Mrs. J. H. Campbell and Mrs. Coleman of Crosshill, were visiting Mrs. G. G. Manser last Wednesday.

The ranch needed rain last Thursday refreshed things beautifully. Wheat seeding is now in full swing.

Mr. Watson Williams, of Owen Sound, is home for his holidays. Watson is looking well. His many friends were glad to see his smiling face again.

Mr. Albert Schnarr was in Berlin on business last Friday.

Mr. Walter Friedman was to go to Guelph last Saturday to be operated on for appendicitis. We hope the operation is successful and that Walter will soon be back again all well. At last reports he was doing nicely.

R. B. Hamilton was preaching in the Walton Methodist circuit last Sunday.

The anniversary services in connection with the Presbyterian church here will be held next Sabbath when the Rev. A. M. Hamilton of Winterbourne will preach at 11 a.m. and 7 p.m. Special music will be furnished by the church choir. All are cordially invited to attend these meetings. A free will offering will be taken.

Dr. McEachren was in Guelph on Saturday assisting with the operation on Walter Friedman.

A large gang of men are at work on the C. P. R. laying the track to Listowel. They expect to reach Listowel in about two months.

Rev. Wm. Usher was in New Hamburg this week attending the district meeting of the Unit. district.

The rain Tuesday was well received and will do a wonderful lot of good to the country.

Best Medicine in the World for Cuts and Diarrhoea

Take the Postmaster's Word for It. Mr. E. M. Hamilton, postmaster at Cherryville, Ind. keeps also a general merchandise and patent medicine business. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to do without it. For sale by A. J. Saunders, druggist, Wellesley."

The September Rod and Gun.

The usual quiet and pleasant month of September is favorable for roading and the month's issue of Rod and Gun and Motor Sports in Canada, published by W. J. Taylor, at Woodstock, Ont., provides a veritable budget for the sportsman. Contributions from east and west and north and south, together with that variety which is bound to suit all nature lovers, constitute a number certain to receive a welcome in every place to which it may penetrate. Naturally, fishing matters receive prominence and fishing incidents from Newfoundland, New Brunswick, Quebec, Ontario and British Columbia are recorded. The Goose Hunter's Song is wonderfully reminiscent of the prairie provinces and the summary of the new Laws of Alberta show how much in earnest the legislators of the new Provinces are in the attention given to their new and responsible duties. Duck shooting afford an indication that Indignance in that form of sport is not far off; while Mr. Jenner's paper on Nova Scotia woodcock includes all the charms that the writer usually gives to his contributions. Exploration in the Rockies and New Ontario, natural history on the Pacific Coast. Mounting, how to

carry and use firearms, and also how to build a Club House on a Duck preserve are all included in the budget of good things to be found in the covers of the September number. A specially written account of The Dominion Trap Shooting contest at Toronto should be read by every trap shooter, and the whole number is one that commends the Magazine to its many thousands of friends on both sides of the line. It becomes of increasing value to them at every issue.

DO YOU WANT A FARM?

The following are among the Canboro township cheap farms offered for sale this fall:

A 150-acre farm near the village of Canboro; good house, new lot stable, good drive house, new horse stable, but wants a new barn. The price is \$4,500. It is one of the nicest farms in Canboro township.

A beautiful 150-acre about one mile from the village, with 30 acres good bush, buildings very common. For a quick sale: \$4,700.

Another farm just adjoining this, 130 acres, very common buildings, for \$2,900 if sold by October 1st.

A very nice 100-acre farm about a mile and a half from Canboro village, 100 acres cleared, very nice nearly new buildings, for \$1,700. This farm is kept in very nice style.

Another 150-acre farm with lots of bush, new house, common barns, about two miles from Canboro. Price, \$3,700. This is certainly a great bargain.

Then there are a few good 100-acre farms with good buildings and lots of bush, at prices ranging from \$2,900 to \$3,700, and quite a few 200-acre farms that can be purchased very cheap.

