A CORRECTION.

To The MAPLE LEAF.—I notice an article in the Maple Leaf of Aug. 24th, 1908, in which J. W. Green states that on one occasion the clerk's salary of Waterloo township was increased \$25 to insure the publication of the township minutes in his paper. I do not agree with the truth of this statement. The \$25 were paid to the clerk for sending the minutes to the Chronicle-Telegraph for two years because Mr. Green refused to do so in accordance with his contract with the council.

He (Mr. Green) next states: That said clerk's salary is one of the highest in this part of the Province. His salary is \$300 per annum. The clerk of Waterloo township is paid \$400 and that of Wilmet is as much, if not more. This is comparing the salaries of our neighboring clerks with ours, and if they compare in like manner throughout this province, Mr. Green is also away off in his statement. He had better make himself acquainted with the salaries of the Township clerks of our county before including those of the Province.

Mr. Green should not touch on high salaries. Our council paid him \$100 per annum for the township printing. That was his tender for 1908. The tender of the present contractor was \$60, which our council accepted, thereby saving 40 per cent or \$40. Is Mr. Green probably aggrieved because the council did not pay him \$100 in preference? If Mr. Green wishes, as he states to pay a reasonable price for obtaining the tp. minutes, he will find no difficulty in striking a bargain in five minutes.

I wish to state, in explanation of the aforesaid, that formerly, before Mr. Green received the printing contract, the clerk's duty was to send the township minutes to a printer only, namely to the contractor. When Mr. Green received the contract he agreed to send them to the Chronicle-Telegraph, Bauerfreind, News-Record and Berlin Journal per printed slips. But since he did not carry out this part of the agreement the clerk was instructed to do so and, since then, has continued to copy and send said minutes to two printers, instead of to one as formerly.

CLERK OF THE TOWNSHIP OF WELLESLEY.
St. Clement's, Aug. 14th '08.

EDITOR'S REPLY.

In the first paragraph of Mr. Schumner's letter he states that the council raised his salary to have him send the minutes to the Chronicle-Telegraph, not to the Maple Leaf. That is entirely wrong. He is either trying to frighten

us off the field with a big "bluff," or else his memory has deserted him. The township records contain his above statement. At the March meeting, 1904, he was ordered, on motion by Councilors Bege and Lichly, to furnish the minutes to the Maple Leaf and the Chronicle-Telegraph. And the official minutes' report the next year shows in plain type that Mr. Schumner sent in his bill, \$12, for sending the minutes to the Maple Leaf, and the council said it. We have the word of a councillor of those days that a year or two later the Clerk put in a bill to the council for two years, at \$12 per year, furnishing minutes to Maple Leaf \$25 (instead of \$24) and the amount has been added to his salary ever since. And yet the Clerk makes up his mind to print in the township version down the throats of the rate-payers.

The second paragraph gives the Maple Leaf some friendly advice, but notice that Mr. Schumner does not deny that he's one of the high salaried clerks of this section. Regarding the printing contract to which he is incessantly referring, we repeat what we stated to the council last January: We have no use for printing which we have to do at a loss. The difference between the printing and the clerkship is that while only one newspaper is printed in the township there are at least fifty persons in Wellesley as capable as Mr. Schumner for the clerkship if not more so.

Since it is now shown that he is already drawing his pay for doing this extra work we are not willing to pay the Clerk his "reasonable" or "bargainable" five minutes' price for doing township minutes, though he seems ready to take said another \$25 to the already fat clerkship "pickings," by this means.

Mr. Schumner's last paragraph states exactly the opposite of the facts. Instead of agreeing to get these minutes printed in outside papers Mr. Green most distinctly, and very properly, refused to become responsible for the minutes in any newspaper other than his own.

SERIOUS ACCIDENT.

On Sunday, Aug. 23rd, as Miss Sarah Wilhelm, daughter of Mr. Jos. Wilhelm, near Hampstead, accompanied by her brother Abe, were driving to church, their horse became frightened at a passing bicycle. In trying to steady the animal the bit broke and a bad runaway resulted. The boy advised his sister to jump and did so himself at once thus escaping injury, but the girl waited until the rig was going very fast before springing out. In her fall her leg was broken. The horse ran some distance and was found in the ditch all tangled up with the harness and buggy. The girl was taken in by Mr. John Lindley's residence, and after Dr. Glaister had attended to her injuries she was taken home and is doing well.

