Local News.

RUSHED WITH WORK

Reiner Bros. & Co. have been so rushed with orders in their tin-smithing department of late that they have employed another expert tinmith who commenced his duties last week.

ARM BROKEN.

On Sunday morning last a little son of Mr. John Steinman, Fifth Line, fell from the back of a horse he was riding to water and had the misfortune to break his arm. Not long ago this same lad had his collar bone broken in an accident.

BARN REPAIRED.

The repairs to Mr. Chas. Miller's barn, which was unroofed and otherwise injured in the recent storm, are now completed. His loss was not severe as the wind-storm company in which he was insured made a prompt settlement with him.

PIONEER CARPENTER.

Mr. John Borochit can lay claim to being the pioneer carpenter of this section. Fifty-two years ago he helped build the barn on Mr. Charles Miller's property on the border of this village. Many years later he resided in this same barn; and last week he was one of the workmen who replaced the roof which was blown off in the big storm. Although 73 years of age he is still hale and hearty and works at his trade every day.

RIG BROKE DOWN.

On Sunday morning last as Rev. Mr. Lynn, of Berlin, was driving near Amvise on his way to preach in the Clachan church, one of the wheels of his buggy came off and rolled into the ditch. He got the rig to Amvise as best he could, and the blacksmith of that religious village was surprised to be called upon by a Presbyterian minister to work at a job of repairing on the Sabbath day. He did so, however, as rapidly as possible, and the reverend gentleman was able to reach his waiting congregation only twenty minutes late.

DEATH OF ALFRED RATZ.

The sad death of Mr. Alfred Ratz occurred at the home of his parents, Mr. and Mrs. John E. Ratz, at 3 o'clock last Sunday morning. Deceased was a bright stalwart young man in his 35th year and the family had only lived here a few weeks when he was stricken down with an overwhelming attack of typhoid fever. He sank into unconsciousness after a few days, in which condition he remained almost continuously until this malady carried him away in spite of all that love and medical skill could do. The funeral occurred on Tuesday, the remains being laid away to rest in Getzel's cemetery, North Easthope, in the presence of a very large number of relatives and friends of the family. The pallbearers were: three brothers of the deceased young man, (Ed. of Chasler, Art and Nathan, of Tavistock.) John Butten, of Gadsdill, and Messrs. Oscar Eby and G. Leonard, of Canboro. Among the relatives present from a distance were: Mr. and Mrs. Jacob Kaufman, Berlin; Mr. and Mrs. A. E. Ratz, Tavistock; Mr. and Mrs. Geo. Ratz, Berlin; Mr. and Mrs. H. E. Ratz, St. Clements; Mr. and Mrs. Dempsey, Mr. and Mrs. Suter and Mr. and Mrs. McDonaglo, Gadsdill; Mr. Mrs. Belzer Schmidt and three daughters, Baden; Mr. Geo. Fleischnauer and Rev. Mr. Kreh, Tavistock; Mr. A. Fleischnauer, Bright, and Mr. T. O'Donnell, Stratford. The bereaved family have the sympathy of the entire community in their great sorrow.

BASE BALL, TO-NIGHT.

St. Clements base ball team are announced to play the return game with Wellesley on the Fair grounds here this evening.

CANOE TRIP.

Taking advantage of the high water this week, Mr. W. B. West, made a canoe trip on Monday, from Wellesley to New Hamburg. Leaving the iron bridge about three o'clock, p. m., he made the journey, (estimated to be over 20 miles) in a little over five hours, arriving at New Hamburg about 8.30 o'clock. As far as we know this is the first boat to go from here to New Hamburg; yet Mr. West says it is one of the finest canoe trips imaginable. Very few difficulties were encountered, and only one short portage had to be made around a foot bridge on the Doering road. Mr. Grabu brought the canoe back on Tuesday.

NEW-BOWLS vs. OLD-BOWLS.

Last Saturday Messrs. Cleghorn, Kerr, Forster and Bercht received their new bowls from Toronto, and they were promptly challenged for a match by four of the old bowlers. The game was played on Monday evening. The Maple Leaf has been lavishly subsidised not to give away the names of the challengers, and to explain that they were blinded by the dazzling varnish on the new bowls. The result of the match was: New Bowls 25; Old Bowls, 5. On Tuesday evening another rink tackled the new-bowl team and were also downed by 2 points in a 21-end grueling struggle. It is rumored that a third rink has already had the hardihood to challenge "Cleg's champs."

A CANBORO VISITOR.