Parties wishing to learn more of these farms are invited to write to or visit John Hill, Canboro. Many prominent Wellesley section farmers, such as Messrs. H. Hostetler, G. Buchheit, D. R. Gascho, A. Streicher and others have seen this land. Several of them have bought and any of them can tell you the nature of the Canboro soil.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best in the world," says Mr. C. L. Carter of Skirum Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if hadn't taken Chamberlain's Colic Cholera and Diarrhoea Remedy. I have been troubled with it since until this week when I had a severe and took half a bottle of twenty-five cent size Chamberlain's Colic Cholera and Diarrhoea Remedy and this morning I feel like a new man. For sale by A. J. Saunders, druggist, Wellesley."

EDITORIAL NOTES.

Toronto is well pleased with its growth and good business, and contented with the success of its big fall show. But these small things sink into insignificance beside the Great Fact that their bascule team has won the Eastern League pennant!

"According to the Wellesley Maple Leaf the concert will be given there on fair night by the 'Southdown Sextette.' No doubt this is a delicate way of suggesting that they will have black faces and woolly heads."—*Milverson Sun*.

By no means, Mr. Sun. We didn't—no, wouldn't! How could you think us so rude! They be long to that race of Afro-Americans who

"Have to sing, an' shout, an' laugh, an' split their sides in two, For since emancipation they are joes as good as you."

That terrible railway disaster on the Caledon hills east of Orangeville last week shows the fearful, constant proximity travelling comfort and disaster are in rairoading. Business demands all the speed consistent with safety, and must have it. If a few railroad employees are discharged or imprisoned, or a few hundred passengers killed or maimed, that is only an incident in the course of a great twentieth-century rush, and so is soon lost sight of.

This is the time of year when the city labor unions call off strikes and permit the workmen to get jobs at anything that will give them and their families enough to subsist upon during the cold winter months. They have had the satisfaction of retarding building operations and business progress, and if they survive the hard winter they will likely do the same thing again next spring when they ought to be earning large wages. And all this because labor considers itself the legitimate enemy of capital and doesn't know any other way of returning evil for evil. Surely there is brain enough in skilled labor organizations to evolve a better form of retaliation than the one that cuts off the bread from its own families.

EARLY CLOSING 1907.

Chamberlain's COLIC, CHOLERA AND Diarrhoea Remedy

A few doses of this remedy will invariably cure an ordinary attack of diarrhoea.

It has been used in nine epidemics of dysentery with perfect success.

It can always be depended upon, even in the more severe attacks of cramp colic and cholera morbus.

It is equally successful for summer diarrhoea and cholera infantum in children, and is the means of saving the lives of many children each year.

When reduced with water and sweetened it is pleasant to take.

Every man of a family should keep this remedy in his home. Buy it now. It may save life.

THE HOSPITAL FOR SICK CHILDREN

For It Cares for Every Sick Child in Ontario whose Parents Cannot Afford to Pay For Treatment.

The Hospital for Sick Children, College Street, Toronto, appeals to the fathers and mothers of Ontario for funds to maintain the thousand sick children that it nurses within its walls every year.

The Hospital is not a local institution—but Provincial. The sick child from any place in Ontario who can't afford to pay has the same privileges as the child living in Toronto and is treated free.

The Hospital had last year in its beds and cots 761 patients. 307 of these were from 195 places outside of Toronto.

The cost is 98 cents per patient per day, and there were 129 sick little ones a day in the Hospital.

"GOOD DAY, DOCTOR."

Since its foundation the Hospital has treated 10,371 children—about 7,500 of these were unable to pay and were treated free. Every dollar may be the translator of your kind thoughts into the Hospital kind deeds.

Everybody's doing money has a Friend in Need to Somebody's child.

Let the money of the strong be mercy to the weak. The Hospital asks out donations of health and happiness to suffering childhood on every dollar that is paid by the friends of little children.

If you know of any sick child in your neighborhood who is sick or crippled or has a club foot send the parent's name to the Hospital.

"Mrs. BENTLEY" See the example of what can be done for club-foot children. There were 14 like cases last year and hundreds in 23 years.

