## PHILIPSBURG.

The Quaker medicine trooper who are making a one week's stand at Schmidt's hall here, are giving splendid entertainments to their audience each evening. The lectures given by the manager are both interesting and instructive and he shows his broad mind down by acknowledging that there are other preparations of merit on the market beside those which his company is representing. The specialties which followed the lecture are put on by young men of unusual talent and every member is a live one. The company is playing to packed houses every night.

Mr. Tom Keeling, of Brantford, was in village on business yesterday last week.

My and Mrs. Dunn's look were renewing old acquaintances in the village last week.

Orders that were in the village on business were: H. Henstridge, of Brantford; C. Lenzen, of Berlin; E. Schmidt, Fred Schmitz and Tom Farrell, of Stratford; A. Oetmann, of Waterloo; Alfred Dowman and Alfred Luther, of New Dundas.

## PIETER F. SCHUMMIG.

Clay.

The proprietor of the Mervin Lager did not render for the printing as stated in the above minutes. He made a personal request for the contract at the same rates as last year, and after being urged by a prominent member of the Board to place his request in writing, he did so, plainly stating at the time that it was not a tender. That could not be done without consulting the business manager of the Mervin Lager, who would have to do the work. All is well, however. We could not touch the work at the Mervin Sun's ridiculous price \$600. The council has saved the municipality sum of one cent in every edition of assessment and has sent its printing out of the township and out of the county, by a man doing its work to the home man, in giving him a fair chance to tender.

EDITORIAL NOTES.

European scientists claim that there are as many rats in a given country as human beings, and declare that in time unless the rats are exterminated they will exterminate humanity. Already, in several countries organizations are being formed to grapple with this most loathsome of pests in an endeavor to exterminate or drive from their midst.

Renders of daily newspapers have been shocked of late to read of revolting attacks on children by these vicious animals, resulting, in two instances at least, in the death of the victim. "This," one of our leading dailies says, "is sufficient reason, if others were lacking, to start a campaign for the destruction of these vicious vermin." In Toronto and other eastern cities the prolificacy of the rat is causing alarm, and it is felt that something must be done to check the ravages of the pest. Prompt and decided action is necessary if this destructive, disease-carrying and loathsome animal is to be successfully combated.

It is a noteworthy fact that during the recent campaign in Toronto, not one of the aspirants for municipal honors was bold enough to stand forth and tell the people they had 10 more licenses in the city than they had need of. Yet this is the first important question brought forward by the new body to the exclusion of more important questions which were promised their earliest consideration, and on which their platforms were built.

The Socialists of England are fast becoming a force to be reckoned with. At a mammoth conference of organized labor held recently, the platform of the socialist party was practically adopted. This action has created consternation in both Liberal and Conservative parties, and dissolution of parliament is looked for at an early date.

Municipal elections are over, but their echoes may still be heard. Allen Huber, candidate for the mayoralty position of Berlin, was charged in the police court recently with using insulting references to a prominent citizen during the recent election campaign.

The proposal of Toronto's new council to reduce the number of licenses in that city is meeting with considerable opposition. Many meetings have been held and resolutions passed condemning the movement.

The second trial of Harry Thaw is not arousing half the amount of public interest as was manifest at the first trial and newspapers generally are only publishing summaries of the various stages of the proceedings.

Mrs. Eddy, the mother of Christian Science, has left her home in Concord N. H., and will reside in future in Brooklyn.

THE JANUARY ROD AND GUN

It is often said that a good beginning is half the battle, and the Canadian Sportsman's magazine "Rod and Gun & Motor Sports in Canada," published by W. J. Taylor, at Woodstock, Ont., makes a splendid beginning for the New Year. It is crowded with stories of interest to sportsmen, including notes on the last season's sport in several Provinces, which must cause hunters to go over their own experiences once more and see if they agree with those given. The most important subject of the International Control of the Great Lakes Fisheries is dealt with in an address given by Mr. A. Kelly Evans at a conference of the American Fisheries Societies.

Stories of deer hunting in Manitoba and Saskatchewan, exploring traps in the northern country, with fishermen's yarns and mountain climbing reminiscences are but samples of the hundred of good things awaiting the readers of this excellent magazine. Every lover of outdoor life must find something to appeal to his particular and favorite recreation, and to the whole of them must come home the spirit of the well written and effective story "Nature's Elixir—and it is work!" This is the spirit pervading the whole—the spirit of freedom and strenuous exertion which brings with it health and happiness, though in the conventions of modern civilization it is not classed as "work." Often indeed, as every sportsman knows, it is work of the hardest possible character, but when it is a change from ordinary occupations, let the labor be what it may, so long as it is performed in the open air and without restraint, it is not, in the ordinary acceptance of the word "work." With such a promising beginning the New Year holds the strongest possibilities for the further success of this favorite Canadian magazine, whose special work it has to make the advantages of the Dominion in the region of sport known to our people and through them to the whole world.

"A Kingly Gift"  
EARL GREY'S APPEAL  
On behalf of Needy Consumptives  
Strong words of Canada's Governor-General

At the official opening of the King Edward Sanatorium for Consumptives, near Toronto, His Excellency delivered an address that must have an important bearing on the future of the sanatorium movement in Canada. We quote:

"The proceedings this afternoon commenced with a beautiful and reverent prayer from your old friend, Dr. Potts. He prayed that the light of the Lord might shine upon us. That prayer is abundantly answered. He also prayed that the White Plague might be removed. Well, whether that prayer will be answered or not depends upon yourselves."

"Is it not a standing shame and reproach to the government and individuals that there is not more care taken by the people of Canada to protect themselves against the curse of consumption?"

