PHILIPSBURG.

Mr. Geo. Lantz, of Newstadt, was
visiting friends in the village last
week.

Mr. Barney Eichler, of New
Hamburg, received the contract for
a new cement bridge south of the
village.

Mr. G. A. Wanless, of Berlin,
was a business caller in the village
last week.

Mr. Chas. Graber, of Berlin, is
spending a week with friends here.

Miss Evelyn Ford, our teacher,
who was taken sick at her home
near Galt, a week ago, has sufficiently
recovered to resume her duties again.

Mr. and Mrs. Geo. Pyne, of Burnside,
called on Mr. and Mrs. H. F.
Schmidt on Saturday last.

Mr. Carl Bergman, manager of the
Dominion bank, at Baden,
spent last Sunday with friends here.

Meers Henry Roth and Joseph
Yaues, of Tavistock, called on
friends in the village the early part
of the week.

Mr. Henry Hoffman, of New
Hamburg paid a flying visit to
friends here on Sunday.

Mrs. Wilhelm and Mrs. Noll, of
Milverton, are visiting at the home
of Mr. and Mrs. Peter Berg, at
present.

ST. AGATHA.

The Sisters in charge of the St.
Agatha Orphan's Home are arranging
for the holding of a lawn social
on the grounds at the Home on
Dominion Day. The funds are to be
devoted to the sinking of an artesian
well. A very fine program of
entertainment will be provided and
a cordial invitation is extended to all.

SUMMER CLOTHES.

There are various garments that
can be put together on the veranda.
Is there any one who does not
need linen skirts and shirt-waist
dresses? I'm going to tell you
about some attractive ones that can
be started on a cool day and finish
off before there is a change in the
temperature, says Helen Berkeley
Lloyd, in the July Delineator.

The Gilmour waist with a few half-inch
tucks, and the blouse with the open
throat and soft turn-down collar.

And the skirt? Well, if I were
sewing for speed, I would choose
one of the new gored circular skirts
with as few gores as possible, unless
my avocations absolutely de-
manded the slender lines of the
many gored skirt. The five- and
six-gored circular skirts are always
good, but there is a new three-gored
skirt that is very smart. It has
a very wide front panel that can
button from waist to hem.

Then there is another good skirt
that is quite new and smart. It
has a box plait at the front and an-
other at the back and the one-piece
sides are circular.

If you are looking for an adorable
jumper waist for a soft silk
or voile dress, let me tell you about
one that can be fashioned very
quickly. It is made from a perfectly
straight piece of material
doubled out at the shoulder line.
Cut out a round neck, hem the side
edges of armholes and join a short
seam under each arm, run a few
rows of shirring at the shoulders,
gather it in at the waist and when
you have put a bit of ribbon or
embroidery around the neck and
arms you will have a charming
little jumper.

Send the house paper to distant
friends. 50c. to end of year.

WELLESLEY COUNCIL.

(From the Waterloo Chronicle.)

Wellesley township council met

HAWKESVILLE.

The sawmill at Hawkesville, owned
by Mr. McAllister, was burned a
little after six o'clock last Thurs-
day evening. The lumber and
building on which there was no in-
surance, was saved only by the be-
neficence of the village people—
men, women and children. There
was an insurance of \$2000 on the
building.—Advertiser.

EDITORIAL NOTES.

Valentine Stock's official majority in South Perth is 50.

The death of Mr. Hay, sr., registrar for Perth, county, occurred at his home in Stratford on Sunday evening last. He was in his eighty-first year and was one of Perth's most prominent pioneers.

Lord Stanley, Governor-General of Canada from 1888 to 1893, died in London, England, on June 14th.

An American power company which is using Niagara Falls for electricity development, shut off the power on Sunday last for the first time since the water was first turned on in June, 1902, six years ago. A thorough inspection of the plant was made and the machinery found to be in practically perfect condition. An expert test was made at Buffalo to determine the effect of this water power upon the level of the river, and it was found that the water rose one inch during the time the machinery was silent.

And now an Englishman has discovered a liquid compound which is claimed to be the old Roman secret; lost for hundreds of years. When painted with this preparation the dampest room becomes dry. Freshly plastered walls treated with it can be papered immediately. Iron work covered with this preparation cannot rust. It completely prevents "weeping" of the inner side of iron ships, and the oxidation of marine growths, barnacles, etc., on the bottoms of vessels. Every Canadian government ought to be thoroughly rubbed with this valuable liquid before and after every session.