EDITORIAL NOTES.

Politicians right and left are getting into trim for the Dominion elections which it seems certain will be held at the end of October. North Waterloo is a little behind in the procession, neither side having yet got a candidate in the field, but the Reformers have announced their convention for Sept 5th while the conservative nominee will soon be before the electors.

It is quite evident that Mr. Jos. E. Seagram will not again stand for North Waterloo. As the nominee of the conservative party will, in all probability, be the successful candidate there is naturally a strong contest for the honor. The aspirants are numerous but the list of probably ones is narrowed down to two persons, Mr. Simon Bricker, of Waterloo, and Mr. Richard Reid, president of the North Waterloo Conservative Association. The rivalry for the candidacy is keen but very friendly, and it is likely that both the Conservatives and Reformers will be united upon their choice.

Mayor Huber, of Berlin, announces himself as a candidate for parliamentary honors in the coming elections. He seems ready to represent the Labor Party or the Socialist. If he can "rip things up the back" in politics like he seems to be able to do in Berlin's municipal affairs, he ought to draw lumping houses when he tours the riding.

SEPTEMBER ROD AND GUN.

Duck shooting has a mighty fascination in September, and Rod and Gun and Motor Sports in Canada published by W. J. Taylor, Woodstock, Ont. deals in a generous manner with the duck hunter, in its September issue. Eastern, Central and Western Canada contributes duck hunting stories, and the differences in the conditions under which the sports is pursued in various parts of the country are well brought out. Every duck hunter will sympathize with the work of the Brandon people in making a collection of the native wild fowl and trust their example will be followed in various parts of the Dominion. Fishing and big game hunting expeditions and accounts of the adventures of a chainman in "Helping to Make a Railway" and the story of "The Royal Nova Scotia Yacht Squadron" are articles to which particular attention may be directed. The story of "The Alpine Club's Third Annual Camp" is told in an article by a special representative and care is taken that those interest in outdoor life in many phases is not neglected. There is plenty of variety scattered through the pages of an excellent number not only in the Departments, but also in the numerous articles and stories making up the issue.

COLLEGE WITHOUT MONEY MEANS WORK.

It is an everyday matter for a girl without money to get a college education, but she must be prepared to do a lot of hard work to make up for the lack of capital, says Laura A. Smith, in the July Delinquent. One girl relates the following experience: "I have been given charge of the advertising for the magazines and newspapers. I write publishers concerning rates, write and keep tract of the adver-

tisements of the college and receive about \$100 a year. I had a little business training before I came to college which helps me now."

"I receive from 15 cents to \$1 an hour tutoring these freshmen in mathematics. I am an upper-class girl. The faculty selects tutors among us as we have been through the work so recently. No girls allowed to tutor in several departments as it would weaken their own work in their studies."

"I do private coaching in domestic science and receive \$2 a lesson. There are five young ladies in my class."

"I have charge of the Book Exchange. The girls who have books to sell let me know. I receive five cents on each book sold and give one-half of this to the college Christian Association. I make \$8 or \$10 doing this. Last year I earned \$65 doing clerical work in the faculty office and cleared \$10 making Tree Day costumes. I earn money in vacation by sewing, receiving twenty cents an hour making over-sleeves and doing similar work, and from 50 cents to one dollar sewing on braids and fixing skirts."

"I have the agency for fountain pens, banners, pillows and similar things. I make considerable in this way and keep down expenses by living in one of the dormitories where I help with the work."

She was possessed of a very bright mind; kind, lovable disposition and attractive personality, and followed her calling of professional nurse in Louisville for over four years, with great success."

RUNAWAY ACCIDENT.

Last Thursday as Mrs. John Frame, of Crosshill, and her daughter were driving home from Wellesley their horse became frightened at some children with a toy express wagon near Mr. John Kaufmann's residence in this village. The animal made a very short turn upsetting the rig and throwing both ladies out. The daughter escaped injury, but Mrs. Frame was unable to rise and it was found that her hipbone was badly broken besides which she had received many serious wounds about the head and body. She was carried into a residence near by where Dr. Gluister attended to the injuries after which she was taken on a stretcher to the home of her sister, Mrs. Adam Heipol, where the now lies, slowly recovering.

