# "A Kingly Gift"

## EARL GREY'S APPEAL On behalf of Needy Consumptives Strong words of Canada's Governor-General

At the official opening of the King Edward Sanatorium for Consumptives, near Toronto, His Excellency delivered an address that must have an important bearing on the future of the sanatorium movement in Canada. We quote:-

"The proceedings this afternoon commenced with a beautiful and reverent prayer from your old friend, Dr. Potts. That prayer is abundantly answered. He also prayed that the White Plague might be removed. Well, whether that prayer will be answered or not depends upon yourselves."

"Is it not a standing shame and reproach to the govern-ments and individuals that there is not more care taken by the people of Canada to protect themselves against the curse of consumption?"

On his way out to the King Edward Sanatorium,—so named by permission of His Majesty King Edward VII—the Governor-General's car was stopped in its progress outside the Canada Cycle & Motor Co. by a large crowd of its employees. A contribution of one handred dollars was handed the Governor-General, a donation to the Toronto Free Hospital for Consumptives.

"Twas a kingly gift" said His Excellency in making acknow ledgment. "I will tell the King."

Addressing the large audience that attended these opening exercises, referring to this event, Earl Grey said :

d:

"Ladies and gentlemen, when the workingmen of Canada
are setting an example of this character, I hope you will not
be slow to follow, and I trust that the example of the Canada
Oycle & Motor Co. may be followed, as I am sure it will, in every
factory and manufacturing industry throughout the land."

We carry these words to the people of Canada in our appeal to-day on behalf of the

#### ADAM'S TOMB.

Among the attractions to meet the eye of the visitor to the "Hely City," is a tomb, which the guides will fell you is Adam's tomb. One writer says: "Who would go to all writer says: "Who would no in all the trouble and expense of making a fine tomb for the "Father of the human race," noless they had his body to show for it. Even Mark Twain, the Prince of Humorists, became serious when he visited this grave. This is what he says:

"How touching it was in a land of strangers, and far away from home and friends, and all who cared for me, thus to discover the grave of a blood relation. True, a distant one, but still a relation. The uncering instinct of unture thrilled its recognition. The founed to its profoundest depths and I gave way to immultuous emotions. I leaned upon a pillar and burst into tears. I deem it no shape to have wept over the grave of my poor dend relative."

Truly this Jerusalem is a wonderful city.

#### PREACHERS AND EDITORS.

A preacher speke to a newspaper man in this way: "You editors do not tell the truth. If you did you ould not her; your newspapers would be a fullure." The editor replied: "You are right, and the minister who will at all times and under all conditions tell the schole truth about his members, alive or dead, will not occupy his pulpit more than one Sunday, and then he will find it necessary to leave town in a hurry. The press and the pulpit go hand in hand with whitewash brushes and pleasant words, magnifying little virtues in to big ones. The pulpit, the pen, and the grave stone are the great saint making triumvirate." And the great minister went away looking very thoughtful while the tor turned to his work, and told of the unsurpassed beauty of the bride, while in fact she was as homely as a mud fence