There is much speculation upon the consequences of the defeat of Hon. Nelson Monteith, minister of Agriculture. He has undoubtedly been a strong man in that position and his continued services would be acceptable to all parties. It would be easy to open a constituency for him and give him a seat by acclamation. But in a party with over eighty members at its back there are sure to be many members who think themselves capable of fulfilling the duties and carrying the honors of any political comrades who fall in the campaign battle, so it is more than likely that the conflict within the victorious party over the matter will be much greater than the finding of a new seat for Mr. Monteith should his retention in office be decided upon.

Sir William Mulock's recent letter to the Italians in Canada urging them to form an organization to abolish their practice of carrying a knife is fair to do much good. The Italian is an industrious immigrant and makes a good citizen but for his pernicious habit of having a dagger with him constantly. It may be that this was the custom in his own country, but Canadian laws are strong enough to protect him here, except from his warm-blooded fellow-Italians who seem to have a stiletto always handy in the moment of excitement. Mr. Mulock's letter has been responded to by prominent Canadians Italians who are already taking steps to organize societies whose object will be to abolish the carrying of dangerous and unlawful weapons.

We notice with pleasure that prominent politicians are beginning to "wonder why it is that a country town should have the advantage of voting under a Registration Act while the country around it cannot do so." The Maple Leaf has been protesting against this unfair clause in the election law for several years and will continue to do so until justice is done to the rural elector.

FIX IT RIGHT.

Editor Maple Leaf.—I am pleased to read in your last issue that the various Perth and Waterloo councils are about to make further repairs on the boundary at Grehm's flats. The improvements made a few years ago have been of great use to many of us who want to do business in Wellesley village, as well as to the travelling public. But the work is still far from complete. The proposal to cover the bridge floor with cement is a wise one, insuring permanency and consequently cheapness in the end. The railings on each side of the raised roadway will also prevent much of the danger of accident, especially in spring and fall.

But there is another improvement which I wish to suggest through the Maple Leaf, and which I hope the various councils will carefully investigate before starting upon their work at that point. The hill at the west end of the bridge is very steep and a hard one to go up or down with a load or upon a dark night. The top of this hill is considerably higher than the roadway to the west of it, so that a rig travelling eastward first climbs a sharp hill then goes down a long, steep one with the bridge right at the bottom. My suggestion is that a cutting be made at the top of the hill, the earth taken from it being used to widen the embankment roadway east of the bridge. Then raise the bridge from eighteen inches to two feet higher before giving it the cement flooring.

This extra work would cost but a few hundred dollars more than it is intended to spend under the present proposition. I take the liberty to write these suggestions at this time because I believe that now is the time to consider them. The tendency of the times is towards permanent improvements to roads, and as this stretch of highway will never be complete until the hill is lowered and the grade made easier, and the dangerous approach from the east is made wider. I feel that the Maple Leaf, which has championed the great benefit we have already got from this street, will freely give space to my crude thoughts upon this matter which is so important to us who live along the "Grehm's Flats" road. Thanking you, Mr. Editor, I am

Yours truly,

N. E. H. FARMER.

LOCAL NEWS.

Notice W. Kelterborn's new adv. in another column.

The Misses Sardux are spending a week in Waterloo.

Miss Victoria Cleghorn is confined in the home through illness.

Miss Nella Preiss, of Krberville, visited friends here on Sunday last.

Mrs. Wm. Kelterborn attended the wedding of a friend in Berlin last week.

Mrs. Edna Fleischbauer, of Burlington, spent the week end at her home here.

Mr. and Mrs. Ed. Ratz leave shortly to enjoy a holiday at the camping grounds at Grand Bend.

Mr. James Bordux, of Waterloo, spent a few days under the parental roof.

Mr. Norman Altman, of Brantford, spent a few days this week at his home here.

You can still get a good selection in Wall Paper cheap at J. SPAN'S.

Mr. and Mrs. August Kelterborn are enjoying the lake breezes this week at Goderich.

Miss Lizzie Zumber, left last week for London where she will take a training course in the Hospital of that city.

This will be a great year for beechnuts. The beech trees are fairly loaded with them in this section.

Mr. Albert Becker is at work this week putting up a stable on his lot next to the Morton block, and will have it finished before haying.

Mr. A. Fennell, who conducted the Maple Leaf for six months during the past winter, left on Monday for Stratford, where he has secured a situation in the Beacon office.

Mr. Robt. Turnbull, of Nithburg, who has been confined to the house for the past six weeks with rheumatism, was, we are pleased to say, able to be in Wellesley on Friday last.

The roads hereabouts are beginning to show the effects of early statute labor work and graveling contracts. Between snow-drifts, mud and new gravel, the traveling public have but a short season of comfortable roads.