Mr. David R. Gascho, who has been living for the past year upon a 225 acre farm near Canboro, Ont., which he purchased from Mr. John Hill, has been in Wellesley the past week or so visiting relatives and friends. He speaks in glowing terms of his new home. A dozen or so from the Wellesley district are settled on farms there sold them by Mr. Hill, and the land responds readily to the northern method of farming. Mr. Gascho states that the crops around Canboro look better and are farther advanced than around Wellesley and the land already shows the good effects of the heavy manuring done by the new class of farmers. Hay down there is heavier than he has seen it here for years and hay-pressors are paying high prices for it at the barns. Oats, barley, roots, etc., are doing finely and he believes with proper cultivation, the droughts of the past will not return. There are still quite a number of farm bargains to be had but a great deal of the land has been bought up and soon the prices there will be as high as here. His advice to those who are thinking of visiting Canboro with a view of buying a good, cheap farm is: Don't delay.

The roof of Reiner Bros. & Co's large store was directly in the path of the recent windstorm and many of the shingles were torn off. The block was re-roofed with corrugated galvanized iron last week and it now presents a much improved appearance.

Bargain days now are every day at John Spahr's.

Mrs. Wm. Keltborn, and son Walter, are spending this week at the home of her mother, Mrs. Lauer, in Berlin.

Wheat harvesting will be in full swing within the next week or so. Some of the fields are about ready now for the reaper.

EDITORIAL NOTES.

The Provincial government has notified the county clerk that Waterloo's permanent roads by-law has been accepted and that the government grant may be expected under the Provincial Act. Wellesley township's share of this grant amounts to nearly \$500 and will be very acceptable, especially as it is obtainable this present year when the township is compelled to make permanent repairs and improvements to "designated" roads to the amount of at least \$2000 which are absolutely needed at once. Under the terms of the county good roads by-law the reeve of each municipality is appointed commissioner to expend this money, under the supervision of the county superintendent of roads, so Reeve Robertson will be busy on a large and important contract during the present summer.

The police village of Wellesley does not yet know "where it is at," the matter of its money grant from the township not yet being settled. Some splendid work has been done in the village, however, this year, in the way of cement sidewalks, etc., and everybody is invited to come to town and enjoy these improvements to the full.

The Provincial law relating to police villages should be altered in order to make it do the good work it was intended for. At present the matter of townships grant practically rests in the hands of the council. True an appeal for arbitration can be made, but the arbitrator is limited to the "township purposes" tax so that the council, by refusing to grant any of the license, fines or dog tax monies, can just about annul the arbitrator's decision. If a council and police village cannot agree upon an equitable sum to grant the police village, there should be an arbitration in the act empowering an arbitrator to finally settle the whole matter, and eliminating the appeal to the higher courts. A township council is naturally placed in an awkward position in dealing with police village matters, for the general ratepayers do not like to see any one section getting any more money than can be avoided out of the townships funds and they are liable to take revenge at the next municipal election upon a council which feels like being generously just in dealing with a police village. This works out unfairly to a village whose streets and sidewalks are used as much by the people of the surrounding country as by the villagers themselves and therefore should receive a larger proportion out of the municipal treasury to keep them in proper repair. In the particular case of Wellesley, many in the village, and the great majority in the township, consider village incorporation to be the proper solution or the question. Careful estimates have shown that the village would be the gainer by incorporation, but the fear of possibly disturbing the school situation and probably the entire liquor license system in the township, has produced a reluctance to take the initiative steps. An open rupture between the police village and the council is dreaded by many for these reasons.

Dominion parliament prorogues this week; it seems there was no

rag left to chew. But the party papers will keep whooping it up till after the elections or longer.

It is now unofficially asserted that Hon. Nelson Monteith, Minister of Agriculture, will be found a seat in North Perth and that Mr. Torrance, the present Member for that constituency, will be given the Perth county registrarship, recently made vacant by the death of Mr. Hay. This contingency was suggested by the Maple Leaf several weeks ago, and it would be a popular move so far as Mr. Torrance is personally concerned, although Mr. James Steele, Barrister, of Stratford, has the strongest Party claims for the appointment. But if the Reformers refused to allow the bye election to go by acclamation the same influences which defeated Monteith in South Perth might deflect the vote in Stratford which is the keystone of the Conservative strength in that riding.

(LATER.—Since the above was in types we learn that Mr. Steele has received the appointment.)

Berlin council does not take kindly to the drastic rule of Mayor Huber. Not long ago the mayor brought several members of the council before the "beak" on a charge of disorderly conduct. The charge utterly failed and the costs, about \$11, were assessed against the mayor. He declined to pay on the grounds that he was representing the town as complainant. The council hit back at him, however, and deducted the amount from the mayor's salary. It's time Busy Berlin was getting busy at something else besides fighting in the council.

The tercentenary celebration is in full swing in Quebec all this week.

Sad Story of a Mother of Four Children laid low with Consumption

What are Canadians doing to Combat this Disease?

We are shocked at the tragedies that the newspapers record almost daily, through railway accidents, explosions, falling buildings, and other causes.

Each incident must surely draw upon our sympathies.

But sad and lamentable as these are, the results are insignificant compared with the loss of life and prolonged suffering that comes to thousands in the Dominion stricken with that dread disease Consumption.

