Messrs. Liphardt Bros. of Waterloo have completed a large contract of steam heating systems in the store and residence of Win. Kelterborn.

Owing to the mild weather there has been no skating on the rink yet. Granted favorable weather, however, the manager expects to have things going in a few days.

Last Thursday was visiting day at the public school and a number of our people availed themselves of the opportunity to spend an hour in the company of the children. The spelling match took place first and was won by Division III. Afterwards a short programme was rendered, and was greatly enjoyed by those present.

The Christmas entertainments in connection with the Lutheran churches of our town were held, one on Tuesday evening and the other on Christmas night. Large crowds were out to both entertainments, many driving in from the surrounding country. Good programmes rendered by the children and a good time spent on each occasion.

The Christmas tree and entertainment in connection with the Union church and Sunday school on Wednesday evening last, was a successful and enjoyable affair. The hall was packed to its utmost holding capacity with an enthusiastic crowd, who showed their appreciation of the efforts of the little ones. Numerous action songs, choruses, dialogues and recitations were rendered by the children and young people in a highly creditable manner. The Christmas tree was prettily decorated and was hung with the usual toys, dolls, etc. that make the hearts of the young folks joyful. Those present showed their appreciation of the efforts of the young people by responding liberally to a collection for the purpose of defraying expenses.

Edgar Schaub, of Elmira is visiting with relatives in town.

Mr. and Mrs. Willie Berscht are visiting here for a few days.

The school trustees are still looking for a teacher.

Most of our correspondents have taken a holiday this week, hence the scarcity of district news.

Alex. Truesler, of Stratheona, Alberta, is in town on an extended visit.

Mr. and Mrs. J. Welts, of Warton, are visiting here with relatives.

The mail coming into our town has been very heavy for the past few weeks.

There will be a Farmers Institute meeting in the hall here on January 10. The subject will be "Eradication of weeds," and the speaker will in all probability be Mr. Geo. Carlaw, of Warkworth, Ont. This subject is one of vital importance to the farmers of the country, and will no doubt be of great interest to the grain growers of this district.

The concert to be held in the Opera House under the auspices of Wellesley band on Wednesday next (New Year's night) will be an attractive affair. The participants in the plays, tableaux etc, have been practicing hard for some time past and will no doubt give a good account of themselves. There will also be vocal and instrumental selections by local talent. Smyth bills, giving further particulars, will be out in a few days.

## NORTH EASTHOPE

The council met on the 16th day of December at the town hall to wind up the business of the year. The members were all present.

It is a South Texas paper which furnishes this startling information:

Don't worry—either about the past or future. To waste a single hour in regret for the past is as senseless as to send good money after that which has been irrecoverably lost. To fret one's self about what the future may have in store is about as foolish as to attempt to brush back the tide of the ocean with a broom. Worries of whatever kind banish contentment, and contentment is a necessity of youth.

The average man comes very near being an idiot in taking care of himself. You have seen him wearing a fur cap on his head while his shoes let in the snow and water. He wears an overcoat on his back and nothing but a thin shirt over his chest. He is mighty scared about freezing his fingers while his throat is exposed to blizzards and he is often ailing or thinks he is. It's herb tea, root tonic, Peter's pills, Paul's pine tar, certials or plasters and cures until the balance wheel in the machine comes to a stop. He drinks whiskey and that clogs the valves, he drinks beer and that clogs the wheels; he pours down lemonade, ginger ale, buttermilk, ice water, tea, coffee and what not, and then wonders why the fires under the boilers do not burn. If you should take an ox and put him through a like performance he'd be dead in a year. The simplest and plainest laws of health are outraged every hour of the day by the average man. Did Adam smoke? Did Eve wear corsets? Did Boloni chew tobacco? Did Ruth chew gum? Did the children of Israel make for a bear garden after crossing the Red Sea? Did Rebecca eat gum drops and ice cream and call for soda water? Adam was the first and was made perfect from head to heel. How long would he remain so after eating a mince pie before going to bed? Suppose he slept in a bed set with the windows down, the door shut and two dogs under the bed? Suppose eve had laced herself up in corsets, put on tight shoes, sat up all hours of the night eating her fill of trash and sizzled her hair. When you come to look that way a man misbelieves himself you can only wonder he lives at all.