On his way out to the King Edward Sanatorium,—so named by permission of His Majesty King Edward VII—the Governor-General's car was stopped in its progress outside the Canada Cycle & Motor Co. by a large crowd of its employees. A contribution of one hundred dollars was handed the Governor-General, a donation to the Toronto Free Hospital for Consumptives.

"Toas a kingy gift!" said His Excellency in making acknowledgment. "I will tell the King."

Addressing the large audience that attended these opening exercises, referring to this event, Earl Grey said:

"Ladies and gentlemen, when the workingmen of Canada are setting an example of this character, I hope you will not be slow to follow, and I trust that the example of the Canada Cycle & Motor Co. may be followed, as I am sure it will, in every factory and manufacturing industry throughout the land."

We carry these words to the people of Canada in our appeal to-day on behalf of the

Muskoka Free Hospital  
for Consumptives

An institution that has never refused a single applicant admission, because of his or her inability to pay.

Seventy-five patients can be cared for to-day. Accommodation could be provided for three hundred if the required money were forthcoming.

To make this possible, our appeal is for \$50,000, to be used in extension of buildings and maintenance of patients.

Where will your money do more good?  
Every community and every individual is interested.

His Excellency Earl Grey has shown his interest and sympathy in the work at Muskoka for needy consumptives, by accepting the position of Honorary President of the National Sanitarium Association.

Contributions may be sent to Sir Wm. R. McRae, Kt., Chief Justice, Osgoode Hall, Toronto; W. J. Gage, Esq., 81 Spadina Ave., or J. S. Robertson, Secy-Treas., National Sanitarium Association, 347 King Street West, Toronto, Canada.

## NOTICE.

There is an excellent opportunity  
in Wellesley for an efficient  
music teacher.

The grist mill is kept pretty  
busy these times.

Mr. W. Green spent yesterday  
evening with his family, returning to  
Stratford on Monday morning.

Mrs. Alex Stadie is the guest  
of relatives and friends in Berlin this  
week.

Mr. and Mrs. James Kehler of  
Savannah, Georgia, tourists, are  
visiting the village.

Mrs. M. Schubert, recovering  
from a period of sickness, and Mrs.  
M. Schubert have dispensed.

Mr. and Mrs. J. Weller of Winona,  
Wis., who have been visiting for  
the same time, left for their home  
yesterday last.

Miss Sophie Millen, who has been  
visiting for some time at her home  
in Guelph, returned to the village  
yesterday.

Messrs. Albert, Beemer and  
Erhard Klein were up in the city on  
Friday last and arranged to go  
to London, Ontario, Saturday, for a  
trip to Toronto and Berlin.

A small blaze broke out on the  
premises of the Game Department  
factory, 8 o'clock on Monday  
night, but was quickly put out  
no much damage was done.

Our Michigan soldiers are  
paying their respects to General  
Lew Wallace, recently appointed  
to the Senate, but was unable to  
attend.

The petition in favor of having  
Wellesley declaratory power signed  
has been widely signed and has  
been forwarded to the county assessor.

The joint stock sale on Friday  
afternoon last was a grand success.  
A large number of men & women  
the surrounding district were to  
attend.

Miss Hinschbecker, of Berlin,  
who has been visiting her sister,  
Mrs. J. W. Fleischbecker, passed  
the past week or so with her  
on Monday morning.

Mr. and Mrs. August Hinschbecker,  
Miss Sophie and Mrs. Gehrlein Rapp,  
Mr. Norman Hoffmann, Mr. Albert  
Dietzinger, Miss Adelie Oberholzer,  
Mr. Gustave Hoffmann, Mr. and

or so with his relatives, and  
had friends here before last,  
while on their return from a visit  
to other relatives in New York  
state. They left the first part of  
this week to continue their visit  
to Zurich. Mr. and Mrs. Chris S.  
Zehner accompanied them, returning  
home on Monday after spending a  
pleasant week with their friends in  
and around Zurich.

The death of Mrs. J. W. Hinschbecker  
Miss McMillan, mother of the  
latter in Taylorsville, on Friday last  
from blood poisoning after an operation  
for disease in her ear. She  
was a well known and much  
loved teacher on the fifth floor, Well-  
sley, for some years and was an  
efficient correspondent of the  
Maple Leaf from that section. Her  
remains were interred in the  
cemetery at the Avondale cemetery,  
Stratford, in the presence of a  
large concourse.

The return game between Lin-  
wood and Wellesley hockey teams  
took place here on Friday after-  
noon before a meagre attendance.  
The Linwood boys were late in  
arriving and play did not commence  
until nearly five o'clock. The  
game was rather disappointing  
from a spectator's standpoint, the  
visitors failing to make the show-  
ing expected of them. Some bad  
work was put in by the local side  
and goals were registered almost  
as well. The final score was 8-1 in  
favour of the home team.

## Cheap Farms

### In Haldimand County

In Townships of Canbora, Seascallum, North Cayuga.

The townships of Canbora, Seascallum and North Cayuga are situated in the Haldimand District, about 12 miles from the Grand River, and 12 miles from the City of Brantford. They are situated in the Township of Canbora, about 12 miles from the City of Brantford.

There is unlimited natural gas in this district and we are having Rural Telephone all over our Country and also connection with long distance telephone, lots of railroad connections, as good as can be found in Ontario, with one of the best cheese factories.

The soil on these farms is of high clay and sandy loam and the land is nicely rolling.

People wishing to see these farms can do so by taking the Goderich and Buffalo Line to Castle Station, where Mr. Hill, from Canbora, will be glad to meet them on his property.
