5.15, 6.15, 7.15, 8.15, 9.15, 10.15,

10.50, Preston only.

## GOOD ROADS AND LOWER TAXES.

Editor Maple Leaf.—If you will kindly allow me space I would like to present to your readers something along the line of better roads with less labor and therefore with less taxation.

In the first place allow me to say that this condition of affairs will never exist so long as we stay with the status labor system (which is not so much a system as a lack of system). Therefore we want its abolition and something to take its place so that we will get better results for the immense outlay on our township roads. How are we going to get it? By agitation and education. Educate the people up to it, and when they become convinced that it is a step in the right direction we will get it. Nomination day will soon be here again, and while our prime object on that occasion is the selection of candidates, that should not be our only object; but as good citizens of a good township we should come ready to discuss questions such as this for the betterment of our own township and for our own good.

Now, a few days ago I made a "split-log drag." When I was making it some laughed at, some said it was no good, others said it might do on a clay road but would not do on gravel, etc. We gave it its first trial the other morning and we are more than delighted with the result. Suffice it to say that we can never expect good roads so long as our road-work is over or three days in each year, but only in maintaining it by a constant touching up every now and then throughout the whole year. For this purpose this implement fills the bill to a nicety. Those who doubted its power now, after half a day's use, say it beats the road grader. I say so, too. And why? Because it brings in a little at a time and so the road gets compact and solid; because it requires no engineer, and half the horses, and costs only a trifle in the beginning. We are going to use it this year on the Crosshill beat, and I invite any person driving this way to take stock of the road for half a mile west of the village. It is not only good for rounding the road up in summer, but also in winter. By turning it the opposite way you can keep the road wide and solid.

Now for a description: Get a log 10 inches thick, 8 feet long; split it up the middle; bore three holes; put in three cross-pieces; have the flat sides facing the one way 30 inches apart; nail a couple of old wagon tires along the bottom side to save the wood; put on your logging chain; hitch two spans of horses to it. Don't walk but stand on the outside. Use it after showers when the top of the road is softened and you will be surprised at the work you will do.

I believe that if statute labor were done away with, our township divided into divisions and one or two of these inexpensive machines in each division, in a very short time we would have better roads with half the labor, and a much smaller road account than we have at the present day.

GAVIN BARBOUR.

Totter Cured.

A lady customer of ours had suffered with tetter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's Salve cured her. Chamberlain's medicine gave splendid satisfaction in this community. M. H. Rodney & Co., Almond, Ala. Chamberlain's medicines are for sale by A. J. Saunders.

## PHILIPSBURG.

A very pleasant event took place at the home of Mr. and Mrs. Henry Hoerie, on Wednesday, June, 19th, when their only daughter, Emma, was united in marriage to Mr. Hy. B. Doering. The bridesmaids were Miss Lizzie Schmidt, and Miss Johanna Krahling, while the groom was attended by Mr. Henry Hoerie, brother of the bride, and Mr. Theodore Doering, brother of the groom. Friends were present from Mildmay, Port Elgin, Georgetown, Berlin, Baden and other places. The presents received by the happy couple were both costly and numerous. Mr. and Mrs. Doering will take up their abode on a farm in North-Easthope.

Mr. Ferdinand Nitardy, left today for San Francisco, where he has secured a position in an architecture office.

Mr. Henry Harting, of Tavistock was in the village on business last week.

Quite a number of our villagers took in the circus at Stratford and Berlin last week.

Mr. Hopf, of Milverton, was visiting at Mr. John Eidl's over Sunday.

Mr. Jan. Wettlaufer, of North-Easthope, was visiting at Mr. Wm. Heldman's over Sunday.

Mr. and Mrs. David Doering spent Saturday and Sunday with friends in Bridgeport.

## Ever Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaint.

Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an anesthetic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach trouble.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs only \$1.25. For sale by A. J. Saunders.

SHRINKERS FOR SALE.—A car load of shrinkers just received. Prices from 75c to 90c per bunch. J. M. CLEMENS, New Hamburg.

## LINWOOD.

Ladies! let us draw your attention to the fact that the Millinery at R. Y. Fish's store has been marked down to snap bargain prices. There are many pretty things in tasty summer lines, and the stock is going to be cleared out. Come and see them—the prices will suit you.