REPORTS BY THE HOSPITAL

Please send contributions to J. Ross Robertson, Chairman, or to Douglas Davidson, Sec. Treas., of The Hospital for Sick Children, College Street, Toronto.

LOCAL NEWS.

We notice by the Galt Reporter that the Galt branch of the Women's Institute has decided to apologise to the ladies of the North Riding for some imagined defect at the recent picnic in Berlin. So far as we can learn the lady guests from the N. R. returned home well pleased with their outing and saw nothing which needed apologising for. The slight confusion which occurred while lunch was being served was liable to happen at any such a gathering, especially where the ladies from the South had to travel so far to entertain their guests.

BARN BURNED.

Last Thursday morning about 6 o'clock, the barn on Mr. Geo. Heipel's farm, opposite the New Prussian school, two miles south of this village was struck by lightning during a sharp thunderstorm and entirely consumed. Mr. Heipel succeeded in getting all the live stock out of the barn, but everything else, including all of this year's grain crops, were burned, the last load of oats standing on the barn floor on the wagon rack. The neighbors gathered quickly but the fire spread so rapidly that scarcely anything could be done. The barn was insured in the North Easthope Mutual for \$1000 and the contents were also partly covered, but Mr. Heipel's loss will still be heavy. Timbers are already being prepared for a new barn which, it is expected will be completed before winter sets in.

A few doses of this remedy will invariably cure an ordinary attack of diarrhoea. It can always be depended upon, even in the most severe attacks of cramp colic and cholera morbus. It is equally successful for summer diarrhoea and cholera infantum in children, and is the means of saving the lives of many children each year. When relieved with water and sweetened it is pleasant to take. Every man or family should keep this remedy in his home. Buy it now. Price, 25c. LAMON BROS., GUY.

H K FORLER'S

Wellesley, Ont.

On common fences the continuous wire stays are sure to bend and the locks to lose their grip under continual pressure of your horses or cattle. And once they do, the top wire, soon followed by those below, will sag and destroy the efficiency of your fence.

Nothing like that can happen to our Dillon Hinge-Stay Fence. The short, stiff hard steel wire in our hinge-stays cannot bend when the lateral wires are weighted down, owing to their being so short and jointed at each strand wire.

Pressure of a horse on the top wire brings the "hinges" in the stays into action and prevents them from bending, and when pressure is relieved the fence springs back into place again.

The lateral wires are High-Carbon, Hard Steel and coiled to provide for expansion and contraction by heat and cold, and are also crimped at the intersections of the stays and strands to prevent the stays from slipping sideways—therefore no locks are needed.

Buy the Dillon Hinge-Stay Fence. It's "twice as strong." Twice as good an investment. Catalogue free.

MORE MILK

The cow for the dairymen is the one that can make the most profit in milk, butter, or cheese for the food consumed. A large number of cows are kept for dairy purposes that don't yield sufficient milk to pay for their keep. They consume as much as profitable ones and require as much time and care in their milking. Also many a good "Milkmaid" has gone to the butchers block owing to improper care and feeding. Many of the milk producing qualities of the feed are lost owing to improper digestion and assimilation. This can be overcome by the addition of Clydesdale Stock Food to the ordinary feed as it puts the stomach in such shape as to help her to digest and assimilate her food, besides enabling her to eat more of it, as it is made more appetizing. This makes her capable of secreting more milk, and, in many instances, richer milk. If it could be demonstrated that more bushels of wheat could be grown on a piece of ground than ordinarily, and without injury to the land, in fact improving it, and at an extra profit, wouldn't you take up the proposition. Clydesdale Stock Food will add to the milk production, and with extra profit, and without injury to the "Milkmaid," because it gives a tone and sleekness to the animal that cannot otherwise be had. The use of Clydesdale Caroline Antiseptic will keep the udders in a healthy condition ensuring healthier milk. If after using the above, you find you are not satisfied, your money will be cheerfully refunded by our dealer. Clydesdale Stock Food is sold in your district by:
