EDITORIAL NOTES.

Great Britain shows evidence of a desire to overthrow free trade which has been the commercial policy of that country for more than half a century. If protection carries it will certainly involve a preferential tariff for all the British colonies.

Waterloo county council is meeting with some delay in securing the "good roads" money for which application was made to the Provincial government. A change was recently made in the law by which it became necessary that a county council should not only carry its permanent roads by-law by two-thirds majority but the councillors voting for it must represent more than one-half the assessed value of the county. It happens, however, that the Waterloo county by-law not only was carried by the needed majority and assessment qualifications, but was in the hands of the government before the change in the law was made, so there is naturally an anxiety as to the reason why the money is not forthcoming. It may be that the pressure of pre-election business has delayed the matter; if so, the funds will likely find their way into the county treasurer's hands very shortly.

We are glad to notice that this government grant to good roads is not now given only to "long stretches of leading roads" as was at first intended, but to which the Maple Leaf strongly objected at the time, but may be applied to bridges and culverts or other construction work of a permanent nature which may be designated by the county council. Wellesley township will thus receive Provincial assistance to the amount of five or five hundred dollars in making permanent repairs which are an absolute necessity this year. All the money which Wellesley raises under the "good roads" by-law (\$1380) is to be spent within the township, along with the grant made by the Provincial government.

It up to the farmers living along the Grehm's Flats boundary road to put up a good fight for proper repairs to the bridge, the hill and the embankment, now that the various councils have decided to spend more money at that point. If the bridge needs to be raised in order to be suitable for a cutting of the hill later on, it should be raised before the cement floor is put on it. If the farmers of that neighborhood make a strong representation of their case we do not believe the various councils who are paying for this work will stick at a few hundred dollars in making a permanent, proper job of it.

The death of Grover Cleveland, twice President of United States, occurred at his home in Ohio last week.

Mayor Huber, of Berlin, is finding himself in splendid training quarters for the job he expects to take on of cleaning up those big corruptionists at Ottawa when he gets elected M. P. for North Waterloo. His staff of training masters in the council are giving him lots of exercise.

The United States could not pos-

sibly spare Roosevelt for a third term. They're clean out of ex-Presidents.

WATERLOO COUNTY PERMANENT ROADS.

WHAT WATERLOO COUNTY IS DOING IN THE MATTER.

At the Waterloo county council, held in Berlin last week, a good roads by-law was passed which provides that in each year the system is in force there shall be levied not less than \$10000 for the construction and maintenance of county roads.

Each municipality will be assessed as follows for good roads purposes:

Waterloo township	\$1016
Wilmot	1388
Wellesley	1389
Woolwich	1257
N. Dumfries	1014
Berlin	1806
Galt	1481
Waterloo	652
Preston	341
Hespeler	307
New Hamburg	163
Ayr	112
Elmira	174

\$12,000

The amount to be expended in each local municipality desiring an amount greater than the amount to be levied in such municipality in each year such sums as each local municipality may before the 30th day of June or so soon thereafter in each year as may be, pay into the County Treasurer such additional sums as such local municipality desires to be expended for the hastening of the construction of such works with the request that such moneys be expended upon such works within the bounds of such local municipality then the moneys so paid in to the county treasurer shall in addition to the sums so to be levied be expended as soon thereafter as practicable upon the roads.

In the event of the amount raised from any local municipality in any year being greater than the amount required to be spent on the construction and maintenance of the county roads in the said municipality, the balance shall be returned to the treasurer of the local municipality not later than December 10th of each year.

The county road system shall be divided into five districts, each district comprising the roads in one township.

The reeve of each township shall be county road commissioner in his own township, unless he requests the county council to appoint some other person in this capacity.

There shall be a county road superintendent appointed by the county, whose duties shall be to confer with the several county road commissioners regarding the improvements to be made to county roads so as that such improvements may, as far as possible, be made in compliance with the regulations of the Public Works department.

Each county road commissioner may employ an engineer where necessary to carry out any work in conformity with any regulations of the public works department.

Each county road commissioner shall purchase the necessary machinery for his own district; also employ all labor and purchase all materials required in connection with the county roads in his district.

The county treasurer shall place to the credit of each road commissioner in some chartered bank, such sums from time to time during the year as may be necessary to meet the expenditures upon the county roads in the respective districts, and the whole amount to be placed to the credit of any road commissioner shall not exceed the amount levied upon the district together with the government grant.