Two pupils from Linwood are writing on the entrance examinations at Crosshill this week. We wish them success.

Rev. Wm. Stirling will preach his farewell sermon next Sabbath, June 30th, at 11 o'clock.

Many of our sportsy people went to Berlin last week to see the big circus.

Mrs. G. H. Manser, left for Toronto last Friday to visit her friends in the city.

Rev. Mr. Marshall is visiting his son, the C. P. R. agent.

R. B. Hamilton, preached at Trowbridge last Sabbath.

The crops are looking much better in this locality since the rain visited us again.

Mr. Henry Pommer has been improving his house (which is occupied by Mrs. Hayes) by painting and putting up a new veranda.

Miss Bailey, milliner for R. Y. Fish, has gone home for the summer holidays.

Mr. Thos. Cassel shipped a car load of hogs last week.

William Bros. have got the foundation finished for their new brick house.

Several of our Sabbath School workers attended the convention held in Wellesley last Thursday. They report a good convention, everybody agreeing that the good people of Wellesley know how to entertain strangers. Next year the convention will be held in Linwood.

Mr. Con. Heinbuch is getting material on the ground to erect a new brick house south of Mr. Alex. Hennle's.

## Do Not Neglect the Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of this remedy. For sale by A. J. Saunders.

## ST. CLEMENS.

The death of Eugenie Reitzel, a student of St. Jerome's College, Berlin, occurred last Tuesday evening. He was preparing for graduation this week. On Tuesday his classmates had driven up from Berlin to see him, and they found him bright and cheerful though very weak. His doctor held out hope for only about two weeks more. Soon after the members of the graduation class had left the sick room the young man weakened and passed away in the evening. The funeral was held on Friday in St. Clements and was one of the largest seen in the village for a long time. The school children and members of the Societies marched in a body. Solemn High Mass was celebrated by Rev. A. L. Zinger, with Rev. W. V. Kloepper as deacon and Rev. Father Halm, the parish priest, as sub-deacon. The classmates of deceased assisted in serving at the altar and Rev. W. V. Kloepper preached a touching funeral sermon.

## HAWKESVILLE.

Mr. and Mrs. Snider, of Waterloo, spent Sunday at Mr. Easley's.

Mr. Ben Ballard, of Toronto, spent Sunday under the parental roof.

Mr. Ray Bulmer, of Toronto is visiting his cousin Hartley and Charles Currey Bulmer, for a few weeks.

Miss Vera Ottmann spent a few days in Berlin.

Miss Reita Crooks from near Linwood spent a few days at her grandparents', Mr. and Mrs. D. Paterson.

Misses Evelyn Lackner and Elmetts Shelly attended the B. S. convention at Wellesley on Thursday last.

Miss Abba Smith, of Linwood, was the guest of Miss Patterson on Sunday.

The Misses McAllister are attending the wedding of their cousin up north.

Mr. and Mrs. Spies and daughter Celestina are spending a few days in Moorefield.

Quite a few took in the circus in Berlin on Saturday and were well pleased with the performances.

INDEPENDENT.

### EDITORIAL NOTES.

The Galt Daily Reporter says: "If Wellesley township has spent over \$80,000 on its roads and bridges the past ten years, that is all the more reason why that township should give its support to the county roads scheme." Not at all. Wellesley spent its money (willingly if not altogether wisely) upon roads leading from the farm to the nearest market, but it does not follow that they should encourage the "long stretches from end to end of the county" scheme which they seldom, if ever, use, except for short distances when no honking automobiles are in sight.

True to his word Editor Jaffray, reeve of Galt, made a brave effort to re-introduce the good roads movement at the Waterloo county council meeting in Berlin last week. But the scheme, in its present shape under the Provincial Act, is not very popular in the county.

Mr. Gavin Barbour, of Crosshill, has an interesting correspondence in another column of this issue to which we invite the attention of pathmasters and all who are interested in having better roads. He has been experimenting in Crosshill with a "split-log" grader made by himself, and pathmasters might do well to compare its work with that done by the township's expensive road grading machine on the section line at the cheese factory near Wellesley village.

Portugal is having its own troubles just now. The populace is up in arms against the government and a bloody revolution is in sight. Already the king's soldiers have slaughtered many people and the end is not yet.