The new building in which The Maple Leaf is shortly to be located is being rapidly built. The cement foundation is completed and the framework of the first storey in place. It is expected that in a few weeks the building will be closed in and the brickwork finished.

We are glad to report that Mr. Wm. Knight, who had his foot broken in an accident at the roller mill here a couple of weeks ago, is rapidly recovering at his home in Stratford. The broken bones are mending nicely and he will be able to be out again in a short time.

Faber Bros. have taken possession of the Wellesley Roller Mills which they recently purchased and their new advertisement appears in this issue. They have made costly repairs to the lightning chipping machine and farmers can now depend on first-class work in quick time. The Messrs. Faber are industrious young men who thoroughly understand the milling business, and they will no doubt build up a large trade.

On Tuesday evening some members of the Union Sabbath School attended the township convention held in Linwood. The party consisted of Mr. H. K. Forler, superintendent, Misses Addie and Ella Greenwood, Hogg, Carter, Skelton, Altman, and Messrs. West, McGilvray, and Livingston. They report that the S. S. convention this year has been a most successful one, the attendance being quite large and the program of addresses and discussions very profitable and interesting.

At a special meeting of the library board held in the drug store Monday evening it was decided to hold the annual bazaar social on Thursday, June 25th. Posters giving outline of program will be out by Saturday.

Admission, including strawberry supper, 15c.

ARM BROKEN.

On Tuesday morning Mr. John Stahle, baker, was unlucky enough to have his right arm broken between the wrist and elbow. While delivering bread in Heidelberg he was turning his rig around when it upset, throwing him to the ground. He finished his work in Heidelberg after the accident then attempted to do St. Clements but the pain was so severe that he had to desist. He was driven to Wellesley in Mr. John Schneider's rig, reaching here about noon when his arm was attended to and he is now doing well.

FLEISCHHAUER—DIERLAMM.

The following from the Stratford Herald, refers to a sister of Mrs. Norman Fleischbauer. The groom is a cousin of the Fleischbauer family:

"A very pretty home wedding took place at the home of P. Dierlamm, 189 Church-st., June 10th, when the youngest daughter, Clara, was united in marriage to Mr. Emanuel Fleischbauer, lumber merchant of this city. The ceremony was performed by Rev. S. M. Hensch, pastor of the Centennial church. The bride looked charming in a white silk embroidered robe, carrying a bouquet of bridal roses and fern, as she appeared on the arm of her father, while the wedding march was played by her sister, Mrs. N. S. Fleischbauer. Master Arthur Dierlamm, brother of the bride, scattered flowers in the pathway and little Winifred Fleischbauer, her niece, carried the ring in a basket of flowers, and was very cute in a white suit. The decorations were carnations, roses and fern. After dainty refreshments the happy couple left for the East. They will return and live in this city."

TENT SHOW.

Prof. E. W. Johnston and his attractive company of lady and gentlemen Vaudeville artists is giving a tent show on the Fair Grounds in Wellesley village this week. The company consists of Mrs. Johnston, electrotonist and mind reader; Miss Evelyn Johnston, child artist; Miss Edna Johnston, organist; Bert W. A. Johnstone, versatile entertainer; Fritz Hewitt, blackface comedian; Walter Cyril, Irish Comedian, and Prof. Johnston, lecturer. E. W. Johnstone is the famous Canadian athletic whose feats a quarter of a century made his name so famous

all over the world and who has done so much for Canadian sports. He has won over \$6000 athletic contests in Canada and the States and holds fifteen or twenty special medals. In the '70s and '80s he was a leading feature of the Caledonian games and he has had the honor of defeating both of those famous athletes, Donald Dinnie and Duncan C. Ross. One would never suspect by his unassuming personality that only a few years ago he was in the Canadian sportsman's line; just as Burns, Sherring and Longstaff are today. The show will be here all this week and perform every evening. Those who have attended say that the performance is a really good one at a small admission price of 10c.

SPORTING.

The second game of ball between the married men and the regular team was played at the ball ground last Friday evening, and resulted in a victory for the regulars 16 to 8 at the end of the fifth when it became too dark. All was not sunshine for the winners, however, for the old-timers have not yet forgotten the game. The married men who went first to bat started the fun by hitting one safe single in the first inning, including a home run by Ed. Reiner and one good for about two round trips by Charley Fleischbauer. It was in this inning that the regulars displayed their opponents' hitting abilities and to their sorrow they had to cover a long stretch of ground in order to recover the ball. After this, however, Clarence Schaub the regulars' pitcher, got the ball under control and, with Ed. Stahle at first, keeping the married men from continuously striking out. The old-timers had an assortment of pitchers, as their manager had to keep changing them in order to save their arms for the next game. Jas. Kerr acted as umpire. Another game is expected next week, then look out for the married men.