3,000 die annually in the province of Ontario from this disease; probably double that number, taking the Dominion throughout.

We have on our desk a little booklet, issued by the National Sanitarium Association, by whom was established in 1902 the Muskoka Free Hospital for Consumptives. In these pages are published a few of the letters that are being constantly received from applicants seeking admission to this Muskoka home for Consumptives.

Let us refer to one simply to emphasize the purpose of this article.

The story is of a resident in the village of Locan—a mother. The friend writing on her behalf says that a few months ago this person, a Mrs. Carroll, buried her husband from Consumption. He was an oil man. He peddled oil around the country in his wagon. There are four small children. Now the mother has been taken ill and her physician diagnoses the case consumption—the infection doubtless obtained in nursing the husband.

The Muskoka Free Hospital for Consumptives are being asked to admit this patient.

It is a pleasure for the management of this institution to be able to say that at no time since the doors were opened—over five years ago—has a single applicant been refused admission because of his or her inability to pay.

This means a heavy strain financially on the Trustees, who year in and year out have gone on with the work, making further extensions and placing their hope in the good will and generosity of the Canadian public. We do not know of a more deserving charity in Canada. The consumptive is found everywhere, and we gladly append to this article the suggestion of the booklet that our readers help as far as they can to maintain just such patients as the poor mother of Locan. Contributions we are happy to be sent to Sir Wm. R. Meredith, Kt., Vice-President, Ogoude Hall, Toronto; or J. Gage, Esq., 84 Spadina Ave., or S. Robertson, Sec. Treas. National Sanitarium Association, 347 King Street W., Toronto, Ont.

GOING SOME.

A carpenter fell from the top story of a new building, narrowly missing several joists on the way down, and striking a suspended board at the first floor which broke his fall so that he landed in a cellar uninjured. A religious friend congratulated him upon his marvellous escape and added "Thou Lord was with you." "If he was," replied the carpenter. "He was going some."

RATZ & CO.

THE FOOLISH OLD EXCUSE.

He "didn't mean to do it" when he burned the barn that day;
He was innocently playing with some matches in the hay;
It was very wrong to blame him for the loss that was sustained.
When he didn't mean to do it as he afterward explained.

He didn't mean to do it when he made his sister blind,
He was merely getting practice with a dart he had designed;
It was very wrong to blame him for her loss and for her woe
When he didn't mean to do it, and it merely happened so.

He didn't mean to do it when he forged another's name;
He was snuddled from much drink and was innocent of blame;
It was wrong of them to rob him of his freedom or to think
That he ever would have done it if it had not been for drink.

He didn't mean to do it when he broke his mother's heart,
He supposed that as a "rounder" he would be considered smart;
It was very wrong to blame him for the suffering he brought,
When it all resulted simply thru a little lack of thought.

He "didn't mean to do it!" And you never mean, my boy,
To be called upon to answer for the gladness you destroy;
You are merely seeking pleasure in a reckless, thoughtless way,
Putting off until to-morrow truths that you should learn to-day.

LINGERIE GOWNS WITH CREPE DE CHENE COATS ARE THE VOGUE.

The real business of Summer clothes nowadays deals heavily in the unlined lingerie frocks, says Mrs. Osborn, in the July Delinctor. To most ears "lingerie" means lace and elaborateness. Literally it means anything that is seen, but every day parlance applies the term to any kind of a thin frock that is not silk and which can visit the laundry. It may be as simple as you like, especially this summer when good lines count for so much, and the merest suspicion of trimming, if it is the best of its kind, satisfies the feminine exquisite.

The crepe de Chine coat is the inseparable accompaniment of the lingerie frock. What a sensible idea it is! If the weather is sultry the woman is cool in her thin frock. If a treacherous little breeze springs up, bringing a sudden drop in the temperature, her outer wrap affords her a welcome protection. In either case her ensemble is much fresher and smarter than the heavy skirt and separate blouse and coat.

The crepe de Chine coat, now that its excellences are appreciated, is becoming more popular every year. It is really the ideal coat for warm weather. It is so light that its weight is negligible, and yet is warm enough to give it a real purpose, in contradistinction to the wrap—masses of braid and embroidery and lace, elbow, Irish crochet, reticella and Italian, cut work—beautiful but utterly useless except for their decorative effect.

But the crepe de Chine coat is quite practical for every day occasions, unless it is for real country wear. It does not catch and hold the dirt and heat like a serge, nor does it soil and rumple like a linen for train wear. The average American woman does not understand in the least the trick of dressing well for travelling. In the day coaches you will find her in her oldest and most disreputable garments, and she flutters into the parlor car gowned as for a reception. There is no excuse for one extreme or the other. Her travelling clothes should be the perfection of chic and simplicity. That is why a smart frock with a cool, dust-shedding crepe de Chine wrap makes the most sensible travelling costume imaginable.

On Sunday morning a hail storm destroyed about a mile square of crops near Ingersoll.
