiness to suffering childhood on every dollar that is paid by the friends of little children. If you know of any sick child in your neighborhood who is sick or crippled or has club feet send the parent's name to the Hospital.

"SEE'S KNITTING" See the example of what can be done for club-foot children. There were 14 like cases last year and hundreds in 28 years.

BEFORE AFTER Please send contributions to: Mrs. Robertson, Chairman, or to Douglas Davidson, Sec. Treas., of The Hospital for Sick Children, College Street, Toronto.

"Our Dumb Animals" (published at Boston Mass.) for May is at hand. This valuable little magazine has for its motto "We speak for those that cannot speak for themselves." Its object is to instill into the minds of the young, the christian humanity of being kind to dumb animals. It is a most valuable journal and a blessing to every home it enters. As the subscription price is only 25 cents per year, the government should see to it that "Our Dumb Animals" be exempt from the recent law which compels the placing of a one cent stamp upon every copy of an American paper sent to a Canadian subscriber.

Lost—Between my place on the 5th line and Wellesley, on Friday, March 15th, a cow hide. Finder rewarded. JACOB MILLER.

The Wellesley Public School was closed on Tuesday morning on account of scarlatina and will remain closed until the end of the week during which time the building will be thoroughly disinfected. During the past two weeks there has been a case or two in town of a very mild nature. On Monday Dr. Glaister was called in to the home of Mr. C. B. Gingerich where he found a well developed case of scarlatina. Mr. Gingerich's other children were at once taken from school and later in the day it was decided to close and disinfect the school, to avoid, if possible a further spread of the disease. No other case has been reported and in all probability Dr. Glaister's prompt action will result in the stamping out of the malady in this village. It is reported however that there are several cases of a few miles out of town. Parents would do well to keep their children as much at home as possible until school reopens.

## A WHOLESOME PHILOSOPHY

Absolute honesty and a definite will often produce better results without unusual intellectual gifts or opportunity than the keenest intellect can attain without these moral qualities. It would be an easy thing to quote cases of noted men and women in whom defect of character have practically nullified the most conspicuous intellectual gifts.

A philosophy of life is not what we think about-life, but the convictions which govern our actions. It has well been called the "working hypothesis of life." Since well directed power is the measure of success, it is within the reach of every human being.

Play your part well—be it great or small—and despair will disappear like the morning mist before the sun. Your part is not to expend your nervous force in cynical criticism, but in the high obligation to build on whatever foundation of conviction you may possess.—Laura Drake Gill in the June Delicatore.

## HARD ON THE NEWSPAPERS.

(Toronto Starlight Night.)

But the new postal rate hits our small papers a hard blow, for they have contracted to send their papers for one dollar for 1907 to quite a few readers in the United States. I understand that Canada urged that the new rate should not go into effect until next January, thus giving publishers an opportunity to announce a new subscription rate, but to this the Washington authorities would not consent. Unless Canada would renew the old arrangements, the new one would have to go into effect at once. And into effect it comes. Perhaps some concession can be made to publishers in view of the loss imposed on them during the balance of the year by this treaty.

### EARLY CLOSING 1907.

We the undersigned merchants and business men of the village of Wellesley hereby promise and agree to close our respective places of business at 7 o'clock p.m. sharp, every evening, commencing May 2nd, Wednesday, Saturday, and evenings before public holidays excepted.

Buying a carriage is pretty important business with most men—and you can't be too careful about the carriage you decide on.

That's why we want you to talk over your wants with us—and see the Tudhope line.

You know, you don't have to buy unless you feel like it—but you will feel like it when you see

TUDHOPE CARRIAGES.

## HERE'S A DANDY

Look at it a minute. It skims the milk from the whole herd in just a few minutes—skims it clean, and just as soon as drawn from the cows. No milk standing around—no skimming by hand—neither pans, crooks nor cans to wash—skim milk ready to feed.

### IT'S THE TUBULAR

It's the Sharples Tubular Cream Separator—and it's a dandy. Notice the waist law supply can and wholly enclosed, self-oiling gears. A dairy Tubular has done 24 years' work without repairs and used only three quarts of oil. All tubulars are just as durable as that one. Dairy Tubulars are built right—are neat and economical—drip no oil—use the same oil over and over again. We sell the Tubular. It is the leading separator. Everybody likes it. Drop in and look at it—and get a catalogue.

WELLESLEY.

Berlin, May 5th.—The Temple of Truth had a call to-day from Mr. J. B. Taylor of Winnipeg, and Mr. F. M. Smith of Republic, Ohio. They reached Berlin last Wednesday on the early morning train, both bound for the Arnott Institute but each ignorant of the other's object. Mr. Smith inquired of the operator at the station where the Arnott Institute was and could hardly make himself understood. Mr. Taylor began to talk and each gentleman thought the other was mocking him. Today they are good friends and each is highly delighted with the result of the treatment here. Although these gentlemen have only been here one week, all traces of their stammering has entirely disappeared so that anyone conversing with them would not suspect their recent affliction. These gentlemen are only two of the many who are daily having the gift of natural speech restored at the Arnott Institute. Both have been corresponding with other schools, for the same purpose, but are glad they decided to come to the Berlin Institute.—News-Record.

The Clinton Collegiate Football Club, holders of the Hough Cup for many years back, have been notified to give London Collegiate, the first challengers, a date very shortly. In case London will not accept Barrie club is next in order. Then comes Berlin, Seaford, Orillia, and Galt. But Berlin club will not travel to Clinton for a game.

Does the label on your Maple Leaf read 1908?

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale by A. J. Saunders, drug-gist, Wellesley.