Each county road commissioner shall make all payments by cheque for labor and material used on the county roads, and shall keep correct account of all receipts and expenditures, and on December 1st in each year file all books and vouchers with the county roads superintendent.

IN THE TOTTENHAM WRECK

Miss Annie Miller, daughter of Mr. Jacob Miller, Fifth Line, Wellesley, was one of the passengers in the C. P. R. train which was wrecked at Tottenham last Saturday night. She was on her way to visit her sister, Miss Hilda Miller, at Parry Sound, and at the time of the accident she was sitting in a first-class car beside a trained nurse, who was on her way to nurse a patient. This coach rolled down the lesser embankment and was the one in which many casualties occurred. Miss Miller being about the only occupant who totally escaped injury. After the accident she was employed assisting the nurses in giving aid to the numerous passengers who were injured. Miss Miller returned to Toronto and reached Wellesley on Tuesday. Her baggage went astray along with that of many other passengers and has not yet been traced.

He will spend a few days in Tavistock with a college friend, then go to St. Marys for a three-weeks engagement. He is a brilliant young orator with a splendid scholastic record and will yet fill a high place in the Presbyterian church.

The Pool football team came to Wellesley last Thursday for the return game and beat our boys out in a fine game, 3 goals to 2. Not much combine was shown by either team but thrilling moments were numerous and the clever work of the Poole goal-keeper will long be remembered here. At full time the teams were even-two goals each. Poole getting the winning goal in the extra time.

THE GARDEN PARTY.

A very large crowd attended the Public Library Lawn social on the Wellesley School grounds last Thursday evening. The weather was pretty cool yet everything eatable or drinkable was disposed of, the fish pond was "fished dry" and the people were evidently out for a good time, regardless of costs. The prize drawing resulted in Mrs. Stetton, of Toronto winning the camera, and Albert Hamel the fountain pen. The Wellesley band furnished a long and highly appreciated musical program during the evening. The library funds were enriched to the extent of nearly \$100 by the event.

HIGH COURT CASE.

The arbitration decision recently given by His Honor Judge Chisholm to the police village of Wellesley did not please the Wellesley township council and they appealed the case to the High Court at Toronto on the grounds that Judge Chisholm should not have included the license money, dog taxes, etc., in his award. Their contention was upheld by the High Court last Monday and the award was referred back to Judge Chisholm for readjustment. It was understood in the village that the trustees and the council had agreed to accept the award of the Judge as final and there was some surprise when it was learned last week that the council had found a legal technicality upon which they could appeal. It looks at present as if the village is now practically at the mercy of the council, for if his Honor cannot, by law, award any of the license and dog tax money to the village, the council can withhold a large sum of money to reduce the amount to about 33 per cent no matter how high a sum His Honor grants the police village out of the other taxes. The trustees, expecting to receive the whole amount first awarded to the village, have gone on with the proceedings which it will now be very difficult for them to finance if the council deals high handed in the matter. Judge Chisholm's amended award will be looked for with anxiety.

DEATH OF CHAS. DAHMS.

Mr. Chas. Dahms, a well known farmer of this neighborhood, passed away at his home on the Fifth line last Sunday evening, in his fifty-seventh year. He had been ailing for the past year but his final illness was of but a couple of weeks' duration. For several years he occupied the Duncan Dewart farm near this village, and he and his highly respected family are well known here. Mr. Dahms was born in Germany but came to this country when very young with his parents. He was united in marriage, in 1876, to Miss Elizabeth Oppen, of Poole, and they lived in Grey township about 16 years on a farm before coming to Wellesley. Besides his widow he leaves a family of eight children, all living on the farm he purchased a few years ago, lot 3, con 5, except Mrs. Selby Ferris of Port Huron. His son, William, died about two years ago. The funeral occurred yesterday, a large number of neighbors and friends attending.

School closed for the summer holidays on Tuesday afternoon and the teachers have left for their respective homes. Miss Buck going to Lindsay, Miss Skelton to Stratford and Miss Carter to Toronto.

It is now reported that Canadian bank bills are filthy and loaded with microbes. We doubt this very much and if about two hundred and fifty of our delinquent subscribers will assist us in the matter by bringing in the bills we believe the Maple Leaf will be able to explode this vile slander upon our beloved sub-producers.
