Wellesley is now a police village with its administration in hands of three of its own residents. Now that the spirit of progress is in our midst, would not the present time be opportune for the re-organ-ization of the Board of Trade. Such an organization could render valuable assistance to the governing board of trustees and be a great benefit to the town.

A British M. P. has prepared a bill to submit to parliament asking that body to legally institute a new British time during the summer months. He proposes that all clocks shall be advanced 80 minutes. The proposal is favorably looked on by many.

"A Kingly Gift"

EARL GREY'S APPEAL On behalf of Needy Consumptives Strong words of Canada's Governor-General

At the official opening of the King Edward Sanatorium for Consumptives, near Toronto, His Excellency delivered an address that must have an important bearing on the future of the sanatorium movement in Canada. We quote:-

"The proceedings this afternoon commenced with a beautiful and reverent prayer from your old friend, Dr. Potts. He prayed that the light of the Lord might shine upon us. That prayer is abundantly answered. He also prayed that the White Plague might be removed. Well, whether that prayer will be answered or not depends upon yourselves."

"is it not a standing shame and repreach to the govern-ments and individuals that there is not more care taken by the people of Canada to protect themselves against the curse of consumption?"

On his way out to the King Edward Sanatorium,—so named by permission of His Majesty King Edward VII—the Governor-General's car was stopped in its progress outside the Canada Cycle & Motor Co. by a large crowd of its employees. A contribution of one hundred dollars was handed the Governor-General, a donation to the Toronto Free Hospital for Consumptives.

"Twas a kingly gift" said His Excellency in making acknow-ledgment. "I will tell the King."

Addressing the large audience that attended these opening exercises, referring to this event, Earl Grey said :

d:

"Ladies and gentlemen, whon the workingmen of Canada are setting an example of this character, I hope you will not be slow to follow, and I trust that the example of the Canada Oyole & Motor Co. may be followed, as I am sure it will, in every factory and manufacturing industry throughout the land."

Muskoka Free Hospital for Consumptives

An institution that has never refused a single applicant admission, because of his or inability to pay.

Seventy-five patients can be cared for to-day. Accommodation could be provided for three

hundred if the required money were forthcoming.

To make this possible, our appeal is for \$50,000, to be used in extension of buildings and maintenance of patients.

Where will your money do more good? Every community and every individual is interested.

His Excellency Earl Grey has shown his interest and symbathy in the work at Muskoka for needy consumptives, by accepting the position of Honorary President of the National Sanitarium Association.

Contributions may be sent to Sir Wm. R. Meredith, Kt., Chief Justice, Olgoode Hall, Toronto; W. J. Gage, Esq., 84 Spadina Avo., or J. S. Robertson, Sociy-Treas., National Sanitarium Association, 247 King Street West, Toronto, Canada.