NEARLY A CENTENARIAN.

Had she lived till the 21st of October next, Hannah Armstrong, of Walkerton, would have attained her 100th year and would have gone down into her grave a centenarian. But the death of the oldest inmate of the House of Refuge was brought about by an accident which occurred about six weeks ago, when she fell and injured her back. It was ripe for the attending physician did everything possible to delay the grim reaper and allow the aged lady to pass the century in life. Her injuries however proved fatal and on Aug. 22nd, at the advanced age of 99 years, 9 months and 24 days Mrs. Armstrong was gathered to her rest—Walkerton Times.

IT WAS A GLORIOUS DAY.

Ideal weather last Thursday afternoon made the Women's Institute picnic a most enjoyable affair. The first contingent with the backs, etc., left for the ground, west of the village, about two o'clock, and the convalescences were kept busy bringing later arrivals. As previously arranged the family of the members were included but the sterner sex were in the minority only eight or ten gracing the occasion by their presence; their absence, however, did not keep the ladies from enjoying themselves. Hammocks were hoisted, rug spread, and all prepared to be as happy as possible. Some, inclined to be active, enjoyed playing ball, croquet and other games until supper time. While justice was being

WELLESLEY VS. WATERLOO.

A couple of Wellesley rinks drove to Waterloo last Friday and received an awful thrashing. The visitors were outplayed by the skillful Waterloos, but not to the extent shown by the score. In the forenoon Wellesley, although doing superb work, could not get off the toboggan, so landed 8000. In the evening, under the electric light, our boys made another effort to win from Waterloo, but were again unsuccessful, although making a much better showing. Score:

Last Thursday evening the long talked of game between Reine Bros. & Co., and the Town was pulled off. The factory team did not get the sympathy of the crowd but they got everything else in sight, outplaying their opponents clearly. The innings were played as follows:

done to the good things Miss Henrietta Ottmann took several photos of the company from different points of view. Just as the shades of night were falling a merry rowd left for home, feeling that the Executive committee of the W. DEATH OF MOSES HOSTETLER.

The following from the Independent, refers to the father of Mr. Henry Hostetler, "Meadow Farm," Fifth Lin.

One by one the old pioneers of the township are being called away, and in the death of Mr. Moses Hostetler, which occurred at his home on Wednesday evening, Aug. 23rd, Wilmot loses one of its very earliest settlers, and also one of the few last ones of those to remain. Mr. Hostetler reached the ripe old age of 95 years, 7 months and 14 days, and was at the time of his death the oldest man in Wilmot, and perhaps in the county of Waterloo.

The late Mr. Hostetler was born

in Somerset County, Pennsylvania, on the 12th day of January, 1813, and came to Canada in 1834. He settled in Wilmot township in 1839, when this part of the country was yet a dense forest, and with the ambition and perseverance, characteristic of those early settlers, he reared out a home for himself adjoining the present village of New Hamburg, and transformed it into one of the best farms in the country. On this he carried on his agricultural pursuits and lived continually there until death claimed him on Wednesday last, covering a period of over 70 years. On the 14th of July 1842, he was married to Margaret Letchaw, and the union was blessed with twelve children, eight sons and four daughters, four of whom predeceased him: they were Lavina, William, Moses and Matilda (Mrs. Jonathan Kepp). His wife died about 21 years ago. The remaining children are, David, Christian, Levi, Mrs. Solomon Shantz, and Mrs. Emanuel Hamacher, Wilmot; Isaac, New Hamburg; Daniel, Berlin, and Henry, Wellesley. Kingston, Aug. 24. — John E. Anderson, ex-school inspector at Brockville, who in May last was sentenced to seven years in the penitentiary for bigamy, died in the prison hospital this afternoon. He had been ill of that trouble during most of the three months he was incarcerated and was most of the time in the hospital. Anderson's offence was marrying Miss Jamieson, daughter of Rev. After a month of married life in Brockville, where he was well known and stood high in church circles, his crime was discovered by his lawful wife and he was arrested. At Renfrew he pleaded guilty and six hours later was in the penitentiary here. Shortly after his imprisonment his aged mother died of grief. Anderson was about 52 years of age.