A game of base ball between employees of Reiter Bros. & Co. Ltd., and a picked team is advertised to take place on Friday evening, June 19. It promises to be an interesting one. A 50c admission will be charged to be used in improving the ground. Particulars next week.

A match game of football, Elmira vs. Wellesley, was played here last Saturday evening. Wellesley easily winning by the score of 3 goals to 0.

The following from the New Hamburg Independent will be of interest to the friends of Miss Schmidt, in and around Wellesley:

"The home of Mr. and Mrs. John F. Schmidt, Jacob street, was the scene of a very pretty wedding on Tuesday, when their daughter, Maggie, was united in the holy bonds of wedlock to Mr. Louis Pletch, of Sebringville. The ceremony was performed at three o'clock in the afternoon by Rev. Mr. Yager, in the presence of only the immediate relatives of the contracting parties. The bride was charmingly attired in white silk, and had for her bridesmaid her sister, Miss Rosette, who also wore white silk. Mr. Wm. Pletch, brother of the groom, was best man. After the ceremony a sumptuous wedding repast was partaken of. The young couple left on the evening train on a wedding trip to Toronto, Montreal, and Quebec, and after their return will take up their residence in Sebringville. Mr. and Mrs. Pletch have the best wishes of a host of friends for their future happiness and prosperity."

A LITTLE GIRL'S WISH.

If every day were Saturday.
Oh wouldn't human life be gay?
To-morrow then would always be
A Sunday as you all can see.
Then Sunday night would not be
blue,
Because no Monday is in view.
And all the teachers would be
made
To look out for another trade.
But ma, says if she had her way
There'd never be a Saturday;
She says if there was more than
one
Her labor never would be done.
Maybe I'll be like ma some day
And quite forget how 'tis to
play.
But until then, I wish, oh dear,
That Saturday was always here.

ROD AND GUN'S BIRTHDAY NUMBER.

With the issue of June "Rod and Gun and Motor Sports in Canada," published by W. J. Taylor, Woodstock, Ont., enters upon its tenth year, and produces as a birthday number one that has not been surpassed by any of the fine issues that have preceded it. Every one of the many articles appeals to sportsmen and lovers of outdoor life and may be read with interest. The record breaking moose hunt of Dr. W. L. Munroe in New Brunswick through which, for the first time in the history of the Province, the record is held by an outsider is rightly given a prominent position. Fishermen have their interests well looked after. In addition to a paper on live bait: How to procure and preserve the same, a story of Herring Fishing in the Rideau, and one descriptive of a One Hundred mile Canoe Trip in a search after Bass, by C. H. Hooper, meet secure attention from those who find their most enjoyable recreation in fishing. Judge Frulick reminds us of old times in a delightfully reminiscent article on the Wayside tavern and the Shooting match. The scarcity of partridges, a subject of so much comment amongst sportsmen, is discussed, the conclusion arrived at being that in all probability the birds have been killed off by a disease which has been general in its character and results. Variety is given in an exploration paper entitled Fresh fields in the Rockies; In a Boy's Camp in Temagami and others. My experience of shot guns and a review of guns and gunning, raises many questions connected with firearms which cannot fail to interest all shooters. The departments are one and all up-to-date and the number testifies to the leading position attained by the magazine and the strength with which it commences its tenth year of vigorous life.

NEWS NOTES.

The charges against Mr. H. Al-etter, ex-town clerk and treasurer of Berlin, which have been hanging fire for a time, are now wiped off the slate. He was acquitted on each one of the three charges tried, and a fourth one was withdrawn.

By a judgment of Mr. Justice Riddell the title given to the Cobalt Lake Mining Company is upheld.

The Toronto Methodist Conference condemned gambling at the Woodbine, and regretted the vice-regal patronage given the tract.

Bowmanville has been left a large legacy by the late James H. McGill of Washington, a native of the town.

The finding of two valises belonging to William and George Freeman, Puslinch farm hands, who have disappeared, in a bush in the township, has created somewhat of a mystery.

Wm. Duesden, a tramp, was given shelter in the barn of Mr. John L. Lyons, on the Dundas road, near Hamilton. During the night the barn was burnt, and Duesden aroused the family and declared his ignorance of the fire.

Two women, a man and a child were drowned in New York when an automobile, in which they were riding plunged into the Hudson River.