It is generally believed that circuses exhaust the possibilities in the line of ways of taking the last cent obtainable out of their patrons. But if any hard-thinking genius can devise any new way of making the public disgorge another nickel the circus managers will pay him a big price for his idea.

Some of our exchanges are busy these days in booming their circulations by giving a free trip to some ladies whom their friends elect, at so much per vote, as the "prettiest" or "most popular." Skillfully applied paint and powder has often succeeded in making the innocent public imagine that some particular lady was the prettiest, but we cannot recall an instance where the matter has been satisfactorily decided by purchased ballots. But these exchanges show their good business sense by selecting pretty girls as the subject in these balloting subscription booms, for there are lots of deluded fellows who would prefer the "pretty girl" to a premium consisting of the whole earth with a chrome hung on each pole.

Meantime this Giant Home Journal struggles along with its 650 subscribers and 500 borrowers. (These 650 we swear to—those in arrears we sometimes swear at—but we may have under-estimated the borrowers.) If the Leaf is worth a \$ stay with it; if not, join the borrowers, for you'll read it anyway.

## Tudhope Carriages

The name TUDHOPE is all the guarantee any man needs when buying a Carriage.

You can't be half as particular about materials and workmanship and service—as the Tudhopes are.

When a Tudhope Carriage leaves the factory, it is absolutely faultless in every way.

Tudhope Carriages are guaranteed by us—and by the house of Tudhope which has been making them in Canada for 55 years.

May we show you some of the Tudhope Carriages.

HAMMOND & FREEBORN, Wellesley

Christian Jantzi.

Treats all Diseases of Domestic Animals.

DENTISTRY a specialty.

Residence—third house south of Miss. Lutheran church, WELLESLEY.

## Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

A few doses of this remedy will invariably cure an ordinary attack of diarrhoea.

It has been used in nine epidemics of dysentery with perfect success.

It can always be depended upon even in the most severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhoea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take. Every man of a family should keep this remedy in his home. Buy it now. It may save life.

## Will You Help It?

### THE HOSPITAL FOR SICK CHILDREN

For it Cares for Every Sick Child in Ontario whose Parents Cannot Afford to Pay For Treatment.

The Hospital for Sick Children, College street, Toronto, appeals to the fathers and mothers of Ontario for funds to maintain the thousands of sick children that it nurses within its walls every year.

The Hospital is not a local institution—its Provincial. The sick child from any place in Ontario who can't afford to pay has the same privileges as the child living in Toronto and is treated free.

The Hospital had last year in its beds and cots 761 patients, 267 of these were from 125 places outside of Toronto.

The cost is 98 cents per patient per day, and there were 129 sick little ones a day in the Hospital.

"GOOD DAY, DOCTOR." Since its foundation the Hospital has treated 10,371 children—about 7,500 of these were unable to pay and were treated free.

Every dollar may be the translator of your kind thoughts into the Hospital kind deeds.

Everybody's dollar may be the Friend in Need to Somebody's child.

Let the money of the strong be mercy to the weak. The Hospital pays out dividends of health and happiness to suffering childhood on every dollar that is paid by the friends of little children.

If you know of any sick child in your neighborhood who is sick or crippled or has club feet send the parent's name to the Hospital.

"OUR KIDNERS." See the example of what can be done for club-foot children. There were 14 like cases last year and hundreds in 25 years.

Please send contributions to J. Ross Robertson, Chairman, or to Douglas Davidson, Sec. Treas., at The Hospital for Sick Children, College Street, Toronto.

On common fences the continuous wire stays are sure to bend and the locks to lose their grip under continual pressure of your horses or cattle. And once they do, the top wire, soon followed by those below, will sag and destroy the efficiency of your fence.

Nothing like that can happen to our Dillon Hinge-Stay Fence. The short, stiff hard steel wire in our hinge-stays cannot bend when the lateral wires are weighted down, owing to their being so short and jointed at each strand wire.

Pressure of a horse on the top wire brings the "hinges" in the stays into action and prevents them from bending, and when pressure is relieved the fence springs back into place again.

The lateral wires are High Carbon Hard Steel and coiled to provide for expansion and contraction by heat and cold, and are also crimped at the intersection of the stays and strands to prevent the stays from slipping sideways—therefore no locks are needed.

Buy the Dillon Hinge-Stay Fence. It's "twice as strong." Twice as good an investment. Catalogue free.
